ON

HB 143

I introduced HB 143 in response to interest expressed by several communities in my district. Their interest is to better maintain local harbor and dock facilities. I believe this interest is shared by all coastal communities where dock and harbor facilities are the main support features of the communities' economic life.

The bill would provide to a municipality a portion of state watercraft fuel taxes collected within the municipality. The portion is determined by the ratio of city owned docks and harbors to all publically owned docks and harbors in the particular area. In effect, the bill is a revenue sharing of tax receipts derived from facility users.

Most harbor facilities located throughout the state are currently owned by the Department of Transportation and Public Facilities. These facilities are usually operated by the local municipalities. In recent years, the department has sought to interest the municipalities in taking ownership of the facilities and the associated maintenance responsibilities. Their view, in part, is that the on site operator is better suited for effective and efficient upkeep of a facility than distant DOTPF personnel.

With one exception, there has been a reluctance among communities in my district to accept ownership, particularly when a facility is currently in need of repairs. The reluctance stems primarily from the cost implications that ownership would convey. HB 143 would provide some ability to compensate for these future maintenance and repair costs. Since increased municipal ownership of the harbor facilities entitle a larger share of the tax receipts, the bill provides an incentive, or at least an enticement, for accepting ownership.

The municipal sharing of state motor fuel tax receipts has precedence in statute. AS 43.40.010(e), enacted in 1961, allows sharing of 60% of aviation fuel taxes collected at municipal operated airports.

SPONSOR STATEMENT

Moreover, the use of watercraft fuel tax receipts to directly improve and upgrade Alaska's ports and harbors has precedence historically. Prior to statehood, the tax on watercraft fuel was dedicated to expenditures on water and harbor facilities. This dedication of special use funds continued through statehood by means of a grandfather clause in the constitution (Article IX, Section 7). In 1962, the legislature took expenditure authorization control of the "Water and Harbor Facility Fund" from the jurisdiction of the Department of Public Works. Subsequent changes to the watercraft fuel tax have acted to nullify its status as a dedication to ports and harbors improvement.

In summary, I believe HB 143 provides an important mechanism for the maintenance and upgrade of local harbor facilities. This is at a time when such facilities are experiencing increased service by expanding commercial fisheries, recreational boating growth, and a rapidly developing tourist, charter industry. Furthermore, it is the tax payments of the facility users themselves that is working directly for their benefit.

House of Representatives

SECTIONAL ANALYSIS OF HB 143

by

Rep. Mackie

Section 1 amends AS 43.40.010(f) to allow the distribution of watercraft fuel tax revenue described in section 2.

Section 2 adds a new subsection (m) to AS 43.40.010. A municipality may receive a portion of the watercraft fuel taxes collected by the state from within the boundaries of the municipality. The portion is determined by the ratio of municipality operated docks and harbors to total state and municipality marine facilities within the boundaries, whereby the measure is in lineal feet of wharfage.

Section 3. The effective date of the act coincides with the beginning of fiscal year 1994.

PREPARER TO PROVIDE ALL DISTRIBUTION COPIES TO GOVERNOR'S LEGISLATIVE OFFICE
 For further distribution information call the Governor's Legislative Office

Analysis

This bill provides for sharing marine fuel taxes to municipalities based on the linear footage of wharfage owned by the municipality. Effective July 1, 1993 taxes would be shared by multiplying marine fuel tax proceeds collected within the municipality by the following fraction of wharfage within the municipality:

$$\frac{\text{Total linear footage of wharfage owned by municipality}}{\text{Total linear footage of all wharfage that is publicly operated}}$$

Amounts shared would be subject to legislative appropriation.

Total actual linear footage of wharfage in the state is not available because wharfage has not been cumulatively inventoried as to federal, state, local and private ownership. According to the Alaska Department of Transportation and Public Facilities (DOTPF), municipalities currently own a small percentage of total wharfage in the state. DOTPF estimates that between 5% to 10% of wharfage in Alaska is municipally owned.

The revenue decrements in this fiscal note are based on 7.5% municipal ownership of wharfage and marine fuel tax collections of approximately \$10 million.

This bill will require additional reporting by dealers, distributors and users to report fuel sales in municipalities. Currently, only wholesale transactions are required to be reported by qualified dealers who sell or transfer motor fuel in the state. These transactions are reported on a state level and not by locality. Qualified dealers are not required to track and report transfers and sales of fuel between distributors and vendors. Under this bill, dealers, distributors and users will need to report subsequent sales or transfers of fuel in order for the department to determine the final location of the marine fuel tax proceeds.

