FISCAL NOTE ANALYSIS
Page 2 of 3

The Division of Motor Vehicles currently offers voter registration at all field offices as required by AS 28.05.045. This bill expands on this to include the requirements of the federal National Voter Registration Act of 1993 (Motor-Voter Law). The Motor-Voter Law requires states to make a driver's license application include a voter registration application. The state may not require the applicant to fill out extra forms or provide information twice. The Division of Motor Vehicles will receive no federal funding for this Act.

The driver's license application will be revised to include the additional information needed for voter registration. The applicant must also have the opportunity to decline registration. The division must also forward all change of addresses to the Division of Elections unless the person specifies that the change is not for voter registration purposes.

The driver license computer programs will be changed to collect and print the information required for voter registration. The driver license database will be modified to collect and retain information if the driver declines to register. This programming effort will require 100 hours of programmer-analyst time at \$75.00/hour. Contract programmers will be used because the available staff is fully committed with other mandatory federal programs.

The Division currently registers voters but it is not currently mandatory to either register or decline to register. There will be additional work in registering additional voters and there will be additional time needed with each driver license transaction to explain the options to the individual. This work will be spread over the offices throughout the state and the total impact is estimated to be an increase of 2% over the current workload. To fund this the Division field office staff will be increased by 2% or 2 full-time positions and related equipment. Another method of illustrating this need is that an additional 1.5 minutes will be needed for each of the 165,000 driver license transactions completed each year. This time will be needed to complete the forms and to explain the law. The additional 1.5 minutes equates to 2 employee-years of work when applied to the annual volume of 165,000 transactions.

COST SUMMARY

Personal services - 2 PPT MVR I/II (Range 9B)	\$73.4
Contractual - 100 hours programmer time @ \$75/hr	\$ 7.5
Equipment - 2 terminal work stations @ \$5,000 ea	\$10.0

Note: The contractual and equipment costs are one-time costs only for the first year of the program.

This bill will require the four office locations of the Division of Mental Health and Developmental Disabilities and the division's two institutions, Alaska Psychiatric Institute and Harborview Developmental Center, to conform to the "National Voter Registration Act of 1993". This means that each location will inform the public served and provide them with the opportunity for voter registration. Furthermore, each location will offer voter registration services to their staff and the general public upon request. All above locations will be trained by the Division of Elections in voter registration services and will be provided the necessary forms for registration. Each location will be responsible for assisting each individual wishing to register, re-register or change address. Additionally, each location will be responsible for mailing all completed registration forms, and for notifying, in writing, the election supervisor/director of all denials as specified by the bill.

ANALYSIS (cont.):**Assumptions:**

The cost projections are based upon the following rationale: The projected average number of monthly consumer contacts by each office location multiplied by the average time projected to explain the information and to assist the public or consumer of services with the registration process. It is to be remembered that the population being served by the Division of Mental Health and Developmental Disabilities is more difficult to work with and habitually has a much more difficult time understanding the rationale behind any requirement or service. The needed staff time is based upon the FTE (1950 hours/year) at the range of a Clerk Typist III.

Other Expenditures:

- Personal Services is based upon 0.50 of an FTE at the Clerk Typist III, Range 8, Step A, Anchorage pay scale, to be used to offset personnel costs.
- Contractual Services covering estimated costs associated with mailing completed registration forms to the Division of Elections.
- Equipment for storage of the forms, based upon 1 (2) drawer file cabinet for each location.

Computations:

All expenditures have been adjusted with an inflation factor of 3.5% for each year and carried out to FY2000. Also, only six months of FY95 have been figured in due to the date of expected implementation.

Economic Impact:

More individuals will be registered to vote and the State of Alaska will be in compliance with the National Voter Registration Act of 1993 and not be in jeopardy of any penalties for non-compliance.

This bill 1993 requires state agencies administering certain public programs, including WIC, to be voter registration agencies.

As the agency administering WIC, Division of Public Health, WIC grantees must, under the and this legislation, provide voter registration materials to all applicants for these programs and to clients who wish to report address changes to the Division of Elections. DPH staff and grantee staff must also assist applicants who request help in completing the voter registration forms and mail in the completed forms for individuals who do not wish to mail them themselves. Public health applicants must be requested to agree to decline in writing to register to vote, and written declinations must be retained in state records.

ANALYSIS (cont.):

These activities will increase the workload of already-overburdened staff in DPH and grantee offices throughout the state. We estimate that 10 percent of the approximately 14,578 applicants interviewed each year in our grantees offices will wish to register to vote when they apply for services and that an equal number will request an explanation of the form or help with the form. We assume that each such interaction will require 10 minutes of staff time, including time to assemble material, process mailings, and assist clients.

