Bill Analysis

This bill reduces the amount of surety bond required for small fish processors that process 30,000 pounds or less of fish a year from \$10,000 to \$2,000. Processors who initially filed a \$2,000 bond under this bill and then process more than 30,000 pounds of fish in a year are required to notify the Department and comply with the \$10,000 bond requirement.

In lieu of the surety bond, small processors may file a cash deposit or other negotiable security acceptable to the Department in the amount specified for the bond.

Operating Costs

Department of Revenue does not anticipate any additional operating costs for implementing the provisions of this bill. This bill only affects the dollar amount of surety bonds required for small processors and will not establish new filing requirements for processors.

Revenue

This bill does not impact revenue because surety bonds, cash deposits and other negotiable securities filed under the surety bond program are filed as security and held in trust for the period of time specified under statutes.