Operating Costs

An additional position will be required to monitor and process the additional reports received by the department. This position will also need to data capture wharfage and motor fuel tax information and determine the proper amount of taxes to be shared to respective communities. Corresponding costs are outlined on the following page.

The department will procure a contract to survey wharfage in municipalities in the initial year that the sharing program takes effect (FY 94). The department will incur travel costs to conduct audits and educational seminars on the new reporting requirements.

Operating Costs (Continued)

Personal Services	
Tax Examiner II (Range 12A)	\$40.1
Travel	
Compliance and Review (FY 94)	20.0

MEMORANDUM

TO: Representative Mike Navarre

FROM: Dale O. Brandt ^{DB}
Legislative Analyst

RE: History of Motor Fuel Tax Rate
Research Request 92.225

You asked us to provide a history of the Alaska motor fuel tax rate from its inception to the most recent changes. Attached is a table showing the year changes took place, applicable session laws, tax rates, fuel types and fuel uses. Note that the current 8 cents/gallon gasoline tax for highway use was set in 1970, not in 1961 as is stated in House Research Agency Memorandum 89.254. Also attached is an outline of fuel tax rates and administrative changes provided by the Alaska Department of Revenue.

We hope this information is useful. Please contact this agency if you have questions or need additional information.

MEMORANDUM ON

HISTORY OF MOTOR FUEL TAX

LEGISLATIVE HISTORY OF MOTOR FUEL TAX RATE

<u>YEAR</u>	<u>CITE</u>	<u>TAX PER GALLON</u>	<u>FUEL TYPE</u>
1945	Chapter 47	1 cent	all motor fuel
1947	Chapter 33	2 cents	all motor fuel
1955	Chapter 47	3 cents 5 cents	aviation gasoline other motor fuel
1957	Chapter 27	3 cents 2 cents 5 cents	aviation gasoline fuel used for commercial fishing other motor fuel
1957	Chapter 134	3 cents 1-1/2 cents 2 cents 5 cents	aviation gasoline aviation jet fuel fuel used for commercial fishing other motor fuel
1960	Chapter 63	3 cents 1-1/2 cents 3 cents 5 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel
1961	Chapter 136	3 cents 1-1/2 cents 2 cents 5 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel
1968	Chapter 216	4 cents 2-1/2 cents 2 cents 5 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel
1970	Chapter 158	4 cents 2-1/2 cents 3 cents 8 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel
1971	Chapter 124	4 cents 2-1/2 cents 4 cents 8 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel
1977	Chapter 116	4 cents 2-1/2 cents 5 cents 8 cents	aviation gasoline aviation jet fuel all marine-use fuel other motor fuel

Note: Laws may also have made administrative changes.

Prepared by the Legislative Research Agency, April 1992 (92.225).

Laws of Alaska 1982

Sec. 1, 2 & 3 do not relate.

Sec. 4 AS 43.40.010 was amended to make provision for the Certificate of Use to be used by a dealer when the fuel purchased is not intended for use as motor fuel. It exempts the dealer from liability for the tax if he obtains a properly executed Certificate of Use.

Sec. 5 AS 43.40.030 (b) provides the entire tax be refunded to the purchaser on that part of motor fuel used in a foreign country on which the tax has been paid when the fuel is sold and delivered in the state for non-highway use in a foreign country.

Sec. 6 AS 43.40.035 establishes the means by which a reseller may claim a refund on tax for fuel on which the tax was paid, but which is sold for tax exempt purposes.

Sec. 7 AS 43.40.050 (a) makes changes to above statute to do with way to claim a refund.

Sec. 8 same as above.

Sec. 9 same as above.

Sec. 10 AS 43.40.100 (2) add 5 additional exemptions from motor fuel.

Sec. 11 AS 43.40.100 (3) changes definition of User to:

- (3) "user" means a person consuming or using motor fuel, who either
 - (A) purchases the fuel out of the state and ships it into the state for personal use in the state;
 - (B) manufactures the fuel in the state; or
 - (C) purchases or receives fuel in the state that is not taxed at the time of purchase or receipt or is taxed at a rate that is less than the rate prescribed by AS 43.40.010.

Sec. 12 AS 43.40.100 adds a paragraph to define "qualified dealer".

Sec. 13 deals with delinquency in payment of tax and interest charged.

Sec. 14 deals with commercial fisheries - not motor fuel.

Sec. 15 says the Department may not collect motor fuel tax from dealer on sale or transfer of motor fuel that occurs before effective date of this Act if dealer did not collect tax from purchaser because of a reasonable belief that fuel was not to be used as motor fuel.

Laws of Alaska 1977

An Act relating to tax on motor fuel for watercraft.

