ANALYSIS: *(Attach a separate page if necessary)*
CSSCR 28(RES) establishes the Joint Legislative Salmon Industry Task Force to address those elements of the Alaska salmon industry crisis that can be solved through governmental policy, or by action on the part of the industry, and to develop a long-term vision for the Alaska salmon industry as a critical element of the State's economic future. The task force is composed of two members of the Senate, two members of the House, and nine public members who are involved in the commercial salmon industry appointed jointly by the Presiding Officers of the Legislature. The task force shall hire staff, contract for research, legal and economic services and prepare and present a report to the Legislature by January 31, 2003.

FISCAL NOTE

STATE OF ALASKA
2002 LEGISLATIVE SESSION

BILL NO. CSSCR 28(RES)

ANALYSIS CONTINUATION

In FY02, \$25.0 will be needed to cover travel costs for Task Force Members to attend one organizational meeting in Juneau and one working meeting in Anchorage.

Personal Services

Beginning in FY03, the Task Force will be staffed by a 10 month Range 21, Legislative Assistant at a cost of \$63.3, and a 5 month Range 15 Secretary at a cost of \$ 25.2, for a total of \$88.5.

Travel

The task force will hold 7 meetings in FY03. Six meetings will be in Anchorage and one meeting will be in Juneau. For the purposes of calculating necessary travel and per diem expenses, 1 Legislative member is assumed to be from Anchorage, and all other members of the Task Force are from other locations. Airfare travel costs for each meeting are estimated at \$6.0. \$6.0 times 8 meetings = \$48.0. Three days of per diem are budgeted for each meeting. 12 task force members times 3 days times \$226 Anchorage per diem rate = \$8,136 times 7 Anchorage meetings = \$57.0. 9 public task force members times 3 days times \$174 Juneau per diem rate = \$5.0. Total per diem \$62.0 plus total travel \$48.0 = a total cost of \$110.0.

Contractual

The Task force will contract for legal services, economic services, research services and other consulting services the Task Force considers necessary - \$269.0
Postage for correspondence and mailing final report - \$1.0
Phone budget for Task Force members - \$2.5
Advertising for meeting notices - \$3.5
Teleconferencing services and printing services will be absorbed within existing budgets.

Supplies

Supplies for the Task Force - \$.5

SENATOR ALAN AUSTERMAN

SPONSOR STATEMENT – SCR 28

“A resolution establishing the Joint Legislative Salmon Industry Task Force”

Alaska's salmon industry has recently met with hard times due to a number of factors, from sharp increases in farmed salmon production to the strong U.S. dollar. The downturn in salmon prices is having direct negative impacts on our working families and our communities and is causing hardship throughout our state economy. State government revenues derived from taxation on the industry are also declining as a result, meaning fewer resources are available to fund state government. As leaders of this state, it is incumbent on both houses of the legislature to address this situation with the utmost urgency.

To that end, SCR 28 creates a Joint Legislative Salmon Industry Task Force to address those elements of the crisis that can be solved through governmental policy. After examining the numerous factors affecting various sectors of the industry, the task force will recommend specific means by which state government can assist the industry in the most efficient and effective ways possible. Furthermore, it will address those elements of the crisis that can best be solved through action in the private sector.

The Task Force will be composed of:

- Two members of the Senate
- Two members of the House of Representatives
- Nine members of the public who are involved in the commercial salmon industry
- A chairman and vice-chairman shall be appointed jointly by the Senate President and Speaker of the House.

The Task Force will submit a report of its findings to the legislature, including a long-term vision for the Alaska salmon industry, by January 31, 2003, and will be terminated on March 1, 2003.

Previous salmon summits organized in recent years have produced valuable suggestions, yet Alaska still lacks effective leadership for its salmon industry. This resolution is a major step the Legislature can take towards providing that leadership.

Senator Pete Kelly
Co Chairman
Senate Finance Committee
State Capitol
Juneau, Alaska 99801

Dear Senator Kelly,

I would like to request a hearing for SB 215, an act relating to licensing common carriers to dispense alcoholic beverages. This bill would affect all vehicles, boats, aircraft or railway buffet cars in which alcoholic beverages are served.

One of the major air carriers operating in Alaska is required to maintain over 100 licenses in order to meet Alaska's ABC laws. My bill would streamline the licensing procedure by allowing the ABC Board to consolidate all licenses to the same date. The bill would further change the law to require a fee of \$700 for the first 10 licenses and then charge a fee of \$100 per license for each additional license.

I urge you to schedule a hearing for SB 215 at your earliest convenience. I would be happy to provide any further information you or the committee may need.

I appreciate your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Jch".

Senate Bill 215

"An Act relating to licensing common carriers to dispense alcoholic beverages; and providing for an effective date."

Sponsor:

Senator John Cowdery

Sponsor Statement

The purpose of SB215 is to reduce the administrative and clerical burden to common carriers when licensing vehicles, boats, aircraft, or railroad buffet cars, via a modification of the current licensing requirements for beverage dispensary licenses.

SB215 would simplify the current licensing process for the Alcoholic Beverage Control Board, and at the same time, reduce fees to licensees to more accurately reflect the actual costs to the Board of issuing licenses.

SB215 removes a competitive disadvantage experienced by intrastate operators and also brings Alaska's licensing costs more in line with similar fees levied by other states.
