# FISCAL NOTE

STATE OF ALASKA  
1997 LEGISLATIVE SESSION

BILL NO. SB 135

Revision Date: \_\_\_\_\_  
 Title: An act relating to participating share for school construction grants; and providing for an effective date.  
 Sponsor: Senator Adams  
 Requester: Senate CRA

Department Affected: Education  
 BRU: Capital Budget  
 Component: Educational Facilities Support

COMPONENT SERIAL NO. \_\_\_\_\_ 153 \_\_\_\_\_

**Expenditures/Revenues:**

(Thousands of Dollars)

OPERATING	FY 98	FY 99	FY 00	FY 01	FY 02	FY 03
PERSONAL SERVICES						
TRAVEL						
CONTRACTUAL						
SUPPLIES						
EQUIPMENT						
LAND & STRUCTURES						
GRANTS, CLAIMS						
MISCELLANEOUS

\* There will be costs for projects that are eligible for participating share waivers. The department cannot project which projects the legislature will fund this year or in the future under the grant program.

**Positions:**

FULL-TIME						
PART-TIME						
TEMPORARY						

Estimate of current year (FY97) impact: -0-

**ANALYSIS:** (Attach a separate page if necessary.) Projects qualifying for waiver under this bill could cost the state -0- to \$3,080,000 dependent on appropriation level. Section 1 - repeals and reenacts AS 14.11.0 9(d) by requiring the Commissioner of Education to waive the participating share required under the school construction grant program, AS 14.11, for districts that meet three criteria: (1) has a full value per ADM less than \$200,000, (2) has an unemployment rate of 10% or more and (3) the average per capital income of residents is 85% or less of the statewide average. The analysis on the following pages show the effects of this bill for school construction and major maintenance grants. The list of eligible school districts was provided by Senator Adam's office and has not been verified by DOE.

Prepared by: Eddy Jeans, School Finance Manager  
 Division: Education Support Services  
 Approved by Commissioner: \_\_\_\_\_  
 Agency: Education

Phone: 465-8679  
 Date: Shirley Holloway  
 Shirley Holloway, Ph. D., Commissioner

Honorable Al Adams  
Alaska State Senate  
Room 417, Capitol Building  
Juneau, AK 99801

Re: Senate Bill 135

Dear Senator Adams:

We very much appreciate your introducing Senate Bill 135 regarding waivers of the local participating share under CIP grants. The legislation that originally required a local share included a provision that allowed the Commissioner of Education to waive the requirement for good cause. However, the Department of Education's waiver policy is so restrictive that it is virtually impossible to be granted a waiver.

Your bill, which requires waivers of the participating share in school districts of low assessed valuation, low per capita income, and high unemployment, is certainly reasonable. The local governments of such areas are already strained to the limit to provide even the most basic public services. Under such circumstances, the burden of the participating share would have the effect of further reducing these meager services.

In REAA's that meet the requirements of your bill, children are typically educationally disadvantaged, many are underachieving, and a significant percentage are limited English proficient. The only practical source of the required participating share in such districts is the operating budget. Thus, the instructional program for the neediest of children is reduced, exacerbating their educational deficits.

A good example is Kashunamiut School District, an REAA whose project is number one on the FY '98 DOE construction priority list. 98% of the students are Alaska Natives, 84% are limited English proficient, and 79% are below the poverty level. They are housed in an old BIA school that is documented as being an extreme life/safety hazard and educationally inadequate. Furthermore, it is presently at 189% of capacity, and the enrollment is increasing. If this project is funded, the local participating share will be \$484,614, which would have to come from the operating budget. It would indeed be a travesty for the state to require poor, educationally disadvantaged children to pay such a price merely to have a safe and educationally adequate facility.

Sincerely,

B. A. Weinberg, CIP Administrator  
KASHUNAMIUT SCHOOL DISTRICT

Alaska State Senate  
State Capitol (Mail Stop 3100)  
Juneau, AK 99811-1182**

**Dear Senator Adams:**

**On behalf of the Northwest Arctic Borough, and the eleven communities within our boundaries, we fully support SB 135 which was introduced for consideration and passage during this session.**

**We are on record that a prior existing match requirement for school construction makes our financial and operational requirements a losing battle for too few dollars to meet the demands of needed new schools. In our close working relationship with the local school district, we find it nearly impossible to contribute to the capital projects just to meet the arcane matching requirements for which there is no tax base to provide for new construction.**

**We are struggling in just meeting the local match of the school districts annual operating budget, let alone trying to fund replacement of school facilities. We are cognizant of specific instances of the school districts predicament when it cited the difficulties in Selawik and Buckland who needed these improvements without imposing on our limited access to other funds.**

Noorvik. Selawik. Shungnak**

Letter to Adams  
Page 2  
April 2, 1997

We salute the effort toward supporting decision-making from objective data embodied in SB 135, and we hope to work with others in the future to put together such criteria.

