STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

February 3, 1993

The Honorable Ramona L. Barnes  
Speaker of the House  
Alaska State Legislature  
State Capitol  
Juneau, AK 99801-1182

Dear Speaker Barnes:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill making appropriations totaling \$67,000,000 for capital project matching grant programs in the Department of Administration and the Department of Community and Regional Affairs.

Today I am also transmitting a companion bill that establishes those programs in statute, to provide funding for essential capital projects in municipalities and unincorporated communities and to establish local share requirements for these projects.

As provided in the companion bill establishing the two capital project matching grant programs, the appropriations to the two funds will be allocated under two formulas to individual grant accounts for municipalities and unincorporated communities. My office of management and budget will provide information that shows the allocation amounts that would result from these appropriations under those formulas. Subsequent project-specific appropriations will be necessary for municipalities and unincorporated communities to draw project grant money from their individual grant accounts. The appropriations requested in the attached bill assume that municipalities and unincorporated communities will contribute a local share toward each capital project, which will maximize limited state money for those projects.

These appropriations will help improve Alaska's health centers, senior centers, women's shelters, youth centers, and other structures essential to providing quality social and health programs in local areas of our state. Also, these appropriations may improve our energy systems, provide weatherization to save energy in funded projects, and make other improvements for more efficient program administration in funded projects. Finally, these appropriations will be available to provide essential infrastructure to encourage economic development.

Capital Project Matching Grant Program  
Office of the Governor

**HB 125 / SB 89 - SECTIONAL ANALYSIS**

Section One

This section of the bill appropriates \$65.3 million in general funds to the Municipal Capital Project Matching Grant Fund, a fund which would be created within the Department of Administration upon the passage of accompanying legislation (HB 124/SB 88). Under the provisions of the latter bill, the \$65.3 million appropriated in this section would be allocated by formula to individual accounts within the fund for all municipalities in Alaska.

Section Two

This section of the bill appropriates \$1.7 million in general funds to the Unincorporated Community Capital Project Matching Grant Fund, a fund which would be created within the Department of Community and Regional Affairs upon the passage of accompanying legislation (HB 124/SB 88). Under the provisions of the latter bill, the \$1.7 million appropriated in this section would be allocated in equal amounts to individual accounts within the fund for all unincorporated communities in Alaska which are eligible for the State's FY 1993 revenue sharing program.

Section Three

This section stipulates that the bill will take effect on July 1, 1994, only if the companion enabling legislation (HB 124/SB 88) also is enacted.

Senate Bill No. 88  
Capital Project Matching Grant Program

SUPPORT FOR LEGISLATION

Please note that communities, organizations and other entities have not had time to develop positions on SB 88, as the proposed legislation differs somewhat from the version discussed during the preceding two legislative sessions as Senate Bill 141.

To indicate potential sources of support and opposition for SB 88, however, the major supporters and opponents of SB 141 (1991-1992 legislative sessions) are summarized below:

SUPPORTED SB 141

AK Municipal League	Supported SB 141, and supports the general concept of SB 88, but no position taken yet on SB 88.
Municipality of Anchorage	Conceptual support for SB 141, but no position taken yet on SB 88.
Fairbanks North Star Borough	Strong support for SB 141, but no position taken yet on SB 88.
Matanuska-Susitna Borough	Expressed wish to cooperate with Legislature and Governor on a matching grant program such as SB 141 (albeit concerned that a distinction should be made between communities which tax themselves and communities which do not), but no position taken yet on SB 88.
Palmer	Conceptual support for SB 141, but no position taken yet on SB 88.
Soldotna	Supported SB 141, but no position taken yet on SB 88.

OPPOSED SB 141

Ouzinkie	Concerned that local revenue base is too limited to support local match requirements.
Port Lions	Concerned that local revenue base is too limited to support local match requirements.
