## Fiscal Note Analysis continuation

An Act relating to the improvement of State financing through reduction of operating costs.

The Division of Family and Youth Services currently pays a direct monthly subsidy to adoptive parents of hard-to-place children. A hard-to-place child is a child who is not likely to be adopted or to obtain a guardian by reason of physical or mental disability, emotional disturbance, recognized high risk of physical or mental disease, age, membership in a sibling group, racial or ethnic factors, or any combination of these.

The monthly subsidy is considered a reimbursement for costs of supporting hard-to-place children. AS 25.23.190 provides for continuation of the subsidy if necessary to assure placement of a hard-to-place child. The subsidy covers many ongoing maintenance costs including, food, shelter, clothing, school supplies, recreation and transportation costs, counseling or other types of therapy, as well as medical costs.

The bill would authorize Alaska to add the Medicaid option to provide medical coverage for state-subsidized adoptive children who are not otherwise eligible for Medicaid. Medicaid would then pay for these children's medical needs eliminating the need for the DFYS payments to cover those medical costs in their subsidies, and accessing federal Medicaid funding available to the state at a 50 percent match rate.

Future subsidy agreements for hard-to-place children will allow for the Medicaid coverage available under the bill. Subsidy agreements already in force, however, do not provide for an offset for the cost of medical care that may be paid under the bill. For this reason the fiscal note only considers the coverage available for future adoptions of hard-to-place children with special medical needs.

The experience under the program shows that the number of new subsidy agreements have begun to lessen. For FY91 new agreements for children with special medical needs totaled 46. After FY92 there have been 14 placements that have special medical needs. The projected number of special needs placements and the associated medical cost is anticipated to show only slight growth in future years.

A December 1992 review of DFYS files established a FY 93 base year average medical cost per child of \$2,400. The current medical inflation rate of 5.5% is assumed to continue. Medical costs for FY94 are calculated to be 35.4. (14 placements x \$2,400 x 1.055 medical inflation rate = \$35,448.) There will be a one time transfer of funding for medical costs associated with subsidized adoptions.

Analysis:

Passage of this legislation will allow the Council to amend their regulations to include a fee schedule for the issuance of police, probation, parole, and correctional officer certificates and police and correctional instructor certificates.

Estimated revenue amounts are based on the Council's issuance of 228 police, probation, parole and correctional officer certificates and police and correctional instruction certificates during FY 92. Charge per certificate is calculated at \$50.00 per certificate and the yearly increase in revenue is based on a 5% population increase and a corresponding increase in number of officers and instructors.

This fiscal note will address only those sections that have an impact on the Division of Motor Vehicles. Each section's impact will be addressed separately below and the cover sheet will reflect a summary of the total impact of all sections.

SECTION 50

This is a technical amendment to reflect the current computer technology in use. The Department of Public Safety uses a relational database in the Alaska Public Safety Information Network (APSIN). With this type of database there is no separate file or database that could be called "the vehicle register". The creation of such a list for sale to user has historically been done for more than 20 years and this amendment clarifies this sale as an electronic service. This protects over \$100,000 in revenue from those vendors who argue that this list should be provided at no charge. There is no fiscal since this amendment clarifies the current situation.

SECTION 51

This Section clarifies Section 50.

SECTION 52

This section allows the Division to design special plates and charge a one-time fee of \$30.00 for their issuance. This is similar to the existing fee structure for personalized plates and these fees would be in addition to the normal registration fees and taxes. This analysis assumes that 10,000 plates would be issued annually.

Contractual cost - 10,000 plates @ \$6	\$60,000
Revenue - 10,000 plate fees @ \$30	\$300,000

SECTION 53

This section would place Alaska in compliance with uniform federal regulatory guidelines for the issuance of handicap plates. These standards limit the plates and the use of special parking places to those persons with mobility handicaps. Current Alaska law allows those with other than mobility handicaps to obtain the plates. Revenue estimates are based on the assumption that 15% or 480 of the 3200 persons with these plates would not qualify and would have to pay regular fees.

Revenue - 480 registrations @ \$35	\$16,800
------------------------------------	----------

SECTION 54

This amendment closes a loop hole in the current law that allows dealers to misuse the dealer plate and prevents further loss of revenue. Since only one dealer was known to have misused the plates the additional revenue will be negligible.

SECTION 55

This amendment takes away the authority to issue vehicle titles to mobile homes. In almost all cases the mobile homes are permanently mounted in trailer parks and should be classed as real property. A title is usually only required when the mobile home is financed because the banks feel getting a vehicle title is easier than filing a UCC lien or a real property lien. Since the title is optional the division usually cannot guarantee ownership since there is no clear chain of documents normally associated vehicle ownership. There would be a small loss of revenue from the approximately 150 titles issued each year.

Revenue - 150 title and lien fees @ \$10 (\$1,500)

SECTION 56

This amendment improves efficiency by removing ambiguity associated with senior citizen exemptions and eliminating associated problems. Many senior citizens buy and sell several vehicles during the year and try to claim exemptions on each one. The statute only allows one exemption per year. There is no fiscal impact.

SECTION 57

Historically only 25-30% of vehicle owners use the mail to renew vehicle registrations. The remainder, over 300,00, come in person to a DMV office adding to the long lines when there is no need to do so. This section charges an additional \$10 for those who do not use the mail service. This approach was taken over giving a discount to those who use the mail because it is a revenue generator rather than a revenue loss. It places the cost directly on those who are creating the efficiency loss. Even with this incentive it is estimated that 200,000 owners will still come in person to renew their vehicles.

Revenue - 200,000 @ \$10 \$2,000,000

The state park fee program to be funded by this fiscal note consists of the design, construction and installation of fee collection stations at approximately 44 locations in the state park system. Each fee station is estimated to cost \$4,000, including labor, supplies and contractual expenses.

The fee stations would be installed in phases, over a four year period. Eighteen stations would be installed in FY94, and ten stations installed in FY95. Eight stations would be installed in both FY96 and FY97. First year costs include design and production of fee collection envelopes and annual pass decals, as well as design and production of standard drawings and plans for the fee stations. These one-time costs are estimated at \$4,000.

No new positions would be required by this legislation. Additional administrative and management costs would be absorbed by existing staff.

The estimate of revenue to be produced by this bill is based on visitation records for selected park units, as well as financial records for the existing camping fee program. In the fourth year of implementation, this new fee program is expected to generate annual revenues of approximately \$400,000. Potential revenues to the state from this program exceed the state's costs in each of the four year implementation period. In subsequent years, these user fees would help offset increased park maintenance and operating costs as well as possible general fund budget reductions. The net financial effect of this program would be positive, with fee revenues greater than operating costs.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 45 through 47 of this bill concern fees and certification time periods for departmental programs. Section 49 would increase an existing fee set by statute and change to a biennial licensing requirement.

In anticipation of new fees and fee increases, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$26.8 expenditure authorization to cover the costs of services provided.

Section 45:

This section would allow the department to adopt regulations establishing fees for administering special inspector examinations and processing applications for special boiler and pressure vessel inspector commissions. The department currently performs these functions without charge.

