MEMORANDUM

TO: Senator Parnell, Cochair
Senator Torgerson, Cochair
Finance Committee

FROM: Heidi Vogel 
Secretary of the Senate

RE: Executive Order No. 101

The President has referred Executive Order No. 101 (relocating the highway safety planning agency from the Department of Public Safety to the Department of Transportation and Public Facilities) to your committee.

Section 23, Article III of the Constitution states:

The governor may make changes in the organization of the executive branch or in the assignment of functions among its units which he considers necessary for efficient administration. Where these changes require the force of law, they shall be set forth in executive orders. The legislature shall have sixty days of a regular session, or a full session if of shorter duration, to disapprove these executive orders. Unless disapproved by resolution concurred in by a majority of the members in joint session, these orders become effective at a date thereafter to be designated by the governor.

Executive Orders are treated differently than bills. If you wish to report any recommendations to the body, please do so with a memo or in accordance with Section 23, Article III of the Constitution within the sixty day limit.

January 10, 2000

The Honorable Drue Pearce
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Pearce:

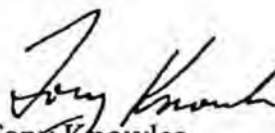

I am transmitting an Executive Order to transfer the Alaska Highway Safety Planning Agency from the Department of Public Safety to the Department of Transportation and Public Facilities.

This transfer will make the agency more effective by placing it in the department that is ultimately responsible for providing and maintaining safe, well-designed highways and roads. The Department of Transportation and Public Facilities (DOT&PF) already administers many Federal Highway Administration grant programs and may be able to combine staff resources to more efficiently administer the highway safety grant program.

The Highway Safety Planning Agency would become part of the Statewide Planning Division of DOT&PF. Agency duties and responsibilities are well aligned with the Statewide Planning Division, including planning, data collection and program effectiveness analysis. Statewide Planning also programs and administers over \$300 million in federal transportation funding each year.

The program transfer would include funding, personnel and all relevant functions of the agency to DOT&PF. In an effort to enhance our ability to make Alaska's highways safe, I urge your support of this Executive Order.

Sincerely,

Tony Knowles
Governor
