#### CSHB 425(EDU) SECONDARY BOARDING SCHOOLS

HB 425 puts into statute DOE's current practice. This legislation supports existing programs that are successful. Under this bill a student would not have to pass the current entrance standards. The bill would give students a choice of going to a school that something different to offer than may be available in their hometown.

This legislation by statute reimburses to full school year secondary boarding schools costs incurred by the district operating the program.

The legislation limits the program to schools already operating boarding schools on January 1, 2004.

There are five boarding schools that would qualify for reimbursement for a per-pupil stipend and one round trip between the student's community of residence and the school during the school year if the district expends money for the trip.

These schools will participate in a five-year pilot project that the Department of Education will evaluate for the legislature.

The hold harmless section of this bill allows a student's district of residence to count a student for the ADM count even though the student is attending a secondary boarding school. This avoids the possibility of paying the base allocation twice for the same student.

### Sectional For Committee Substitute for House Bill 425(EDU)

#### Section 1.

(a) Provides that a school district that was operating a secondary boarding school prior to January 1, 2004 could be reimbursed for the cost of operating the boarding school providing they have a suitable student dormitory and provide daily access to a public school offering the grades 9-12 classes.

(b) The district can be reimbursed for a per-pupil stipend determined by the Department of Education and for one round trip per student that travels from their community.

(c) Defines district as "a city or borough school district or a regional educational attendance area.

Also defines district secondary school boarding program as " a public school operated for a full school year by a district in which the domiciliary services are provided for students in grades nine through 12. The full school year was added to the language in the Special Committee on Education and this resulted in a reduction in the fiscal note of \$227,700.

#### Section 2.

Provides a hold harmless clause for school districts that have children move out of the district to attend a secondary boarding school. The students moving from the district would be counted in the average daily membership of the home district.

#### Section 3.

This is a sunset clause that repeals the substance of this bill on July 1, 2009.

#### Section 4.

Puts into place an effective date of July 1, 2004.

This Act would make a stipend available to districts currently providing a residential boarding home program. The stipend would be used for one round trip ticket per year for any boarding home student to travel within the state to attend the school in the district with the dormitory.

The restrictions on students who come from communities that have daily access to an appropriate grade would be removed until July 1, 2009.

A community with an ADM of less than 10 will still be counted as a school if the decline is due to students enrolling in another district's secondary school boarding program.

Senator Gary Wilken  
State Capitol, Room 518  
Juneau, AK 99801-1182

February 19, 2004

Dear Senator Wilken,

Thank you for allowing students from the NSLC and myself the opportunity to meet with you and your staff last month. I do appreciate the cordial way that you greeted us and received our request for your support of House Bill 425.

During the course of our discussion you mentioned an apparent discrepancy in figures that we used to show state savings of ADM monies that resulted from students attending the Nenana City Public School system. Thank you for providing the report entitled K-12 Public Education School Operating Fund. I have re-worked those figures using the table on tab 15 (State revenue per student) in your publication. I included only those monies that come from the state general fund. I have included the original table that included all monies received from the state and a revised table including only those monies coming from the general fund.

I was pleased to note that both tables show a substantial saving to the state. I am hoping that you consider these savings when considering the elements of House Bill 425. I am available to provide any additional information and data that you may require in considering this proposal.

Thanks again for your interest and hospitality. Your efforts are appreciated!

Sincerely,

## Coghill bill looks at boarding stipends

By TOM MORAN

Saturday, February 14, 2004 - News-Miner Juneau Bureau

JUNEAU--House Majority Leader John Coghill, R-North Pole, has introduced a bill that would offer additional state money to school districts that operate boarding schools.

House Bill 425, which Coghill introduced on Feb. 4, would let such school districts claim a stipend for each pupil in their respective boarding schools in order to help pay boarding expenses and also to pay for students' transport to and from the school at the beginning and end of the school year. The bill would add to a more limited stipend system in place today.

Coghill said he introduced the bill based on discussions with the Nenana school. He said he doesn't know whether there would be support for the bill in a state Legislature focused on a tight budget.

"I'm still going around looking for support, because it does have a cost to it," he said. "Before I begin the discussion of where we get the money from, I want to find out if there's support for looking for that money."

According to Eddy Jeans, school finance manager for the state Department of Education, the state already provides stipends ranging from \$460 to \$562 per student per month, plus the plane fare, to districts that operate boarding schools. But those only apply to students who do not have public high schools in their own districts. Coghill's proposal would apply those stipends to all students who attend boarding schools, even those who have the option of attending school at home.

"The proposal mirrors the current system," Jeans said. "The big thing here is that distinction of whether or not the kids have a secondary program in their home community."

Jeans said the purpose of the money would go to help the districts pay the additional costs of housing students.

"We don't have a program that provides school districts with (money to support) the residential side of a boarding school environment," he said.

Coghill's bill would apply to boarding schools in Nenana, Galena, Takotna, Bethel, Nome and Kotzebue, but not to Mount Edgecumbe in Sitka, which is run by the state.

