Formula funding for the community health aide grants is determined by AS 18.28.010 based upon the number of health aides recognized by the department on July 1, 1984. To be eligible to receive state funding, an agency must also have been providing health aide services under contract to the Alaska Area Native Health Services on July 1, 1984. The statute allows the department to distribute available funds on a pro rata basis to eligible organizations. The available funding for this program has been reduced to 90% of full formula level as a result of state wide budget reductions. SB 189 will amend the statute to allow new contractors to become eligible for funding. The available funding will continue to be distributed pro rata to all eligible organizations. The impact of this bill will be a redistribution of funds resulting in a reduction to 87% of full formula for each agency in this component in FY94.

Those organizations funded through the designated Budget Request Units (Tanana Chiefs Conference, Yukon Kuskokwim Health Corporation, Norton Sound Health Corporation, Maniilaq Association, and Southeast Alaska Regional Health Corporation) will not be impacted by SB 189.