Regulations establishing a \$25 application and examination fee are anticipated. This would generate approximately \$0.4 annually in receipts to the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Section 46 would change time periods for certificates of fitness for plumbers and electricians from a one- or three-year certificate to two-year certificates. The department would have the authority to phase in the two-year certificates over an expected three year period.

This bill would have no fiscal impact other than stabilizing revenues to the department.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Section 49 would increase an existing fee set by statute and change to a biennial licensing requirement.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$26.8 expenditure authorization to cover the costs of services provided.

Section 47:

This section would establish fees for an application/examination and for duplicate certificates of fitness for electricians and plumbers. Section 47 would also increase fees for certificates of fitness and for renewals of certificates.

No application examination fee is currently charged; a \$50 application/examination fee would generate approximately \$23.8 annually in program receipts. This fee reflects the cost of providing these services.

No fee is currently charged for duplicate certificates; a \$25 fee for duplicate certificates of fitness would generate approximately \$3.0 annually in program receipts. The \$25 fee reflects the cost of providing the duplicate certificate.

Currently, \$40 is charged for a one year certificate and \$75 is charged for a three year certificate. A \$160, two-year certificate of fitness fee--with an \$80, one-year certificate of fitness issued for a three year period until the current three-year certificates are phased out--is proposed. These fee changes are expected to generate \$93.5 annually. The revenue associated with this change is included in the department's operating budget submittal as program receipts. Two points are relevant: 1) the general fund gains \$93.5 and 2) the fiscal note does not reflect the receipt of the revenue because it is in the operating budget.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Section 49:

Section 49 of this bill raises the fee for an employment agency license from \$10 to \$100 and establishes the license as a biennial license. This fee has not been increased since 1953. This increase reflects the costs of review performed by the department for these operating permits.

The eight licensed employment agencies operating in the state will pay a total of an additional \$0.7 biennially for licensing. The department will continue to absorb the cost of reviewing and issuing these permits and the \$0.7 additional revenue collected will be deposited into the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

3 losses shall be deposited into the state insurance catastrophe reserve account.

4 \* **Sec. 63.** AS 37.07 is amended by adding a new section to read:

5 Sec. 37.07.085. PRORATION OF PAYMENTS. (a) At the beginning of each  
6 fiscal year, an agency that administers grants, reimbursement, revenue sharing, public  
7 assistance, or other programs to distribute state money under a statute shall determine  
8 whether appropriations for the fiscal year are sufficient to pay all anticipated claims  
9 and entitlements under the statute. Except as provided in (d) of this section or as  
10 otherwise provided by law prescribing agency action in response to insufficient  
11 appropriations, if appropriations are not sufficient, the agency shall reduce the amount  
12 to be paid to eligible recipients by prorating the shortfall among the eligible recipients.

13 (b) An agency that is paying reduced payments under (a) of this section shall  
14 determine, on December 30 of the fiscal year, whether money available is sufficient  
15 to fund the reduced payment level for the remainder of the fiscal year.

16 (c) An agency that has determined that appropriations are insufficient under  
17 (a) or (b) of this section shall report to the governor, and the governor shall report to  
18 the legislature by the 10th day of the next regular legislative session, the amount of  
19 additional money needed for the remainder of that fiscal year to fund payments at the  
20 reduced level and the amount of additional money needed to make full payments to  
21 eligible recipients.

22 (d) An agency that has determined that appropriations are insufficient under  
23 (a) of this section may not reduce payments if the reduction would violate the terms  
24 of an agreement between the state and the federal government or would violate a  
25 requirement for participation in a federal program in which the state is participating.  
26 As required by (c) of this section, the agency and the governor shall report regarding  
27 the amount of money needed to make full payments to eligible recipients.

29 implement this section.

16 the person's home or other property if the ramp is the only reasonable access to  
17 the person's home or other property;

2 \* **Sec. 67.** AS 47.07.035 is amended by adding a new paragraph to read:

9 \* **Sec. 69.** IMPLEMENTATION OF BIENNIAL LICENSURE BY ALCOHOLIC

12 director of the Alcoholic Beverage Control Board, shall be eligible for a one-year license.  
13 These licenses expire, unless renewed, on December 31, 1994, and may be renewed biennially  
14 in even-numbered years after that. The 1994 renewal fee for these licenses is one-half of the  
15 biennial license fee.

16 (b) The remaining approximately one-half of the 1994 renewal applicants, as  
17 determined by the director, shall be eligible for a two-year license. These licenses expire,

19 years after that.

20 (c) The director shall notify each licensee in writing as to whether the licensee shall  
21 apply for renewal under (a) or (b) of this section, and of the actual amount of the renewal fee.  
22 The notice must be given not later than December 1, 1993. However, the failure of the  
23 director to provide the notice required in this subsection does not prevent a license from  
24 expiring on February 28, 1994, in accordance with AS 04.11.540, if the renewal application  
25 is not filed on or before that date.

26 \* **Sec. 70.** IMPLEMENTATION OF BIENNIAL LICENSING BY THE DEPARTMENT  
27 OF LABOR. Notwithstanding AS 18.62.020, as amended by sec. 46 of this Act, and to ensure  
28 that approximately one-half of all certificates of fitness expire in any one fiscal year,

3 Department of Administration, the University of Alaska, the legislature, and the court system  
4 may extend for up to a maximum extension of five years a real property lease that is entered  
5 into under AS 36.30, including procedures and regulations adopted under AS 36.30.005(c) and  
6 36.30.020 - 36.30.030, and that is in existence on the effective date of this section if a  
7 minimum cost savings of

8 (1) 10 percent can be achieved on the rent due under the lease; or

9 (2) five percent can be achieved on the rent due under the lease and the lessor  
10 agrees to make modifications of the leased real property to bring the real property into  
11 compliance with the requirements of 42 U.S.C. 12101 - 12213 (Americans with Disabilities  
12 Act of 1990).

13 (b) The cost savings under (a) of this section shall be calculated on the remaining term  
14 of the lease and any renewals, including extensions allowed under (a) of this section.

15 (c) The Department of Administration, the University of Alaska, the Alaska Court  
16 System, and the Legislative Affairs Agency shall submit a quarterly report to the Legislative  
17 Budget and Audit Committee detailing the leases extended and the cost savings achieved  
18 under (a) - (b) of this section. The first report is due July 1, 1994, and must cover the period  
19 from the effective date of this section through March 31, 1994. The subsequent reports shall  
20 be made October 1, 1994, January 2, 1995, and April 1, 1995.

21 \* **Sec. 72. TEMPORARY FEES IN STATE PARKS.** (a) The following fees apply for

24 establishes a fee for that activity;

25 (1) sale of firewood: \$4 per bundle;

26 (2) use of a developed trailhead, access site, or picnic site that has developed  
27 parking and rest rooms, or use of parking associated with a developed trailhead, access site,

29 (3) admission to visitor centers or historic sites: \$5 for each person over 10  
30 years of age;

31 (4) presentation or attendance at programs related to natural or cultural history,

1 outdoor skills or education, or other topics concerned with public use, enjoyment, or  
2 understanding of parks: \$2 for each person over 10 years of age.

