The Honorable Pete Kott
Speaker of the House
Alaska State Legislature
State Capitol, Room 208
Juneau, AK 99801-1182

Dear Speaker Kott:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill establishing the Knik Arm Bridge and Toll Authority and relating to that authority.

This bill establishes an independent authority to build and operate a toll bridge over Knik Arm. The authority would be able to receive federal money and issue revenue bonds to finance the toll bridge and its appurtenant facilities. The authority would design, construct, and operate the bridge and its facilities.

The authority would be a public corporation that, although an instrumentality of the state within the Department of Transportation and Public Facilities, would have a separate independent legal existence from the state. The revenue of the authority would not become part of the general fund and the property of the authority would be exempt from taxation.

The bill establishes a three-person board to govern the authority. The commissioners of revenue and transportation and public facilities would serve on the board, along with a member of the public appointed by the governor for a five-year term.

Construction of a Knik Arm bridge is a cornerstone of my public transportation development plan. A Knik Arm bridge will unite Anchorage and the Matanuska-Susitna Borough to enable growth throughout southcentral Alaska.

I urge your prompt and favorable action on this measure.

Sincerely,

A handwritten signature in cursive script that reads "Frank H. Murkowski".

Frank H. Murkowski
Governor

31 (17) confer with municipal and other governments, metropolitan

1 planning organizations, and the department, concerning the Knik Arm bridge;

2 (18) do all acts and things necessary to carry out the powers expressly
3 granted or necessarily implied in this chapter.

4 (b) The authority shall

5 (1) prepare an annual report of its operations to include a balance
6 sheet, an income statement, a statement of changes in financial position, a
7 reconciliation of changes in equity accounts, a summary of significant accounting
8 principles, an auditor's report, comments regarding the year's business, and prospects
9 for the next year; the report shall be completed by the third day of each regular session
10 of the legislature, and the authority shall notify the governor, the commissioner of the
11 department, the presiding officers of each house of the legislature, and the Legislative
12 Budget and Audit Committee that the report is available;

13 (2) comply with the provisions of AS 37.07 (Executive Budget Act),
14 except that AS 37.07 does not apply to the activities of the authority that relate to the
15 authority's borrowing of money as provided in this chapter, including the issuing of its
16 obligations or evidence of that borrowing and the repayment of the debt obligation;

17 (3) establish a personnel management system for hiring employees and
18 setting employee-benefit packages;

19 (4) establish procedures, rules, and rates governing per diem and travel
20 expenses of the employees of the authority in substantial conformity to statutes,
21 procedures, rules, and rates applicable to state employees of similar state entities;

22 (5) coordinate the exercise of its powers to plan, design, construct,
23 operate, and maintain the Knik Arm bridge with the department, and with the mayors
24 of the Municipality of Anchorage and the Matanuska-Susitna Borough.

25 **Sec. 44.90.121. Bonds of the authority.** The authority may borrow money
26 and issue bonds on which the principal and interest are payable from money derived
27 from the fees, rents, tolls, rates, charges, and other revenue of the authority under this
28 chapter. Before issuing bonds for the Knik Arm bridge, the authority shall submit to
29 the state bond committee a description of the bond issue and a preliminary prospectus,
30 offering circular, or official statement relating to the bond issue. Bonds may not be
31 issued unless the state bond committee finds, based upon the information submitted by

1 the authority under this section and other information that is reasonably available to
2 the committee, that the Knik Arm bridge revenue and other revenue available to the
3 authority can be reasonably expected to be adequate for payment of the principal and
4 interest on the bonds to be issued and that issuance of the bonds by the authority
5 would not be expected to adversely affect the ability of the state or its political
6 subdivisions to market bonds. Bonds may not be issued unless the principal amount
7 of the bond issue is authorized by law.

8 **Sec. 44.90.131. Trust indentures and trust agreements.** (a) In the
9 discretion of the authority, an issue of bonds may be secured by a trust indenture or
10 trust agreement between the authority and a corporate trustee, by a secured loan
11 agreement or other instrument, or by a resolution giving powers to a corporate trustee,
12 by means of which the authority may

13 (1) make agreements with the trustee or the holders of the bonds that
14 the authority determines to be necessary or desirable, including agreements as to the

15 (A) application, investment, deposit, use, and disposition of

16 (i) the proceeds of bonds of the authority;

17 (ii) money or other property of the authority; or

18 (iii) money or other property in which the authority has

19 an interest;

20 (B) fixing and collecting of fees, rents, tolls, rates, or other
21 charges;

22 (C) assignment by the authority of its rights in any contract
23 with respect to the Knik Arm bridge or in a mortgage or other security interest
24 created with respect to the Knik Arm bridge to a trustee for the benefit of
25 bondholders;

26 (D) terms and conditions under which the authority may issue
27 additional bonds;

28 (E) vesting in a trustee of rights, powers, duties, money, or
29 property in trust for the benefit of bondholders, including the right to enforce
30 payment, performance, and all other rights of the authority or of the
31 bondholders, under a lease, power of contract, contract of sale, mortgage,

1 security agreement, or trust by injunction or other proceeding or by taking
2 possession by agent or otherwise, and operating the Knik Arm bridge and
3 collecting rents or other consideration and applying the same in accordance
4 with the trust agreement;

5 (2) pledge, mortgage, or assign money, leases, agreements, property,
6 or other rights or assets of the authority either presently in hand or to be received in
7 the future, or both; and

8 (3) provide for any other matters that affect the security or protection
9 of the bonds.

