Re: request for waiver

Date: March 15, 1995

RECEIVED  
MAR 16 1995  
Ans'd.....

I would like to respectfully request that Senate Bill 124 (Human Services Community Matching Grants Programs) be waived from the Senate C&RA Committee; it has a further referral to Senate Finance.

SB 124 would reduce the existing local match requirement for human services programs from 50% to 30%, bringing this particular program in line with other similar matching grants programs in the state.

SB 124 contains language identical to that in the final version of last year's SB 368 which passed both the House (31Y-5N-E1-A3) and the Senate (16Y-0N-E1-A3) but was later vetoed by the Governor. I would note that last year's SB 368 received only Finance Committee referrals in both bodies.

I appreciate your consideration of this request. If you are unable to grant the waiver, I would like to request a hearing on SB 124 in your committee at your earliest convenience.

### **SPONSOR STATEMENT SB 124 - Human Services Community Matching Grants**

**by Senator Mike Miller**

Senate Bill 124 would permanently set the local match rate for the Human Services Community Matching Grants Program at 30%.

The Human Services Community Matching Grants Program was created to assist municipalities in providing human services via local non-profit agencies. The statute was structured to increase the local match each year for three consecutive years beginning at 10%, increasing the next year to 30%, and leveling out on the third (FY96) and subsequent years at 50%. Unfortunately the 50% match will be extremely difficult if not impossible for most local governments to accomplish due to declining municipal assistance & revenue sharing as well as reduced federal funds. In addition, non profits are struggling to obtain contributions at levels similar to those received in past years. It should also be noted that all other state/municipal matching grant programs require a 30% match.

This legislation is modeled after SB 368 from 1994 which received broad support and passed both the House (Y31-N5-E1-A3) and Senate (Y13-N3-E1-A3) but was later vetoed.

I appreciate the committee's consideration of SB 124 and urge your support.

The Human Services Community Matching Grants program became effective with FY 1994. It requires allocation of funds as follows:

- AS29.60.620 (a) If the amount of money .. is not adequate..the money shall be allocated proportionately .. based on the relationship the population of each municipality bears to the total population of the qualified municipalities..
- (b) ..population shall be determined by the Dept. of Community & Regional Affairs..

Local match was not required prior to FY 94. Here is the definition of local match:

AS29.60.600 (b)(1)..other sources may include federal or municipal money or money from other private or public sources; in this paragraph "municipal money" includes money derived from appropriations, allocations, entitlements, grants or other payments from the state other than the state grant under this section but does not include locally contributed staff hours, material, equipment or other in-kind contributions..

In FY94, the local match was satisfied by using a United Way grant to one of the sub-grantees.
