ANALYSIS: (Attach a separate page if necessary)

Currently, the department is charged, by state statute, to administer the state's Gifted Education program. This legislation clarifies the state's responsibilities relating to the Gifted Education program. Although the legislation does not add new responsibilities, the department has not had the resources to meet the requirements. Federal special education funds cannot be used for this purpose. The department has requested an increment of \$177,700 in general funds in the FY2002 budget for the Division of Teaching and Learning Support, Special and Supplemental Services Component to cover the costs for administering this program.

Prepared by: Barbara Thompson Phone 465-8727
Division: Teaching and Learning Support Date/Time 11/14/00 10:00 AM
Approved by: Bruce Johnson, Deputy Commissioner of Education Date 11/14/00

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 15, 2001

The Honorable Brian Porter
Speaker of the House
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear Speaker Porter:

Alaska's responsibility for providing quality educational services for our children extends to all children, including those with unique educational needs. I transmit today a bill clarifying the state's role in the education of our exceptional children.

In 1997, Congress authorized amendments to the Individuals with Disabilities Education Act (IDEA). The subsequent federal regulations related to the IDEA took effect in May 1999. This bill amends inconsistent components of our state statutes to bring Alaska into compliance with these current federal special education mandates, including emphasizing the participation of parents in making decisions relating to special education eligibility and services.

An important protection provided to both school districts and children with disabilities is the due process hearing. This bill clarifies the procedures for requesting a due process hearing and streamlines the process for selecting a hearing officer by having the Department of Education and Early Development (department) randomly assign officers from a list maintained by the department. These procedures will help due process hearings be completed in a fair and timely fashion.

Alaska law presently requires that a school district provide special education services to children with disabilities who reside in the district. State law also exempts children from attending public school if children are enrolled in an alternative education program. This has resulted in confusion regarding which school district or other educational agency is responsible for providing special education services when children are enrolled in

HB 71

alternate programs. This bill addresses this problem by providing for allocation of the responsibilities and coordination of the provision of special education services among the various educational agencies.

Present state law provides a combined program of services for gifted children and for children with disabilities. The detailed requirements of the federal IDEA and the federal program financing apply only to the state's educational programs for children with disabilities; federal money for the IDEA may not be used for programs for gifted children. To be consistent with federal requirements, this bill separates statutes regarding special education requirements for children with disabilities from those regarding requirements for gifted children. However, the bill maintains procedural safeguards for both programs.

As part of Alaska's commitment to quality education for all children, including children with disabilities and gifted children, I urge your prompt and favorable action on this bill.

Sincerely,

Tony Knowles
Governor
