FISCAL NOTE

STATE OF ALASKA
2005 LEGISLATIVE SESSION

BILL NO. HB 25 (A)

ANALYSIS CONTINUATION

Overview

The bill provides that one half of the fish business tax collected on fishery resources that are exported from Alaska prior to being processed (export tax) are to be shared with the city and/or borough in which it was sold. Under current law these tax revenues are transferred by the Department to the Department of Commerce, Community and Economic Development for allocation to communities across the state.

During FY04, the Department of Revenue collected \$743,766 of fish business tax on fishery resources exported from Alaska prior to being processed. The average export tax collected during the FY00 - FY04 period was \$623,667 annually. This revenue, along with half of the tax collected on fish processed outside a city or organized borough in Alaska was transferred to DCCED for subsequent distribution to communities across the state. The bill would not cause all of the export revenue to be shared directly with municipalities. Only the portion of the export tax attributable to fish sold within a city or organized borough would be shared directly. The remaining tax revenue would continue to be distributed by DCCED.

The Department does not collect data to determine the portion of the export tax that would be distributed directly to municipalities as a result of the bill.

Revenue and Cost Discussion

The bill changes the distribution of taxes between municipalities but does not effect the amount of tax collected by the state or the portion deposited in the General Fund. The Department is capable of implementing the bill using existing resources.

Technical Comments

The location of a sale for tax purposes is normally defined as the location from which the goods are shipped or their destination. The bill language does not provide a methodology for determining the situs of a sale although it must necessarily be the place of origination or the location of the taxpayer that sells the product.

We expect to collect revenues attributed to 2004 and earlier years after the July 1, 2005 effective date of the bill. The Department will not possess the information necessary to distribute export tax attributable to calendar year 2004 or earlier. We recommend that an applicability clause be added to the bill to specify that it applies only to taxes collected with respect to 2005 and subsequent tax years.

ANALYSIS: (Attach a separate page if necessary)
The Department of Commerce, Community, and Economic Development annually receives from the Department of Revenue one-half of the fisheries business tax revenue generated from processing that occurs outside any municipality. The department then distributes those funds to eligible municipalities under the authority of AS 29.60.450.

This bill expands the portion of the fisheries business tax subject to direct sharing to municipalities by the Dept. of Revenue, to include the tax revenue collected on the value of fishery resources "sold to a buyer in the municipality but not processed in the state". Because these tax revenues would now be subject to direct sharing to the affected municipalities, they would no longer be transferred to the department for distribution. It is estimated (based on calendar year 2003 processing activity) that approximately \$743.7 thousand in fish tax revenues could annually be affected by this legislation.

MEMORANDUM

March 17, 2004

SUBJECT: Distribution of fisheries business tax revenue levied under AS 43.75.100 among municipalities under AS 43.75.130 (Work Order No. 23-LS1852)

TO: Representative Paul Seaton
Attn: Chris Knight

FROM: George Utermohle *GU*
Legislative Counsel

You have inquired as to how the fisheries business tax collected under AS 43.75.100 on the value of fishery resources that are not processed in the state is to be distributed among municipalities under AS 43.75.130. This memorandum addresses your query.

AS 43.75.130 provides for payments of a portion of state revenue received from the fisheries business tax to the cities and boroughs where the tax is collected. The commissioner of revenue is to pay 50 percent of fisheries business tax revenue collected in unified municipalities and cities outside boroughs to those unified municipalities and cities. Within boroughs, 50 percent of the revenue collected is either paid to the borough if the tax is collected outside of a city, or divided equally between the borough and the city where the tax is collected if the tax is collected in a city. AS 43.75.130(a). Other provisions of AS 43.75.130 provide for transition of fisheries business tax revenue sharing from a city to a borough when a newly created borough encompasses a city where the tax is collected and provide that the amount of revenue received by eligible municipalities is unaffected in the event that tax credits available to fisheries businesses reduce the amount of revenue that the state collects in the city or borough.

