CS FOR HOUSE BILL NO. 30 ()
IN THE LEGISLATURE OF THE STATE OF ALASKA
EIGHTEENTH LEGISLATURE - FIRST SESSION

BY

Offered:

Referred:

Sponsor(s): REPRESENTATIVES BRICE, Sitton, Therriault

A BILL

FOR AN ACT ENTITLED

1 "An Act amending the definition of 'municipality' for purposes of the human
2 services community matching grant program."

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

4 * Section 1. AS 29.60.600 is amended by adding a new subsection to read:

5 (c) A city may not receive a human services matching grant during a fiscal
6 year to provide a specific service if, during that same year, the borough within which
7 it is located has received a grant for the same service. A borough may not receive a
8 grant during a fiscal year to provide a particular service if, during that same year, a
9 city within the borough has received a grant for the same service.

10 * Sec. 2. AS 29.60.650(2) is amended to read:

11 (2) "municipality" means a (A) city whose population is over 20,000;
12 (B) [, AS DETERMINED BY THE DEPARTMENT OF COMMUNITY AND
13 REGIONAL AFFAIRS, OR A] unified municipality whose population is over 100,000;
14 or (C) second class borough whose population is over 65,000; population for

ALASKA STATE LEGISLATURE

Sponsor Statement

With the passage of HB 263 last session, a statutory basis was established for the Human Services Community Matching Grant Program. The intent of HB 263 was not to create a new pool of money but to define the grant program in statute and establish a community match. This was done to help stabilize funding for local non-profit organizations which provide valuable services to the community.

Due to the match required, it became evident that the local non-profit organizations couldn't raise the necessary funds. This placed the city of Fairbanks, which was already facing fiscal problems, in a difficult position because they couldn't come up with the matching funds either. The question was then placed before the Fairbanks North Star Borough Assembly for discussion. A resolution by the Assembly was passed which asked the voters of the Fairbanks North Star Borough to decide whether or not to assume health and social service powers. The resolution was vetoed. One issue raised was the short timeline between the resolution's passage and the election. Another was that the borough would not be eligible to participate in the block grant program even if it did assume health and social service powers. HB 263 had established strict eligibility requirements to allow only cities with populations greater than 20,000 and first class boroughs with populations greater than 100,000 to participate.

HB 30 would amend the definition of municipality to include a second class borough with a population that exceeds 65,000. The Fairbanks North Star Borough will be the only municipality that will be affected by this change, allowing the borough to participate in the block grant program.

Currently, it is a statutory requirement that if a city within a borough has an approved grant for an areawide service, then the allocation shall be based on the population of the borough (see AS 29.60.620). This is the case for all block grant monies received to date by the city of Fairbanks.

MEMORANDUM

February 4, 1993

SUBJECT: Human Services Matching Grant Program. (HB 30)

TO: Representative Harley Olberg
Chair, House Community and Regional Affairs Committee

FROM: Tamara Brandt Cook
Director *TBC*

Here is the sectional summary that you requested of HB 30.

Sec. 1. The Human Services Matching Grant Program makes grants available to certain municipalities. This bill amends the definition of "municipality" for purposes of applying the grant statutes, and, thereby, changes the local governments that may qualify for grants. Municipalities that qualify under existing law remain eligible for grants. This bill adds a new category of eligible municipalities--second class boroughs with populations over 65,000.

SECTIONAL ANALYSIS

STATE OF ALASKA
DEPARTMENT OF COMMUNITY
& REGIONAL AFFAIRS

POSITION PAPER

Bill No.: HB 30 by Representative Brice

Title: An Act amending the definition of "municipality" for purposes of the human services community matching grant program.

This legislation amends AS 29.60.650(2) to include second class boroughs whose population is over 65,000, as per DCRA population data. Effectively, HB 30 adds an eligible applicant for this grant program administered by the department of health and social services, to include the Fairbanks North Star Borough.