2,916 clients assisted x 10 minutes processing/client = 486 hours
486 = 0.25 FTE 0.25 x \$33,900/year/FTE Clerk III = \$8,475/year
1950

Personnel costs for years after FY95 are increased by 3.0 percent to account for inflation.

Additional PCN not requested: Grantees may require additional staff.

Estimated mailing costs: \$204/year

ANALYSIS (cont.):

Under this legislation, Division of Public Assistance field offices must provide voter registration materials to all applicants for all of the programs it administers and to clients who wish to report address changes to the Division of Elections. DPA staff must also assist applicants who request help in completing the voter registration forms and mail in the completed forms for individuals who do not wish to mail them themselves. Under federal law, public assistance applicants must be requested to agree or decline in writing to register to vote, and written declinations must be retained in state records.

These activities will increase the workload of already-overburdened staff in DPA offices throughout the state. We estimate that 10 percent of the approximately 35,000 applicants interviewed each year in our offices will wish to register to vote when they apply for public assistance, and that an equal number will request an explanation of the form or help with the form. We assume that each such interaction will require 10 minutes of staff time, including time to assemble materials, process mailings, and assist clients.

7,000 clients assisted x 10 minutes processing/client = 1160 hours

$\frac{1160}{1950} = 0.6 \text{ FTE}$ $0.6 \times \$33,900/\text{year}/\text{FTE Clerk III} = \$20,340/\text{year}$

The requirement takes effect January 1, 1995. FY95 figures reflect 6 months' costs.

Personnel costs for years after FY95 are increased by 3.0 percent to account for inflation.

Additional PCN not requested: personal services increment will be used to reduce V&T to absorb additional workload.

Estimated mailing costs: \$400/year

ANALYSIS: (Attach a separate page if necessary)
 This legislation amends state law to bring the Alaska statutes into line with recently passed federal law, the National Voter Registration Act of 1993 (NVRA). Under this legislation, the Department of Community and Regional Affairs is designated as a voter registration agency. In general, the Department can absorb the additional duties required of this responsibility without fiscal impact. That is, existing staff can incorporate the new duties (help clients complete voter registration forms, distribute voter materials, etc.) within the course of their ongoing programmatic functions.

Fiscal Note Analysis Continued

Governor's Motor Voter Bill

The Department, however, does anticipate some minor additional "start-up" training costs associated with helping municipal officials in Alaska's smaller rural communities understand the new federal and state laws; and what they, as municipal officials, need to do to implement these laws correctly. We estimate the additional training costs in the first year will be about \$10,000 which includes \$5,000 for travel expenses and \$ 5,000 for materials and contractual services associated with putting training sessions together. The training will be performed by DCRA's regional office staff. We envision the additional costs to drop off in the second year and to consist of about \$5,000 — all in travel expenses. Beginning in the third year, we would expect this training to be fully integrated into our municipal officials training effort and, therefore, should not represent an additional fiscal impact from that point forward.

ANALYSIS:

This fiscal note assumes that the Director of Elections does not designate the Permanent Fund Dividend (PFD) Division as a voter registration agency since the PFD Division already includes voter registration forms in the application booklet as required by AS 43.23.016. If the Director of Elections were to designate the PFD Division as a registration agency under proposed AS 15.07.055(c), [See page 2, section 5, lines 24 and 25] the increased cost would require a general fund appropriation or a reimbursable services agreement from the Division of Elections to the PFD Division.

IMPLEMENTATION OF THE NATIONAL VOTER REGISTRATION ACT OF
1993 (Motor Voter)

Complying with the federal voter registration mandate will require states to change existing election laws and increase spending. While the Act applies only to federal elections, Alaska would have to maintain a much more costly dual system if we chose not to implement the requirements for state as well as federal elections.

Major provisions of the law require states to establish procedures to permit voter registration simultaneously with an application for a drivers license, by mail, at public assistance offices, at state funded offices that serve people with disabilities, and at recruitment offices of the armed services.

The Federal Election Commission (FEC) is required to prescribe a uniform mail registration form. Alaska must accept the FEC form, but may develop and use our own form if it is in compliance with the Act. The Division plans on developing an acceptable form which meets federal requirements, while being generic enough to be used by other state agencies.

