RE: Senate Bill No. 156 – "An Act relating to municipal incorporation, to reclassification of cities, to municipal boundary changes, and to dissolution of municipalities."

On behalf of the Local Boundary Commission, I thank you and the other members of the Senate Community and Regional Affairs Committee for introducing Senate Bill No. 156. The bill serves the best interests of the State of Alaska and existing and prospective municipal governments in Alaska. Senate Bill No. 156 carries no cost to the State. In fact, by eliminating ambiguities in existing law that needlessly invite litigation, the legislation may reduce future legal costs to the State.

The need for this legislation was identified as part of the Commission's ongoing efforts to refine its regulations. The goal is to eliminate unduly burdensome or confusing provisions and resolve ambiguities that might invite legal challenges. The Local Boundary Commission follows a rigorous decision-making process, in part, to minimize procedural grounds for challenging the Commission's actions. Still, given the contentious nature of the issues before the Commission and our litigious society, legal challenges occasionally occur.*

The current statutory provisions that authorize the Commission to act on petitions for reclassification, incorporation, boundary changes (annexation, detachment, merger, and consolidation), and dissolution contain differences in wording and are open to varying interpretation. The changes proposed by Senate Bill No. 156 establish a clear and consistent procedure for the Commission to follow on all petitions.

I urge you to give favorable consideration to Senate Bill No. 156. Please notify me when the Senate Community and Regional Affairs Committee plans to hold hearings on Senate Bill No. 156. I would welcome the opportunity to testify by teleconference in support of the measure.

Cordially,

Kevin Waring
Chairman

* Although other more recent challenges have been initiated, the last action taken by the Commission which was resolved in court involved an unsuccessful challenge of a 1992 annexation.

Re: "An Act relating to municipal incorporation..."

Dear Senator Kelly,

Thank you for the opportunity to comment on this bill.

The AML supports adoption of this bill as recommended by the Local Boundary Commission. The AML supports the position of the LBC on this technical amendment to clarify the LBC's power to amend petitions for incorporation, reclassification, or boundary changes. This technical clarification appears to be consistent with the original intent of the statute and is consistent with AML Policy encouraging the development of local government.

We will be happy to answer any other questions.

Sincerely

Kevin Ritchie
Executive Director
