CS HB 266 (FIN)

"An Act relating to questioned ballots and questioned voters, voter registration, training of election officials, preparation of election materials, provision of election materials, forms, and supplies for polling places, voter identification, absentee voting, and counting ballots; and providing for an effective date."

In October 2002, President Bush signed the "Help America Vote Act," (H.R. 3295) into law (P.L. 107-252). HAVA is the result of a bipartisan effort in Congress to make sweeping changes to federal election laws to improve the overall administration of elections, increase accessibility to those with disabilities, and also to prevent voter fraud.

Many changes required under HAVA do not require amending Alaska statute, but HB 266 includes those necessary to meet federal mandates. Changes recommended in the bill before you follow the intent of the federal law and do not place unnecessary burdens on the voter. It is imperative that these changes mandated by federal law are passed by the Legislature this year.

HB 266 also includes changes the Division recommends. The Division supports the language recommended in Senator Lincoln's SB 24, and it has been included in this bill with her permission. Other changes regarding returning identification/voter cards to other jurisdictions, reference to a "master list," and adding types of information that can be provided by the voter when registering in person are requested by the Division in this bill.

The House State Affairs Committee removed the language suggested by the Division changing the term "questioned ballots" to "provisional ballots." The federal law refers to "provisional voting," (which Alaskans refer to as "questioned voting") and the Division originally recommended changing the references in statute to conform to the federal language.

05/08/03
8:46 AM

The State Affairs Committee also restored references to the Division sending voters letters regarding the status of their absentee, questioned, or partially counted ballot in addition to the "free access system" required in HAVA.

The House Finance Committee substitute removes perhaps the most significant change NOT mandated by the federal act. In the first two versions of the bill the Division recommended replacing the terms "non partisan" and "undeclared" with the term "unaffiliated." As a result, there will be no changes to the current references to "non partisan" and "undeclared."

The Division of Elections asks for your support of House Bill 266.

SUBJECT: Scheduling CSHB 266(FIN)

I respectfully request that you schedule CS for House Bill 266 (FIN), "An Act relating to questioned ballots and questioned voters, voter registration, training of election officials, preparation of election materials, provision of election materials, forms, and supplies for polling places, voter identification, absentee voting, and counting ballots; and providing for an effective date" at your earliest convenience.

Statutory changes included in HB 266 are required to be adopted THIS YEAR to comply with the election reform law signed by President Bush in 2002 ("The Help America Vote Act" – HAVA).

I am attaching copies of the sponsor statement, sectional analysis, and back up material. Please let me know if you have any questions or I can provide any additional information.

“An Act relating to questioned ballots and questioned voters, voter registration, training of election officials, preparation of election materials, provision of election materials, forms, and supplies for polling places, voter identification, absentee voting, and counting ballots; and providing for an effective date.”

Section 1 – NEW subsection requiring the Director of Elections to enter into an agreement with DMV and PFD to allow the Division to match voter information for first-time registrants who are registering by mail, facsimile, or other electronic transmission.

Required by HAVA section 303(b)(3)(B)(ii).

Section 2 - Applicants for voter registration will be required to supply additional information –
An Alaska driver's license or Alaska I.D. card (if issued)
Last four digits of the applicant's social security number (if issued)
Date of birth

Required by HAVA section 303(b)(3)(B)(i) and (ii).

Section 3– Applicants who have been previously registered to vote in another jurisdiction would no longer be required to surrender to the registration official any voter registration or ID card or credentials from that previous jurisdiction. The Director would not be required to return that applicant's voter registration or ID card or credentials to that jurisdiction.

The Director will, however, still be required to notify the chief elections officer in that jurisdiction that the applicant has registered to vote in Alaska and to cancel the applicant's voter registration in that jurisdiction

“Houskeeping” change – the Division has not been requiring the surrender of the voter registration or ID card or credentials, nor has the Director been returning them to the election official in the previous jurisdiction, as other jurisdictions do not require that function.

Section 4 – Adds a state ID card or a valid photo identification to the list of acceptable forms of identification that can be shown when applying for voter registration in person.

“Houskeeping” change – adds to the options of types of identification that are acceptable.

Section 5 – NEW subsections requiring the Director to verify information provided by an applicant requesting initial registration by mail, through agency records (DMV/PFD). If an applicant cannot provide an Alaska driver's license, state id or social security number, because the applicant has not been issued any of those numbers, they may instead submit a copy of a driver's license (other than Alaska's), state I.D. card, current and valid photo I.D., birth certificate, passport, or a hunting/fishing license.

