The Alaska Commission on Aging (ACOA) is due to sunset on June 30, 2004. The ACOA is tasked with helping older Alaskans lead dignified, independent, and useful lives. ACOA is authorized to administer and coordinate state programs for older Alaskans and to administer federal programs funded under provisions of the Older Americans Act (OAA). The ACOA is required by federal regulations. Section 305 of the Older Americans Act requires each state to designate an agency as the sole state agency to 1) develop and administer a state plan and 2) coordinate all state activities related to the Older Americans Act and 3) serve as an effective and visible (continued on page 2)

advocate for the elderly, and 4) distribute funds to individuals with the greatest economic or social need. The Department of Health and Social Services (DHSS) is designated as the sole state agency. The Division of Senior and Disabilities Services (DSDS) is responsible for coordinating all state activities and granting funds for older Alaskans. The ACOA has been charged with the responsibility of developing a state plan and working with the DSDS to implement the plan, and to serve as an effective advocate for the elderly. If the ACOA expires, the Department of Health and Social Services (DHSS) stands to lose \$13 million in federal dollars for senior services.

Extension of the Commission does not have any fiscal impact since the funding is budgeted in the Governor's budget. This fiscal note shows an increase over the original fiscal note to reflect changes made in the Governor's Amended budget.

HB 394

Extending the Alaska Commission on Aging

2/24/4

Section 1 of HB 394 extends the sunset date for the Alaska Commission on Aging until June 30, 2008. An audit dated October 1, 2003, recommends this extension.

Sections 2 and 3 merely reflect Executive Order 108 which, in 2003, moved the Commission from Department of Administration to Department of Health and Social Services.

The mission of the Alaska Commission on Aging (ACOA) is to ensure dignity and independence for Alaska's seniors and to assist them, through programs and services funded by the Commission, to lead useful and meaningful lives.

The Commission is charged with planning, advocacy, and interagency coordination on senior citizen issues, in accordance with Federal law.

Extending the Commission's sunset will allow Alaska's Senior Citizens to continue benefiting from these valuable services.

## DIVISION OF LEGISLATIVE AUDIT

The Legislative Budget and Audit Committee is a permanent interim committee of the Alaska Legislature. The committee is made up of five senators and five representatives, with one alternate from the Senate and two from the House. The chairmanship of the committee alternates between the two chambers every legislature.

The committee is responsible for providing the legislature with audits of state government agencies. The programs and activities of state government now cost more than \$6 billion a year. As legislators and administrators try increasingly to allocate state revenues effectively and make government work more efficiently, they need information to evaluate the work of governmental agencies. The audit work performed by the Division of Legislative Audit helps provide that information.

As a guide to all their work, the Division of Legislative Audit complies with generally accepted auditing standards established by the American Institute of Certified Public Accountants and with government auditing standards established by the U.S. General Accounting Office.

Audits are performed as mandated by Alaska Statutes or at the direction of the Legislative Budget and Audit Committee. Individual legislators or committees can submit requests for audits of specific programs or agencies to the committee for consideration. Copies of all completed audits are available from the Division of Legislative Audit's offices in Juneau, Anchorage, or at our web site <http://www.legaudit.state.ak.us/>

Dear Representative Holm:

Your House Bill 394 extending the Commission on Aging is of great importance to the elders of Alaska. The Commission allows for planning and coordination of services. A year ago I decided that I wanted to help the seniors of Alaska and in my research found that the Commission served a unique and important place in the constellation of agencies serving the elderly. They are able to look at the services with the consumer in mind to assure that there is adequate holistic planning.

I am pleased that you sponsored this legislation and on behalf of the volunteer seniors I applaud your efforts and the efforts of the Commission on Aging.

Yours truly,

RE: Alaska Commission On Aging

Dear Mr. Holm:

I am writing to thank you for supporting HB 394, the continuance of ACoA until June, 2008.

As you are no doubt aware, ACoA advocates for seniors all over the State and has staunchly supported the provision of Home and Community based services for this silent minority. The Commission keeps abreast of program changes in the State and works closely with the Legislature vis a vis senior issues.

With the recent cuts of services to seniors, I believe it is critical that ACoA be allowed to continue as advocates for our senior citizens.

Sincerely,

Dear Representative Holm:

I'm writing in strong support of House Bill 394 and Senate Bill 263 to extend the Alaska Commission on Aging to June 30, 2008.

