## HB 23 SPONSOR STATEMENT

### "ACCESS PROTECTION BILL"

House Bill 23 addresses an increasingly troublesome problem involving public policy relating to the ability of Alaskans to access and utilize common property resources. This legislation will allow the Legislature to address concerns over access to state lands and waters where proposed administrative action involves significant areas of public interest.

Currently the administration may close public access onto state lands and waters regardless of whether Alaskans agree with such policy actions. This situation has led to the exclusion of many traditional uses in areas of public interest when some members of the bureaucracy felt it necessary to impose restrictions on those uses they viewed as socially incompatible or unacceptable.

The legislature has traditionally been responsible for implementing statutes designed to protect lands, waters and resources. However, there are no statutes which provide for the protection of the public's ability to access these common property resources. I feel this is an important public policy question which should rightly come under legislative purview.

HB 23 will allow the administration to affect public access on small areas, or for short periods of time. However, larger areas (more than 640 acres), or restrictions lasting for long time periods (more than eight months in a three year period) would be subjected to legislative approval.

HB 23 includes language which will give the Legislature the authority to protect traditional access for traditional uses, including subsistence activities. Furthermore, this legislation was crafted so as not to impede land disposals, mining, timber harvest or other resource development. Language has been inserted which allows the department to control or direct access on or across development parcels, including parcels ceded to private parties through sales. This provision protects mining interests, oil and gas development, logging, and private property.

In addition to enthusiastic individual support, the following groups representing in excess of 25,000 Alaskan outdoor users support HB 23: Alaska Marine Dealers, Resource Development Council, Alaska Air Carriers, Alaska Airmen's Association, Alaska Snowmobile Assoc., Alaska Boaters Assoc., Mat-Su Motor Musers, Mat-Su Boaters, Alaska Outdoor Council, Territorial Sportsmen, Ketchikan Sport and Wildlife Club, and Mat Valley Sportsmen.

## MEMORANDUM

March 3, 1997

**SUBJECT:** Sectional Summary of CSHB 23(RES). (Work Order No. 20-LS0158\H)

**TO:** Representative Beverly Masek  
Attn: Eddie

**FROM:** Gerald P. Luckhaupt *GPL*  
Legislative Counsel

You have requested a sectional summary of the above-described bill. As a preliminary matter, please note that a sectional summary of a bill should not be considered an authoritative interpretation of the bill - the bill itself is the best statement of its contents.

Section 1 of the bill clarifies the intent of the legislature.

Section 2 of the bill amends AS 38.04.055 specifying when the commissioner of natural resources must retain easements and rights-of-way when making land available for private use.

Section 3 of the bill limits the authority of the commissioner of natural resources to restrict the use of easements or rights-of-way.

Section 4 of the bill provides that the commissioner may not manage state land, water, or land and water so that a traditional means of access for traditional outdoor activities is restricted for the purpose of protecting aesthetic values of the land, water, or land and water unless the restriction is small in size, is temporary, is for the purpose of developing natural resources and the commissioner has identified and approved an alternative for the access, is for the protection of public safety and public or private property, or is approved by the legislature. Definitions are provided in this bill section.

PLEASE ENTER INTO THE RECORD MY TESTIMONY TO THE Resources/Finance  
 COMMITTEE ON HB23 ~~Access~~ <sup>access</sup> DATED 01-23-97  
 BILL/SUBJECT COMMITTEE NAME

As a horseman for over 1/2 century and a user of public lands, I ask that you pass HB23 out of committee and on ~~to~~ the floor for a vote. Access to and use of public lands are continually being lost - mostly thru department regulations. This bill, while protecting public land and resources, also protects the public's right to and use of our (the public) land. The recent attempt by the Division of Parks to deny access and use to many lands under its control is one example of the "licking up" of Alaska by its own government.

to  
 Add clarifying wording for the bill, on line 23, 27, and 28 after the word including you should add the words - "but not inclusive to" this will cover uses ~~or~~ means that may have been over looked. Again, please pass HB23 to assure access to and use of public lands by the public.

SIGNED

TESTIFIER

Beverly A. Nester (Beverly A. Nester) (horse users)

Rep Bev Masek

I would like to thank you for your continued pursuit of insuring access to Alaskan resources. Your course of action will right a wrong that has needed fixing for a very long time. Our state resource managers have become puppets for the lower forty eight environmentalists, which have realized that they (the radical environmentalists) have wasted and ruined the lower forty eight, and now they want to lock up OUR State from us. Unfortunately, they are slowly succeeding because of no legal means of stopping the state administrative process. If we don't like the actions of a resource manager, there is nothing that can be done. The public has no recourse. He is not an elected official, and therefore is untouchable by anyone except his fellow green supervisor. Your bill enables a real public input process with people who are countable to their community. You know it is right as your bill went the mile last year, only to be conveniently delayed until the legislative session had ended, then after listening and reacting according to the wishes of the green radicals from the land southeast of Juneau, the bill was vetoed. Our Governor showed his true colors.