AS 43.75.015 provides that fisheries businesses are liable for payment of the fisheries business tax on the value of fishery resources processed in the state. The rate of the tax depends on whether the fishery resource is salmon, a developing commercial fisheries species, or another fishery resource and on whether the fishery resource is processed by a shore-based fisheries business or by a floating fisheries business. AS 43.75.100 provides that a person who takes, purchases, or otherwise acquires a fishery resource that has not been subject to the tax levied under AS 43.75.015 is liable for payment of the tax levied under AS 43.75.015 if the person transports the fishery resource outside of the state for processing or sale, sells the fishery resource outside the state, or has a fisheries business in the state process the fishery resource.

Explanation of fisheries business tax

Representative Paul Seaton

March 17, 2004

Page 2

When AS 43.75.015, 43.75.100, and 43.75.130 are construed together, it is unclear how the fisheries business tax revenue derived through AS 43.75.100 is to be treated for purposes of revenue sharing under AS 43.75.130. AS 43.75.130 provides for sharing of revenue with the municipalities in which the revenue is collected. The reference to the municipality in which the tax is collected is an incorrect description of the process by which the fisheries business tax is levied and collected. The tax is not collected in a municipality. If it is collected anywhere, it is collected in Juneau where and when fisheries businesses report and pay their fisheries business tax liability to the Department of Revenue. It is probably more accurate to describe the amount of taxes collected in a municipality as the amount of tax liability incurred by a fisheries business as the result of fish processing in the municipality. When AS 43.75.100 imputes liability for payment of the fisheries business tax to persons who do not process fishery resources in the state, it does not appear to be practical, or even possible in some circumstances, to identify a specific location in the state where the liability for payment of the tax is initially incurred. The language of AS 43.75.015, 43.75.100, and 43.75.130 is not helpful in determining whether revenue derived under AS 43.75.100 is to be subject to revenue sharing under provisions of AS 43.75.130.

The Department of Revenue has not adopted regulations regarding how fisheries business tax revenue is to be attributed to municipalities for purposes of determining "the amount tax revenue collected in [a] municipality from taxes levied under [AS 43.75]". So there is no formal documentation of the procedure that the department uses to implement AS 43.75.130. Clearly AS 43.75.130 needs to be clarified before a meaningful answer to your question is possible.

The issues that generated your inquiry have existed for at least 20 years without ever being resolved. In 1985, the Department of Law examined this issue and concluded that there was no statutory basis for sharing fisheries business tax revenue with municipalities if the revenue is collected for processing that occurs outside of municipal boundaries. 1985 Inf. Alaska Att'y Gen. Op., file no. 366-313-85, January 18. The memorandum from the Department of Law to Mary Nordale, Commissioner of Revenue, does provide useful insight and perspective into the fisheries business tax revenue sharing program and is set out in its entirety:

You have asked whether, under the revenue sharing provisions of AS 43.75.130, the Department of Revenue (department) should distribute a percentage of the fisheries business taxes collected for processing that takes place outside of municipality, city, and borough boundaries. On examining the pertinent statutes, we conclude that there is no statutory basis for the department to distribute this revenue.

The department is currently distributing a percentage of the fisheries business tax it collects for processing that takes place within municipality or borough boundaries, but not for processing activities outside those boundaries. The department has been asked to review this practice in light

of floating processors or shore-based vessel processors that are processing in waters outside of municipality or borough boundaries, but that are making use of local facilities and services.

The department is charged with administering the tax laws established by statute. AS 43.05.040. Any action it takes in administering the tax laws is limited by the terms and scope of the underlying statutes involved.

