Memberships

Society of Sigma Xi
The Wildlife Society
National Rifle Association
International Association of Fish and Wildlife Agencies
Territorial Sportsmen - Juneau, AK
Alaska Outdoor Council

Hobbies

Hunting, fishing, photography, skiing, basketball, softball, flying and music.

Professional Background

The first two years and one half years of my professional career were involved with big game research and management. This included research on caribou, moose, brown bear and polar bear. Responsibilities included research design, budgeting, implementation and reporting.

My M.S. thesis was concerned with the brown and grizzly bear research and management program instituted during the early 1960's.

In 1966, I was hired to start the new statewide lands program within the Alaska Department of Fish and Game. This program included participation in land planning and management activities of the various land managing agencies, including federal and state. Public access, developmental planning, land disposal, water pollution, land selections and other related activities were addressed by this new program. Eventually this program became a major part of the Habitat Division within the Department.

The Regional Supervisor position was for the South-central region. In this capacity, I was responsible for supervising all management and research programs within the region. The Regional Supervisor also served in a staff capacity to the Director.

From 1976 - 1978 I served on the Governor's task force dealing with proposed legislation eventually leading to the Alaska National Interest Lands Conservation Act.

As Director of the Game Division, I was responsible for administering all the programs of the Division. This included management and research programs. The Director also served as staff to the Commissioner for special assignments. The Division included a permanent staff of 118 employees and an annual budget in excess of \$10 million. The Division Director was responsible for all fiscal and personnel matters within the Division, legislative liaison, federal matters affecting the division and inter agency coordination between state and federal agencies.

As Executive Director of the Alaska Outdoor Council, I was responsible for administering all the programs of the Council. This included legislative lobbying at the state and federal level, fund raising, media communications, budgeting, personnel management and other administrative duties. The Council was a statewide organization with about 50 affiliated clubs and a membership of over 10,000.

The Director of International and National Affairs position for the Wildlife Legislative Fund of America was responsible for establishing and managing the Washington D.C. office for the organization. It also included lobbying on national and international issues, establishing communications with all federal agencies in Washington, D.C., raising funds and coordinating with national and international conservation organizations.

As Deputy Commissioner and eventually Special Assistant to the Commissioner of the Alaska Department of Fish and Game, my primary responsibilities were federal/state relations, federal legislation, and coordination with national and international organizations, state legislative liaison, budgets, Endangered Species Act implementation, habitat issues and litigation supervision.

December 27, 2002

Ted H. Spraker
33350 Skyline Drive
Soldotna, Ak 99669
907-262-9592

I was raised in Wyoming and completed my college education at the University of Wyoming. I hold a bachelor's degree in Wildlife Management and Master's in Range Management. I finished graduate school in May of 1973 and moved to Alaska in July. I have never been out of the state except for vacations. I'm 53 years old and married to Elaina Spraker. I have one son from a previous marriage, Clint, 23 and two stepchildren with Elaina, Ashley 14 and Kyle 12. My wife and all of our children are successful big game hunters and enjoy fishing. Kyle is my trapping partner.

Work:

I worked for U.S. Fish and Wildlife Service for five months, three in Southcast and two at the Kenai Moose Research Center in 1973.

I was hired by Department of Fish and Game on February 1, 1974, following one month of volunteer work. I worked in the Anchorage office for eight months before being promoted to Assistant Wildlife Biologist and transferred to Glennallen.

In July 1978, I was promoted to Area Wildlife Biologist and transferred to Soldotna as the biologist for the Kenai Peninsula. I remained in that position until I retired June 1, 2002, 28 years 4 months service.

Accomplishments with the Department:

I have made many changes during my near three decades career with the Department concerning wildlife, and hunting and trapping opportunities. Some of the most important projects were: In 1981, I presented survey data to the Board of Game to change the goat hunting on the Kenai. This hunting program is still in place.

I served as the project leader when caribou were relocated from Glennallen to the Kenai in 1985 and 1986 to establish the Twin Lakes, Killey River and Fox River herds. Eighty animals were released that grew to over 800 by fall 2002. One of the reasons we moved caribou was to establish new herds for hunting.

In 1987, I worked with the five local Fish and Game Advisory Committees and Board of Game to change the bag limit for moose from an "any bull" program to a Selective Harvest System. This effort was successful in restoring the bull to cow ratio, resulting in an improvement in our local moose population's health and longer hunting seasons. The success on the Kenai inspired the Board of Game to approve this system for other Game Management Units from southeast to the interior.

FAX NO. : 2621366

Dec. 27 2002 01:34PM P4

I have received several conservation awards including the Life Time Conservation award from Safari Club International and a conservation award from the local trappers association.

I'm a member of the Alaska Trappers Association, Safari Club International and a lifetime member of NRA. I'm an avid hunter, trapper and fisherman. I have commercial halibut fished every year since 1979 and currently hold a small IFQ.

I'm interested in being on the Board of Game due to my long-term involvement in this regulatory process and wildlife management. I also believe that under this new administration the Board will be allowed to make needed changes to benefit wildlife populations and their habitats, and a variety of users across the state.

Thank you for your support,

Ted

Michael Fleagle Biographical Information 01/16/03

Mike Fleagle was born in Tanana, Alaska in 1959, was raised in Manley Hot Springs, and has lived his whole life in rural Alaska with the exception of schooling in Fairbanks and Anchorage. He graduated from high school and continued his education with vocational training to follow his talents as a mechanic. This became his vocation until his assuming the duties of Airport Manager for the Department of Transportation in McGrath in 2001. He has worked for the DOT in McGrath since 1989, with 5 years of seasonal work for the DNR Forestry Division, also in McGrath, prior to that.

He has been married to his wife Donne of McGrath, for 23 years, has two grown sons Einar and Frank, and is soon to be a grandparent. Together they have lived a combined work-a-day and subsistence lifestyle. They have passed on the knowledge of respect for the wild and the harvest of wildlife to their sons, who both enjoy fishing, hunting, trapping, and other outdoor activities.

Mike is active, and has been active in many areas of public service, as well as native corporation boards. In the past he has served as chairman of the McGrath School Advisory Board, vice president of the Kuskokwim Public Broadcasting Corporation, and board member of the McGrath Christian Fellowship Assembly of God. He was also a member of the Alaska Board of Game for most of two terms, being appointed in October 1996 to a vacancy on the board. He served until the completion of his second term in January 2002.

He presently serves as the tribal chief of the McGrath Native Village Council, chairman of the Upper Kuskokwim Advisory Health Board, vice president of Doyon, Limited (the regional native corporation of interior Alaska), chairman of Doyon Tourism, Inc. (a Doyon subsidiary), and president of Bean Ridge Corporation (the village native corporation for Manley Hot Springs).
