ANALYSIS: (Attach a separate page if necessary)
 Governor's FY04 budget request for pupil transportation is \$43,188,200
 SB 202 cost \$53,933,800
 Fiscal Note \$10,745,600
 SB 202 will provide each school district with a per student allocation based on the per student amount reimbursed in FY03 for pupil transportation services. Beginning in FY04 school districts that offer a transportation program will be allocated a grant based on their per student amount times the number of students in the current year.
 For FY05 and FY06 estimates and increase in the Anchorage CPI of 2%. Transition provision allows for grants to increased by 1/2 of the Anchorage CPI for FY05 and FY06. These estimates for inflation projects are based on flat student enrollment.

SPONSOR STATEMENT

Senate Bill 202 Education Funding and Pupil Transportation

Senate Bill 202 includes two provisions relating to K-12 public education that are intertwined with the Senate operating budget.

First, Senate Bill 202 revises the method in which local school districts are reimbursed for pupil transportation costs. Over the past seven years, district transportation costs have increased 77 percent; \$32.8 million in FY97 to \$58.1 million in FY04. This legislation establishes a pupil transportation grant program as a means to control the growth of these costs.

Under the proposed grant program, local school districts will receive an allocation based on their actual per student transportation cost in FY03. In FY04 and beyond, the pupil transportation grant will be determined by multiplying the district's transportation allocation by their student enrollment. This new reimbursement program recognizes fiscal constraint while continuing to support local school districts with their transportation costs.

Secondly, Senate Bill 202 increases the K-12 education funding per student amount to \$4,169, an increase of \$159. This change distributes \$32.1 million to 53 school districts through the education foundation formula; a plan that offers stable and predictable revenue to all 53 school districts. This much-needed increase will help our school districts to continue to improve their educational programs so that all students receive the best education possible.

Please join me in endorsing and passing Senate Bill 202.

Committee on SB 202, dated 14 May 03
bill # / subject public hearing date

I have spoken before against SB202. My concerns are that the Kenai District will lose funds with the transportation portion of the bill and where the district will make up those funds. In the past the cuts have been made to Academic Programs or Increasing PTR. The district has cut co-curricular activities. The supply budget was cut in half. The district is looking at closing schools. The average parent or community member is unaware of the ramifications the money the Kenai District will lose. The cost of transporting students in the Kenai area varies from community to community. Putting a \$ amt on each child instead of the route would be an additional burden on the district. What I would like to see is this portion of SB202 be tabled until more honest discussions around the state on who is truly responsible for the transportation of students and that each district is different. The portion of SB 202 that has to do with foundation formula. I am thankful for any increase however, Kenai District has been

increase is needed to help bring the Kenai District
to begin to adequately educate the children.
A honest discussion on who is responsible for
educating the children of Alaska.

Federal Government to the State to District to
Schools to Parents to Children.
What I would like to see is an increase of the
Foundation formula by at least \$270.
Administration and teachers all received raises this
year which they all deserve. The children of the state
of Alaska need their raise is the Foundation formula.
As a parent I am willing to pay my share my childrens
Education. Transportation and Foundation formula are
two different issues and should be separated.

Senators,

As I was driving down here this afternoon I was angry and ready to point out some very important information about Community Schools. After sitting here for 2 hours I am tired and disheartened. I will, once again, miss the opportunity to talk to you directly because my time to sit here is limited and I don't have any more change to put in the meter (a real ^{life} issue to deal with).

I have heard that the legislature hasn't had any support for Community Schools. There was a group here this morning - due to work demands they can't come back this afternoon. This has happened many times - People can't sit here all day!! Please show some respect for your constituents.

I wish you could have been in the office at Bear Valley Community School this morning. I think you would have ~~understood~~ ^{understood} what we have been trying to tell you - you would have understood the essence of Community School.

I was processing 163 Registrants for the 12th annual Bear Valley 5K Run

scheduled for this Sat. May 17. There will be over 200 participants by Sat as there has been for the past 12 years. It is a family event, a healthy event and a community event. In addition to the juic. volunteer meeting to organize the 5K our volunteer treasurer stopped by to drop off financial info., another volunteer came in to check on class requests for the after school program she is running tonight, two others came in - the door was revolving constantly and the office buzzing with community, volunteer participation. I wish you could have witnessed this. It is incredible and I beg you to please continue to fund community schools. I am the only paid staff person in the office but I coordinate hundreds of ~~volunteer~~ HUNDREDS!!! Many of them have been donating their time for years. I can't tell you the number of phone calls we have been getting at Bear Valley about the School Age Child Care (SACC) program we plan to open next year. It would be a before and after school child care program run

by Bear Valley Community School. It is an important need in our community that we were willing to step forward and address. ~~It was what and~~ what are you going to tell those families next year when the program doesn't open because BUCS (Bear Valley Community School) lost funding?

I can tell you the community does not realize what is going to happen if education funding is cut. They are busy leading their lives and can only spend so much time reading about legislative issues and commenting on them. Sad maybe, but true. It will hit home next fall when the SAC program doesn't open, when the ~~after~~ tutoring in Math & Reading isn't available, when all the after school classes are not available to their children and when the traditional community events they have come to rely on don't happen.

Well, now you're adjourned til tomorrow morning. Thanks guys. ~~I'll be there~~ ~~at that~~ so much for public testimony.

Chris,
Barbara Hays