Respectfully submitted,

  
Chuck Greene, Mayor

cc. Randy Swenson, Superintendent, NABSD

RE: HEARING REQUEST ON SB 135

I would appreciate it if you would schedule a hearing on SB 135, relating to the required participating shares for school construction grants.

This bill amends AS 14.08.011(d) to require the Commissioner of Education to consider the district unemployment rate and the per capita income of residents within the district as well as the full and true value per ADM when considering a waiver of a district's participating share for school construction.

Thank you for your attention to this request.

## Sponsor Statement

### SB 135

**"An Act Relating to the participating share for school construction grants, and providing for an effective date"**

SB 135 deals with the participating share that school districts are required to contribute as the "local match" for school construction projects.

SB 135 substitutes a three part means test for the existing waiver criteria. Under the provisions of SB 135, a school district must meet all three criteria established in the bill to have their participating share waived. The three part test consists of:

- (1) An assessed valuation per average daily membership of \$200,000 or less;
- (2) An unemployment rate in the district of 10% or more; and
- (3) An average per capita income for residents in the district that is 85% or less of the statewide average per capita income.

Although each of these measurements has it's own specific shortcomings, the combination of criteria provides the Commissioner of Education a pretty good idea of local economic circumstances. School construction projects are badly needed throughout the state. Passage of SB 135 would allow school construction to proceed in an equitable and expeditious manner.

art. IX, of the state constitution. 1983 Op. Att'y Gen.  
No. 01.

**Sec. 14.11.005. School construction grant fund.** There is created a school construction grant fund as an account in the general fund. The fund shall be used to make grants for the costs of school construction. Legislative appropriations for school construction shall be deposited in the fund, and the proceeds from the sale of general obligation bonds for school construction may be deposited in the fund. (§ 5 ch 5 SLA 1990)

**Sec. 14.11.007. Major maintenance grant fund.** There is created a major maintenance grant fund as an account in the general fund. The fund shall be used to make grants for the costs of school major maintenance. Legislative appropriations for school major maintenance shall be deposited in the fund. (§ 4 ch 78 SLA 1993)

**Sec. 14.11.008. School district participation in grant program.** (a) In order to receive a grant under this chapter or an appropriation under AS 37.05.560, a district must provide a percentage share of the project cost, as determined under (b) or (c) of this section. A district shall provide the required participating share within three years after the date that the appropriation bill funding the grant is passed by the legislature.

(b) The required participating share for a municipal school district is based on the district's full value per ADM, which is calculated by dividing the full and true value of the taxable real and personal property in the district, calculated as described in AS 14.17.025(a)(1), by the district average daily membership (ADM) as defined in AS 14.17.250, for the same fiscal year for which the valuation was made. The municipal district's full value per ADM determines the district's required participating share, as follows:

Full Value Per ADM	District Participating Share
\$1 — \$100,000	5 percent
100,001 — 200,000	10 percent
200,001 — 600,000	30 percent
over 600,000	35 percent.

(c) The required participating share for a regional educational attendance area is two percent. The participating share for any district may be satisfied by money from federal, local, or other sources, or with locally contributed labor, material, or equipment.

(d) If a district with full value per ADM of \$200,000 or less can demonstrate in writing that it is unable to provide the required participating share or that the participating share required under this section will jeopardize receipt of federal assistance, the commissioner may waive all or a portion of the required participating share.

(e) State funds provided under this chapter may not be a source of the participating share required under (b) or (c) of this section. (§ 4 ch 78 SLA 1993)

**Editor's notes.** — Section 23(a), ch. 78, SLA 1993 provides that this section applies to grants awarded under AS 14.11.005 — 14.11.019 after June 30, 1993.

**Sec. 14.11.010. Recommendations and evaluations of projects.** [Repealed, § 15 ch 5 SLA 1990.]

**Sec. 14.11.011. Grant applications.** (a) A municipality that is a school district or a regional educational attendance area may submit a request to the department for a grant under this chapter.

