11 regional dive fishery development association may be expended in accordance with the
12 annual operating plan developed under (b) of this section.

13 * Sec. 4. AS 44.33 is amended by adding a new section to read:

14 **Sec. 44.33.113. Charges for community development quota program.** (a)
15 If the governor delegates duties as described in AS 44.33.020(11) to the department,
16 the department shall determine and assess an annual administrative cost charge for the
17 administration of the state's role in the federal community development quota program.
18 The department shall by regulation establish the method for implementing the charge
19 in accordance with the provisions of this section. The department shall assess the
20 charges on community development quota groups with approved community
21 development plans for the fiscal year for which the charge is applicable. The
22 community development quota group shall pay the charge.

23 (b) The administrative cost charge under this section for a CDQ group shall
24 be determined by the department no later than the June 30 immediately preceding the
25 start of the applicable fiscal year. The department shall promptly notify the CDQ
26 group of the amount of the charge. The CDQ group shall pay the charge no later than
27 45 days after the department provides notice to the CDQ group of the amount of the
28 charge.

29 (c) The aggregate total of administrative cost charges to all CDQ groups for
30 a fiscal year shall approximately equal, but may not exceed, the appropriations
31 authorized for that fiscal year for the state's role under AS 44.33.020(11), less

3 (2) any reappropriations of charges collected under this section.
- 4 (d) Fifty percent of the aggregate total of administrative cost charges assessed
5 on all CDQ groups for a fiscal year shall be recovered through the standard portion of
6 the charges and 50 percent of the aggregate total shall be recovered through the
7 variable portion of the charges. The administrative cost charge assessed on a CDQ
8 group for a fiscal year shall consist of a standard portion and a variable portion. The
9 CDQ group's standard portion is calculated by dividing the aggregate total amount to
10 be recovered through this portion by the number of CDQ groups to be assessed a
11 charge. The CDQ group's variable portion is calculated by multiplying the aggregate
12 total amount to be recovered through this portion by a percentage that represents the
13 ratio of the value of the CDQ group's fisheries resource quota allocation to the total
14 value of fisheries resources allocated under the CDQ program for the applicable year.
- 15 (e) Notwithstanding any contrary provision of this section, the department may
16 adjust the variable portion of the administrative cost charge for a fiscal year to one or
17 more CDQ groups if the department finds that an inequitable result will occur absent
18 the adjustment, but the aggregate total of the charges to be paid by all CDQ groups
19 after the adjustment must equal the amount originally calculated for that fiscal year
20 under (c) of this section.
- 21 (f) The department shall collect and enforce the administrative cost charge
22 assessed under this section. The receipts from the charge assessed under this section
23 shall be deposited in the community development quota program account in the state
24 treasury. Under AS 37.05.146(b), receipts from charges collected under this section
25 shall be accounted for separately, and appropriations from the account are not made
26 from the unrestricted general fund. The legislature may appropriate money from the
27 community development quota program account for expenditures by the department
28 for necessary costs incurred by the department in implementing any assigned role
29 under AS 44.33.020(11) or for any other public purpose.
- 30 (g) The Department of Administration shall identify the amount of the

4 (h) The department may adopt regulations under AS 44.62 (Administrative
5 Procedure Act) to interpret or implement its duties under this section.

6 (i) In this section,

7 (1) "CDQ group" or "community development quota group" means an
8 applicant under 16 U.S.C. 1855(i), or a successor program, with an approved
9 community development plan;

17 to read:

18 **APPLICABILITY.** This Act applies to administrative cost charges under
19 AS 44.33.113, enacted by sec. 4 of this Act, applicable for state fiscal years beginning on or
20 after July 1, 2000.

21 * Sec. 6. The uncodified law of the State of Alaska is amended by adding a new section
22 to read:

SPONSOR STATEMENT COMMITTEE SUBSTITUTE HOUSE BILL 418 (RLS)

An Act designating certain receipts as program receipts, appropriations of which are not made from the unrestricted general fund; relating to the establishment of an administrative cost charge for the state's role in the community development quota program; and providing for an effective date.