6 state that has regulation adoption authority or that is authorized by this Act to adopt  
7 regulations, may proceed to adopt regulations necessary to implement that agency's respective  
8 provisions in this Act. The regulations take effect under AS 44.62 (Administrative Procedure  
9 Act), but not before the respective effective date of the relevant section or sections of this Act.

10 \* Sec. 74. REVISOR'S INSTRUCTION. Wherever in AS 28 the words "plates" or  
11 "registration plates" or a similar phrase occurs, the revisor of statutes shall substitute "plate"  
12 or "registration plate" and make necessary related word changes when necessary to implement  
13 the amendments to AS 28.10.161 and 28.10.171 by secs. 52 and 53 of this Act.

14 \* Sec. 75. The amendment to AS 13.26.410(a) by sec. 33 of this Act has the effect of

This amendment improves efficiency by removing ambiguity associated with senior citizen exemptions and eliminating associated problems. Many senior citizens buy and sell several vehicles during the year and try to claim exemptions on each one. The statute only allows one exemption per year. There is no fiscal impact.

Historically only 25-30% of vehicle owners use the mail to renew vehicle registrations. The remainder, over 300,000, come in person to a DMV office adding to the long lines when there is no need to do so. This section charges an additional \$10 for those who do not use the mail service. This approach was taken over giving a discount to those who use the mail because it is a revenue generator rather than a revenue loss. It places the cost directly on those who are creating the efficiency loss. Even with this incentive it is estimated that 200,000 owners will still come in person to renew their vehicles.

Revenue - 200,000 @ \$10 \$2,000,000

Many businesses are registering their vehicles in the non-commercial categories claiming they are not used for business but are used for such things as personal transportation. This eliminates this loop hole and requires them to pay commercial fees. The biggest category affected will be passenger cars and rental vehicles which have been rented for non-commercial transportation. The average difference in registration fees will be \$16 for approximately 25,000 vehicles.

Revenue - 25,000 vehicles @ \$16 \$400,000

This Section changes the Municipal Vehicle Registration Tax amounts to 10% for FY 94.

Additional work must be performed to change the computer programs to reflect the new rates and in training the employees on the new rate structure. This work alone is not enough to justify a full-time position, but absorbing it will adversely affect other administrative functions.

Approximately 480,000 vehicles, or 81% of the total number of registered vehicles, are in areas subject to the tax. Any increase in fees increases the workload in public service offices of the Division, since DMV employees collecting the tax will receive public complaints, which take time and result in increased delays for the others in line. The public sees this as a state tax and not a local municipal property tax. Frequent changes to the fee increase processing time, because employees will not be as familiar with the fees. There are only 17 different registration fees, but there are 89 different categories for the registration tax.

Based on DMV's experience, increases of this nature will impact workloads 3-5%. As a result, DMV will increase the field office staffing by 3% or 3 PFT positions. Under the proposed bill, DMV's retention of funds to cover collection costs would be increased from 5% to 8%, subject to appropriation by the legislature. The increase is adequate to cover the increased cost of administering the program in FY 94 and FY 95.

The increase in revenue for DMV retention, above the FY 94 current rate calculations, is as follows:

FY94	FY95	FY96	FY97	FY98	FY 99
140.6	281.2	281.2	281.2	281.2	281.2

Detailed costs for Sections 10 through 13 are as follows:

Personal Services	FY94(9mos.)	FY95
3 Motor Vehicle Rep I/II positions	\$ 82.0	\$109.5
Contractual	\$ 55.1	\$ 1.6
Mail-out registration forms		
Regular registration forms		
Computer line charges		
Equipment	\$ 15.0	
3 Computer work stations		
	TOTAL	\$152.1
		\$111.1

The repeal of these two statutes in Title 28 will increase revenue. The revenue associated with the repeal of AS 28.10.011(12) has already been covered in previous sections. The repeal of AS 28.10.181(k) will require owner of vehicles registered under the "occasional use" category to pay full fees. The average increase for these vehicles will be \$20.

Revenue - 2,757 Vehicles @ \$20 \$35,140

			The adoption of this legislation is estimated to impact the workload of the Division by 3-5%. Approximately 355,000 vehicles, or 66% of the total number of vehicles are in areas subject to the tax. Any increase in fees increases the workload in the public service offices of the Division, since DMV employees collecting the tax will receive the public complaints. Also, frequent changes to fees increases processing time, because employees will not be familiar with the fees. Zero fiscal impact. Legislative Council sets the travel and moving policy for for legislators and works with the Commissioner of Administration to include sections in the Administrative Manual. This will enable the Legislature to have a policy that is unique to elected officials and does not require involving another branch of government when setting in-house policies.

MEMO

TO: Sen. Drue Pearce, Co-chair  
Senate Finance Committee

FROM: Billy Miles, Junior Staffer 

RE: SB 99, Financial Administration of State Government

DATE: April 23, 1993

At the last count, there were 17 fiscal notes to SB 99. To ease committee deliberations, OMB has "priced" each section of the bill in the right-hand column of the REVISED (4/20/93) sectional. The FY 94 expenditure listed in the right-hand column represents a corresponding fiscal note. Attached to this memo are 10 proposed amendments the committee has received. Below, I have attempted to summarize each amendment and identify its primary spokesperson.

Amendment #1 (Sen. Rieger)...proposes to raise from \$1.00 to \$5.00 the cost of admission to visitor centers and historic sites for each person over the age of 18.

Amendment #2 (from Senate Judiciary)...2 technical changes.

Amendment #3 (Cheryl Frasca, OMB)...proposes to have fees in parks set by regulation rather than statute in keeping with the Senate Finance Committee's earlier intent that such fees should be raised to the National Average. Also proposes to set fees in a temporary act while the division is writing the regulations.

Amendment #4 (Sen. Sharp)...(previously filed as amendment #1)...proposes to exempt from boat-ramp fees a person whose only access to his/her or property is via said boat ramp.

Amendment #5 (Commissioner Usera)...proposes to allow the State the option of self-insurance. (NOTE: A like bill was passed by the House last year and appeared on the final Senate calendar. Sine die motion precluded a Floor vote.)

Amendment #6 (Cheryl Frasca, OMB)...proposes to repeal the \$100 individual tax credit currently in statute.

Amendment #7 (Cheryl Frasca, OMB)...proposes to allow APOC to set fees by regulation. Allows current statutorily-mandated fees to remain in effect until regulations become effective.

Amendment #8 (Sen. Pearce)...proposes to allow the extension of property leases for five years if cost-savings can be realized. Mandates quarterly reports to the legislature.

Amendment #9 (Cheryl Frasca, OMB)...proposes a technical amendment to delete the repeal of AS 16.05.390(c) in Sec. 70 of the bill. Section deals with compensation for the sale of Fish and Game licenses and tags.

Amendment #10 (Cheryl Frasca, OMB)...proposes to delete Public Safety Language that's handled in other legislation.

IF ANY AMENDMENTS ARE ADOPTED, ALL SECTIONS OF THE BILL SHOULD BE RENUMBERED ACCORDINGLY AND THE BILL TITLE SHOULD BE APPROPRIATELY AMENDED, WHEN NECESSARY.