MEMORANDUM

State of Alaska

Department of Law

TO: Kris W. Lethin

Office of the Governor

DATE: October 28, 1993

FILE NO.:

TEL. NO.: 465-3600

SUBJECT: National Voter
Registration Act
of 1993

FROM:

Virginia B. Ragle
Virginia B. Ragle
Assistant Attorney General

You have asked whether Alaska is subject to the provisions of the National Voter Registration Act of 1993 (Public Law 103-31, 107 Stat. 84, 42 U.S.C. 1973gg) and, if so, whether legislation is needed for Alaska to comply with the Act. The answer to both questions is yes.

The National Voter Registration Act of 1993 (NVRA) imposes certain requirements on states regarding procedures to register to vote in elections for federal office. The Act does not apply to states that, as of March 11, 1993, and continuously thereafter, either had no registration requirement for voting for federal office or permitted voters to register at the polling place at the time of voting in a general election for federal office. Because Alaska requires registration for voting for federal office and permits registration at the polling place only for voting in the general election for the office of president (not for Alaska's members of the United States House of Representatives or Senate), Alaska does not meet the requirements of the nonapplicability clause.

The NVRA requires the state to provide assistance for voter registration for federal elections through state agencies that provide public assistance, the Division of Motor Vehicles, and other agencies. The legislative history indicates that Congress intended "public assistance agencies" to include "agencies that administer or provide services under the food stamp, medicaid, the Women, Infants, and Children (WIC), and the Aid to Families With Dependent Children (AFDC) programs."¹ In addition, the state must designate other state, local, federal, or private sector agencies, including agencies that primarily provide assistance to persons with disabilities, and must cooperate with the Secretary of Defense to provide voter registration at Armed Forces recruitment offices.

Legislation is needed to designate an election official responsible for coordination of the state's responsibilities under

¹ Conference Report No. 103-66, National Voter Registration Act of 1993 (April 28, 1993), p. 19.

the NVRA. Legislation is also needed because of requirements imposed on states by the NVRA regarding maintenance of voter registration lists for federal elections. Although Alaska's "purge" statute closely tracks the NVRA's requirements regarding removal of the names of ineligible voters from the official registration list, language must be changed to clarify the effect of a voter's failure to respond to a notice to confirm the voter's desire to remain registered. Current statutory language indicates that the registration is "cancelled" if the voter does not respond to the notice. AS 15.07.130. In effect, as required by the NVRA, the registration is only inactivated, since a voter's vote will be counted if the voter was registered for either of the two most recent general elections. AS 15.15.198. Amendments must be made to Alaska statutes to comply with time requirements for registration by mail and several other technical requirements of the NVRA.

The NVRA imposes requirements on states regarding the form of notices and manner in which notices are mailed, and regarding the privacy rights of voters who are registered, or decline registration, by voter registration agencies, such as public assistance agencies. The Act also requires the state to maintain certain records. The United States Department of Justice, which is the primary federal enforcement agency for the NVRA, also will review the state's implementing legislation and regulations under the preclearance provisions of Section 5 of the Voting Rights Act. To assure expeditious preclearance, these requirements of the NVRA should be addressed in statute or implementing regulations.

Alaska must implement the NVRA by January 1, 1995; therefore, the state has only one legislative session to enact legislation necessary to comply with the Act, and now has less than 15 months to establish inter-agency programs and training needed to provide voter registration services in compliance with the Act. The Division of Elections has begun to identify and confer with voter registration agencies, including divisions of the Department of Health and Social Services, Department of Community and Regional Affairs, and the Division of Motor Vehicles. The United States Department of Justice and various interest groups have indicated an intent to vigorously pursue all available legal remedies if the state fails to implement the Act to their satisfaction. We recommend that legislation to implement the NVRA be one of the Governor's priority bills.

STATE OF ALASKA

The Honorable Rick Halford
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear Mr. President:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to voter eligibility, voter registration, and voter registration agencies. The bill implements 42 U.S.C. 1933gg and the National Voter Registration Act of 1993 (NVRA). The state must implement the NVRA by January 1, 1995. Although the NVRA sets out requirements for voter registration only for elections for federal office, it is not practical from a fiscal standpoint to maintain registration requirements and lists for elections for federal office that are different from those for state and local offices. The bill that I am transmitting today amends the registration requirements for elections for state and local offices, as well as for federal offices. The bill also makes necessary technical amendments to state voting laws.

Section 2 of the bill amends AS 15.05.020(10) to permit a voter to advise the director of elections of a change of address in writing, without having to execute an affidavit on a form provided by the director. This complies with sec. 5(d) of the NVRA, which requires states to allow a change of address form for a driver's license to serve as a change of address form for voter registration. Under AS 28.05.071, no affidavit or notarization is needed for a driver's licensee's written notification to the Department of Public Safety of a change of address.