Please continue your efforts on our behalf. We greatly appreciate your work and diligent efforts. I sorry to say that because of the short notice, I probably will not be able to get off from work to testify at the hearing tomorrow; however, I want you and whomever else necessary to know that I believe that this bill will have a greater impact on the future of Alaska than any other bill that will be considered. It must complete the entire process and become our new way doing business.

Our right to access, utilize, and enjoy the unlimited resources within our State should not and cannot be denied. Just as it is our responsibility to wisely use and protect those same resources. Misuse by an individual or certain groups should be dealt with on a case by case basis, and not punish the whole for the mistakes of a few.

Please continue your outstanding efforts, and if I may be of any assistance; please let me know. Thank you.

Rep Bev Masek

I want to let you know that I wholeheartly support HB 23. This will allow us to have an input into the management of our State resources. Thanks for your continuous support of the people who use and enjoy Alaska.

I am sorry that I cannot make it to the public testimony tomorrow; but, please know that you have my continued support in all your efforts.

Thanks again,

TO: REPRESENTATIVE MASEK  
FAX: 907-465-4822

I STRONGLY SUPPORT HOUSE BILL NO. 23. THIS BILL IS NEEDED TO PROVIDE ACCESS TO OUR PUBLIC LANDS AND WATERS FOR RECREATIONAL AND SUBSISTENCE PURPOSES.

I HOPE OUR LOCAL LEGISLATORS WILL JOIN IN VOTING TO PASS THIS BILL AND ITS COMPANION SENATE BILL NO. 35.

SINCERELY,

JEFFREY L JOHNSON  
3283 RIVERVIEW DRIVE  
FAIRBANKS, AK 99709

Representative Beverly Masek  
Alaska House of Representatives  
State Capitol, Interdepartmental Mail Stop: 3101  
Juneau, Ak 99801-1182

Dear representative Masek:

This letter is in response to your proposed hb0023 relating to traditional means of access for traditional outdoor uses. As President of the Matanuska-Susitna Borough Chapter of the Alaska Boating Association, I can inform you that our organization supports your efforts and we strongly urge this legislation be passed. This letter is to communicate to you the organizations official position on your very worthwhile proposed legislation.

In addition, individual members will be corresponding with individual letters, POM's testimony at teleconferences, etc. This bill is important to all members of our organizations sence traditional means of access is not only important to us for recreational considerations; but in some cases is vital to some of our members livelihood

Thank you for your efforts and continue to keep us informed of any related legislative matters we canbe effective in supporting.

Yours truly

Leonard M. Haire.

REF HB23 --- "AN ACT RELATING TO TRADITIONAL MEANS OF ACCESS

**SUPPORT**

AS A CONCERNED INDIVIDUAL AND A MEMBER OF THE ALASKA BOATING ASSOCIATION,  
I SUPPORT THIS BILL. I FEEL THAT ALL ALASKANS SHOULD HAVE THE RIGHT TO  
ACCESS PUBLIC LANDS AND WATERWAYS, BE IT MOTORIZED OR NON-MOTORIZED.  
THE CONDUCT OF DNR HAS NOT REPRESENTED THE MAJORITY OF ALASKANS

RONALD R WILSON

January 22, 1997

Representative Beverly Masek  
Alaska House of Representatives  
State Capitol, Interdepartmental Mail Stop: 3101  
Juneau, AK 99801-1182

Dear Representative Masek:

This letter is in response to your proposed HB0023 relating to traditional means of access for traditional outdoor uses. I wish to thank you for sponsoring this worthwhile legislation. This bill is not only important to me as an individual who uses the outdoors on an ongoing and frequent basis for both recreational uses and as a consumptive user fisher and hunter, but, we know of many cases where the ability to have freely open access is critical to the on going assurance of livelihood for other fellow Alaskan friends and associates.

It is important that the control of access to public lands be placed under the close scrutiny and decision making control of the Legislature. These are the people who make the laws and are responsible for seeing they are properly and fairly enforced. If the decision authority remains in the hands of the state employee bureaucrats all control and effective enforcement can and will become lost to the people who are most affected by those decisions. We, the user and citizen, have no control over these bureaucratic individuals and must bow to the consequences of their arbitrary decisions. If the control is placed into the hands of the legislature, we have control in that we can and do make the decision as to which individuals remain in control every time we step into the election booth. Also, the public opinion process has become a mockery. We have time and time again gone in and testified with overwhelming numbers in support of/or against a specific decision or proposal and the result has been that the agency has gone ahead and effected some decision totally disregarding the testimony. This is a mockery of the system that we have available to us. If this system was working there would be no need for you to be proposing this very legislation and there would be no reason for us spending our time and effort to support you on this matter. The truth is the system is not working and it is time that the citizens of this great state of ours work with the legislature to effect a change.