Sec. 1 AS 43.40.010 (a) is amended to change the tax on fuel used on watercraft of all descriptions to 5¢ per gallon (no mention is made of non propulsion fuel exemption, effectively doing away with that provision for exemption refund of fuel used for cooking and heating on watercraft).

Sec. 2 imposes above on users or consumers of motor fuel.

Sec. 3 penalty for violation of falsifying exemptions for non-propulsion is repealed.

Sec. 4 AS 43.40.030 (a) (2) is amended to leave out refernece to non propulsion fuel in Refund Section of law.

Sec. 5 AS 43.40.100 (2). Definition

(2) "Motor fuel" means fuel used in an engine for the propulsion of a motor vehicle or aircraft, and the fuel used in and on watercraft for any purpose, or in a stationary engine, machine or mechanical contrivance which is run by an internal combustion motor;

The whole purpose of this 1977 Act was to do away with the exemption from tax of non-propulsion fuel used on watercraft.

Laws of Alaska 1972

An Act relating to an exemption from the tax on transfers or consumption of motor fuel.

Sec. 1 AS 43.40.010 (a) (2) is amended to read:

(2) the tax on motor fuel used in engines for the propulsion of boats and watercraft of all descriptions is four cents a gallon; if a person claims an exemption for nonpropulsion use under this paragraph, he shall sign a statement at the time of the sale or transfer attesting to the fact that the amount of fuel for which he claims the exemption will be used only for nonpropulsion use aboard a boat or watercraft, and

Sec. 2 makes the same exemption for users. These two sections have the effect of exempting from tax all fuel used for cooking and heating (non-propulsion) use aboard watercraft.

Sec. 3 adds a new subsection (g) to AS 43.40.010 relating to the non-taxation of liquified petroleum gas.

Sec. 4 amends penalty for violation section to include a person who claims nonpropulsion use of fuel as exempt, and uses it for propulsion.

Laws of Alaska 1971

An Act.

Sec. 1. Intent of Act is to provide funds for trail staking and shelter construction and maintenance projects.

Sec. 2 amends AS 43.40.010 (g).

Directs proceeds of fuel tax to go into special highway fund except for aviation, watercraft and snow vehicles fuel tax, to be expended for highways and related projects.

Sec. 3 establishes tax from motor fuel used in snow vehicles, etc. to go into special non public highway use account in general fund.

Sec. 4 to do with refunds of non highway use of funds.

Laws of Alaska 1971

An Act relating to tax on watercraft fuel.

Sec. 1 AS 43.40.010 (a) (2) is amended to provide for taxation of dealers for all fuel used on watercraft, including fuel used for heating and cooking at 4¢ per gallon.

Sec. 2 makes some provision for users.

Sec. 3 43.40.030 (a) (2) makes some provision in "Refund" Section of law, making it clear that there will be no refunds on fuel used for heating and cooking on watercraft.

An Act relating to interest on delinquent state taxes.

Sec. 1-3 to do with interest, as above.

Laws of Alaska 1970

An Act.

Sec. 1 AS 43.40.010 (a) amended to reflect change in tax rates.

(a) (1) Tax on motor fuel is 8¢ per gallon on all motor fuel sold or otherwise transferred within the State - except that

(2) tax on aviation gas is 4¢ per gallon.

(3) tax on all aviation fuel other than gasoline is 2 1/2¢ per gallon.

Sec. 2, same tax is imposed on consumers or users.

Sec. 3 is to do with filing returns.

Sec. 4 changes amount of refund for non-highway use.

Sec. 5 states books and records shall be kept for 3 years.

Sec. 6, 43.40.100 (1.) defines "dealer" to read:

(1) "dealer" means a person who sells or otherwise transfers in this state motor fuel upon which the taxes imposed by this chapter have not been paid;

Sec. 7, 43.40.100 (3) defines "user" to read:

(3) "user" means a person consuming or using motor fuel, who either purchases the fuel out of the state and ships it into the state for his own use within the state or manufactures the fuel in the state.

Sec. 8 repeals 43.40.110 & 120 repeals additional tax levies on transfers or consumption of motor fuel (1¢ additional tax on watercraft fuel).

Laws of Alaska 1968

An Act. Relates to refunding a portion of the revenue from taxation of aviation fuel to municipalities, the rest of the money going into a special "aviation fuel tax account." Just what it says.

An Act.

Sec. 1, AS 43.40.010 (a) is amended to reflect tax of 5¢ per gallon on motor fuel (for dealers) with 4¢ per gallon on aviation fuel. The tax on the propulsion of boats and watercraft of all descriptions is 2¢ a gallon, and the tax on all aviation fuel, other than gasoline is 2 1/2¢ per gallon.

