FRAN ULMER
LIEUTENANT GOVERNOR
STATE OF ALASKA

Executive Order 103

Transferring the maintenance of certain permanent files of the certified copies of regulations and orders of repeal from the lieutenant governor to the state archivist

- Current statute (AS 44.62.080(2)) provides that the lieutenant governor shall "maintain a permanent file of the certified copies of regulations and orders of repeal for public inspection."
- Records of state's regulations from statehood to present date are housed in the lieutenant governor's office in a vault measuring nine feet long by eight feet wide.
- Existing space is unable to support addition of shelving or cabinets or to support conditions necessary to preserve the records over time.
- Records are to be maintained for permanency, security, and easy access by the public.
- These requirements would be achieved by transferring to the state archivist, on an annual basis, the originals of regulations on file in lieutenant governor's office for five years.
- State archives staff is trained in records preservation to protect important records from deterioration through regular use and maintain a dedicated reading room that is monitored and readily available to public. Space is climate and fire controlled.
- Other records of historical significance are maintained by the state archivist (i.e: original executive orders, original enrolled copies of all Acts and resolutions).
- Executive Order represents a custodial change in records maintenance with no fiscal impact since additional staff and space are not required.

The Honorable Brian Porter
Speaker of the House
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear Speaker Porter:

Under the authority of art. III, sec. 23, of the Alaska Constitution, I am submitting an Executive Order transferring the long-term maintenance of certified copies of regulations and orders of repeal from the lieutenant governor to the state archivist.

AS 44.62.080(2) requires the lieutenant governor to "maintain a permanent file of the certified copies of regulations and orders of repeal for public inspection." These files are currently housed in a vault measuring nine feet long by eight feet wide, an inadequate space for these important records on a long-term, permanent basis. This Executive Order provides for the transfer of regulations on file in the lieutenant governor's office for five years to the state archivist, assuring proper storage, preservation and access. The order would take effect March 16, 2002.

It is essential these records be permanently maintained and easily accessible by the public, as provided for in this Executive Order.

Sincerely,

Tony Knowles
Governor