SUBJECT: Addition of group  
insurance language to  
CSSB 99 (Jud)

FROM: John B. Gaguine *JBG*  
Assistant Attorney General  
Governmental Affairs - Juneau

You have asked whether the Senate Finance Committee could incorporate into CSSB 99 (Jud) the provisions of a draft bill (8-LS1011\A) "relating to the provision of group life or group health insurance for state employees by means of self-insurance; relating to the administrative costs of providing group health or group life insurance for state employees; and permitting the state to purchase group health or group life insurance from certain organizations." We believe that these provisions can be incorporated into CSSB 99 (Jud). That bill is an omnibus bill proposing cost-saving measures for the state, and we understand that the provisions relating to insurance are all cost-saving measures. These provisions also fall within the title of the bill, "relating to the powers, duties, financial administration, and operations of certain state agencies."

The title of CSSB 99 (Jud) goes on to list a number of specific bill components that are included in the bill. Because "include" is not a word of limitation,<sup>1</sup> these insurance provisions need not be included in the list. However, it would seem appropriate to add, after "Medicaid;" on page 1, line 10, the following language: "relating to the provision of group life or group health insurance for state employees;".

Please feel free to contact me if I can be of further assistance.

<sup>1</sup> AS 01.10.040(b) provides that the words "includes" and "including" shall be construed in the Alaska laws as though followed by the phrase "but not limited to."

Dear Committee Co-Chairs:

Attached is an amendment to House Bill 65, the Governor's "omnibus" bill. It amends APOC's statutes by expanding the commission's authority to set fees by regulation for reports, statements and filings. The commission currently only charges for photocopying and lobbying registration.

In addition to the amendment language, also attached is a memorandum from the commission concerning its intentions should it be given this regulatory authority. A fiscal note reflecting this change is being submitted by the Department of Administration under separate cover.

Should you have questions or need additional information, please let me know.

Sincerely,

Cheryl Frasca

AS 24.45.041 (g) is amended to read:

**DATE:** December 16, 1992

**SUBJECT:** APOC Authority to Charge Fees

This language: a) allows APOC to establish fees for reports, statements, filings etc, by regulation; b) makes the lobbying provision consistent with the new provision and; c) allows for a transition period to establish regulations.

Over the last several budget years, the legislature has encouraged increased reliance upon program receipts to replace general fund sources for APOC. Current sources of program receipt authority consist of photocopying charges of \$.20 per page and lobbying registration fees of \$100 per client per year. Under the proposed language the Commission could establish additional "user" fees such as registration for candidates and political action committees.

However, the Commission realizes that perhaps unlike some other agencies, there is a balance that must be achieved due to the mission of APOC. The Commission must do everything it can to assist persons in complying with the laws it administers and in making the disclosed information available to the public in a timely manner. This must be balanced very carefully with the concept of charging fees to insure that the increase in revenue is not counterproductive to the goal of disclosure. The effective administration of the laws depends in large part on lobbyists, candidates, groups and public official's voluntary compliance as well as the public having unrestricted access to the information. The Commission considers this a delicate balance but one which they can handle.

17 director of the Alcoholic Beverage Control Board, shall be eligible for a one-year license.  
18 These licenses expire, unless renewed, on December 31, 1994, and may be renewed biennially

**CS SB 99 (Jud) - "Omnibus" Legislation Fiscal Sectional**

Section No.	Department	Brief Description	Discussion of Fiscal Impact	Fiscal Notes		
				FY 94 Revenues	FY 94 Expenditures	
1 thru 32	Revenue	The Alcoholic Beverage Control Board currently issues licenses annually. These amendments make the process biennial and accordingly, double license fees.	Will enable staff to spread workload out over two years thereby enabling more efficient processing and utilization of existing staffing levels.	0.0	0.0	#24 3/5/93
33 thru 35	Administration (OPA)	Enables the Office of Public Advocacy to charge fees for public guardians based on ability to pay. In response to a recommendation by Legislative Audit that OPA pursue additional funding sources to support its activities.	Due to time required to develop and implement regulations, no revenue is projected for FY 94. Until fee schedule is established, future revenue projections are difficult.	Not yet determined; revenues will not be collected until FY 95	0.0	4-20-93
36 thru 38	Education	Alaska Commission on Postsecondary Education: Authorizes assessment of a 1% guarantee fee to offset losses resulting from student loan debt cancellation due to death, disability or bankruptcy of the student. Will be similar to a loan origination fee.	Total revenue to be generated in FY 94 is 500.0 in corporate receipts	500.0 Corp Receipts	0.0	3/11/93
39 thru 43	Education	Provides for the same 1% loan guarantee fee to be charged on these other student loan programs: Memorial Scholarship Loan Program, Teacher Scholarship Loan Program, and Family Education Loan Program.	Total revenue to be generated in FY 94 is 13.0 in corporate receipts	13.0 Corp Receipts	0.0	3/11/93
44	Fish and Game	Amends the statute to pay vendor compensation for sale of licenses from the fish and game fund. Currently revenue from the sale of licenses is deposited into the Fish and Game Fund and vendors are compensated out of the general fund.	The fund source change is reflected in the House and Senate versions of the budget. They reduce the general funds by -553.9 and replace it with 553.9 in Fish and Game funds.	-553.9 GF +553.9 Fish & Game Funds (already in budget)	Fiscal Note reflects zero because expenditure is already in the budget	4/20/93

Section No.	Department	Brief Description	Discussion of Fiscal Impact	FY 94 Revenues	FY 94 Expenditures
45	Labor	Establishes as one of the Departments duties the ability to set fees by regulation for administering certain examinations and processing applications for special boiler and pressure vessel inspector commissions (currently there is no charge).	Anticipate fee of \$25.00 which will annually generate estimated \$375.00 to the general fund.	.4 GF/Program Receipts	0.0
46	Labor	Amends the Certificates of Fitness chapter by changing the expiration time frame for plumber and electrician certificates. Currently they are valid for either one or three years. Amendment provides for biennial issuance.	No fiscal impact; currently revenues fluctuate due to one or three year renewal. Change to a two year certificate will stabilize the level of program receipts from year to year.	0.0	0.0
47	Labor	Current statute sets certificate of fitness fees for plumbers and electricians at \$40 for one year/\$75 for three years. Amendment sets application fee at \$50, provides for biennial issuance or renewal at \$160.00 and \$25 fee for duplicate certificate.	Anticipate application and exam fee of \$50.00 to generate 23.8 in program receipts; duplicate fee charge will generate 3.0. Certificate of fitness fee will generate 93.5.	120.3 GF/Program Receipts (93.5 already reflected in budget)	120.3 of which 93.5 is already budgeted; fiscal note expends remaining 23.8
			Of the total 120.3, 93.5 is already reflected in the House and Senate's FY 94 budget as submitted. The department requests expenditure of the additional program receipts expected to be generated.