Section 3 of the bill amends AS 15.05.030(a) to provide for cancellation of voter registration of persons convicted of felonies involving moral turpitude under federal law. The existing statute provides for cancellation of voter registration of persons convicted of those felonies under state law. The NVRA requires the United States attorney to give the state notice when a person is convicted of a felony in a United States district court. Although cancellation of voter registration of persons convicted of federal felonies is not required by the NVRA, inclusion of this provision is consistent with and advances the policies of AS 15.05.030(a).

Section 4 of the bill amends AS 15.07.050 to permit registration in person through voter registration agencies, which are designated in sec. 5 of the bill.

Section 5 of the bill designates specific state agencies as voter registration agencies that will provide voter registration materials and assistance. Under sec. 7 of the NVRA, the state must designate public assistance agencies and other state-funded agencies that primarily provide services to persons with disabilities to serve as voter registration agencies. The Conference Report on the NVRA explains that "public assistance agencies" is intended to include state agencies "that administer or provide services under the food stamp; Medicaid; the Women, Infants and Children (WIC); and the aid to families with dependent children (AFDC) programs."

The NVRA requires the state to designate other agencies as voter registration agencies. The division of motor vehicles, which already provides voter registration assistance, is designated as a voter registration agency by sec. 5 of the bill. Also designated is the division in the Department of Community and Regional Affairs that is responsible for municipal and regional assistance programs (currently, that is the division of municipal and regional assistance). Because employees of that division visit each of Alaska's rural communities at least once during each election cycle and provide bilingual information in the villages when needed, designation of this division assures availability of registration opportunities to Alaska's Native rural residents. The bill also designates United States armed forces recruitment offices, which are required by the NVRA to provide registration assistance. The bill requires the director of elections to designate agencies that provide assistance to persons with disabilities, and allows the director of elections to designate other state, local, federal, and nongovernmental offices as voter registration agencies. Section 13 of the bill provides a definition of "voter registration agency" for AS 15.

Section 6 of the bill amends AS 15.07.064(e) by repealing a provision that allows the director to consider whether the application of a resident of a single-precinct municipality or established village was witnessed by two voters already registered in the area. This conforms that statute to sec. 9(b)(3) of the NVRA, which prohibits "any requirement for notarization or other formal authentication" of mail voter registration forms.

Section 7 of the bill amends AS 15.07.070 to provide the director of elections with specific authority to adopt regulations to implement requirements of federal law, including the NVRA. The bill also amends existing AS 15.07.070 to include voter registration agencies as agencies that must provide mail voter registration forms and in-person registration. Existing AS 15.07.070(b) is amended to remove notarization

The Honorable Rick Halford

February 11, 1994

Page 3

and formal authentication requirements from the mail registration procedure. Such requirements are prohibited by sec. 3(b)(3) of the NVRA. The bill amends existing AS 15.07.070(c) to provide that the names of persons submitting mail registration forms that are postmarked at least 50 days before an election will be placed on the official registration list for that election, as required by sec. 8(a)(1)(B) of the NVRA. Based on the experience of the division of elections that many mail registration forms arrive without legible, dated postmarks, existing AS 15.07.070(c) also is amended to provide that those registrations will be considered timely if they are both executed at least 30 days before the election and received by the director or election supervisor by mail at least 25 days before the election.

Sections 8, 9, 10, and 12 of the bill amend Alaska law to comply with the requirements of the NVRA regarding maintenance of voter registration lists. AS 15.07.130 and AS 15.15.198 are amended by secs. 10 and 12 of the bill, respectively, to ensure that the content of the notice sent to a voter complies with the NVRA and to provide that the voter's registration is only "inactivated," and the voter's name is to be maintained on the master register, if the voter fails to respond to the notice. The deadline for a voter's response to the notice is extended to 30 days before the next primary election. If the voter does not respond to the notice by the deadline, he or she may still vote a questioned or absentee ballot. The questioned ballot procedure required by AS 15.15.198 and the information required for an absentee ballot provide for the "affirmation or confirmation" of the voter's address allowed under the NVRA when a voter does not respond to a notice to confirm address. The amendments to AS 15.07.130 provide that the voter's name will be removed from the master register only if the voter does not respond to the notice and does not vote during the period beginning on the date of the notice and ending on the day after the second general election for federal office that occurs after the date of the notice. The bill retains AS 15.07.130(c)'s existing provision that the registration of deceased voters is to be cancelled. Section 8 of the bill amends AS 15.07.090(b) to remove reference to cancellation of voter registration for failure to vote. Because inactive voter registrations will now appear on the master register, sec. 9 of the bill amends AS 15.07.125 to accurately describe which voter names are to be included on the official registration list, from which the precinct registers are prepared.