10 (b) Notwithstanding any other provisions of this chapter, the trust agreement
11 must contain an agreement by the authority that the authority will at all times maintain
12 fees, rents, tolls, rates, or other charges sufficient to

13 (1) pay the costs of operation and maintenance of the Knik Arm bridge
14 and its appurtenant facilities and the principal of and interest on bonds issued under
15 the trust agreement as the bonds severally become due and payable;

16 (2) provide for debt service coverage as considered necessary by the
17 authority for the marketing of its bonds; and

18 (3) provide for renewals, replacements, and improvements of the Knik
19 Arm bridge, and to maintain reserves required by the terms of the trust agreement.

20 (c) For the purpose of securing one or more issues of its bonds, the authority
21 may establish one or more special funds, called "capital reserve funds," and shall pay
22 into those capital reserve funds the proceeds of the sale of its bonds and any other
23 money that is available to the authority for the purposes of those funds. The funds
24 shall be established only if the authority determines that the establishment would
25 enhance the marketability of the bonds. All money held in a capital reserve fund,
26 except as provided in this section, shall be used as required solely for (1) the payment
27 of the principal of and interest on bonds or of the sinking fund payments with respect
28 to those bonds, (2) the purchase or redemption of bonds, or (3) the payment of a
29 redemption premium required to be paid when those bonds are redeemed before
30 maturity. However, money in a fund may not be withdrawn from the fund at any time
31 in an amount that would reduce the amount of the fund to less than the capital reserve

1 requirement set out in (d) of this section, except for the purpose of making, with
2 respect to those bonds, payment, when due, of principal, interest, redemption
3 premiums, and the sinking fund payments for the payment of which other money of
4 the authority is not available. Income or interest earned by or increment to a capital
5 reserve fund due to the investment of the fund or any other amounts in the fund may
6 be transferred by the authority to other funds or accounts of the authority to the extent
7 that the transfer does not reduce the amount of the capital reserve fund below the
8 capital reserve fund requirement.

9 (d) If the authority decides to issue bonds secured by a capital reserve fund,
10 the bonds may not be issued if the amount in the capital reserve fund is less than the
11 amount of the capital reserve fund requirement, if any, established by resolution of the
12 authority, unless the authority, at the time of issuance of the obligations, deposits in
13 the capital reserve fund from the proceeds of the obligations to be issued or from other
14 sources an amount that, together with the amount then in the fund, will not be less than
15 the capital reserve fund requirement.

16 (e) In computing the amount of a capital reserve fund for the purpose of this
17 section, securities in which all or a portion of the fund is invested shall be valued by
18 some reasonable method established by the authority by resolution. Valuation on a
19 particular date shall include the amount of any interest earned or accrued to that date.

20 (f) The chair of the board shall annually, not later than January 2, deliver to
21 the governor and the legislature a certificate stating the sum, if any, required to restore
22 any capital reserve fund to the capital reserve fund requirement. Money appropriated
23 during that fiscal year for capital reserve fund restoration shall be deposited by the
24 authority in the proper capital reserve fund.

25 (g) If the authority decides to issue bonds secured by a capital reserve fund,
26 the bonds may not be issued until 30 days after the authority has mailed notification to
27 the state bond committee and the Legislative Budget and Audit Committee by certified
28 mail of its intention to establish a capital reserve fund to secure the bond issue. The
29 notification must include the amount of the capital reserve fund to be established, the
30 amount of bonds proposed to be issued, and the total cost for which the bonds are to
31 be issued. The notification shall be accompanied by an estimate by the authority of

the need to withdraw money from the capital reserve fund during the term of the bond issue, the amount that may be necessary to withdraw, and the time at which withdrawals are estimated to be needed. By January 30 of each year, the authority shall prepare, and provide to the state bond committee and the Legislative Budget and Audit Committee, a revised estimate, considering the same factors, and a statement of all withdrawals that have occurred from the date of issuance of the bonds to the end of the preceding calendar year.

(h) Nothing in this section creates a debt or liability of the state.

Sec. 44.90.141. Validity of pledge. It is the intention of the legislature that a pledge made in respect of bonds shall be perfected and shall be valid and binding from the time the pledge is made, that the money or property so pledged and after that received by the authority shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether the parties have notice. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created need be recorded or filed under the provisions of the Uniform Commercial Code in order to be perfected or to be valid, binding, or effective against the parties. This section does not affect title to or conveyances of real property, and does not limit the applicability of AS 40.17.080(b).

