This bill amends sex offender registration laws in a number of ways. It changes the failure to register from a class A misdemeanor to a class C felony. It greatly adds to the offenses that give rise to the requirement to register upon conviction, including child kidnapping, promoting prostitution, and solicitation and conspiracy to commit the included offenses. It makes the registration requirements more difficult to satisfy by requiring quarterly verification, reducing the time period to comply, and requiring additional information about motor vehicles, treatment and unconditional discharge. Additionally it provides for statewide newspaper publication of the names and addresses of each person that registers. Each of these changes will greatly increase the numbers of people who fail to comply and will thereby be committing a felony offense. Fiscal impact is certain. There are currently 1573 registered offenders under the existing law. Estimates are that this is only about 50% compliance. In FY 97 the Department of Law prosecuted 127 cases as misdemeanors. Felony cases are the most time consuming and labor intensive of the agency's workload. Because many of the current cases are in Anchorage, a half time Attorney III will be added. This is a very conservative estimate.

ANALYSIS: (Attach a separate page if necessary)

CSHB 252 (JUD) increases the charge for the second offense of failure to register as a sex offender from a class A misdemeanor to a class C felony, and adds child kidnappers as individuals who must register. The bill also requires quarterly written verification of the sex offender's or child kidnapper's address and the other information required.

The department does not anticipate that there will be a large number of new felony cases for failure to register as a result of this bill. Any new cases will also be spread among the many district attorneys offices around the state, and should not create an undue burden on any particular office. We do not anticipate any fiscal impact at this time. However, if significant numbers of such cases are referred for prosecution, it could have a fiscal impact on the department and we would seek to reassess our budget position at that time.

CS HB 252(FIN) will put in place a two tier penalty system for failure to register as a sex offender or child kidnapper. Failure to register in the first degree will result in a presumptive 2 year class C felony sentence. Failure to register in the second degree is a class A misdemeanor with a mandatory minimum sentence of 35 days in jail.

Assumptions:

Based on current data the Dept. of Corrections is assuming that 25 people will be convicted of second degree failure to register, and 2 people will be convicted of first degree failure to register.

Those convicted of failure to register in the second degree will be sentenced to a mandatory minimum sentence of 35 days in jail. The Dept. of Corrections believes those who are convicted of failure to register in the second degree are already serving the mandatory minimum sentence.

Failure to register in the first degree:

Fiscal Analysis
CSHB 252(JUD)**

HB 252 makes several changes to the sex offender registration laws to bring them into compliance with recent changes in federal law. Additionally, it increases the penalties for failure to register as a sex offender in this state. It is this aspect of the bill that will most directly impact the court system.

Section 1 of this bill adds AS 11.56.835 to the statutes and creates the crime of "failure to register as a sex offender or child kidnapper in the first degree" (a class C felony). Section 2 amends AS 11.56.840 by redesignating the crime of "failure to register as a sex offender" as "failure to register as a sex offender or child kidnapper in the second degree" (a class A misdemeanor). Offenders who fail to register will generally be subject to a second degree offense if it is their first failure to register offense. Failure to register in the first degree will be charged against those who have previously been convicted of failure to register or if they have intentionally failed to register in order to escape detection or identification.

The Department of Law's fiscal note states that last year 127 sex offenders were prosecuted under AS 11.56.840 for failure to register as a sex offender; this note is based on that figure. This note assumes that roughly one half of that number will be felony charges brought under new section AS 11.56.835 and that 10% of those will go to trial. The felony trials are anticipated to last 3 days, including jury selection and judicial time outside the courtroom.

This note does not reflect the additional caseload that is likely to result from the increase in the number of crimes that will be subject to registration requirements. Although such an increase will impact the court system, the extent of the that impact is too speculative to estimate.

The note is offset by the amount of time and jury costs the district court would have spent on those cases that will now be heard in superior court.

Committee testimony on this bill alleges a growing frustration with the problem of sex offenders failing to register. If this frustration is widely felt, it is anticipated that the number of persons charged with failure to register will increase. This note does not reflect that increase because of the difficulty in speculating the extent of its impact. However, if the increase is significant, the court system may return to the legislature for additional funding.

DPS will contract for computer programming services to modify APSIN and the sex offender registry application, including: adding fields for anticipated change of address, vehicle information, and treatment status; tolling the 15 year registration period, and tracking annual and 90-day address verification/notification. DPS estimates this work will require:

400 hours at \$75 per hour = \$30,000

DPS is applying for a federal grant to accomplish those tasks.

This bill would require quarterly verification (via postcard) of an estimated 500 sex offenders who are obligated to register for their lifetimes. The figures are based on the approximate 230 new sex offenders per year subject to registration and a 10% rate of certified letters (Section 17 of Bill) returned unsigned by the new registrants. The regulation project will be required in the first year only.

SPONSOR STATEMENT for HB252

This Bill is offered to intensify sex offender and kidnapper registration statutes and the registration process in order to better protect our citizens from convicted criminals. Numbers of citizens will be protected, including vulnerable adults and children of all ages.

The intent here is to comply with recent changes to the law including Department of Justice, Office of the Attorney General, Proposed Guidelines, Megan's Law, Jacob Wetterling Act, The Pam Lychner Act and others and remain eligible for the \$200,000 in Byrne Formula Grant funds for states that comply with these Acts.

This Bill allows that:

1. A two (2) tier system is put in place for offenders that fail to register, fail to register properly or fail to re-register would be guilty of a Class A misdemeanor for a first offense. Failure of an offender to register properly or fail to re-register a second time would result in a Class C felony. Except an offender would be guilty of a Class C felony if such non-compliance is perpetrated to avoid detection or if that period of non-compliance is one (1) year or more in duration.
2. Persons responsible for hiring and employing people for hiring and employing people will have access to current and past criminal histories.
3. An offender registers while in the last 30 days of the sentence thus eliminating the opportunity to fail to register and provides for a dramatic reduction in reporting times for re-registration and change of address. Provides for annual and quarterly verifications of a sex offender or child kidnaper.