Section 11 of the bill designates the director of elections as the state official responsible for coordination of state responsibilities under the NVRA, as required by sec. 10 of the NVRA.

Section 14 of the bill amends AS 28.05.045 to provide for simultaneous application for voter registration and licenses, identifications, and registrations issued by the Department of Public Safety, division of motor vehicles.

The Honorable Rick Halford

February 11, 1994

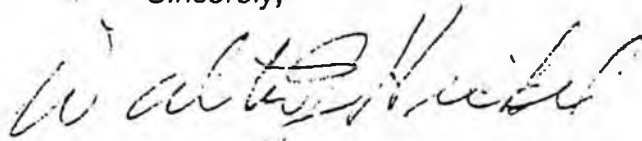

Page 4

Sections 15 and 16 of the bill make conforming amendments to the statutes setting out duties for the Department of Health and Social Services and the Department of Community and Regional Affairs, to acknowledge the new voter registration agency responsibilities assigned by proposed AS 15.07.055 and the NVRA.

Sections 17 and 18 of the bill would allow the director of elections to proceed to adopt needed regulations, which would take effect at the same time that secs. 1 - 16 of the bill take effect.

I urge the legislature's expeditious consideration and passage of this important bill to conform Alaska's voter registration laws with federal law.

Sincerely,

A handwritten signature in cursive script, appearing to read "Walter J. Hickel".

Walter J. Hickel

SENATE BILL 303

"An Act relating to voter eligibility, voter registration, and voter registration agencies; and providing for an effective date."

*** DESIGNATES VOTER REGISTRATION AGENCIES:**

Division of Motor Vehicles

Those divisions within Health and Social Services that administer WIC, AFDC, MEDICAID, AND FOOD STAMP PROGRAMS (*minimum agencies defined in Conference Committee Report*)

Those state funded agencies which primarily provide services to people with disabilities

All armed services recruitment offices in Alaska

Division of Municipal and Regional Assistance, Department of Community and Regional Affairs (*This is the only agency not specifically required by the NVRA. It was added to show "good faith" in opening the voter registration process to Alaska Natives whose language differences can not be addressed by adding written instructions to the voter registration forms. CRA staff visit the Bush and can provide bilingual assistance.*)

The Director may designate other state and local agencies as voter registration agencies in agreement with those agencies

*** MAKES TECHNICAL CHANGES TO ELECTION LAWS TO BRING THE STATE INTO COMPLIANCE WITH THE FEDERAL ACT**

Removes witnessing requirement on voter registration forms

A voter can no longer be purged from the rolls for simply not voting; voters must be sent a noticed and have the opportunity to respond

Voters will remain on Master List longer; precinct lists will not be effected

"By Mail" registrations must be postmarked (not received) 30 days prior to the next election

Federal felons convicted of a crime consisting of moral turpitude may not vote in state, federal or municipal election through date of unconditional discharge (*current state law does not address felons convicted in federal court; they could essentially vote absentee ballots without this provision*)

Director of Elections designated as the state officer responsible for state coordination and reporting requirements under federal act

SENATE BILL NO. 303

"An Act relating to voter eligibility, voter registration, and voter registration agencies; and providing for an effective date."

Section 2. AS 15.05.020 (10) is amended to read:

Rules for determining residence of voter. Removes the requirement to "execute an affidavit on a form provided" and replaces it with notifying the director in writing of a change of voting residence.

Section 5 (d) of the National Voter Registration Act of 1993 (NVRA) requires states to allow a change of address form for a driver's license to serve as a change of address form for voter registration. Under AS 28.05.071 an affidavit or notarization are not needed when a driver's licensee provides written notification of a change of address to the Department of Public Safety. Also complies with Section 9 (b)(3) of the NVRA which prohibits "any requirement for notarization or other formal authentication" of mail registration forms.

Section 3. AS 15.05.030 (a) is amended to read:

Loss and restoration of voting rights. People convicted of felonies involving moral turpitude under state or federal law may not vote in state, federal, or municipal elections.

Currently statute provides for cancellation of voter registration of persons convicted of such felonies under state law. In Section 8 (g), the NVRA requires the United States attorney to give the state notice when a person is convicted of a felony involving moral turpitude in a United States district court. Names can be removed as provided by State law, by reason of criminal conviction...(Section 8 (a)(3)(B)).