Eligible applicants under this program would increase from the current two (2), the Municipality of Anchorage and the City of Fairbanks, to three (3). The three eligible municipalities under this bill are the municipality of Anchorage, the city of Fairbanks and the Fairbanks North Star Borough.

The sponsor has indicated the intent to offer a committee substitute for consideration, that would preclude a possible "double dipping" scenario. This could occur under the present version of HB 30 if both the city of Fairbanks and the Fairbanks North Star Borough successfully apply for grant funding to DHSS.

DCRA Fiscal Impact: Zero (Fiscal Note Attached)

POSITION PAPER

Official Business

Alaska State Legislature

HOUSE OF REPRESENTATIVES

State Capitol
Juneau, AK 99801-1182

Explanation of Committee Substitute for HB 30

The definition of municipality for the purposes of the block grant program currently includes a city whose population exceeds 20,000 or a unified municipality whose population exceeds 100,000. CSHB 30 amends the definition of municipality to include a second class borough whose population exceeds 65,000. The definition of municipality is in section 2 of the committee substitute and does not differ from the original bill. This change will make the Fairbanks North Star Borough eligible to participate in the block grant program.

Because this change will make both the city of Fairbanks and the Fairbanks North Star Borough eligible for participation in the block grant program, there is a need to include language in the bill which would prevent both local government entities from receiving grants from the state for the same service in the same year.

Section 1 of CSHB 30 would prevent a city from receiving a grant if the borough in which the city is located has received a grant for the same service in the same year. Likewise, the committee substitute would prevent a borough from receiving a grant if a city located in the borough has received a grant for the same service in the same year.

**Human Services Community
Matching Grant Programs**
(definition of "municipality")

HOUSE BILL NO. 30, by Reps. BRICE, Sitton, Therriault, Davies, James. Redefines "municipality" for purposes of the human services community matching grant program. The term will be defined to mean: "... 'municipality' means a city whose population is over 20,000, a unified municipality whose population is over 100,000, or a second class borough whose population is over 65,000; population for purposes of this paragraph shall be determined by the Department of Community and Regional Affairs."

Under current law the term is defined to mean "...a city whose population is over 20,000 as determined by the Department of Community and Regional Affairs, or a unified municipality whose population is over 100,000 as determined by the Department of Community and Regional Affairs."

If enacted, the bill becomes law 90 days after it is signed by the Governor.

Introduced January 11, 1993 and referred to the Community and Regional Affairs Committee, the Health, Education and Social Services Committee, and the Finance Committee.

January 22, 1993

Representative Tom Brice
House of Representatives
State Capitol
Juneau, AK 99801-1182

Dear Tom:

As a human service provider and director of a small nonprofit agency here in the Fairbanks community I am in full support of House Bill #30 which proposes to amend the definition of a municipality for the purpose of human services matching grant funds. It is very obvious to us in the service providing community that although we are located physically within the Fairbanks City limits our services are provided to individuals throughout our borough and interior region regardless of residential location. In light of this I feel it is appropriate to consider the borough a municipality therefore allowing them to adopt health and social services responsibilities. This will more accurately reflect the population that benefits from the services that we provide.

We would be happy to entertain any questions that you may have regarding the scope or nature of the services that we provide and the population range that we serve. Again I strongly support the House Bill #30 to amend the definition of a municipality.

Yours truly,

A handwritten signature in cursive script that reads "Dan LaBrosse".

3 February 1993

Dear Representative Brice:

Fairbanks Resource Agency (FRA) wholeheartedly supports House Bill (HB) 30, which you have introduced, entitled "An Act amending the definition of 'municipality' for purposes of the human services community matching grant program."

Under the new proposed definition of 'municipality' as a "second class borough whose population is over 65,000," HB 30 will give the Fairbanks North Star Borough the opportunity to provide the community matching funds required for the human services grant program. In making the borough eligible for the "block" grant program, HB 30 will ease the difficulty previously faced by local non-profits and the city of Fairbanks in securing the match for the grant.

