### SPONSOR STATEMENT

#### CSHB 425(EDU) SECONDARY BOARDING SCHOOLS

HB 425 puts into statute DOE's current practice. This legislation supports existing programs that are successful. Under this bill a student would not have to pass the current entrance standards. The bill would give students a choice of going to a school that something different to offer than may be available in their hometown.

This legislation by statute reimburses to full school year secondary boarding schools costs incurred by the district operating the program.

The legislation limits the program to schools already operating boarding schools on January 1, 2004.

There are three boarding schools that would qualify for reimbursement for a per-pupil stipend and one round trip between the student's community of residence and the school during the school year if the district expends money for the trip.

These schools will participate in a five-year pilot project that the Department of Education will evaluate for the legislature.

The hold harmless section of this bill allows a student's district of residence to count a student for the ADM count even though the student is attending a secondary boarding school. This avoids the possibility of paying the base allocation twice for the same student.

## REPRESENTATIVE JOHN COGHILL

### Sectional For Committee Substitute for House Bill 425(EDU)

#### Section 1.

(a) Provides that a school district that was operating a secondary boarding school prior to January 1, 2004 could be reimbursed for the cost of operating the boarding school providing they have a suitable student dormitory and provide daily access to a public school offering the grades 9-12 classes.

(b) The district can be reimbursed for a per-pupil stipend determined by the Department of Education and for one round trip per student that travels from their community.

(c) Defines district as "a city or borough school district or a regional educational attendance area.

Also defines district secondary school boarding program as "a public school operated for a full school year by a district in which the domiciliary services are provided for students in grades nine through 12. The full school year was added to the language in the Special Committee on Education and this resulted in a reduction in the fiscal note of \$227,700.

#### Section 2.

Provides a hold harmless clause for school districts that have children move out of the district to attend a secondary boarding school. The students moving from the district would be counted in the average daily membership of the home district.

#### Section 3.

This is a sunset clause that repeals the substance of this bill on July 1, 2009.

#### Section 4.

Puts into place an effective date of July 1, 2004.

Re: Consideration, House Bill 425  
Cc: Distribution

#### Choice Alaska Greetings!

I want to express to you, and your colleagues in the Alaska Legislature, the sincere appreciation of the students, parents and staff of the Nenana Student Living Center for your past financial support. We received last year's monies with the understanding that we would return this year with an alternate method of future funding.

HB 425 has received bipartisan support in the House, passing by a vote of 38-0. Last Friday it made its way through the Senate HESS Committee. Your committee (Senate Finance) is currently considering HB 425 - I would ask that you consider the following:

**Personal Testimony:** Before coming to Nenana, I was the principal/administrator at Matanuska Christian School (K-12, Palmer, AK). During the HESS Committee meeting I heard the term "cash cow" used in reference to the fiscal note attached to this Bill. While I realize that there is a substantial fiscal note accompanying this legislation - this measure purposes to continue providing rural kids and their parents a choice... for what they believe is a better, expanded educational opportunity. I am hopeful you will consider this measure an investment, not an expense.

In my twelve-year tenure at MCS, I helped to provide choices to thousands of students and their families in the Mat-Su Valley. In doing so, we were able to save the state tens of millions of dollars in ADM monies. I did not comment on the learning environment at the local schools - it was the students and parents that decided that their needs were not being met and needed a placement option.

That is what the Nenana Student Living Center has been able to provide for the last three years – a viable option for hundreds of students and families whose needs are not being met at their local schools.

The First Alaskans Institute recently hosted a symposium on *"Thirty Years Later: A look back on the Molly Hootch case and forward to the future of rural schooling in Alaska"* Their conclusion was noteworthy. In part it read, *"First and most important, students and their parents need to make the choice about where Native and rural children attend school, whether it's a local community school, a boarding school, or another option... to move forward on creating the best possible system for all students, Native and non-Native in rural Alaska..."*

With the ongoing demands of *No Child Left Behind*, options for students and their families will become increasingly more important. Failure to provide the option that the NSLC has been able to successfully provide would be tragic.

**Assessment:** I was fortunate to be able to participate in the School Board Fly-In last week. On the way to Juneau, I rode with a group of NSLC kids participating in NYO and others wanting to visit UAA. I am very pleased to report that I was able to register eight seniors for the fall of 2004. These soon-to-be graduates have their class schedule in hand and money set aside to begin their post-secondary education.

The "proof of the pudding is in the taste." The NSLC graduated two students (both college bound) in 2002, our initial year of operation. Six students (five college bound, one voc-tech) graduated at the end of our second year, 2003. This year we are pleased to be graduating 17 confident, optimistic young individuals excited about learning.

Agnes David, of Kongiginak, testified before the HESS Committee last week about her daughter Lucy and her friends that are now excited about learning and are eager to attend college this next fall. Lucy will be serving as a Della Keats intern this summer. Lucy is one of nine of this year's graduates that are already enrolled at UAA, three at UAF, two in the Job Corps, one at the Career Academy and one brave young lady (who was also the Prom Queen) in the United States Marine Corps. Each of these students had the assistance and encouragement of NCPS and NSLC staff.

Assessments are used to determine the value and significance of an event or process. Our student's successes are demonstrated with higher test scores, self reliance and a determined outlook on their future; these are the best forms of assessment that we have available.

The NSLC will continue to perform self-assessments in College and post-secondary placements. We also conduct attitudes and at-risk behavior surveys in the fall of each year. We will continue to comply with assessments administered by the state – AYP, benchmark scores and exit exams.

**Financial:** Through charts, we have tried to graphically show ADM savings to the state that would help to off-set some of the costs associated with this Bill. I have attached two separate analyses on the savings. Exhibit A uses the same data that we use to determine how much total money Nenana City Public Schools receives from the state, per student. We use that per-student-funding amount to determine our budget for the year. A different type of analysis, with different figures, was used in Exhibit B. This reflects the total dollars taken out the State's general fund.

Depending on the data used – you will get different results. I believe both to be accurate. However, it doesn't matter which numbers you use -- the fact remains that there is a tremendous cost savings (over \$300,000.00) when rural students choose to attend the NSLC.

House Bill 425 will generate approximately \$4,748.00 per student (\$455,808.00 divided by 96 students). This extra funding, plus Nenana's local ADM funding dollars will still total less money than what a majority of our students would generate if they stayed home. However, our students have chosen not to stay home. They are willing to leave their home and families to gain daily access to the expanded educational opportunities available in Nenana. These monies will only partially cover the cost of room, board, travel and supervision.

**Challenges:** Among others, Governor Murkowski and Senator Stevens have asked for changes in providing a better quality of education for our rural students. One option that has been presented by both is the idea of regional learning centers. Nenana has shown the initiative in answering this need.

While we don't claim to have all the answers... we are working hard at providing improved, innovative, fiscally responsible options. I am concerned that if individual cities and school districts do not gain some support in their efforts to provide educational choices – the educational challenges that exist in rural Alaska will remain unchanged, or possibly escalate.

Nenana has built a \$450,000.00 residential facility – the nicest in the state. No direct financial assistance for room, board, transportation and

supervision was available the first two years of operation. This was accomplished at a tremendous cost of both financial and human resources to the City of Nenana. Now we ask for your assistance in continuing to provide an environment of success and future hope.

Thank you for your consideration of House Bill 425. We ask for your help in our efforts to develop Alaska's most valuable resources.