Section 4. AS 15.07.050 is amended to read:

Registration in person or by mail. Adds "or through a voter registration agency"

Permits registration in person through voter registration agencies as well as before a registration official or by mail to comply with Section 7 of the NVRA.

SENATE BILL NO. 303 (cont.)

Section 5. AS 15.07 is amended by adding a new section to read:

Voter Registration Agencies. Designates the following state agencies as voter registration agencies:

Division of Motor Vehicles

Divisions of H&SS that provide public assistance through the food stamp program, Medicaid program, Special Supplemental Food Program for Women, Infants, and Children (WIC), and Aid to Families With Dependent Children (AFDC) program

Community and Regional Affairs/Division of Municipal and Regional Assistance

All recruitment offices of the armed forces of the United States located in Alaska

State-funded agencies that primarily provide services to persons with disabilities

Other agencies that may include: other state and local agencies, federal and nongovernmental offices w/ agreement from offices

Voter Registration Agencies will include voter registration materials with agency applications and forms, assist applicants in completing voter registration forms, and transmit voter registration forms to the director of elections in accordance with regulations adopted by the director.

Section 5 of the NVRA requires simultaneous application for voter registration and application for motor vehicle driver's licenses and defines the relationship and responsibilities of the Division of Motor Vehicles as a voter registration agency.

Section 7 of the NVRA designates voter registration agencies and defines the parameters and roles of those agencies named. The Conference Committee in its report on the NVRA delineated the minimum agencies to be included as "public assistance agencies" as "...those state agencies in each State that administer or provide services under": the food stamp program, the medicaid program, Women, Infants, and Children program, and the Aid to Families with Dependent Children program."

State funded agencies that primarily provide services to persons with disabilities are specifically designated under Section 7 (a)(2)(B) of the NVRA.

SENATE BILL NO. 303 (cont.)

All recruitment offices of the armed forces of the United States located in Alaska are also designated as voter registration agencies to comply with Section 7 (c)(2) of the NVRA.

The Division of Municipal and Regional Assistance in the Department of Community and Regional Affairs is designated as a voter registration agency in this bill because employees of that division visit each of Alaska's rural communities at least once during each election cycle and provide bilingual information in the villages when needed. Specifically recognizing this division as a voter registration agency assures availability of registration opportunities to Alaska's Native and rural residents.

Section 6. AS 15.07.064 (e) is amended to read:

Address information required for voter registration. Removes reference to consideration by the director of elections of witnessing of an application for voter registration by mail in determining the validity of applications from certain residents of single-precinct municipalities or established villages.

NVRA Section 9 (b)(3), prohibits "any requirement for notarization or other formal authentication" of mail voter registration forms.

Section 7. AS 15.07.070 is amended to read:

Procedure for registration. (a) The director is given specific authority to adopt regulations to implement requirements of federal law, including 42 U.S.C. 1933gg (National Voter Registration Act of 1993).

Regulations to bring the State into compliance with the NVRA are a necessary compliment to this legislation.

(b) In registering by mail, adds voter registration agencies to those who shall furnish forms at no cost to the voter. Removes [upon request] regarding forms prepared by the director for voter registration, so that a voter does not have to request a form to be given the opportunity to register. Removes language regarding required notarization and all witnessing requirements. When the Division notifies the applicant that their registration was denied, the requirement that the Division notify [by certified or registered letter] has been removed.

Section 7 of the NVRA requires that a voter registration agency must distribute mail voter registration application forms and that the individual will be asked by the voter registration agency whether or not they would like to register, rather than the individual requesting the

SENATE BILL NO. 303 (cont.)

application. Section 9 (b)(3) prohibits "any requirement for notarization or other formal authentication" of mail voter registration forms. As a cost saving measure, applicant notification of registration denial will be mailed first class rather than certified or registered mail

(c) Completed registration forms must now be postmarked, not [received by the director or election supervisor] at least 30 days prior to the next election. Added if a registration form is received less than 30 days before an election has an illegible and undated postmark, but was signed and dated by the applicant at least 30 days before an election and was received at least 25 days before an election, their name shall be placed on the official registration list. A person who submits a completed registration form by mail that does not meet the applicable requirements of this subsection may not be placed on the official registration list for that [the next] election.

Complies with Section 8 (a)(1)(B) of the NVRA. The Division of Elections receives many by-mail registration that have illegible, undated, or no postmarks. To maximize the registrations that will be accepted and placed on the official registration list, the provision for receipt of an application by the director at least 25 days before the election, and executed at least 30 days prior was added.