All Alaskan registrants who submit a complete voter registration form are assigned a “unique identifying number” on their voter card. This language is added to emphasize intent of HAVA.

Required by HAVA sections 303(a)(5)(A)(i) and(ii), 303(a)(5)(b)(i), 303(b)(4)(A), 303(b)(4)(B).

Provided by the Division of Elections

05/09/03

Section 6– In regards to the voter registration database (master register) the phrase “located in the office of the director and on the district register located in the office of the election supervisor” is removed. The Voter Registration Election Management database (VREMS) is the “master register” and is accessible by all regional supervisors and the Director’s office.

“Housekeeping” change.

Section 7 – Replaces the phrase “may not,” with “is not eligible to.” Removes language related to the master register and its location (same as above). Also makes a stylistic change with regard to when a voter is eligible to vote.

“Housekeeping” change.

Section 8 – Adds “absentee in person”. The information obtained on the envelope used for voting a questioned or absentee in person ballot will be the same as that required on a voter registration form. If the voter voting such a ballot completes the information, the director is required to place the voter’s name on the voter registration list.

Required by HAVA section 303 (b).

Section 9 – This language more accurately reflects Division practices. The Director is required to file a plan describing the training program provided to election officials every year by March 1st to the Lt. Governor. (replaces January to enable staff to determine more accurate costs related to training.) The word “annual” was removed because the training plans are based on the election cycle calendar.

“Housekeeping” change.

Section 10 - NEW subsection that requires the Director to provide materials, forms and supplies for each polling place to include-

- Hours the polling place will be open
- Instructions on how to cast a provisional ballot
- Instructions for first time voters who initially registered by mail
- General information on voting rights
- Prohibitions on acts of fraud/misrepresentations and how to report these violations

Required by HAVA section 302 (b)(2).

Section 11 - Requires that a voter who casts a questioned ballot be given information at the time they vote that the voter will be able to ascertain whether the ballot was counted, and if not, why not.

Required by HAVA section 302.

Section 12 – Adds types of identification required at the polls before voting to

- State ID card
- Current and valid photo ID
- An original or copy of a current utility bill, bank statement, paycheck, government check, or other government document bearing the name and current address of the voter

Required by HAVA sections 303(b)(1) and 303 (b)(2)(A)(i) and (ii).

Section 13- Identification requirements may not be waived for voters who are first-time voters who initially registered by mail, facsimile, or other electronic transmission and did not provide the identification required when registering by mail.

Required by HAVA sections 303(b)(1) and 303 (b)(2)(A)(i) and (ii).

Section 14- removes the phrase "hand count precincts" when explaining how the election board shall count ballots, thereby providing a uniform definition of what constitutes a vote.

Required by HAVA section 302(a)(6).

Section 15 – Requires first-time voters who initially registered by mail, facsimile, or other electronic transmission and who are voting absentee by mail, to provide a copy of:

- Driver's License or State ID card
- Current and valid photo ID
- Birth certificate, passport, or hunting or fishing license
- A current utility bill, bank statement, paycheck, government check, or other government document bearing the name and current address of the voter

Required by HAVA section 303 (b)(2)(A)(ii).

Section 16 – NEW subsection that allows for absentee ballot applications of absent uniformed services voters and absent overseas voters to be valid through the next two general elections.

Required by HAVA section 704.

Section 17 – Requires the Director to provide "special absentee ballots" to Alaskans living, working or traveling in a remote area of the State where distance, terrain, or other natural conditions deny the voter reasonable access to a polling place.

Duplicates the language offered in Senator Lincoln's SB 24 with permission of the Senator.

Section 18 – Specifies that the absentee ballot of a first-time voter who registered by mail, facsimile, or other electronic transmission will not be counted if the proper identification was not provided or if the voter was not personally known by the election officials, or if the identification can not be verified by state agency records.

Required by HAVA section 303(b)(2).

Section 19 – NEW subsection that requires the Director to provide a "free access system" so absentee voters can determine whether their ballot was counted, or if not, why not.

A "free access system" may be a toll free number or a website address, or both. The information must be available not less than 10 days after certification of the primary election and not less than 30 days after the certification of a general or a special election.

Required by HAVA section 302 (b)(2).

Section 20 – Specifies that the questioned ballot of a first-time voter who registered by mail, facsimile, or other electronic transmission will not be counted if the proper identification has not been provided or did not provide identification that could be verified by state agency records.