48	Public Safety	Alaska Police Standards Council: Amends the Council's "Powers" section by establishing a \$50 fee to process applications for certification of police, probation, parole and correctional officers.	Based on issuance of 170 non-state certificates at a charge of \$50.00 per certificate, an estimate 8.5 in general fund program receipts is expected. The amount is projected to increase by 5% in future years.	11.4 GF/Program Receipts	Zero expenditures are reflected in fiscal note; FY 94 budget authorizes 15.0 in Pgm Receipts
49	Labor	Amends the Employment Agencies statute by changing the duration of a permit from one to two years. Establishes the biennial fee for a permit at \$100 (currently \$10).	Only eight agencies are currently licensed; fee increase will generate an additional \$720.00.	0.7 GF/Program Receipts

Additional fee may be waived for "good cause" based on criteria established through regs	Currently 25-30% of vehicle owners use mail. With this financial incentive, it is estimated 100,000 of the 300,000 "walk in" registrants will use mail. The remaining 200,000 that will continue to "walk in" will generate 2,000.0 in increased revenues.	2000.0 GF/Program Receipts	Fiscal Note reflects zero expenditures. CSSB99(FIN) Bill Analysis

April 27, 1993

The state park fee program to be funded by this fiscal note consists of the design, construction and installation of fee collection stations at approximately 44 locations in the state park system. Each fee station is estimated to cost \$4,000, including labor, supplies and contractual expenses.

The fee stations would be installed in phases, over a four year period. Eighteen stations would be installed in FY94, and ten stations installed in FY95. Eight stations would be installed in both FY96 and FY97. First year costs include design and production of fee collection envelopes and annual pass decals, as well as design and production of standard drawings and plans for the fee stations. These one-time costs are estimated at \$4,000.

No new positions would be required by this legislation. The \$38.2 in personnel costs specified in this fiscal note for FY94, followed by \$19.0 (FY95), \$15.0 (FY96), and \$15.0 (FY97), would fund seasonal staff fabricating the fee stations. These seasonal staff would work during the winter months constructing "iron rangers", signs, and other components of the fee stations, when they would ordinarily be on seasonal layoff status. Additional administrative and management costs would be absorbed by existing staff.

The estimate of revenue to be produced by this bill is based on visitation records for selected park units, as well as financial records for the existing camping fee program. In the fourth year of implementation, this new fee program is expected to generate annual revenues of approximately \$400,000. Potential revenues to the state from this program exceed the state's costs in each of the four year implementation period. In subsequent years, these user fees would help offset increased park maintenance and operating costs as well as possible general fund budget reductions. The net financial effect of this program would be positive, with fee revenues greater than operating costs.

The fiscal note provided by the Division of Parks addresses both sections 65 and 72 of the bill. The fiscal impact of section 72, which provides statutory authority for temporary fees in state parks, is reflected under FY94. The fiscal impact for FY95 and thereafter is in connection with section 65 of the bill, and is based on regulations which will be promulgated during FY94.

Analysis:

Passage of this legislation will allow the Council to amend their regulations to include a fee schedule for the issuance of police, probation, parole, and correctional officer certificates and police and correctional instructor certificates.

Estimated revenue amounts are based on the Council's issuance of 228 police, probation, parole and correctional officer certificates and police and correctional instruction certificates during FY 92. Charge per certificate is calculated at \$50.00 per certificate and the yearly increase in revenue is based on a 5% population increase and a corresponding increase in number of officers and instructors.

FISCAL NOTE

STATE OF ALASKA  
1993 LEGISLATIVE SESSION

BILL NO. CSSB 99 (FIN)

ANALYSIS: (continued)

Section 71 authorizes the extending of leases during FY 94 and the first half of FY 95 if the lessor will agree to

- a. 10 percent reduction in base rent over the extended term; or
- b. 5 percent reduction of base rent over the extended term if lessors make ADA compliance changes.

This bill would result in lease savings by giving the department the opportunity to extend leases if sufficient savings could be achieved. In practice a lease would have to meet certain criteria before the department would agree to an extension under this bill. For example:

- 1. The lease must have an ongoing and projected need by the agency.
- 2. The lease must meet agency needs.
- 3. Extension of the lease must be an overall good business decision.
- 4. The extension must reduce base rent by a minimum of the required 10 percent or 5 percent.

Not all lessors will agree to a rent reduction in return for an extension, and all leases will not meet our criteria for extension even if the lessor is interested in a cost reduction. It is not possible to accurately predict how much savings will be achieved, but we believe savings could be significant.

FY 94 projected total lease payments are \$31,188.5. There is no way to estimate the fiscal savings at this time. If one-third of our leases average a 5 percent rent reduction and one-third average a 10 percent rent reduction, a \$1,543.8 saving could be achieved. This would result in a base rent reduction for the life of the lease.

CALCULATIONS			
TOTAL LEASE OBLIGATION	PERCENT OF LESSORS AGREEING TO EXTEND		POTENTIAL SAVINGS
31,188.5	at 5%	33%	\$ 514.6
31,188.5	at 10%	33%	<u>1,029.2</u>
			<u>\$1,543.8</u>

This bill gives us significant potential to reduce the current projected lease obligation, but we can only speculate about the actual amount of savings. Several large leases offer very significant opportunity for savings. It is possible savings could fall short or exceed this estimate depending on which lessors are willing to negotiate reductions. The FY 94 leasing budget is comprised of \$26,468.3 in general funds and \$4,720.2 in interagency receipts. Savings could be achieved in both funding sources.

## FISCAL ANALYSIS

The state park fee program to be funded by this fiscal note consists of the design, construction, and installation of fee collection stations at approximately 44 locations in the state park system. Each fee station is estimated to cost \$4,000, including labor, supplies, and contractual expenses.

The fee stations would be installed in phases, over a four year period. Eighteen stations would be installed in FY94, and ten stations installed in FY95. Eight stations would be installed in both FY96 and FY97. First year costs include design and production of fee collection envelopes and annual pass decals, as well as design and production of standard drawings and plans for the fee stations. These one-time costs are estimated at \$4,000.

No new positions would be required by this legislation. Additional administrative and management costs would be absorbed by existing staff.

The estimate of revenue to be produced by this bill is based on visitation records for selected park units, as well as financial records for the existing camping fee program. In the fourth year of implementation, this new fee program is expected to generate annual revenues of approximately \$400,000. Potential revenues to the state from this program exceed the state's costs in each year of the four year implementation period. In subsequent years, these user fees would help offset increased park maintenance and operating costs as well as possible general fund budget reductions. The net financial effect of this program would be positive, with fee revenues greater than operating costs.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 45 through 47 of this bill concern fees and certification time periods for departmental programs. Section 49 would increase an existing fee set by statute and change to a biennial licensing requirement.

In anticipation of new fees and fee increases, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$26.8 expenditure authorization to cover the costs of services provided.

Section 46:

Section 46 would change time periods for certificates of fitness for plumbers and electricians from a one- or three-year certificate to two-year certificates. The department would have the authority to phase in the two-year certificates over an expected three year period.

This bill would have no fiscal impact other than stabilizing revenues to the department.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

The eight licensed employment agencies operating in the state will pay a total of an additional \$0.7 biennially for licensing. The department will continue to absorb the cost of reviewing and issuing these permits and the \$0.7 additional revenue collected will be deposited into the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 45 through 47 of this bill concern fees and certification time periods for departmental programs. Section 49 would increase an existing fee set by statute and change to a biennial licensing requirement.