(d) Qualified voters may register in person before a registration official or through a voter registration agency...

Adds voter registration agencies to comply with Section 7 of the NVRA.

(f) Incomplete or inaccurate registration forms may not be accepted. Registration reexecuted and resubmitted forms may be completed in person or by mail and must meet the requirements of (c) or (d). Removes language regarding the date of registration when reexecuting a registration application.

New language conforms to changes made in paragraphs (c) and (d) and complies with Section 8 (a)(1)(B) of the NVRA.

(g) Adds voter registration agencies designated under AS 15.07.055 and removes [Department of Public Safety].

The Division of Elections will be supplying by-mail voter registration forms to all other voter registration agencies for distribution to the public to comply with Section 7 (a)(4)(A)(i) which requires distribution of by mail voter registration forms. All costs associated with the printing of the forms will be the sole responsibility of the Division.

SENATE BILL NO. 303 (cont.)

Section 8. AS 15.07.090 (b) is amended to read:

Voting after change of name; registration; amendment or transfer of registration. If registration is cancelled [for failure to vote in prior elections], the voter shall reregister and the registration is effective for the next election that occurs at least [may not be made later than] 30 days after reregistration [preceding an election].

Section 8 (b)(2) of the NVRA prohibits a state from purging/cancelling a person's name from the registration list based solely on the person's failure to vote. A voter must have the opportunity to respond to several notices before the voter's name is removed from the rolls.

Section 9. AS 15.07.125 is amended to read:

Official registration list. The director shall prepare an official registration list for each election consisting of all names of voters whose registration are not inactive and all voters whose names are required to be placed on the list by AS 15.07.070 (c) and (d).

Removes the language [appearing on the master register 30 days before an election], which allows Elections to continue adding names from those applications defined under AS 15.07.070 (c) to the official registration list for as long as possible and not bind the Division to a "cut-off date" of 30 days prior to an election. This will make the lists the most comprehensive and representative of voters in each precinct.

Section 10. AS 15.07.130 is amended to read:

Voter Registration List Maintenance. [Elimination of Excess Names]. (a) At the close of each calendar year the area election supervisor shall examine the register maintained by the supervisor under AS 15.07.120.

The additional language clarifies that the supervisors examine only the lists from their region.

(b) When a registered voter [has not reregistered or] has not indicated in writing a desire to remain registered as provided in this subsection within the preceding two calendar years and [or] has not voted in a local regional school board, primary, special or general election at least once in two consecutive calendar years, the voter shall be advised by a notice sent by forwardable mail [sent] to the voter's last known address that registration will be [cancelled] inactivated unless the voter responds to the notice at least 30 [indicates within 90] days before the date of the next primary election on a form [forms] furnished by the director [a desire to remain registered]. The director shall maintain on the master register the name of a voter whose registration is

SENATE BILL NO. 303 (cont.)

inactivated. The director shall cancel a voter's inactive registration after the second general election that occurs after the registration becomes inactive if the voter does not vote a questioned ballot or an absentee ballot that is counted under AS 15.15.198(b) at or before that election.

Adds calendar years to ensure consistency throughout. The deadline for a voter's response to the notice is 30 days before the next primary election. If the voter fails to respond to the notice, the voter's registration is only "inactivated," and the voter's name will be maintained on the master register which allows the voter to vote a questioned ballot or request an absentee ballot. As a result, the voter will not be disenfranchised.

(c) Substitutes bureau for [office] of vital statistics.

Retains the existing provision that the registration of deceased voters is to be cancelled. Complies with Section 8(a)(4)(A) of the NVRA.

(d) The notice described in (b) must include a postage prepaid and pre-addressed return card so the voter may state their current address. It must also indicate

(1) that the voter should return the card to the Division not later than 30 days before the next primary election if the voter did not change residence;

(2) that the voter may vote only a questioned or absentee ballot if the voter fails to return the card 30 days before the next primary election;

(3) that the voter's registration will be cancelled if the voter does not vote in an election held during the period beginning on the date of the notice and ending on the day after the date of the second general election that occurs after the date of notice; and

(4) how the voter can remain eligible to vote if the voter has moved.

Defines the content of the notice sent to voters as required by Section 8 (d)(2) of the NVRA.

Section 11. AS 15.10.105 (a) is amended to read:

Administration of elections. (a) Adds the director is responsible for the coordination of state responsibilities under 42 U.S.C. 1933 (National Voter Registration Act of 1993.

Section 10 of the NVRA requires states to designate a State officer or employee as the chief State election official to be responsible for coordination of state responsibilities under NVRA.