There has been a revenue sharing provision of some form in the fisheries business tax statutes since at least 1962. Sec. 6, ch. 155, SLA 1962. Apparently the general purpose of this revenue sharing was originally to provide educational funds for communities, and later to assist in financing other services including fisheries enhancement. (Papers in 1979 Senate C&RA Committee File on SB 132, Legislative Research Library, Juneau.) AS 43.75.130, the fisheries business tax revenue sharing provision, states:

The commissioner of revenue shall pay

(1) to each municipality unified under AS 29.68.240 - 29.68.440, and to each city located in the unorganized borough, 50 percent of the amount of tax revenue collected in the municipality from taxes levied by this chapter;

(2) to each city located within a borough, 25 percent of the amount of tax revenue collected in the city from taxes levied by this chapter; and

(3) to each borough

(A) 50 percent of the amount of tax revenue collected in the area of the borough outside cities from taxes levied by this chapter; and

(B) 25 percent of the amount of tax revenue collected in cities located within the borough from taxes levied by this chapter.

The pertinent language in the section requires the department to share a percentage of the tax revenue collected "in the municipality," "in the city," or "in the . . . borough" from the fisheries business tax. There is no basis in this wording for sharing tax revenues from processing activities that take place outside of a local government area.

Under a literal reading of the statute, revenue sharing is only applicable to tax revenues collected in the municipality or borough. As a practical matter, actual collection of the tax will often not take place in the municipality, city, or borough in which the processing takes place. The department has interpreted AS 43.75.130 to mean that revenue sharing is

applicable to tax revenue collected for processing that takes place in the municipality, city or borough.

This interpretation is apparently one of long standing, and we believe that it is the correct interpretation of the revenue sharing statute. Given the purpose of revenue sharing, it is reasonable to assume that the legislature intended revenue sharing to go to communities that were affected by the processing activity rather than the place the tax was collected. The nature of the fisheries business tax also supports this interpretation. This is because, the fisheries business tax is a tax on the activity of processing. Footnote 1. The tax is imposed on "[a] person engaged in a fisheries business," AS 43.75.015, which is defined as a person who engages in processing fisheries resources for sale by freezing, cooking, salting, or other method and includes but is not limited to canneries, cold storages, freezer ships, and processing plants[.] AS 43.75.140(3). The tax is levied on a percentage of the value of the fisheries resource processed. Therefore, tax revenue collected from the fisheries business tax in a local government area would be from processing.

----- Footnote -----

Footnote 1. AS 43.75.100 imposes a tax on the taking of a fishery resource if it is not otherwise taxed under other provisions of AS 43.75. This section is intended to cover fisheries resources that are harvested but not processed in the state.

----- End Footnote-----

The statute makes no provision, however, for sharing revenues from taxes collected for processing that takes place outside of the local government area. We recognize that there may be some situations where these local governments are providing the types of services to processors that revenue sharing is generally intended to assist in financing. However, the department cannot take administrative action without underlying statutory authority, and there is no statutory authority for that type of revenue sharing in AS 43.75.130. Footnote 2.

----- Footnote -----

Footnote 2. The question presents additional issues concerning a proper method of allocating shared revenues among local governments when a processor impacts more than one community. With the statute silent on the issue of sharing revenues from processing outside of local government boundaries, there is no guidance on how to allocate. If the statute were changed to allow this type of revenue sharing, it should also give guidance on the allocation issue.

----- End Footnotes-----

Representative Paul Seaton
March 17, 2004
Page 5

The conclusions reached by the Department of Law appear to be just as pertinent today as they were in 1985. Though the conclusions of the department are based on the language of AS 43.75.130 as it read in January 1985, the changes made to the statute since then do not appear to affect the continuing validity of the department's conclusions. There is nothing in my review of the applicable statutes that would suggest a better or alternative conclusion as to the eligibility of municipalities to share in revenue received by the state on fishery resources that are not processed within a municipality. Thus, in conclusion, there is nothing in AS 43.75.130 that provides meaningful support for the proposition that municipalities are entitled to a portion of revenue derived by the state on fishery resources that are not processed within the municipality.

If I may be of further assistance, please advise.