Summary of Unemployment Rates by School District  
for the school year 1994-1995

Taken from the  
Summary of Alaska's Public School Districts'  
Report Cards to the Public  
School Year 1994-95  
March, 1996\*

<u>School District</u>	<u>Unemployment Rate</u>
Adak Region Schools	1.5 %
Alaska Gateway Schools	13.3
Aleutian Region Schools	1.6
Aleutians East Borough Schools	1.9
Anchorage Schools	6.7
Annette Islands Schools	10.6
Bering Straits	11.2
Bristol Bay Borough	6.4
Chatham	10.3
Chugach	8.7
Copper River	8.7
Cordova City	8.7
Craig City	10.6
Delta/Greeley	13.3
Denali Borough	10.6
Dillingham City	8.4
Fairbanks North Star Borough	9.4
Galena City	16.4
Haines Borough	9.5
Hoonah City	10.3
Hydaburg City	10.6
Iditarod Area	16.4
Juneau City	6.7
Kake City	8.9
Kashunamiut	11.1
Kenai Peninsula Borough	13.4
Ketchikan Gateway Borough	9.3
Klawock City	10.6
Kodiak Island Borough	10.4
Kuspuk	8.1
Lake & Peninsula Borough	8.2
Lower Kuskokwim	8.1
Lower Yukon	11.1
Matanuska-Susitna Borough	13.3
Nenana City	16.4
Nome City	11.2
North Slope Borough	5.0
Northwest Arctic Borough	17.8
Pelican City	10.3
Petersburg City	8.9
Pribilof	1.6
St. Mary's	11.1
Sitka Borough	5.8

Skagway City	10.3
Southeast Island	10.6
Southwest Region	8.4
Tanana City	16.4
Unalaska City	1.6
Valdez City	8.7
Wrangell City	8.9
Yakutat City	10.3
Yukon Flats	16.4
Yukon/Koyukuk	16.4
Yupiit	8.1
Alyeska Central School	-
Mt. Edgecumbe	-

\*Unemployment data by election districts is obtained initially from the Department of Labor and is current to 1997; however, it is the Department of Education that reconverts this data into school districts for its annual Report Card report. DOE data for the March, 1997 publication has been requested.

March 21, 1997

Representative Reggie Joule  
House of Representatives - Alaska State Legislature  
Alaska State Capitol  
Juneau, AK 99801-1182

Dear Representative Joule;

We support the legislation you are proposing related to participating shares for school construction grants. Our school district has asked for a waiver on our school construction grants and has been denied every time. We seek the waiver because the capital participating share always gets funded from our operating budget, and we have no revenue source or taxing authority.

We believe legislation dealing with ADM full value, unemployment in the district, and average per capita income level are excellent indicators of qualifications for participating share waivers. These indicators are objective, not subject to manipulation, and would serve as an accurate litmus test for qualification.

Our school district thanks you for your continued leadership in education and your advocacy for children.

Sincerely,

David Bowling, Superintendent  
Bering Strait School District

 Juneau, AK 99811-1182

Dear Al:

The Northwest Arctic Borough School District fully supports SB 135, which you introduced this session relating to matching funds for municipal school construction grants. I believe the following information will give you some idea of the problems we had providing the local matching requirement for the Selawik High School Renovation/Addition Project which we currently have under way.

The District submitted an application for funding for the Selawik High School Renovation/Addition Project in August of 1992 in the amount of \$ 14,366,690. The legislature approved funding in the amount of \$ 12,930,000, because this was also the time that the school construction grant program was revised to provide for the local matching requirement. This change in the funding statutes left the District \$ 1,436,669.00 short to provide for the building that was envisioned when our application was submitted. The District has been successful in providing for the local matching requirement through the use of prior years capital expenditure (\$244,131.00) and the use of unrestricted fund balance from the operating fund to provide the remaining balance. While this method met the short term requirements for this project it can not be used as a basis for providing local match funding in any future projects.

If the District was to obtain an appropriation for the Buckland Remediation Project, which was the Northwest Arctic Borough Board of Education's number one priority, this would obligate the District to provide for local match funding for this project. Based upon the request by the District and the amount recommended by the Department of Education this could be anywhere from \$ 1,200,000 to \$ 1,700,000. Since the District has utilized all the available unrestricted fund balance to provide for the continuation of our current educational program and the remaining local match requirement for Selawik, there is not a source of funding available to meet any additional local matching requirements. The Northwest Arctic Borough does not have the resources available to assist the District with this requirement.

As you are aware, the Northwest Arctic area consistently has one of the highest unemployment rates in the state. Because of this situation there is not an available tax base for the Borough to levy taxes upon the residents to allow for the local participation requirements. Representative Long's bill would allow the District to continue to provide the much needed facilities in our District but not burden the residents with a local matching requirement when there are no available resources to meet this requirement.

If I can supply additional information in support of SB 135, please contact me at your convenience.

Sincerely,

*Randall W. Swenson*