Required by HAVA sections 302 (a)(5)(A), 303 (b)(1), 303 (b)(2)(A)(i) and (ii) and 303 (b)(3)(B).

Section 21 – NEW subsection that requires the Director to provide a “free access system” so those who voted a questioned ballot can determine whether their ballot was counted, or if not, why not.

A “free access system” may be a toll free number or a website address, or both. The information must be available not less than 10 days after certification of the primary election and not less than 30 days after the certification of a general or a special election.

Required by HAVA section 302 (a)(5)(B).

Section 22 – NEW subsection that requires the Director to provide a “free access system” so those who voted a ballot that was partially counted can determine whether their ballot was partially counted, or if not counted, why not.

A “free access system” may be a toll free number or a website address, or both. The information must be available not less than 10 days after certification of the primary election and not less than 30 days after the certification of a general or a special election.

Required by HAVA section 302 (a)(5)(B).

Section 23 - “handcount precincts” was removed because there is a uniform definition of what constitutes a vote. (Section 14 of this bill)

Required by HAVA section 302(a)(6).

Section 24– Repeals the following section:

15.15.360 (c) stated that the votes described in that section are only those in handcount precincts, but in reality it is how ALL votes are treated.

Repealed because Section 14 provides for a UNIFORM definition of what constitutes a vote.

Section 25– Provides for an immediate effective date. The State must pass this legislation to comply with the federal act this year.

The Honorable Pete Kott
Speaker of the House
Alaska State Legislature
State Capitol, Room 208
Juneau, AK 99801-1182

Dear Speaker Kott:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to elections.

This bill would amend the state election code statutes as required to comply with a recently enacted federal law, the "Help America Vote Act of 2002" (HAVA), P.L. 107-252 (H.R. 3295). The HAVA was enacted to improve the states' administration of federal elections after problems with the administration of those elections by certain states was brought to light during the 2000 presidential election. Many of the reforms set out in the HAVA are intended to protect against election fraud and to ensure that the votes of all persons entitled to vote are counted.

All of the states are required to comply with the HAVA, including amending state laws to comply. To comply with the timelines in the HAVA, this bill must be passed by the legislature and enacted into law this year. Upon certification of compliance with the HAVA, each state is eligible to receive various payments from the federal government to use in implementing the requirements of the HAVA. Alaska is projected to receive payments of approximately \$5,000,000 per year for three years to implement the HAVA.

Alaska is fortunate because our modern state election code already includes many of the requirements of the HAVA, such as a statewide voter registration information database and provisional ("questioned") voting. However, the state election code does not contain a few of the measures required by the HAVA -- this bill would make the necessary amendments. A detailed description of those amendments follows.

The Honorable Pete Kott
April 11, 2003
Page 2

First, all sections in the election code that refer to "questioned ballots" would be amended to refer to "provisional ballots." The two terms are synonymous, but the change would conform to the HAVA's use of the term "provisional" ballots.

In sec. 2 of the bill, AS 15.07.055 would be amended to add a new subsection to require the director of elections to enter into an agreement with the Department of Administration, for motor vehicle information, and the Department of Revenue, for permanent fund dividend information, to match information with the division of elections (division) for first-time voter registrants who are registering by mail, facsimile, or other electronic transmission. This amendment is required by sec. 303(b)(3)(B)(ii) of the HAVA.

Sections 3 and 6 of the bill would amend AS 15.07.060 to require that applicants for voter registration supply certain additional information -- an Alaska driver's license or identification card number, or the last four digits of the applicant's social security number, if any of those numbers have been issued to the applicant. Under the bill, an applicant also would have to provide his or her date of birth. Persons who apply for registration for the first time by mail also would have to provide one of the identifying numbers, and date of birth, that can be verified through state agency records described in sec. 2 of the bill. If such an applicant has not been issued any of the identifying numbers, the applicant may alternatively submit a copy of a photo identification. For any applicant for voter registration who has not been issued any of the required identifying numbers, the division would issue to the applicant a unique identifying number. These amendments are required by secs. 303(a)(5)(A)(i) and (ii), 303(a)(5)(B)(i), 303(b)(4)(A), and 303(b)(4)(B) of the HAVA.

The changes made by sec. 7 of the bill relate to procedures for providing a voter registration card to a voter who registers by mail, facsimile, or other electronic transmission, and are to conform to the HAVA's identification requirements for such voters.