CSHB 418 (RLS) will add the following to AS 37.05.146(b)(4) (1) receipts of Occupational Licensing fees, receipts of seafood marketing assessments and other receipts of the Alaska Seafood Marketing Institute, administrative cost charges for state's role in the federal community development quota (CDQ) program; and dive fishery management assessment receipts.

Subsection (X) of HB 418 adds licensing fees received by the Division of Occupational Licensing to the program receipts category. Fees collected by this Division include licensing fees, examination fees, renewal fees, etc. By legislative mandate the Division of Occupational Licensing is a self-sustaining agency - charging the licensees for the cost of each board or commission and the work of the Division's staff. We are at a point now, in our budgetary process, where the Division and its Boards and Commissions are being held back because of the budget gap. The Division, even when it has increased spending funded by license fees, does not add to the budget gap because these expenditures are taken care of by fees not by general funds. The Division is now facing a situation where licensees would like to receive extra services from their respective Board or Commission but cannot do so because of our budgetary process. Moving these funds into a place where they are accounted for separately would assist with this problem. The Committee is aware of several examples where a Board or Commission has the funding to do an activity but cannot accomplish this because of the budgetary process. For example, the Board of Nursing would like to remain involved with an outreach program but cannot do so because of budgetary restrictions. The Board of Registration of Architects, Engineers, Land Surveyors and Landscape Architects would like to publish a newsletter and send members to more national events but, even though the funds are present, cannot do so.

Subsection (Y) of the legislation adds receipts from the seafood marketing assessment, the salmon marketing tax, and other receipts of the Alaska Seafood Marketing Institute.

Subsection (Z) adds receipts from administrative cost charges for the state's role in the federal community development quota program. The CDQ program has created jobs and expanded economic opportunities in western Alaskan. This legislation would require that comity development groups participating in the CDQ program to pay an assessment fee to the state. This fee will have two components: a standard flat amount that will total half the state's administrative costs and a variable share of the remaining administrative costs based upon the value of that group's fisheries quota allocation.

The remainder of the bill makes conforming amendments to statutes in orders that the goals above may be accomplished with regarding to the dive fishery management assessment receipts and the CDQ administrative cost charges.

HB 418 would help of these state agencies meet their customer services goals and live up to the expectation of the customers who pay the fees to run the programs.

Your support is appreciated.

Dear Representative Rokeberg:

The Division of Occupational Licensing strongly supports House Bill 418.

Categorizing occupational license fees as designated program receipts will more accurately reflect their role in the budget. Alaska Statute 08.01.065 mandates that the fees from each occupation approximately equal the cost of regulating the occupation. Occupational licensing expenditures do not affect the budget gap.

It will still be necessary for the legislature to authorize expenditure of license fees in the state budget bill. The legislature and the governor will be able to judge appropriation requests on their own merits separate from budget gap issues.

There have been numerous instances in recent years when professionals and their licensing boards have requested increased services and willingness to pay, but the division has not had sufficient expenditure authority to provide the service. A few examples of requested services are:

- ◆ Investigations of public complaints against professionals, particularly professionals who are not in healthcare occupations.
- ◆ Legal representation to prosecute cases of professional incompetence, advise boards and review regulations
- ◆ Newsletters to inform license holders of enforcement actions, board actions and licensing information
- ◆ Copies of new regulations governing professions sent to the affected license holders
- ◆ Increased access to information and license application via the internet
- ◆ Alaska representation in national licensing organizations
- ◆ Participation in the nursing Colleagues in Caring project
- ◆ Training of board members
- ◆ Faster license processing

Thank you for sponsoring HB 418.

Sincerely,

Catherine Reardon

Subject: Expenditure Authority for Revenues with Dept of Commerce Division of Occupational Licensing

Date: Wed, 22 Mar 2000 19:00:41 -0800

From: "John R. DeLapp" <jrdelapp@alaska.net>

To: <Representative_Norman_Rokeberg@legis.state.ak.us>

Dear Representative Rokeburg:

I strongly support your bill to separate revenues generated by the Division of Occupational Licensing through licensing fees from general fund monies. I also believe that the bill is quite timely in that it would enable the Board of Nursing to assume responsibility for Alaska Colleagues in Caring, paying the associated costs with revenues generated by license fees.