Sec. 44.90.151. Nonliability on bonds. (a) Neither the members of the board nor a person executing the bonds of the authority is liable personally on the bonds or is subject to personal liability or accountability by reason of the issuance of the bonds.

(b) The bonds issued by the authority do not constitute an indebtedness or other liability of the state or of a political subdivision of the state other than the authority, but shall be payable solely from the income, receipts, or other money or property of the authority.

(c) The authority may not pledge the faith or credit of the state or of a political subdivision of the state other than the authority, and the issuance of a bond by the authority does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply money from, levy, or pledge any form of taxation to

L

1 the payment of the bond.

2 (d) Each obligation issued under this chapter other than a state guaranteed
3 bond shall contain on its face a statement that the authority is not obligated to pay it
4 nor the interest on it except from the revenue or assets of the authority and that neither
5 the faith and credit nor the taxing power of the state or of any political subdivision of
6 the state is pledged to the payment of the principal of or the interest on the obligation.

7 **Sec. 44.90.161. Pledge of the state.** The state pledges to and agrees with the
8 holders of bonds issued under this chapter and with a federal agency that loans or
9 contributes money in respect to the Knik Arm bridge that the state will not limit or
10 alter the rights and powers vested in the authority under this chapter to fulfill the terms
11 of a contract made by the authority with the holders or federal agency or in any way
12 impair the rights and remedies of the holders until the bonds, together with the interest
13 on them, with interest on unpaid installments of interest, and all costs and expenses in
14 connection with an action or proceeding by or on behalf of the holders, are fully met
15 and discharged. The authority may include this pledge and agreement of the state,
16 insofar as it refers to holders of bonds of the authority, in a contract with the holders
17 and, insofar as it relates to a federal agency, in a contract with the federal agency.

18 **Sec. 44.90.171. Exemption from taxation.** The real and personal property of
19 the authority and its assets, income, and receipts are declared to be the property of a
20 political subdivision of the state and are exempt from all taxes and special assessments
21 of the state or a political subdivision of the state. All bonds of the authority are
22 declared to be issued by a political subdivision of the state and for an essential public
23 and governmental purpose. The bonds, the interest on the bonds, the income from the
24 bonds and the transfer of the bonds, and all assets, income, and receipts pledged to pay
25 or secure the payment of the bonds or interest on the bonds are, at all times, exempt
26 from taxation by or under the authority of the state, except for inheritance and estate
27 taxes and taxes on transfers by or in contemplation of death. Nothing in this section
28 affects or limits an exemption from license fees, property taxes, or excise, income, or
29 other taxes provided under any other law, nor does it create a tax exemption with
30 respect to the interest of any business enterprise or other person, other than the
31 authority, in any property, assets, income, receipts, project, or lease, regardless of

1 whether financed under this chapter.

2 **Sec. 44.90.181. Bonds legal investments for fiduciaries.** The bonds of the
3 authority are securities in which all public officers and bodies of the state and all
4 municipalities and municipal subdivisions, all insurance companies and associations
5 and other persons carrying on an insurance business, all banks, bankers, trust
6 companies, savings banks, savings associations, including savings and loan
7 associations and building and loan associations, investment companies and other
8 persons carrying on banking business, all administrators, guardians, executors,
9 trustees, and other fiduciaries, and other persons who are now or may afterward be
10 authorized to invest in bonds or other obligations of the state may properly and legally
11 invest money, including capital in their control or belonging to them. Notwithstanding
12 any other provision of law, the bonds of the authority are also securities that may be
13 deposited with and may be received by all public officers and bodies of the state and
14 all municipalities and municipal subdivisions for any purpose for which the deposit of
15 bonds or other obligations of the state is now or may afterward be authorized.

16 **Sec. 44.90.191. Audit.** The legislative auditor annually shall audit, or cause to
17 have audited, the financial records of the authority. The legislative auditor may
18 prescribe the form and content of the financial records of the authority and shall have
19 access to these records at any reasonable time.

20 **Sec. 44.90.201. State appropriations for Knik Arm bridge and**
21 **appurtenant facilities not affected.** This chapter does not prevent the state from
22 making appropriations for or in aid of the acquisition, design, construction, or
23 operation of the Knik Arm bridge and its appurtenant facilities.

24 **Sec. 44.90.211. Insurance.** The authority shall keep in force public liability
25 insurance in an amount reasonably calculated to cover potential claims for bodily
26 injury, death or disability, and property damage that may arise from or be related to its
27 operation and activities, naming the state as an additional insured.

28 **Sec. 44.90.221. Safeguarding of money.** The authority shall maximize
29 revenue from and deposit all money in depositories acceptable to the commissioner of
30 revenue and otherwise safeguard the money under instructions as the commissioner of
31 revenue may from time to time issue.

1 **Sec. 44.90.231. Fidelity bond.** The authority shall obtain a fidelity bond in an
2 amount determined by the board, for the members of the board and any official

Dear Bev,

I am in support of building a bridge over Kink Arm. I cannot support paying a toll without knowing what the cost per trip would be. Also would there be yearly passes available to commuters?

Sincerely,

Dale Adams, Mayor