Sec. 2 imposes the same tax on gas consumed by users.

Laws of Alaska 1962

Chapter 131

Sec. 1, Sec. 48-5-2 (c) ACLA 1949 as amended by CH 47, SLA 1955 is amended to:

Change filing time from quarterly to monthly.

Sec. 2, Sec. 48-5-2 (f), ACLA 1949, as added by Ch 47, SLA 1955, and amended by Ch 152, SLA 2957 is amended to read:

"(f) The monies herein collected from the taxes on motor fuel used in boats and watercraft of all descriptions shall be covered into a special "watercraft fuel tax" account in the general fund. The legislature may appropriate from this account for water and harbor facilities."

This changed the name of "Water and Harbor Facilities Fund" and changed expenditures to be made from that account from the jurisdiction of the Department of Public Works to the Legislature. It was still to be used for water and harbor facilities.

Sec. 3, Sec. 48-5-2 (h) as last amended by Ch. 27, SLA 1957 is repealed and reenacted. This section stated that motor fuel refund claims shall be paid from the "highway fuel tax" account.

Sec. 4, Sec. 3, Ch. 47, SLA 1955 is amended to change way to obtain motor fuel refund permit.

Sec. 5, Sec. 7, Ch. 47, SLA 1955 states that a warrant shall be drawn on the "highway fuel tax" account for payment of refund claims.

Sec. 6, Sec. 3, Ch. 63, SLA 1960 is changed to read:

"Sec. 3. The tax levied by this Act shall be administered and collected in the same manner as the tax levied in Sec. 48-5-2, ACLA 1949, as amended, and the receipts from said tax shall be paid into the "watercraft fuel tax" account in the general fund of the state."

Change is underlined. This changes the fund for which the special 1¢ tax on all fuel used in boats, etc. is to be deposited, from the General Fund to the "watercraft fuel tax account."

Laws of Alaska 1961

Chapter 136

Sec. 1 Sec. 48-5-2 (a) & (b) ACLA 1949 as amended:

"Sec. 48-5-2. Tax Levy on Transfers or Consumption of Motor Fuel: Deposit and Expenditure of Monies Collected: Collection at Time of Sale: Remission to Tax Commissioner: Statement. (a) There is hereby levied a tax of five (5¢) per gallon on all motor fuel sold and delivered, or otherwise transferred, within the State of Alaska; except (1) that the tax on aviation gasoline shall be three (3¢) cents per gallon, (2) the tax on motor fuel used in engines for the propulsion of boats and watercrafts of all descriptions shall be two (2¢) cents per gallon, and (3) the tax on all aviation fuel other than gasoline shall be one and one-half (1 1/2¢) cents per gallon.

(b) There is hereby levied a tax of five (5¢) cents per gallon on all motor fuel consumed by any user as above set forth; except (1) that the tax on aviation gasoline consumed shall be three (3¢) cents per gallon, (2) the tax on motor fuel used in engines for the propulsion of boats and watercrafts of all descriptions shall be two (2¢) cents per gallon, and (3) the tax on all aviation fuel other than gasoline shall be one and one-half (1 1/2¢) cents per gallon."

(a) Changed Territory to State and changed the tax on watercraft to be charged only for fuel used in engines for propulsion. Made the tax on all watercraft, including commercial fishing boats 2¢ per gallon.

(b) Changed wording as above.

Sec. 2. Refund for Non Highway Use of Fuel. Changed wording relating to commercial fishing craft to read for the propulsion of boats and watercrafts of all descriptions.

Laws of Alaska 1961

Chapter 110

Sec. 1, Sec. 48-5-2 (e) ACLA 1949

(c) Establishes that 60% of the tax collected for aviation fuel, etc. shall be refunded to municipalities.

Laws of Alaska 1960

Chapter 20

Sec. 1, Sec. 48-5-2 ACLA 1949 (e)

Changes wording on "Aviation fuel tax account."

Sec. 2, Sec. 48-5-2 (g)

Changes authority for disbursement of funds from special "Highway fuel tax fund" from Dept. of Public Works to the Legislature.

Chapter 150

Sec. 1, Sec. 48-5-2 (g) is further amended to change the way highway construction projects are bid and managed.

Laws of Alaska 1960

Chapter 63

Sec. 1. Levies an additional 1¢ per gallon on all motor fuel sold and delivered, or otherwise transferred, within the State, and which is used to propel boats and watercraft of all descriptions.

In other words, the commercial fisherman will be paying 3¢ per gallon tax on marine fuel, as will everyone else.

Sec. 2. States that the tax levied in Sec. 1 is in addition to the tax already in effect.

Sec. 3. Provides that this additional 1¢ tax will be put into the general fund.