In anticipation of new fees and fee increases, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gains \$94.6, and the department gains \$26.8 expenditure authorization to cover the costs of services provided.

Section 47:

This section would establish fees for an application/examination and for duplicate certificates of fitness for electricians and plumbers. Section 47 would also increase fees for certificates of fitness and for renewals of certificates.

No application/examination fee is currently charged; a \$50 application/examination fee would generate approximately \$23.8 annually in program receipts. This fee reflects the cost of providing these services.

No fee is currently charged for duplicate certificates; a \$25 fee for duplicate certificates of fitness would generate approximately \$3.0 annually in program receipts. The \$25 fee reflects the cost of providing the duplicate certificate.

Currently, \$40 is charged for a one year certificate and \$75 is charged for a three year certificate. A \$160, two-year certificate of fitness fee--with an \$80, one-year certificate of fitness issued for a three year period until the current three-year certificates are phased out--is proposed. These fee changes are expected to generate \$93.5 annually. The revenue associated with this change is included in the department's operating budget submittal as program receipts. Two points are relevant: 1) the general fund gains \$93.5 and 2) the fiscal note does not reflect the receipt of the revenue because it is in the operating budget.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

Fiscal Note Analysis for:

Financial Administration of State Government

The Department of Labor is affected by four sections of this bill. Separate fiscal notes have been prepared for each section. Sections 45 through 47 of this bill concern fees and certification time periods for departmental programs. Section 49 would increase an existing fee set by statute and change to a biennial licensing requirement.

In anticipation of new fees and fee increases, a fund source change from general funds to program receipts was included in the department's FY 94 budget submittal. Because the \$93.5 in fee income is reflected in the department's operating budget, it is excluded from this fiscal note.

The net fiscal impact of the sections of this bill (and associated regulations) relevant to this department is the general fund gain of \$94.6, and the department gains \$26.8 expenditure authorization to cover the costs of services provided.

Section 45:

This section would allow the department to adopt regulations establishing fees for administering special inspector examinations and processing applications for special boiler and pressure vessel inspector commissions. The department currently performs these functions without charge.

Regulations establishing a \$25 application and examination fee are anticipated. This would generate approximately \$0.4 annually in receipts to the general fund.

For purposes of calculating fiscal impact, an effective date of July 1, 1993 is assumed.

## Narrative to Alaska Court System Fiscal Note

SB 99 shifts the responsibility and cost of state-funded representation in certain types of court cases from the Office of Public Advocacy to the court system. The passage of SB 99 would result in a significantly increased cost to the State of Alaska without any corresponding benefit in level of services.

SB 99 would erode the statutory scheme adopted in 1984 which created the Office of Public Advocacy as a more efficient, conflict-free system for providing state-funded representation.

SB 99 does not affect a person's right to receive state-funded representation in the types of cases listed. Rather, SB 99 simply relieves the Office of Public Advocacy of the responsibility for providing this representation, thus shifting the burden to the court system at a higher cost to the state. This shift also would present conflict of interest problems which the creation of the Office of Public Advocacy was designed to eliminate.

SB 99 shifts to the court system the responsibility and cost of providing representation in the following types of cases: attorneys or GAL's to minors in custody, support or visitation disputes, if the parties are indigent (sec. 49); attorneys for indigent parents at the disposition phase of a delinquency case, if the state seeks actual custody of the child over the parents' objection (sec. 64); OPA's obligations in adoption proceedings (sec. 64); proceedings to emancipate a minor (sec. 64); and mental health commitment proceedings involving minors (sec. 69).

Cost: SB 99 will result in an increased cost to the State of Alaska. The Office of Public Advocacy has been able to minimize case costs by use of an economical combination of staff resources and contract awards. Because of appearance and conflict of interest issues (see below), the court system is less able to rely on staff resources and must rely more heavily on contract awards or a conscription system should these responsibilities be shifted. Thus, the cost to the state would increase from current levels.

Prior to 1987, the court system was able to conscript private sector attorneys to represent parties in some of these types of cases at very low hourly rates which did not even compensate most attorneys for their overhead expenses. This onerous system was discontinued in 1987, and the court must now pay market value for attorney services in cases in which attorneys are appointed through conscription. [See DeLisio v. Ak. Superior Court, 740 P.2d 437 (Alaska 1987).] Thus, current costs of the court system's administration of an appointment system would be vastly in excess of pre-1987 years.

One positive result of the OPA-administered contract and staff system has been the provision of a higher quality of legal services by attorneys and others who have been able to develop expertise in the types of cases currently

assigned to OPA. This quality improvement translates into cost savings, in that poor representation can be linked with a greater number of case appeals, longer court proceedings (with inexperienced or unprepared counsel), and a greater number of billing hours from attorneys and others who do not bring with them a base level of knowledge and experience in these types of cases. Staff and contract professionals who have the interest and expertise to provide efficient, correct representation will cost the State of Alaska less than representation obtained through a conscription system administered by the courts.

#### Conflict of interest issues

The court system is the branch of government charged with providing a just and impartial forum for the resolution of disputes. In support of this mandate, the rules of court specifically prohibit any court employee from engaging in the practice of law in any of the courts of this state (Administrative Rule 2). An obvious difficulty is created when one of the interested parties in a court action is represented by an employee of the court system. Even if actual collusion does not occur, parties to proceedings may lose faith in the court's ability to be impartial as a result of the appearance of impropriety created by such a relationship. This problem is exacerbated by the small size of the Alaska Court System, which makes a perception that there is a firm differentiation between functions unlikely.

If the court system provides representation using only contract and conscripted personnel (except for staff administrative personnel to manage the program), costs to the State will increase as discussed above.

#### Separation of power issues

The Constitution of the State of Alaska creates three separate and distinct branches of government. The court system is devoid of advocacy functions, so that the integrity and impartiality of the system can be carefully preserved and the public's faith in the ability of the court to resolve disputes fairly is not placed in jeopardy. If OPA functions are shifted to the court, this careful separation begins to deteriorate.

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

99

February 5, 1993

The Honorable Rick Halford  
President of the Senate  
Alaska State Legislature  
State Capitol  
Juneau, AK 99801-1182

Dear President Halford:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to the improvement of state finances by reducing costs in the operations of certain state agencies and authorizing state agencies to defray a greater portion of their costs through the imposition of fees. A section-by-section description of this bill follows.

Sections 1 - 32 of the bill authorize biennial renewal of liquor licenses by the Alcoholic Beverage Control Board. Under this bill, all liquor licenses that are now issued for a one-year period would be issued for a two-year period. As a result of the transitional procedures in sec. 71 of the bill, each year only one-half of the licenses would be subject to renewal. The board's staff now labors under a staggering amount of renewal-related work. The effect of the bill would be to spread that workload.

Sections 33 - 35, 49, 64, and 70 (repealer of AS 13.26.410(b)) relate to the duties of the Office of Public Advocacy. The bill proposes to delete certain functions of the Office of Public Advocacy (OPA) that are considered to be duplicative of services provided by other agencies or that are not constitutionally mandated. Due to the increase in child-in-need-of-aid cases, it is crucial that the many abused and neglected children receive priority in OPA appointments.