Access to public lands and waterways should remain open to traditional uses for all citizens of this great state of ours. When it becomes necessary to impose restrictions, for whatever feasible reason, the restriction or reclassification should apply to ALL USERS and not single out single or specific groups of users. And, as stated before, should only be imposed if imposed by legislative decision.

Page Two(2), 01/22/97, To Rep! Masck from E.J. Burkhart, re. HB0023

Thank you for your efforts and continue to keep me informed of any and all related legislation I can support you on.

I SUPPORT HB0023, and commend your sponsorship of this legislation.

Yours Truly,

E. June Burkhart

January 22, 1997

Representative Beverly Masek  
Alaska House of Representatives  
State Capitol, Interdepartmental Mail Stop: 3101  
Juneau, AK 99801-1182

Dear Representative Masek,

I am writing in response to your proposed legislation on traditional means of access for traditional outdoor uses, HB0023. I am a 30 year plus resident of Alaska and have used the public lands and waterways for years on an ongoing basis for recreational uses and for consumptive use hunting and fishing.

I strongly urge that continued access to public lands remain open to traditional uses for all citizens. If ever it becomes necessary to impose reclassification of uses or impose restrictions, limited or otherwise, it is important that the reclassification or restriction apply to ALL USERS and not only to singled out groups. This can only be assured if the power to make these decisions is placed into the hands of the Legislature. Too many times we have gone before the state agency representatives in a Public Hearing process and had the decision that finally is made on the issue be made for the convenience of the agency. Time and time again, these decisions have totally gone against the majority of the testifiers. It has become a mockery to the system and the citizen is becoming complacent to even testify, because they know that too often, their view will be ignored...even if it is in the majority view. The legislature is under the control of the citizen voter of this state and we, the users, can and do have control of who makes up that body. Currently we can do nothing about the bureaucratic individuals that control decisions being made for us at the agency level. It is critical that the control of these decisions become a legislative process.

One area of access to public lands that is too often overlooked is concern for the elderly and/or disabled citizen. I myself have limitations due to physical disabilities. Motorized access continues to be attacked. It is all well and good that certain citizens want their "remote experience" free of noise or other distraction. We who are limited certainly feel discriminated against by this thought process. It seems truly discriminatory to restrict an elderly or disabled citizen from access to the same public use area as anyone else, simply because the sound of a motor may infringe upon someone else's "experience". Are these same people traumatized when their neighbor uses a power lawnmower in the summer or a snowblower in the winter? This area too often is not mentioned when access becomes discussed. The limited individuals rights must not be overlooked.

Page Two(2), 01/22/97, To Rep. Masek from R.Burkhart, re.: HB0023

I STRONGLY SUPPORT HB0023. I want to thank you, once again for your sponsorship of this very worthwhile legislation. Please keep me informed of any other legislation which I can be supportive of.

Yours truly,

Roy J. Burkhart

Juneau, AK 99801-1182

Dear Representative Masek:

We want to personally write you and commend you for the stand you are taking on HB0023. It has come to our attention that you have been pressured by some on the state departmental employees to consider changing the intent from requiring legislative approval to merely requiring that the legislature be informed of any state land closures from traditional uses. You have shown your strong convictions by standing by the original intent of your bill and that is to be commended and has been noted by other constituents than ourselves.

Keep up the good work and the strong conviction that you have on this fine piece of legislation that will benefit many Alaskans.

Yours truly,

Roy J. And June Burkhart

RECEIVED  
FEB - 3 1997

Representative Masek  
Alaska State Legislature  
Room 418  
Juneau Alaska 99801-1182

Dear Representative Masek:

I am writing in support of your Access Bill (HB23). I feel that it is imperative to have this bill enacted into law at the earliest possible date. I was appointed to served on the Recreational River advisory council by Governors Hickie and Knowles. I attended almost all of the public meeting during the supposed formulation period for the plan. It became quiet apparent shortly after the public meeting began that the personnel from the Department of Natural Resources had their own ideas and did not want to hear opposing views.

A petition was circulated and submitted with more than 5,500 signatures that opposed the motorized restrictions set forth in the proposed plan. When this petition was presented, the Department of Natural Resources treated it as though it did not exist. Department personnel continue to say that the public supported motorized restrictions.

Mr. Don Sherwood, who was serving on the Rec. Rivers advisory council as the hosting representative, was taken to task by Department of Natural Resources personnel for contacting legislators about the department disregarding the decision of the board. It is quite apparent that the desires of the public ranks second to the desires of those in the Department of Natural Resources. Your bill is need immediately and I hope that you will work with our congregational delegation to get the same type of federal legislation.

Sincerely

  
Bruce Knowles

## SUPPORT FOR HOUSE BILL NO. 23

I am an Alaskan resident in support of House Bill No. 23. I do not believe traditional access to or across public lands or waterways should be restricted without approval of the State Legislature. By signing, I acknowledge that I have reviewed a copy of House Bill No. 23, as originally presented by it's authors:
