Senator Rick Halford
Alaska State Senate
State Capitol, Interdepartmental Mail Stop: 3101
Juneau, AK 99801-1182

Dear Senator Halford:

This letter is in response to your proposed SB0008 relating to the noise levels of airports and sport shooting facilities. At a regularly scheduled meeting of the Alaska Boating Association held on January 16, 1997, our organization voted unanimously to join the National Rifle Association, Alaska Air Carriers Association, Alaska Outdoor Council, and the Alaska Airmen's Association in endorsing this piece of legislation. This letter communicates to you our official position on this legislation.

In addition, many of our individual members will be corresponding with individual letters, POM's, testimony at teleconferences, etc. This bill is important to all of us for if it is not passed opportunities provided through ongoing and traditional uses may become jeopardized.

Thank you for your efforts and continue to keep us informed of any and all related legislative matters we can be effective in supporting.

Yours truly,

Roy J. Burkhart, Legislative Affairs Officer
Alaska Boating Association

Ref: SB-8

Dear Senator *Halford*:

It is the position of the Alaska Airmen's Association to strongly support SB-8, which is an act relating to the noise levels of airports and sport shooting facilities. In the definition of "airport facility" which currently reads "private area of land or water that is used or intended for use for the landing and take-off of aircraft", we are in support of you including heliports.

The Alaska Airmen's Association would like to thank you for the opportunity to review and submit our position on this important bill.

Sincerely,

John Spalding

Jan. 14, 1997

The Honorable Rick Halford, Chair
Senate Resources Committee
Alaska State Capitol
Juneau, Ak. 99801

Dear Senator Halford:

The Alaska Outdoor Council and its member organizations strongly support SB 8 and appreciate your continued efforts on the behalf of the citizens of Alaska to protect traditional activities important to them.

SB 8, "An act relating to the noise levels of airports and sport shooting facilities" is an important effort to maintain the opportunity to pursue traditional activities inherently important to many Alaskans. As you are well aware, most long time Alaskans have recently found themselves constantly fighting the increasing involvement of government in their lives. The Alaska Outdoor Council feels it is time to work towards reducing the level of government in our daily lives and look at efforts like SB 8 as a good start in the fight to protect and maintain traditional Alaskan activities.

Once again, the AOC would like to than you Senator for your efforts supporting the traditions our members value. If there is something further we can do to assist you in this effort, please feel free to contact us.

Sincerely,

Rod Arno
President

Senate Bill 8 Sponsor Statement

Noise at Airports and Sport Shooting Ranges

Airports and sport shooting ranges offer a public service as well as recreational opportunities and have become increasingly under attack in the lower forty-eight states. Since populations are tending to shift from urban to rural areas, new groups of citizens are moving into areas with existing airports and ranges. This encroachment has resulted in hundreds of lawsuits and complaints against airport and range owners and operators due to the noise level.

Senate Bill 8 was introduced to provide private airports and sport shooting ranges in Alaska protection from lawsuits if the action arises out of the noise level from normal operation or its uses; provided the facility was established before the person acquired the property or prior to any noise control ordinance or law.

Without the passage of SB 8 private airports and sport shooting ranges within Alaska will remain vulnerable to legal sanctions jeopardizing the opportunities they provide through their ongoing and traditional uses.

This issue was addressed by the 19th Legislature with Senate Bill 274. SB 274 passed the Senate by unanimous consent, and the House by a margin of 33-5, before being vetoed by the governor.

This piece of legislation is endorsed by the National Rifle Association, Alaska Air Carriers Association, the Alaska Outdoor Council, Alaska Boating Association and the Alaska Airmen's Association.

Thank you for your consideration.

MEMORANDUM

January 16, 1997

SUBJECT: Sectional Summary of SB 8 (Work Order 20-LS0135\A)

TO: Senator Rick Halford
Attn: Brett Huber

FROM: *TB*
Theresa Bannister
Legislative Counsel

You have requested a sectional summary of the above-described bill.