Laws of Alaska 1959

Chapter 124

Sec. 1 charges the Department of Public Works with the long range planning of construction and maintenance of highways.

Sec. 2 amends subsec. (g) of Sec. 48-5-2 ACLA 1949.

Wording added for the administration of highways funds by the Department of Public Works.

Sec. 3 amends Article I, Title I, Chapter 152 (g) Definition of Highways - to do with Public Works.

Laws of Alaska 1957

~~Chapter 133~~ 134

Sec. 1 adds a tax of 1 1/2¢ per gallon on all aviation fuel other than gasoline (jet fuel) for both "Dealer" and "Users".

Chapter 152

Article V Sec. 2 Water and Harbor Facilities: Amends § (f) of Sec. 48-5-2 ACLA 1949 to read:

"Sec.2. Water and Harbor Facilities Fund. Subsection (f) of Sec. 48-5-2, ACLA 1949, as amended by CH. 47, SLA 1955, is hereby amended to read as follows:

(f) The monies herein collected from the taxes on motor fuel used in boats and watercraft of all descriptions shall be covered into a special fund in the Territorial Treasury to be known as the "Water and Harbor Facilities Fund", and shall be expended by the Alaska Highways and Public Works Board as nearly as practicable in the Division where collected, and be expended for water and harbor facilities.

The only change was as underlined, from "Highway Engineer" to "Alaska Highways and Public Works Board."

Laws of Alaska 1957 Chapter 27

Relating to tax on motor fuel used in commercial fishing craft by commercial fisherman;

Sec. 1 amends tax levy on motor fuel. This section leaves the tax at 5¢ per gallon on all motor fuel except aviation, which remains at 3¢ per gallon, and states that the tax on motor fuel used in commercial fishing crafts for purposes of commercial fishing is 2¢ per gallon.

This tax is levied on both "dealer" and "user".

Sec. 2 deals with method which Tax Commissioner allocates monies between different accounts - aviation, boats or motor fuel.

Sec. 3 provides for refund of 3¢ per gallon on motor fuel used in vehicles not licensed to be operated on highways, except aviation fuel or motor fuel used in commercial fishing crafts for purposes of commercial fishing.

Laws of Alaska, 1955

Chapter 47

An Act relating to financing roads, airfields and water and harbor facilities, increasing the motor fuel tax, providing for refunds.

Sec. 1 section 48-5-2 ACLA

(a) is amended to increase the tax to 5¢ per gallon on all motor fuel sold, delivered or otherwise transferred --- except the tax on aviation fuel shall be 3¢ per gallon.

(b) levies a 5¢ and 3¢ tax respectively on motor fuel and aviation fuel for the user.

(c) provides for dealer and user to remit tax, as previously

(d) penalties, etc.

(e) provides for monies collected on aviation fuel shall go into the "Aeronautical Revolving Fund" as set up in Chap 123 SLA 1949 for carrying out the purposes of that Act (aeronautical purposes).

(f) provides for taxes on motor fuel used in boats and watercraft of all description to go into a fund "Water & Harbor Facilities Fund" to be expended for water and harbor facilities.

(g) provides for all other motor fuel tax to go into a Highway Fund for roads, etc.

(h) provides for depositing, every quarter, the tax monies into above funds. It also provides for a "Motor Fuel Tax Refund Fund" for payment of refunds.

(i) talks about budget reports to Legislature.

Sec. 2 Refund for Non-Highway Use of Fuel.

Provides that any person who uses motor fuel, except aviation fuel, for the purpose of operating any internal combustion engine not used in nor in conjunction with any motor vehicle licensed to be operated over or along any of the public highways, etc. --- shall receive a refund of 3¢ per gallon and all the tax shall be refunded to a purchaser on motor fuel used in a foreign country ---.

Sec. 3. Provides the way to claim a refund. Permit system is set up.

Sec. 4, 5, 6, 7 deal with refund requirements also.

Sec. 8 has to do with motor vehicle license funds.

Sec. 9 amends Sec. 48-5-1 ACLA 1949 Definition of Motor Fuel
Changed to read:

Sec. 58-5-1. (a) "Motor Fuel" means any and all fuel used in engines for the propulsion of motor vehicles, aircraft, boats and watercraft of all descriptions, and in all stationary engines, machines or mechanical contrivances which are propelled by internal combustion motors; except on consignments of motor fuel oil to foreign countries and except fuel used in stationery power plants operating as public utility plants and generating electrical energy for sale to the general public or by non-profit power associations or corporations for generating electric energy for resale or by charitable institutions.

Underlined part . . . been changed slightly.

Sec. 10; repeals subsection 4 of Sec. 14 A of Chap. 123 SLA 1949.
This is the section setting up the Aeronautical Revolving Fund.

Laws of Alaska 1951 230

Sec. 48.5.2

(a) & (b) Tax of 2¢ per gallon on both dealer and user remained the same.

(c) allocation of monies remained the same

(d) changed penalties from fine and imprisonment to penalty added to tax.

Sec. 1 (a) was amended to read:

(a) "Motor Fuel" means any and all fuel used in engines for the propulsion of motor vehicles, aircraft, boats and watercraft of all descriptions, and in all stationary engines, machines, or mechanical contrivances which are propelled by internal combustion motors; except on consignments of motor fuel oil to foreign countries and except fuel used in stationary power plants operated by municipally owned public utilities or by non-profit power associations or corporations for generating electric energy for resale or by charitable institutions. The underlined part is new.

Definition of "Dealer" and "User" remained the same.. Tax rate remained the same (2¢).

Laws of Alaska 1947

Chapter 33

Sec. 1 amends Sec. 2, Chapter 18, SLA 1946 as follows:

Sec. 2

(a) There is levied a tax of 2¢ per gallon on all motor fuel sold and delivered, or otherwise transferred within the Territory.

(b) There is levied a tax of 2¢ per gallon on all motor fuel consumed by any user as set forth above.

(c) Provides that the monies collected under this act shall go into a special fund in the Territorial Treasury as "Roads, Airfields, Water and Harbor Facilities Fund" and shall be expended for the same.

The rest of the act is on filing

Every dealer, or any other person, etc. who makes a sale in the state shall collect - - -

Likewise, "every user as above defined shall likewise remit the tax accrued on motor fuel actually used by him each quarter - - -"

Laws of Alaska 1946

Chapter 47

Sec. 1 Definition

(a) was amended to add
except on consignments of motor fuel oil to foreign countries.

(b) was changed from 2 parts into 1 part, "Dealer" was defined the same as 1945. Definition of user was dropped.

(c) was added to define "User
as "any person, firm or corporation consuming or using any motor fuel,
who shall have purchased such fuel out of the Territory and shipped it
into the Territory for his or its own use within the Territory"

Sec. 2

Tax remained at 1¢ per gallon "on all motor fuel consumed by any
user as above set forth."

The rest of the Act dealt with returns and penalties.

Laws of Alaska 1945

Chapter 47

Sec. 1 Definition

(a) defined motor fuel as any and all fuel used in engines for the propulsion of motor vehicles, aircraft, boats and watercraft of all descriptions, and in all stationery engines, machines or mechanical contrivances which are propelled by internal combustion motors.

(b) "Dealer" means any person, firm or corporation (1) making the first sale in the Territory of any motor fuel after the same has been received in the Territory; or (2) consuming or using any motor fuel, who has purchased such fuel before it is received by any other person in the Territory.

Sec. 2 levies the tax

1¢ on all motor fuel sold or delivered within the Territory and each and every person, firm, corporation or association engaged in the business of selling or distributing motor fuel and every dealer as heron defined shall collect the tax - - - -

The rest of the act tells how to file and what happens if you do not file. They filed quarterly back then! I suppose they changed in order to get the money in here sooner.

Date: March 1, 1993
To: Representative Harley Olberg, Chair
and Members, House Community and Regional Affairs Committee
From: Kent E. Swisher, Executive Director
Subject: HB 143, Marine Fuel Tax Revenue Sharing

The Alaska Municipal League supports the concept of HB 143, in that it would provide an additional revenue source for those jurisdictions that own local docks.

The League's Policy Statement, adopted by its member jurisdictions meeting in conference in November, 1993 provides:

"The League supports amendment of the statute on marine fuel taxes (AS 43.40) so that marine fuel collected in any municipality which the state has required to take over responsibility for harbor and dock expenses, or where the municipality holds existing responsibilities for these expenses, must be refunded to that municipality."

HB 143 would return marine fuel tax revenues to municipalities to the extent that they have ownership of dock facilities. To the extent that ownership equates to responsibility for operation and maintenance the measure is consistent with the League's goals, and we would support it. We are concerned however, that there may be circumstances in which a municipality has, by its own free choice or under pressure or mandate from the state, assumed responsibility for docks it does not own but which are vital to community well being. There should be compensation in these circumstances as well, in that the municipality has taken on a burden, in service to the local public, of maintaining a facility that it does not own.

AML appreciates the Committee's consideration of these matters.