The stipend received by the schools would vary regionally and be determined by the Department of Education. The measure doesn't have any specific numbers attached to it, but according to department estimates, the added stipends would cost about \$1.79 million per year, including \$445,000 for Nenana and \$586,000 for Galena. The current stipend program costs \$185,000 a year, so the whole program would run almost \$2 million.

In addition, the bill would allow school districts and schools to stay open if their student counts drop below state minimums solely because a student or students leave to attend state boarding schools.

Coghill said more work needs to be done on the bill, but said he wanted to drop it in it before this year's Feb. 15 deadline for introducing personal legislation.

"Really, all I'm looking for is trying to figure out what are all their needs, because I've only talked to the Nenana one," he said.

Jeans said the Department of Education has not taken a position on the bill at this point and said he expected legislators' reaction to it would depend on whether they could come up with the money while still meeting Gov. Frank Murkowski's budget goals.

The bill has been referred to the House Education, Finance, and Health, Education and Social Services committees.

**Comments:**

Rep. John Coghill

Mr. Coghill,

The results are in regarding participating facilities in the residential boarding home program.

Below is the estimated cost for the program as the State Statues read. If the Bill was to pass, this amount would be a best guess for annual cost. This directly affects 190 students (Nenana and Galena).

Nome-Beltz	No program	\$0	
Kotzebue	No Program	\$0	
Bethel	No Program	\$0	
Galena	Yes	\$585,800	
Nenana	Yes	\$445,440	
	Total	\$1,031,240	-about \$5,428 per student

The other programs that were in existence were contacted and they said that they were not interested in opening again.

Nenana currently saves the State \$383,000 in reduced ADM per year on average.

Galena is preparing similar statistics to determine the savings their facility generates.

I will send them as soon as we get them.

Jason

C. Applications for students entering for first semester must be received in the Department of Education no later than October 15. New applications for students entering at second semester (third quarter) must be received within 30 calendar days of the starting date specified in the school calendar. Applications received after these dates may be rejected.

D. State funding of students is based upon the approved application. Changes in participating students require submission of an amended Individual Attendance Report. No payments will be made for students who are unreported, or who are ineligible for the basic program. The State will reduce the allowable budget when numbers of students decrease.

E. Payments for out-of-district students will be made to the district administrating the program. Boarding Home students are the primary responsibility of the sending district in all matters involving the care and education of students in placement.

IV. Payment Rates:

A. Payment rates for food and housing were updated for FY90 using the following survey data. Food costs were adjusted using December 1987 University of Alaska Cooperative Extension service survey data. Housing costs were updated using the State Dept. of Administration's Alaska Geographic Differential Study survey data on an urban family budget for Anchorage in April 1985, then adjusting costs from the CPI's to 1988, then determining the proportional cost of housing per person. Payment rates have been adjusted by the 2002 Consumer Price Index for Anchorage. School districts were grouped by region considering climatic and transportation characteristic, relating them to the communities for which cost-of-living data was available.

<u>B. Regional Rates</u>	Total Stipend Month/Day

V. Budgets and Allowable Costs:

- A. WITHIN DISTRICT: State reimbursement will be for monthly/daily food and housing costs based on the rates established above. The days a student arrives and departs the boarding home are reimbursable. The daily rate is 1/30th of the monthly rate. Round trip travel to and from the home of residence and the community in which the student attends school is paid at cost for one trip per school year. Clothing, personal care costs and allowances are a parental responsibility. (Such costs for students who may be legal wards of the State are normally provided by the Department of Health and Social Services.) For students attending school within their home district, costs (including indirect costs) of placement supervision, counseling and program administration are the responsibility of the school district.

B. OUT-OF-DISTRICT: State reimbursement includes the approved rate for food and housing, one round trip per student at cost, and funding for placement supervision and indirect administrative costs of the administrating school district as follows:

1. Placement Supervision: Up to 30% of the stipend amounts for out-of-district students may be approved.
2. Administrative costs are limited to the Department-approved indirect cost rate computed against actual expenditures for the out-of-district students.
3. For budgeting purposes, the applicable indirect cost rate is that for the district administrating the program.

C. Financial Procedures:

1. An initial budget is the school district's estimate of students participating and related costs. Department of Education & Early Development will acknowledge receipt, and use estimates only for state budget planning.
2. First quarter reports must include revision of the initial budget to reflect actual student participation. School districts not providing first quarter reports may be subjected to prorated payments if the state appropriation is insufficient for full funding of the program.
3. For simplified reporting:

- e. Both reports must be submitted together for payment. The BHP report must be signed on line B.

VIII. Licensing of Boarding Homes:

State law requires that homes providing care for unrelated children under 16 years of age must be licensed by the Department of Health and Social Services (DHSS). The school district receiving and placing students is responsible for assuring that any student under age 16 is placed in a licensed home. (7 AAC 50.030)

VIII. Health and Medical Care:

Routine health care costs are a parental responsibility. For out-of-district boarding home students, the sending district is responsible for assuring that emergency medical care costs are met.