As a preliminary matter, note that a sectional summary of a bill should not be considered an authoritative interpretation of the bill and the bill itself is the best statement of its contents.

Section 1. Adds a new chapter relating to the noise levels of sport shooting facilities and private airport facilities.

Sec. 34.75.010(a) prohibits the bringing of a civil or criminal action against a person who operates or uses a sport shooting facility or a private airport facility, if the action is based on the noise level from the normal operation or use of the facility. Establishes certain conditions for the application of this provision.

Sec. 34.75.010(b) states that (a) does not apply to a contract action or to certain personal injury actions.

Sec. 34.75.010(c) prohibits a person from bringing a nuisance action for noise level against a sport shooting facility or a private airport facility located in the vicinity of the person's property if the facility was established before the person acquired the property. Establishes some exceptions to this prohibition.

Sec. 34.75.020 sets a time limit on bringing a nuisance action against a sport shooting facility or a private airport facility for noise level. The time limit is five years after the facility is established or begins operation, or three years after a substantial change in the use of the facility.

Senator Rick Halford

January 16, 1997

Page 2

Sec. 34.75.030(a) prohibits the state and municipalities from regulating the outdoor level of noise at a sport shooting facility or private airport facility, if the facility is exempt from criminal or civil action under AS 34.75.010(a).

Sec. 34.75.030(b) allows a municipality to regulate the noise level of a facility except as otherwise provided by the new chapter.

Sec. 34.75.090 defines some terms for the new chapter.

Section 2. Limits the applicability of AS 34.75.010 to exclude a civil action that accrues before the effective date of the Act and a criminal action where the criminal activity occurred before the effective date of the Act.

If I may be of further assistance, please advise.

January 16, 1997

Senator Rick Halford
Alaska State Legislature
State Capitol (MS 3100)
Juneau, AK 99801-1182

Dear Senator Halford,

On behalf of the over 25,000 Alaska members of the National Rifle Association, let me take this opportunity to thank you for introducing Senate Bill 8 and to indicate strong support for the bill. Firearms shooting ranges are under attack across the United States and it is important to head this off, particularly in a state like Alaska which has such a strong firearms and shooting heritage.

Firearms shooting ranges have established a long tradition of service to a wide variety of citizen groups in local communities. However, population shifts from urban to suburban or rural areas have moved new groups of citizens in closer proximity to existing ranges. In recent years, this encroachment on previously existing ranges has resulted in hundreds of lawsuits and complaints filed by newcomers against range owners and operators or the passage of local ordinances aimed at closing ranges because of noise.

It is critical that the state of Alaska adopt SB 8 to ensure that ranges remain open for operation so as to provide safe places for the use of firearms. Range owners and operators must be protected from civil court action, criminal prosecution, or other local restrictions. SB 8 would only protect existing ranges and existing activity levels. This legislation would not tie the hands of local government to regulate the location of future ranges nor limit local government from regulating unsafe ranges.

Firearm shooting ranges have longstanding records of safely providing important public services and recreational or training opportunities and often serve as training facilities for local law enforcement officials and military personnel. In addition to serving as locations to hold both informal practice sessions and organized competitions for those engaged in recreational shooting, firearm ranges offer firearm and hunter education and safety courses, providing invaluable hands-on instruction in the safe and proper handling and use of firearms.

January 16, 1997
Senate Bill 8
Page 2

Without the protection afforded by Senate Bill 8, shooting ranges which currently offer valuable public services and recreational opportunities while posing no hazard to nearby residents will continue to remain vulnerable to arbitrary legal or legislative sanctions. To date, eighteen other states have passed range protection legislation similar to SB 8, including Idaho, Indiana and Oklahoma which passed their laws just last session.

Senate Bill 8 is an important piece of legislation which will provide real benefits to Alaska's law-abiding firearm users and to the public at large.

Sincerely,

Brian Judy
Alaska State Liaison