CS FOR SPONSOR SUBSTITUTE FOR HOUSE BILL NO. 143(CRA)

IN THE LEGISLATURE OF THE STATE OF ALASKA

EIGHTEENTH LEGISLATURE - FIRST SESSION

BY THE HOUSE COMMUNITY AND REGIONAL AFFAIRS COMMITTEE

Offered:

Referred:

Sponsor(s): REPRESENTATIVES MACKIE, Grussendorf

A BILL

FOR AN ACT ENTITLED

1 "An Act relating to the distribution of the revenue obtained from imposition of
2 the state tax on motor fuel used in watercraft of all descriptions; and providing
3 for an effective date."

4 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

5 * Section 1. AS 43.40.010(f) is amended to read:

6 (f) The proceeds from the revenue from the tax on motor fuel used in [BOATS
7 AND] watercraft of all descriptions shall be deposited in a special watercraft fuel tax
8 account in the general fund. The legislature may appropriate from this account, under
9 (m) of this section, for water and harbor facilities.

10 * Sec. 2. AS 43.40.010 is amended by adding a new subsection to read:

11 (m) A portion of the proceeds of the revenue from the tax on motor fuel
12 deposited into the special watercraft fuel account in the general fund shall be paid to
13 each municipality operating a moorage facility within the boundary of the municipality
14 for municipal water and harbor facilities. The payment due the municipality under this

1 subsection is determined by multiplying the proceeds of the watercraft motor fuel tax
2 obtained by the department within the municipality by a fraction, the numerator of
3 which is the total linear footage of the moorage facilities within the municipality that
4 are owned by the municipality and the denominator of which is the total linear footage
5 of all moorage facilities within the municipality that are publicly operated. The
6 commissioner shall determine the total linear footage. The amount distributable under
7 this subsection is subject to legislative appropriation. In this subsection, "moorage
8 facility" means

9 (1) a facility, including approaches, constructed for the purpose of
10 public moorage of watercraft; and

11 (2) a grid.

12 * Sec. 3. This Act takes effect July 1, 1993.

City and Borough of Sitka

304 LAKE STREET . SITKA, ALASKA . 99835

March 4th, 1993

Representative Harley Olberg
Alaska House of Representatives
State Capitol Room 110
Juneau, Alaska 99801-1182

Dear Representative Olberg:

The City and Borough of Sitka strongly supports the passage of House Bill No. 143 (Sponsor Substitute) which is currently before the Alaska Legislature.

A resolution requesting that the proceeds of motor fuel tax on fuel used in watercraft was approved by the City and Borough Assembly in February of 1992. The monies generated by the five cents a gallon tax would be specifically targeted for harbor maintenance. At a minimum, we feel that communities should receive a percentage of the locally generated tax revenues that is equal to the percentage of the linear harbor footage operated by the municipality. This formula is described in Section 2 of House Bill 143.

The City and Borough appreciates the opportunity to comment on this legislation. We urge the passage of the bill.

Sincerely,

Gary L. Paxton
Administrator

Attachment: City and Borough of Sitka Resolution No. 92-492

RESOLUTION NO. 92-492

A RESOLUTION OF THE ASSEMBLY OF THE CITY AND BOROUGH OF SITKA
REQUESTING THAT THE ALASKA STATE LEGISLATURE AMEND AS 43.40.010 (F) TO
REFUND THE PROCEEDS OF THE REVENUE FROM TAXES ON MOTOR FUEL USED IN BOATS
AND WATER CRAFT TO MUNICIPALITIES

WHEREAS, Alaska is one of the major fishing and pleasure boating
areas in the United States; and

WHEREAS, Sitka is a major fishing port in Alaska and the United
States; and

WHEREAS, Sitka also attracts the pleasure boaters, both locally
and from the southern forty-eight (48) states; and

WHEREAS, Sitka has a waiting list of 487 to obtain moorage in the
Sitka harbors; and

WHEREAS, Sitka owns or manages four small boat harbors; and

WHEREAS, all of the harbors and port facilities in Alaska are in
dire need of additional funding.

NOW THEREFORE BE IT RESOLVED by the Assembly of the City and
Borough of Sitka, Alaska, that the Alaska State Legislature is requested to
amend AS 43.40.010 (F) to provide that the proceeds from the revenue on the
tax on motor fuel used in boats and water craft of all descriptions be
refunded to the municipalities from which such revenue is generated.

PASSED, APPROVED AND ADOPTED, by the Assembly of the City and
Borough of Sitka, Alaska on this 25th day of February, 1992.