Sections 33 - 35 of the bill would allow the Department of Administration to determine a schedule of reasonable fees for the costs of providing public guardians. The Office of Public Advocacy would be allowed to assess these fees against the estate or income of a ward or protected person for whom a guardian has been appointed, based on the financial ability on the ward or protected person to pay these costs. Currently, no fees may be assessed against any person receiving the benefit of a public guardian except upon approval by a court. This process is cumbersome and expensive for the Office of Public Advocacy, which must pay for the costs of a court hearing, including the costs of

GOVERNOR'S SECTIONAL

counsel for both sides. These changes would simplify the procedure for recouping some of these costs, and would provide for consistent application of the fee schedule, while allowing an exemption forwards or protected persons who are not financially able to pay the fees.

Section 49 of the bill would amend AS 25.24.310 to delete the requirement that OPA provide guardian ad litem representation in certain child custody proceedings. Currently, the Alaska court system has personnel denoted as "custody investigators" who perform essentially the same function as OPA in custody proceedings.

Section 64 of the bill would amend AS 44.21.410(a), regarding the powers and duties of OPA, to correspond to the amendments made by secs. 33 - 35 of the bill. Additionally, this section would eliminate the requirement that OPA provide free attorney representation to parents whose children are involved in the disposition phase of delinquency proceedings, and the requirement of free representation in cases involving adoption of a minor, a petition to remove the disabilities of a minor, or a commitment proceeding involving a minor.

Section 69 of the bill would delete the requirement that OPA represent minors in commitment proceedings, to correspond to one of the amendments to AS 44.21.410(a)(4) made by sec. 64 of the bill.

Section 70 would repeal AS 13.26.410(b), for consistency with the amendments proposed by secs. 33 - 35.

After the effective date of the sections relating to OPA in this bill, OPA would not accept new appointments for the types of cases deleted from OPA's mandate by the bill. However, OPA would continue to represent those parties in cases to which OPA was appointed before the bill's effective date.

Sections 36 - 38 would authorize the Alaska Commission on Postsecondary Education to assess a one percent guarantee fee on student loan awards made under the Scholarship Loan Program, effective July 1, 1994. These fees would be deposited into a loan guarantee fee account within the student loan fund and would be used to offset losses incurred due to student loan debt cancellation necessitated by death, disability, or bankruptcy of the student. The current statute does not allow security to be required for a loan and strictly limits the use of loan proceeds. These amendments also would provide that the loan guarantee fee be added to the loan award so that students would receive the full amount of money requested, up to the maximums set out in AS 14.43.110 and 14.43.115, to pay for their educations.

Sections 39 - 43 would authorize the same one percent loan guarantee fee to be assessed on loans under the Memorial Scholarship Loan Program, the Teacher Scholarship Loan Program, and the Family Education Loan Program. As a result, all of the student loan programs would assess a one percent loan guarantee fee on the amount of the loan awarded.

Section 44 would establish in the Department of Labor the authority to set reasonable fees by regulation for administering special inspector examinations

and processing applications for special boiler and pressure vessel inspector commissions. Currently the department does not charge a fee for processing these applications for administering the examinations.

Section 45 would eliminate the requirement in AS 18.62.020 that certificates of fitness for plumbers and electricians be valid for either a one-year or a three-year period. Under the bill, the Department of Labor would have the authority to set a time period in regulation for the certificates. This should increase the department's efficiency in processing applications for these certificates and stabilize program receipts.

Section 46 would eliminate the current statute's prescribed certificate of fitness fees for plumbers and electricians, and instead would establish authority in the Department of Labor to set reasonable fees by regulation. See AS 18.62.030. This section would also allow the department to charge a fee for duplicate certificates. These changes would enable the department to set fees for certificates of fitness in line with the actual costs incurred in issuing them, and would authorize the department to recoup expenses incurred in issuing 100 - 150 duplicate certificates each year.

Section 47 is a revenue-generating measure that would permit the Alaska Police Standards Council to adopt regulations to collect reasonable fees for processing applications for state certification of police and correctional officers and instructors who are employed by non-state agencies.

Section 48 would raise the required fee for filing an application for an employment agency permit under AS 23.15.390 from \$10 to \$100. This higher amount reflects the costs of the review done by the Department of Labor for these permits.

Sections 50 - 57 would amend AS 28 (motor vehicles) to enhance revenue through increased motor vehicle fees or to correct technical problems in the motor vehicle laws to increase the efficiency of the Department of Public Safety.

Section 50 would delete the phrase "vehicle register" in AS 28.10.071(a), which no longer is meaningful in light of current computer technology. In addition, this section would clarify the authority of the department to adopt regulations to recover the state's costs in generating computerized vehicle registration lists.

Section 51 would amend AS 28.10.181(c) to permit the issuance of special request license plates depicting Alaska wildlife and other images of life in Alaska. This change would produce revenue through the issuance of these special request plates.

Section 52 changes the eligibility for free vehicle registration and license plates for disabled persons by adopting the definition of limited or impaired ability to walk that appears in a federal regulation (23 C.F.R. 1235.2). The special license plate allows the holder to have special consideration for designated parking for the disabled. The existing statute (AS 28.10.181(d)) allows a person with at least a 70 percent disability or medical handicap to obtain vehicle registration at no charge, and, through the free special license plates, to use the designated parking even though the person may not have a disability that affects walking.

The new definition would provide for free vehicle registration and license plates to those most in need of special parking. The department should receive additional revenue from vehicle registration fees and the sale of regular license plates to those who no longer qualify under AS 28.10.181(d).

Section 53 clarifies an ambiguity in AS 28.10.181(j) by explicitly requiring that car dealers use two dealer plates on each vehicle permitted to have dealer plates (all license plates are issued in pairs). The somewhat confusing language of the existing statute has allowed some dealers to split a pair of plates between two vehicles. The Department of Public Safety should receive increased revenue through the sale of additional plates to dealers.

Sections 54 and 58, and the repeal of AS 28.10.011(12) in sec. 70, together make clear that mobile homes are not considered "vehicles" for purposes of administering motor vehicle laws. Under the changes made by these sections, the Department of Public Safety, division of motor vehicles, will no longer provide registration and motor vehicle titles for mobile homes.

Section 55 would clarify that senior citizens are entitled to free vehicle registration of only one vehicle once each calendar year. This change is needed in order to avoid significant difficulties and administrative costs encountered in maintaining proper registration when senior citizens buy, sell, or trade vehicles during the year and claim free registration on more than one vehicle during the year.

Section 56 provides an additional registration fee of \$10 for vehicle registration not done by mail. This section would provide an incentive for people to use the mail for vehicle registration. This should alleviate some of the delays that most people are encountering at division of motor vehicle field offices and allow DPS staff to function more efficiently. This section also allows the department to adopt regulations to waive the additional fee in appropriate circumstances.

Section 57 would clarify AS 28.10.421(c) by requiring that companies and businesses that register vehicles in their company or business name must pay commercial registration fees, and cannot avoid paying those fees by claiming that the vehicle is not used for commercial purposes.