CS FOR HOUSE BILL NO. 25()

IN THE LEGISLATURE OF THE STATE OF ALASKA

TWENTY-FOURTH LEGISLATURE - FIRST SESSION

BY

Offered:

Referred:

Sponsor(s): REPRESENTATIVES SEATON, Wilson

A BILL

FOR AN ACT ENTITLED

1 **"An Act relating to the sharing of fisheries business tax revenue with municipalities;**
2 **and providing for an effective date."**

3 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

4 *** Section 1. AS 29.60.450 is amended by adding a new subsection to read:**

5 (g) In addition to the amounts apportioned under (b)(1) of this section, each
6 fiscal year, a city with a population of 500 or less and a borough with a population of
7 3,000 or less shall also receive a hold harmless payment that is equal to the difference
8 between the amount that the city or borough received under (b)(1) of this section and
9 the amount that the city or borough would have received under (b)(1) of this section if
10 tax revenue collected under AS 43.75 on the value of fishery resources landed in a
11 municipality and exported from the state without being processed in the state had not
12 been available for payment to municipalities under AS 43.75.130(a) and (d).

13 *** Sec. 2. AS 43.75.130(a) is amended to read:**

14 (a) Subject to appropriation by the legislature and to [EXCEPT AS

PROVIDED IN] (d) of this section, the commissioner shall pay

(1) to each unified municipality and to each city located in the unorganized borough, 50 percent of the amount of tax revenue collected in the municipality from taxes levied under this chapter;

(2) to each city located within a borough, 25 percent of the amount of tax revenue collected in the city from taxes levied under this chapter; and

(3) to each borough

(A) 50 percent of the amount of tax revenue collected in the area of the borough outside cities from taxes levied under this chapter; and

(B) 25 percent of the amount of tax revenue collected in cities located within the borough from taxes levied under this chapter.

* Sec. 3. AS 43.75.130(d) is amended to read:

(d) Notwithstanding the provisions of (a)(2) and (a)(3)(B) of this section, the commissioner shall pay

(1) to each city that is located in a borough incorporated after June 16, 1987, the following percentages of the tax revenue collected in the city from taxes levied under this chapter:

(A) 45 percent of the tax revenue [TAXES] collected during the fiscal [CALENDAR] year in which the borough is incorporated;

(B) 40 percent of the tax revenue [TAXES] collected during the first fiscal [CALENDAR] year after the fiscal [CALENDAR] year in which the borough is incorporated;

(C) 35 percent of the tax revenue [TAXES] collected during the second fiscal [CALENDAR] year after the fiscal [CALENDAR] year in which the borough is incorporated; and

(D) 30 percent of the tax revenue [TAXES] collected during the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in which the borough is incorporated; and

(2) to each borough that is incorporated after June 16, 1987, the following percentages of the tax revenue collected in the cities located within the borough from taxes levied under this chapter:

1 (A) 5 percent of the tax revenue [TAXES] collected during the
2 fiscal [CALENDAR] year in which the borough is incorporated;

3 (B) 10 percent of the tax revenue [TAXES] collected during
4 the first fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
5 which the borough is incorporated;

6 (C) 15 percent of the tax revenue [TAXES] collected during
7 the second fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
8 which the borough is incorporated; and

9 (D) 20 percent of the tax revenue [TAXES] collected during
10 the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
11 which the borough is incorporated.

12 * Sec. 4. AS 43.75.130(g) is amended to read:

13 (g) In this section, "tax revenue collected" means the revenue collected
14 during a fiscal year by the department from taxes levied under this charter on
15 the value of fishery resources that are either (1) processed in a municipality; or
16 (2) first landed in a municipality and exported from the state without being
17 processed in the state; "tax revenue collected" includes the amount credited against
18 taxes under AS 43.75.018.

