POSITIONS

Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill would make November of each year "Avalanche Awareness Month".

The Department of Public Safety has a vested interest in educating citizens about the risks of avalanches. Educational efforts that should be dovetailed into November being "Avalanche Awareness Month" can be covered by existing resources.

No fiscal impact to the Department of Public Safety is anticipated.

SPONSOR STATEMENT FOR SB270

A Resolution relating to Avalanche Awareness Month

Alaska is avalanche country. Each year Alaska loses more people to avalanches than any other state, regardless of population. During the last four winters alone, 28 Alaskans have died in avalanches. Last winter, avalanche dust clouds hit school buses on Thane road in Juneau two times. It is chilling to think of the possible outcomes. While often little can be done to prevent the occurrence of an avalanche, **much can be done to prevent the loss of life from avalanches.**

Senate Bill 270 would establish November as Avalanche Awareness Month. This designation would serve to raise public awareness of the hazards associated with avalanches, and of the opportunities to participate in avalanche safety training at the beginning of the winter recreational season. It is hoped that public participation in avalanche safety programs will be increased. This increased participation will equip Alaskans with the skills necessary to survive potentially fatal encounters with avalanches and result in saved lives.
