SB 207

The Honorable Drue Pearce
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Pearce:

Thanks to the inception of Denali Kid Care in March 1999, 12,000 more Alaska children and pregnant women have basic medical care. The success of this program will have far-reaching and long-term effects on the health and well-being of Alaskans.

The vast success of Denali Kid Care has brought more into focus, however, an ongoing problem with Medicaid benefits and its effect on Alaska's child support system. This bill corrects the problem by clarifying that a child support order need not be automatically established when a custodial parent receives medical benefits through Medicaid.

The Child Support Enforcement Division (CSED) must, under federal law, issue a medical support order whenever a custodial parent receives medical benefits through Medicaid. The support order requires either parent to provide health care coverage for the child if it is available at a reasonable cost. Currently, the CSED cannot establish a medical support order only; it must be in conjunction with a child support order that seeks monthly support payments. The custodial parent, however, may not want to pursue child support for various reasons. The current requirement to do so, then, becomes a disincentive to seek valuable medical benefits through Denali Kid Care. To allow more flexibility in such cases, this bill gives parents the option of requesting a medical support order only, without an accompanying child support order.

This bill also amends the medical support statutes to provide that either parent, not simply the obligor parent, may be required to provide health care coverage if coverage is available to the parent at a reasonable cost. By making this change, the bill assures that

The Honorable Drue Pearce
January 19, 2000
Page 2

the statutory requirements for medical support orders are consistent with the requirements of Alaska Civil Rules and related federal law. This bill also makes it clear that a medical support order can be issued regardless of whether health care coverage is currently available to either parent. This makes medical support a continuing obligation on the part of either parent to provide health care coverage for the child whenever it is available at a reasonable cost.

In the interest of the health of Alaska's children, I urge your prompt and favorable action on this bill.

Sincerely,