Many of our local human service agencies depend on grant funding for operational costs of their much-needed programs. HB 30 will provide assurance that these services will be maintained by giving opportunity to the borough or to the city to secure the matching funds, based on which entity is more fiscally able to do so at the time of the grant allocation.

We support HB 30 as an important legislative action which will assist in assuring a greater quality of life in our city and borough, as community human services are supported by adequate funding.

Sincerely,

Emily F. Ennis
Executive Director

Service in Fairbanks since 1951

February 3, 1993

Dear Representative Brice:

Thank you for introducing House Bill 30 in the legislature of the State of Alaska. The Salvation Army of Fairbanks wholeheartedly supports this bill.

We understand that under the new proposed definition of 'municipality' as a "second class borough whose population is over 65,000," HB 30 will give the Fairbanks North Star Borough the opportunity to provide the community matching funds required for the human services grant program. In making the borough eligible for the "block" grant program, HB30 will ease the difficulty previously faced by local non-profits and the city of Fairbanks in securing the matching funds needed for the grant.

As one of the many local human service providers who depend upon these grant funds for operational costs, I can attest to the necessity of these funds for our community. HB30 will provide assurance that these services will be maintained by giving opportunity to the borough or to the city to secure the matching funds, based on which entity is more fiscally able to do so at the time of the grant allocation.

We support HB30 as an important legislative action which will assist in meeting the needs of people who live in our city and borough, as community human services are supported by adequate funding.

Sincerely,

Preston L. Rider
Captain
COMMANDING OFFICER

Introduced by: Council Member Eley
Date: January 25, 1993

RESOLUTION NO. 3370

A RESOLUTION SUPPORTING HOUSE BILL 30
RELATING TO THE DEFINITION OF "MUNICIPALITY"
FOR PURPOSES OF THE HUMAN SERVICES COMMUNITY
MATCHING GRANT PROGRAM.

WHEREAS, the Alaska State Legislature in adopting 1
Ch. 74 SLA 1992, established the "Human Services Grant Program";
and

WHEREAS, the City of Fairbanks currently has health
and social services powers and serves not only the residents of the
City of Fairbanks, but also the residents of the Fairbanks North
Star Borough and, in some cases, residents of Interior Alaska; and

WHEREAS, many State and Federal grants are based on
the population of the municipality exercising health and social
services powers and not the population served; and

WHEREAS, the Fairbanks North Star Borough Assembly
has established a Health and Social Services Committee to make
recommendations to the Assembly and the voters on the assumption of
Borough-wide health and social services powers and if adoption of
those powers is submitted and approved by Borough voters, it will
be the desire of the Fairbanks North Star Borough Assembly to
exercise health and social services powers, which would allow
health and social services agencies and the Municipality to receive
grant moneys and provide more services to the residents of the
entire Fairbanks North Star Borough; and

WHEREAS, under 1 Ch. 74 SLA 1992, the definition of
"municipality" means "a city whose population is over 20,000, as
determined by the Department of Community and Regional Affairs",
and under that definition, the Fairbanks North Star Borough would
not qualify for a human services community match program; and

WHEREAS, House Bill No. 30 amends the definition
section of AS 29.60.600-650 by including "a second class Borough

whose population is over 65,000.....", thus making the Fairbanks North Star Borough eligible for the Human Services Community Matching Grant Program.

NOW, THEREFORE, BE IT RESOLVED that the Fairbanks City Council respectfully urges the Alaska State Legislature to pass HB 30 in order to make the Borough eligible for the matching grants which would allow more services to be provided for the Borough and Interior Alaska residents.