Section 9 of the bill would amend AS 15.07.070(h) to require voter registration proof of identification information on the voter's certificate for voting an absentee in-person ballot. This amendment is required by sec. 303(b) of the HAVA.

The Honorable Pete Kott
April 11, 2003
Page 3

Section 13 of the bill would amend AS 15.15.040 to require that certain information be available at polling places, such as how to cast a provisional ballot, instructions for first-time voters, prohibitions on fraud, and how to report violations. This amendment is required by sec. 302(b)(2) of the HAVA.

Section 14 of the bill would amend AS 15.15.198 to require that a voter who casts a provisional ballot receive information on whether the ballot was counted. This amendment is required by sec. 302 of the HAVA.

Section 16 of the bill would amend AS 15.15.225 to specify the forms of identification that a voter must exhibit at the polls before voting. These amendments are required by secs. 303(b)(1) and 303(b)(2)(A)(i) and (ii) of the HAVA.

Section 18 of the bill would amend AS 15.15.360(a) on the rules for counting ballots, to provide a uniform definition of what constitutes a vote as required by sec 302(a)(6) of the HAVA.

Section 21 of the bill would amend AS 15.20.081(f) to require that first-time voters who initially registered by mail, facsimile, or other electronic transmission and who are voting absentee by mail, must provide certain identifying information if they have not already provided identifying information specified by AS 15.07.060. Section 21 also would make it mandatory, rather than discretionary, that the director of elections, by regulation, require proof of identification for any voter who votes absentee by mail - - existing regulations already provide for that identification requirement. These amendments are required by sec. 303(b)(2)(A)(ii) of the HAVA.

Section 22 of the bill would amend AS 15.20.081 to add a new subsec. (i) to allow the absentee ballot applications of absent uniformed services voters and absent overseas voters to be valid through the next two federal elections. This amendment is required by sec. 704 of the HAVA.

Section 25 of the bill would amend AS 15.20.203(b) to specify that the absentee ballot of a first-time voter who registered by mail, facsimile, or other electronic transmission will not be counted if the proper identification has not been provided. This amendment is required by sec. 302(b)(2) of the HAVA.

The Honorable Pete Kott
April 11, 2003
Page 4

Section 26 of the bill would repeal and reenact AS 15.20.203(h) to provide for a free access system for absentee voters to use to determine whether their ballot was counted. An example of a free access system is a toll-free phone number for voters to call. The free access system would replace the current system of mailing individual notice to voters. This change is required by sec. 302(b)(2) of the HAVA.

Section 29 of the bill would amend AS 15.20.207(b) to specify that the provisional ballot of a first-time voter who registered by mail, facsimile, or other electronic transmission will not be counted if the proper identification has not been provided. This amendment is required by secs. 302(a)(5)(A), 303(b)(1), 303(b)(2)(A)(i) and (ii), and 303(b)(3)(B) of the HAVA.

Section 35 of the bill would repeal and reenact AS 15.20.207(h) to require a free access system, as described above, for voters to use to determine whether their provisional ballot was counted. This change is required by sec. 302(a)(5)(B) of the HAVA.

Section 41 of the bill would repeal statutes that are no longer necessary due to the changes described above.

Other changes proposed in the bill are not required by the HAVA. Section 4 of the bill would make "housekeeping" changes to AS 15.07.060(b) regarding voter registration or identification cards from another jurisdiction. Section 5 of the bill would amend AS 15.07.060(c) to allow for additional acceptable forms of identification for in-person voter registration. Section 8 of the bill would make "housekeeping" changes to AS 15.07.070(d). Section 12 of the bill would amend AS 15.10.107 to update the statute and reflect current division practices. Section 16 of the bill includes the repeal of language allowing additional forms of voter identification to be prescribed by regulation. Section 23 of the bill would amend AS 15.20.082(a), regarding special absentee ballots, to expand the group eligible to use these ballots to include persons in remote areas of Alaska; this change would duplicate the changes proposed by SB 24, introduced on January 23, 2003. Sections 25 and 29 of the bill would amend AS 15.20.203(b) and 15.20.207(b), respectively, to specify that absentee in-person ballots and provisional ballots will not be counted if the voter has not provided the proper identification and was not personally known by the election official. Sections 38 - 40 of the bill would amend statutes regarding the primary election by replacing the terms "nonpartisan" and "undeclared" with the term "unaffiliated" in identifying voters who are not affiliated with a political party, to streamline references to such voters.

The Honorable Pete Kott
