SENATE JOINT RESOLUTION NO. 30**

The continued development and maintenance of Alaska's educational infrastructure has become an increasingly important issue in Alaska. Several approaches have been suggested to resolve our current problems in constructing and maintaining Alaska's schools, but all of these approaches sacrifice a long term solution in favor of short term spending plans. Senate Joint Resolution No. 30 is part of a three-bill package which proposes a long term solution to constructing and maintaining Alaska's educational infrastructure.

SJR 30 proposes the establishment of a constitutional school construction and maintenance fund. This fund would be managed by the Permanent Fund Corporation and its investment criteria would be in line with that of the Alaska Permanent Fund. The principal and interest from this fund are dedicated to School construction, maintenance, and repair.

There are two companion bills to SJR 30. Senate Bill No. 181 makes a number of key changes to the way school construction, maintenance, and repair projects are reviewed and selected for consideration by the legislature. Senate Bill No. 180 reestablishes reimbursement of school construction debt for a limited period of time with specific borrowing caps established for Alaskan communities.