Dan Keck, Mayor

ATTEST:

Melinda L. Jenkins
Municipal Clerk

March 9, 1993

Representative Mackie
State Capital Building
Juneau, Alaska 99811-1182

Subject: Operating Revenues & Expenditures for City of Craig Harbors

Dear Jerry:

The City of Craig in fiscal year 1993 ending 6/30/93, expects to generate about \$61,000 in dock and harbor related revenues. These revenues come from several sources such as moorage, both permanent and transient, transient moorage electricity payments, fees from use of the crane installed by the City on the City dock and a small amount of wharfage fees paid to the City by the dock contractor.

Expenditures for the same fiscal year 1993 are expected to be \$82,000. As you can see, in the past and presently the City's general fund has subsidized the management of the harbors by a little over \$20,000 per year. Expenditures to date have not required a reserve for depreciation for the moorage facilities as the City hasn't owned any until this next year. Beginning next fiscal year, the City is going to have to place an additional \$37,000 per year into a reserve for depreciation for the North Cove Harbor facility with an estimated life expectancy of 25+ years. Beginning this next fiscal year the general fund subsidy of the Harbor operating budget will increase to \$57,000 per year.

If HB 143 passes, distribution of watercraft fuel tax proportional to moorage ownership, the sharing of the watercraft fuel tax will help immensely. The City's share of the fuel tax is estimated to be about \$20,000 per year at the current ownership ratio, reducing the City's general fund subsidy to about \$37,000. Obviously, assuming ownership and commensurate sharing of the watercraft fuels tax is not a get-rich scheme. We do believe that harbor maintenance and repair will improve dramatically as the result of municipal ownership. Any financial assistance for this effort is much needed. Municipalities will make whatever adjustments are necessary within reason to cover expenses. Better the municipalities than the State.

Sincerely,

Tom Briggs
City Administrator

Subject: HB 143, Municipal Sharing of Watercraft Fuel Tax

Dear Rep. Olberg and members of House CRA committee:

The City of Craig enthusiastically endorses the passage of HB 143, a bill that allows the distribution of a proportional share of the state tax on watercraft fuels to municipalities assuming ownership of State owned docks and harbors. The tax originally imposed prior to statehood in 1949 was intended by the constitutional convention to continue to be a fund dedicated to water and harbor facilities by means of a grandfather clause in the constitution (Article IX, Section 7). In 1962 control of the fund was assumed by the legislature and the fund was absorbed within the general fund

The State has adopted a policy (stated in at least two DOTPF policy documents) of shifting the entire cost burden of harbors to municipalities where the harbors are located. This process has begun and has happened already to the City of Craig and the City and Borough of Sitka. Municipalities which must bear the entire cost burden for maintenance and repair of public docks and harbors transferred to the municipality by the State should receive a proportional share of the proceeds from the watercraft fuels tax collected within that municipality under AS 43.40. This is presently not the case under the current statute.

Refunding of watercraft fuel tax to the municipalities as proposed in HB 143 has legislative precedence in that 60% of aviation fuel collected is currently shared with those municipalities that own and operate or lease and operate an airport where the aviation fuel tax is collected. The benefit of fuel taxes should flow to those municipalities which have the financial responsibility for maintaining the facility.

Thank you for the opportunity to comment on this most important bill.

Sincerely,

Tom Briggs
City Administrator, City of Craig

POSITION PAPER

BILL NO: HB 143

APPROVED:

W. R. Goull

TITLE: Marine Fuel Tax Revenue
Sharing

DATE: March 1, 1993

HB 143 proposes to make, through the appropriation process, marine fuel tax revenue available to communities. Until a dedicated fund is established for these fuel tax receipts, the fuel taxes will still be part of the general fund and could be appropriated for any other purpose.

This bill will forward the process of convincing communities with major fuel sales to accept ownership and responsibilities for their harbor facilities. We are in favor of this goal.

We believe the method, return of 100% of the tax revenue on marine fuel sales in a community back to the community, would cause other communities to not accept ownership. These other communities may be places which do not have fuel sales, or have a very low volume of sales compared to their harbor space. If the communities with the vast majority of the fuel sales take over harbor ownership and the legislature appropriated the revenues as suggested, there would not be any revenue in the watercraft account for costs related to facilities outside of those communities.

Consideration should be given to a regional redistribution of tax revenue based on the relative proportions of the public moorage and fuel sales in a particular region. This would allow sharing of the results of the activities of the vessels in a region with communities that did not have fuel sales. It would also provide tax revenue for work on facilities outside of communities.

Return of less than 100% of the tax revenues should also be considered because there will continue to be refuge floats and other facilities outside of organized communities that will need repair and reconstruction. Consideration of new facilities in new locations will also require a source of funding.

We also suggest that the distribution be based on lineal footage of "moorage facilities and grids" instead of wharfage. We would suggest that moorage facilities be defined as "facilities, including approaches, constructed for the purpose of public moorage of watercraft."