BE IT FURTHER RESOLVED that copies of this Resolution shall be sent to the Honorable Walter J. Hickel, Governor, State of Alaska, the Honorable Harley Olberg, Chair, House Community and Regional Affairs Committee, the Honorable Con Bunde and the Honorable Cynthia Toohy, Co-Chairs, House Health and Social Services Committee; The Honorable Ron Larson and The Honorable Eileen MacLean, Co-Chairs, House Finance Committee, and all members of the Interior Delegation.

PASSED and APPROVED this 25th day of January, 1993.

ARTICLE 8. Human Services Community Match Program.

Section

- | | |
|---|--------------------------|
| 600. Human services community matching grants | 620. Allocation of money |
| 610. Grant procedure; contract | 650. Definitions |

Sec. 29.60.600. Human services community matching grants. (a) Within the limits of appropriations for the purpose, the Department of Health and Social Services shall, upon application, make a matching grant to a qualified municipality equal to 50 percent of the estimated reasonable costs of providing essential human services through private nonprofit agencies within the municipality, including services to persons who travel to the municipality from their residences elsewhere in the state.

(b) To qualify for a grant under this section, a municipality is required to

(1) provide the same amount of money from other sources as is provided by the state grant under this section for the services; other sources may include federal or municipal money or money from other private or public sources; in this paragraph, "municipal money" includes money derived from appropriations, allocations, entitlements, grants, or other payments from the state other than the state grant under this section but does not include locally contributed staff hours, material, equipment, or other in-kind contributions;

(2) comply with the grant application procedure and contractual agreements under AS 29.60.610; and

(3) establish and consult with a citizens' advisory group, the majority of whose membership consists of persons who do not hold elected municipal office, concerning priorities and allocations among services funded under this section.

Sec. 29.60.610. Grant procedure; contract. (a) If a qualified municipality wishes to apply for a grant under AS 29.60.600, the municipality shall apply for a grant for a fiscal year by submitting a form prescribed by the commissioner of health and social services before October 1 of the preceding fiscal year. The application must generally describe the services that are proposed to be funded with the grant and include the following information:

(1) a statement that each proposed service will meet the goals established under AS 47.75.010 and an explanation of why the service is necessary to prevent or alleviate serious mental or physical hardship; this explanation must be supported by a needs assessment carried out by the municipality;

(2) a description of the categories of individuals to whom the services are to be provided; and

(3) an estimate of the expenditures required for each of the services to be provided.

(b) A human services community matching grant shall be allotted in accordance with an agreement made between the grantee and the commissioner of health and social services on behalf of the state. The agreement may include any provision agreed upon by the parties and must include the following provisions:

(1) a statement by the grantee that the match requirement of AS 29.60.600 has been met by the grantee;

(2) estimates of reasonable costs of funding the services; and

(3) a requirement that no more than five percent of the grant money received under AS 29.60.600 may be used for municipal administrative costs connected with distributing the grant money to the private nonprofit agencies providing the services.

Sec. 29.60.620. Allocation of money. (a) If the amount of money appropriated by the legislature for human services community matching grants under AS 29.60.600 is not adequate to satisfy amounts required for the qualified municipalities who have applied for grants, the money shall be allocated proportionately among the qualified municipalities for which a grant has been approved under AS 29.60.600 - 29.60.650 based on the relationship the population of each municipality bears to the total population of the qualified municipalities for which a grant has been approved under AS 29.60.600 - 29.60.650.

(b) For purposes of (a) of this section, population shall be determined by the Department of Community and Regional Affairs based on the latest figures of the United States Bureau of the Census or other reliable population data. If a city within a borough has an approved grant for a service to be provided on an areawide basis, the allocation under (a) of this section shall be based on the population of the borough.

Sec. 29.60.650. Definitions. In AS 29.60.600 - 29.60.650,

(1) "essential human services" and "services" have the meaning given "social services" in AS 47.75.060 except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship;

(2) "municipality" means a city whose population is over 20,000, as determined by the Department of Community and Regional Affairs, or a unified municipality whose population is over 100,000, as determined by the Department of Community and Regional Affairs.