The Commission performs an essential role in planning, developing and overseeing the Older Americans Act, and other programs to assist older Alaskans to remain in their own homes and communities as long as possible. Its initiative in coordinating Older Americans Act Title III programs with the Title VI Alaskan Natives programs (direct federal-tribal) is an exemplary national model. The Commission's leadership has also been very effective in fostering collaborative and creative partnerships with both the public and private sectors resulting in greater efficiency and enhanced services.

As the Commission members are seniors themselves, they provide a direct link to older Alaskans and their communities. And, as a vehicle for senior, community and research input, the Commission's analysis produces an ongoing vision for both current and future planning to meet the needs of a rapidly increasing and aging older Alaskan population.

It is essential that the excellent work of the Commission be continued.

Sincerely,

The Honorable Bruce Weyhrauch, Chair  
House State Affairs Committee  
Alaska State Capitol, Room 102  
Juneau, Alaska 99801-1182

Dear Chair Weyhrauch:

HB 394 (Holm)—Support

On behalf of the AARP members in Alaska, we encourage you and your colleagues on the House State Affairs Committee to support HB 394, sponsored by your Committee Vice-Chair, Jim Holm. HB 394 would extend the Alaska Commission on Aging until June 30, 2008.

Every state has a citizen advisory group that helps state government deal with the changing demographics of our aging society. Since 1990, Alaska has reversed the trend of retirees migrating "Outside" and, except for Nevada, Alaska now has the highest percentage of retirees who remain in their home state and do not relocate. Although our percentages are yet small, they reflect an "aging of Alaska" that will be similar to the other states of the Union.

There are many public policy issues, both opportunities and challenges, that come with this demographic trend. The Alaska Commission on Aging has for several years brought together some of our "best and brightest" minds to help our state deal with issues varying from housing to caregiving, from nutrition to long term care.

We need the Alaska Commission on Aging to continue its significant role in our State and for its citizens.

AARP recommends an "AYE" vote on HB 394.

If you have any questions about our position, please feel free to contact Marie Darlin, Coordinator of the AARP Capital City Task Force (907-586-3637); Patrick Luby, AARP Legislative Representative (907-762-3314); or me (907-245-5259).

Thank you for your consideration.

February 13, 2004

Dear Representative Holm:

Congratulations and thank you for taking the lead in supporting the Alaska Commission on Aging. It is imperative that HB394 be approved. This commission is an extremely important entity, especially in these times of major change. The commission was established to ensure the dignity and independence of this state's seniors and to assist them, through state funded services, to lead useful and meaningful lives. Some of the goals include:

- 1) providing support and services to enable them to remain in their own homes and communities;
- 2) promoting health and well-being;
- 3) ensuring adequate training and professional development of service providers resulting in competent delivery of services to seniors; and
- 4) providing opportunities to facilitate maximum mutual benefit and harmony between generations.

Home and community-based services such as care coordination, in-home respite and Adult Day Centers are absolutely critical to helping seniors. The continued provision of these services are being threatened. Reduction of these services will be devastating to our elderly and ultimately more costly to the state of Alaska as placement in assisted living homes and nursing homes will become necessary for many.

Again, my thanks, Jim, for your support of the continuance of this commission.

Sincerely,

Dear Representative Holm:

Thank you for sponsoring HB394. Your lead supporting the Alaska Commission on Aging is a true sign of your commitment to your community. This entity is very important and pertinent to all communities in Alaska. The signs of the times are not encouraging for services that are critical for improving the lives of our seniors. With this commission we can assure our seniors will be cared for with dignity. We must continue to support the provisions that are in place.

Your efforts are truly appreciated.

The Honorable Jim Holm  
House of Representatives

Dear Representative Holm:

I would first like to congratulate you in taking the lead in support of the Alaska Commission on Aging. ACOA has been instrumental in guiding and supporting home and community based services such as respite care, adult day services and care coordination. With the recent cuts in these services it has become even more important for the Alaska Commission on Aging to continue their role. When you consider the size of our State and the very limited dollars available to serve seniors, along with the "baby boomers" which are quickly becoming the seniors of today, programs will be even more dependent on the wisdom, longevity and guidance the Alaska Commission on Aging offers.

I have worked with the senior population for over sixteen years. It wasn't that long ago that programs like these were preparing for the increased senior population with the hope of providing quality services and meeting most everyone's needs. Now it appears that the future looks very grim for those seniors that need the assistance of home and community based services.

Your lead in the support of the Alaska Commission on Aging's continuance through June of 2008, (HB 394) offers some hope at a very bleak time for those that at one time supported many of the human service needs of those living in the State of Alaska.

Thank you for this opportunity to comment and I wish you the best in these difficult times.

Sincerely,

Kathy Lee