Alaska Colleagues in Caring (ACIC) is a consortium of agencies and facilities concerned about the adequacy of the Alaska Nursing Workforce. The Alaska Board of Nursing is one of the members of the ACIC Consortium. Originally this project was partially funded by a grant from the Robert Wood Johnson Foundation; the remainder of the funding came from donations from consortium members. Last year, the Alaska Board of Nursing agreed to assume responsibility for the project; unfortunately, that decision came too late for it to get into the FY 00 budget. However, the project was in the budget submitted to the Legislature for consideration this year. As you know, the budget submitted by Governor Knowles is not being considered by the Legislature; instead, the FY 00 budget, which did not contain the spending authority increment for ACIC, is being used as the starting point for the FY 01 budget.

ACIC exists to identify concerns regarding the nursing workforce; to that end, project staff have gathered and analyzed descriptive data about Alaska RNs and LPNs have surveyed employers regarding their needs for nurses. Analyses of those data have confirmed that Alaska - like the rest of the country - is experiencing a current nursing shortage that is likely to worsen as the current nursing workforce (which has a mean age in the mid-40s) retires. Additional activities of ACIC include developing strategies for addressing workforce shortage issues and developing models for trending and predicting future workforce needs.

I would reiterate that funding of ACIC by the Board of Nursing would be completely covered by revenues generated from licensing fees. Therefore, what is needed is exactly what your bill addresses - authority to expend the funds that are generated by those fees.

I am sending a similar message to every member of the House Finance Committee. If you require additional information regarding this matter, please do not hesitate to contact me. I can be reached during the day at 907-786-4571.

Thank you for submitting this bill - my best wishes for its passage.

Sincerely,

March 19, 2000

Dear Representative Rokeberg,

The Alaska State Home Builders Association would like to offer our support to House Bill 418 "An act designating certain receipts as program receipts, ...".

It has been the goal of our Association to achieve certain things from the Division of Occupational Licensing such as increased enforcement of unlicensed contractors, and a board of contractors, among others. The question of how we would pay for these additional services has always been of issue in these times of budget cutting. While we understand that the cost of additional services would be passed along to the licensees (us) we also understand the Legislature's desire to reduce the general fund. HB 418 would remove the Division of Occupational Licensing from the general fund budget process and move them to designated program receipts. Division expenditures will still be approved by the Legislature and would allow the Legislature to judge the request for additional expenditures on it's own merits.

The passage of HB 418 will help the Division of Occupational Licensing meet the needs and goals of the customers who pay the fees to run the program. We encourage you to pass this legislation.

Sincerely,

Alan Wilson, President

RE: HB 418 - Relating to designating certain receipts as program receipts

Dear Representative Rokeberg,

The Alaska Association of REALTORS with over 1,100 members statewide supports House Bill 418 relating to program receipts collected by the division of insurance and to program receipts collected by the Department of Community and Economic Development for occupational licenses.

We agree that fees collected by the Division of Occupational Licensing as program receipts should be accounted for separately. We are in favor of licensees having the opportunity to receive additional services from their respective Boards and Commissions.

House Bill 418 would assist state agencies in meeting their customers needs and the Alaska Association of REALTORS encourages the passage of this bill.

ASMI receives 2 major types of program receipts. The seafood marketing assessment (AS 16.51.120) is a voluntary assessment levied on seafood processors, based on the value of seafood products produced in Alaska. The salmon marketing tax (AS 43.76.110) is a tax based on production that is deposited in the General Fund by the Department of Revenue, which the legislature can appropriate to ASMI for the purpose of supporting the institute's domestic salmon marketing program. ASMI also collects a small amount of miscellaneous program receipts from other sources, such as publication sales and third party travel reimbursement.

ANALYSIS: (Attach a separate page if necessary)

The existing operating budget includes \$1,334,700 of general fund program receipt authority for collection of measurement device registration, weights and measures inspections, and oversize/overweight trip permit fees (testing and inspection of devices). \$65,300 additional receipt authority was requested in the Governor's FY01 budget for purchase of metrology lab and other equipment. This fiscal notes transfers the existing receipt authority from general fund/program receipt to a new measurement standards receipt authority and adds the requested increment to the same fund source.