SENATE BILL NO. 303 (cont.)

Section 12. AS 15.15.198 (b) is amended to read:

Voters not on official registration list. (b) A person whose registration is inactive [has been cancelled] and who votes a questioned or absentee ballot shall have either ballot counted if....

Removes the reference to "cancelled" and replaces it with "is inactive" to comply with the NVRA. The questioned ballot procedure and the information required for an absentee ballot provides for the "affirmation or confirmation" of the voter's address required before a voter whose name is not on the official registration list can be permitted to vote under Section 8 (d)(2)(A) of the NVRA .

Section 13. AS 15.60.010 is amended by adding a new paragraph to read:

Definitions. (36) defines a voter registration agency as an agency designated in or under AS 15.07.055.

Section 14. AS 28.05.045 is amended to read:

Voter Registration. Adds the division of motor vehicles shall serve as a voter registration agency to the extent required by state and federal law, including the NVRA and there will be simultaneous application for voter registration and driver's licenses, identifications, and registrations.

Some changes were required to comply with Section 5 of the NVRA which requires simultaneous application for voter registration and application for motor vehicle driver's licenses. The division of motor vehicles and the division of elections are working together to meet specific requirements regarding updating previous voter registration, limitation of use of information, forms and procedures, change of address, and transmittal deadlines.

Section 15. AS 44.29.020 is amended by adding a new subsection to read:

Duties of department. (b) The Department of Health and Social Services shall comply with AS 15.07.055 to serve as a voter registration agency to the extent required by state and federal law, including the NVRA.

To comply with Section 7 of the NVRA, those divisions of the Department of Health and Social Services that administer or provide services under the food stamp, Medicaid, the Women Infants and Children (WIC), and Aid to Families with Dependent Children (AFDC) programs will be

SENATE BILL NO. 303 (cont.)

designated as voter registration agencies. The Conference Report specifically named those programs as public assistance agencies. Working with the division of elections, the divisions administering these programs will meet specific requirements regarding distribution of mail voter registration forms, assistance to applicants in completing voter registration forms, transmittal of forms to Elections, procedures, confidentiality and record-keeping.

Section 16. AS 44.47.050 is amended by adding a new subsection to read:

General powers and duties. (c) The department shall comply with AS 15.07.055 to serve as a voter registration agency to the extent required by state and federal law, including the NVRA.

The division of municipal and regional assistance in the Department of Community and Regional Affairs has been designated as a voter registration agency to provide outreach to rural communities and to work with those applicants who may need assistance and bilingual information.

Section 17. The director of the division of elections may proceed to adopt regulations to implement the changes made by this Act, but the regulations can not take effect before the effective date of sections 1 - 16 of this Act.

Section 18. Section 17 of this Act takes effect immediately under AS 01.10.070 (c).

(1) to establish procedures that will increase the number of eligible citizens who register to vote in elections for Federal office;

(2) to make it possible for Federal, State, and local governments to implement this Act in a manner that enhances the participation of eligible citizens as voters in elections for Federal office;

(3) If the registration records indicate that a registrant has moved from an address in the area covered by a polling place, the registrant shall, upon oral or written affirmation by the registrant before an election official at that polling place that the registrant continues to reside at the address previously made known to the registrar, be permitted to vote at that polling place.

MEMORANDUM

May 3, 1994

SUBJECT: HCS SB 303 (Finance) (Work Order No. 8-GS2022\K)

TO: Representative Ron Larson, Co-Chair
Representative Eileen MacLean, Co-Chair
House Finance Committee

FROM: Jack Chenoweth
Legislative Counsel 

This is our first shot at this governor's bill (Senate Bill 303) and we took the opportunity to conform the language in form to the requirements of the Legislative Drafting Manual. Those editorial changes are not intended to change the substance or meaning of the provisions carried forward from the bill as introduced. Had the bill not been amended by the committee, we would have made the changes in the enrolling process.

In addition, over and above the particular additions I was instructed by the committee to insert, I have also made some conforming adjustments to bill section numbers in the bill and in the material being inserted.

My chief purpose in writing, however, is to advise you that the bill as passed by the Senate did not have a title sufficient to accommodate the material to be inserted by the amendment. Nothing in the governor's bill could be fairly read as incorporating material relevant to application and receipt of absentee ballots by electronic transmission. I have, accordingly, revised and expanded the bill title. This is a bill title change being made in the second house and, technically, requires introduction of a concurrent resolution suspending the rules and allowing the second house to report a bill with a title change. Do you want a concurrent resolution prepared for introduction?