Section 59 exempts money that the state receives for administering the group insurance programs established under AS 39.30.090 (primarily health insurance programs) from the definition of "program receipts" in AS 37.05.146. This change will result in accounting efficiencies being saved in the Department of Administration's ongoing operations and cost-savings to the state.

Sections 60 and 61 of the bill amend AS 37.05.289, the State Insurance Catastrophe Reserve Account (Account), by providing that payments to the state of insurance claim settlement money and money received by the state as recovery for losses, are to be deposited directly into the Account (which is in the general fund). Presently, such money that is received by the division of risk management must be credited to the general fund and is appropriated to the state agency to which the payment is related. The United States Department of Health

& Human Services' division of cost allocation has determined that certain insurance recovery money must be returned to the Account (from which federally funded state agencies have been charged premiums through division of risk management "Cost of Risk" allocations). The federal government demands that a portion of such insurance recoveries be refunded to the appropriate federal program.

By allowing for insurance settlement and claims recovery money to be deposited directly into the state insurance catastrophe reserve account, future premium assessments are expected to be reduced and the state will be in compliance with federal cost allocation standards. An appropriation would still be required before expenditure of money in that account. Additionally, the new procedures should reduce the considerable accounting required with the present system.

Section 62 would clarify the authority of the Department of Natural Resources to accept cash or other donations to support the system of state parks and recreational facilities.

Section 63 would expand the authority of the Department of Natural Resources to collect reasonable fees for services provided in state parks. It would add several new categories of park fees, including sale of firewood, sale of park-related merchandise, entrance fee into visitor centers and historic sites, sale of plans and graphic materials, day use fees, and fees for park-related programs. The bill, in sec. 71, also would set a temporary fee schedule for certain of these services, to be used until the Department of Natural Resources sets the fees by regulation. In the fourth year of a phased implementation schedule, these new fees are expected to raise around \$400,000.

Sections 65 and 66 of the bill would amend, and add a new subsection to, AS 44.46.025 to provide the Department of Environmental Conservation (DEC) with increased authority to charge fees to offset the direct costs of various programs designed to avoid and rectify pollution, to ensure healthy and safe public facilities, and to assist business in complying with local, state, and federal environmental standards. An existing statute presently limits DEC's authority to charge fees to certain enumerated subject areas, and further limits DEC's fee authority to specified services related to those subjects. Thus, DEC may charge a fee to reflect the costs associated with the issuance of a permit for a hazardous waste facility, but may not charge a fee when a permit is not issued (either because the application is withdrawn or a permit is determined not to be necessary), even though DEC incurs costs in reviewing the application. This results in the permitted facilities shouldering an inequitably large share of the cost of the hazardous waste management program.

Section 65 would rectify this problem in several ways. First, it would amend the introductory clause of AS 44.46.025(a), to allow DEC to charge fees for any services relating to the programs listed in (a), not just the underinclusive listing of activities now set out in the law. This amendment recognizes that DEC employs methods other than permits and inspections in its activities.

Second, through sec. 65, the itemized list of programs in the subsection would be modified and expanded, to allow the DEC to charge fees reflecting the direct costs

of: (1) management of hazardous waste, not just permitting costs; (2) approvals of sites for hazardous waste management facilities; (3) control of solid waste facilities, and permits for those facilities, including wetlands permits (assuming state assumption of the wetlands permitting process that is currently handled by the United States Army Corps of Engineers); (4) reviews of sewage and industrial waste disposal or treatment plans; (5) oversight of the application of pesticides and broadcast chemicals; (6) inspection, testing, or other regulation of a wider variety of service facilities; (7) certification of private laboratories that will conduct a variety of environmental analyses for profit; (8) state testing for and issuance of certificates of inspection for motor vehicles; (9) certification of federal permits or authorizations under the federal Clean Water Act; and (10) filing of information with the Alaska State Emergency Response Commission.

Section 66 would revise the existing fee language relating to the air quality permit program, removing it from AS 44.46.025(a) and placing it in a new subsec. (c) of AS 44.46.025. This new subsection authorizes DEC to set fees for program services to cover indirect costs of the program, as well as direct costs. This change is incorporated in the bill because air quality permit program fees must reflect both indirect and direct costs to meet requirements of the federal Clean Air Act.

Section 67 would amend AS 47.07.020(b) to add a new category of persons to the state's optional list of those eligible for federal Medicaid coverage. Through the amendment, the state could claim federal matching money for medical costs now paid entirely from state money. Children under age 21 who are eligible for adoption assistance under AS 25.23.190 - 25.23.220 because of special medical or rehabilitative needs would be added to the optional Medicaid-eligible list under this provision.

Section 68 would amend AS 47.07.035, which lists the order of priority in which groups eligible under the optional Medicaid program will be eliminated from Medicaid coverage when there are insufficient appropriations to cover all optional services and groups. This bill would add, as para. (28) in this list, persons under age 21 who are eligible for adoption assistance due to special medical or rehabilitative needs. Placement of this group as number 28 would mean that this group would be the last to be eliminated for Medicaid coverage in the event of a shortfall of appropriations.

Section 70 repeals certain provisions of Alaska law. AS 13.26.410(b) would be repealed to make a necessary conforming amendment to facilitate the collection of fees by OPA as set out in secs. 33 - 35 of this bill. AS 28.10.011(12) is repealed to remove a reference to mobile homes from AS 28, as described earlier in this letter. AS 28.10.181(k) is repealed to allow the Department of Public Safety (DPS) to no longer register vehicles that are only occasionally used on a highway. This repeal should reduce the workload for DPS, as well. AS 28.22.011(a)(3) is repealed to make a technical amendment to mandatory motor vehicle insurance to conform to the repeal of AS 28.10.181(k), relating to occasional used vehicles. Finally, AS 37.05.210(1) is repealed to remove the statutory requirement for the Department of Administration to make monthly and annual reports on the financial condition and transactions of funds in the state

The Honorable Rick Halford  
Page 7

accounting system. The department currently prepares these reports by computer on a more frequent basis. The repeal would leave intact the Department of Administration's responsibility to file a year-end report on the financial condition of the state, including financial transactions from the preceding fiscal year.

Section 73 would give transitional authority to allow state agencies to begin the process to adopt regulations as soon as the bill is signed into law, so long as the new regulations do not become effective before the respective effective dates of the relevant sections of this bill. Section 74 of this bill would give this section an immediate effective date.

Section 74 also would provide an immediate effective date for the transitional sections related to temporary fees in state parks and staggered expiration of licenses issued by the Alcoholic Beverage Control Board.

Section 75 would provide a July 1, 1993 effective date for the majority of sections of the bill to coincide with the start of state fiscal year 1994.

Section 76 would provide an effective date of December 31, 1993 to allow a uniform date for the changing from annual to biennial licenses issued by the Alcoholic Beverage Control Board.

Section 77 would give secs. 36 - 43 of this bill an effective date of July 1, 1994 to allow the Alaska Commission on Postsecondary Education to institute the uniform fee assessment for the 1994 - 1995 academic year.

I urge your favorable consideration of this bill.

Sincerely,

A handwritten signature in cursive script that reads "Walter J. Hickel".
