Rep. Con Bunde, Chairman
House Health, Education and Social Services Committee
Capitol Building
Juneau, Alaska 99801

Dear Rep. Con Bunde:

Enclosed, please find a copy of BUILDING ALASKA FOR THE 21st CENTURY, the Report to the Governor and the Legislature by the Deferred Maintenance Task Force.

The Task Force visited many communities and discussed the condition of state and educational assets with deferred maintenance needs. As you are aware, the report sets out a very aggressive plan to address deferred maintenance and school rehabilitation and construction. The six pieces of legislation recommended in Appendix G were introduced into both the House and the Senate.

Additionally, the Task Force heard many suggestions that would reduce costs of maintenance and construction. Many were worthy of serious consideration. Notwithstanding the merit of many suggestions, the Task Force could not address every suggestion offered. The Task Force is referring many of these suggestions to both House and Senate standing committees for further consideration.

The issues discussed in Chapter 6, page 6, sections A and B are being referred to the House and Senate Health, Education and Social Services Committees.

Thank you for your consideration.

Sincerely,

Senator Tim Kelly
Senate Co-Chair