19 * Sec. 5. AS 43.75.130 is amended by adding a new subsection to read:

20 (h) Notwithstanding (a) and (d) of this section, the amount available for
21 payment to municipalities under this section from the amount of tax revenue collected
22 during a fiscal year by the department on the value of fishery resources that are sold to
23 a buyer in the municipality but not processed in the state shall be retained by the
24 department ^{transferred} until the amount necessary to make the hold harmless payment required
25 under AS 29.60.450(g) is calculated and paid by the Department of Commerce,
26 Community, and Economic Development. The amount required to hold harmless
27 cities and boroughs under AS 29.60.450(g) shall be paid, subject to appropriation,
28 from the tax revenue retained by the department under this subsection. After payment
29 of the hold harmless amount under AS 29.60.450(g), the amount that each
30 municipality is otherwise entitled to receive under (a) or (d) of this section from the
31 amount of tax revenue collected during a fiscal year by the department on the value of

fishery resources that are sold to a buyer in the municipality but not processed in the state shall be reduced proportionately by the amount necessary to make the hold harmless payment under AS 29.60.450(g), and the reduced amount shall be paid to the municipalities to which the tax revenue collected is to be paid under (a) or (d) of this section.

* Sec. 6. AS 43.75.137 is amended to read:

Sec. 43.75.137. Additional refund. Subject to appropriation by the legislature [TO THE EXTENT THAT APPROPRIATIONS ARE AVAILABLE FOR THE PURPOSE, AND NOTWITHSTANDING THE REQUIREMENT OF AS 37.07.080(e) THAT APPROVAL OF THE OFFICE OF MANAGEMENT AND BUDGET IS REQUIRED], an amount equal to 50 percent of the tax revenue that is collected during a fiscal year under this chapter from fisheries businesses and that is not subject to division with a municipality under AS 43.75.130 shall be paid by [TRANSMITTED EACH FISCAL YEAR, WITHOUT THE APPROVAL OF THE OFFICE OF MANAGEMENT AND BUDGET, BY THE DEPARTMENT TO] the Department of Commerce, Community, and Economic Development [FOR DISBURSAL] to eligible municipalities under AS 29.60.450.

* Sec. 7. This Act takes effect July 1, 2005.

18 the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
19 which the borough is incorporated; and

20 (2) to each borough that is incorporated after June 16, 1987, the
21 following percentages of the tax revenue collected in the cities located within the
22 borough from taxes levied under this chapter:

23 (A) 5 percent of the tax revenue [TAXES] collected during the
24 fiscal [CALENDAR] year in which the borough is incorporated;

25 (B) 10 percent of the tax revenue [TAXES] collected during
26 the first fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
27 which the borough is incorporated;

28 (C) 15 percent of the tax revenue [TAXES] collected during
29 the second fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
30 which the borough is incorporated; and

31 (D) 20 percent of the tax revenue [TAXES] collected during

1 the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
2 which the borough is incorporated.

3 * Sec. 3. AS 43.75.130(g) is amended to read:

4 (g) In this section, "tax revenue collected" means the revenue collected
5 during a fiscal year by the department from taxes levied under this chapter on
6 the value of fishery resources that are either (1) processed in a municipality; or
7 (2) first landed in a municipality and exported from the state without being
8 processed in the state; "tax revenue collected" includes the amount credited against
9 taxes under AS 43.75.018.

10 * Sec. 4. AS 43.75.137 is amended to read:

11 Sec. 43.75.137. Additional refund. Subject to appropriation by the
12 legislature [TO THE EXTENT THAT APPROPRIATIONS ARE AVAILABLE FOR
13 THE PURPOSE, AND NOTWITHSTANDING THE REQUIREMENT OF
14 AS 37.07.080(e) THAT APPROVAL OF THE OFFICE OF MANAGEMENT AND
15 BUDGET IS REQUIRED], an amount equal to 50 percent of the tax revenue that is
16 collected during a fiscal year under this chapter from fisheries businesses and that is
17 not subject to division with a municipality under AS 43.75.130 shall be paid by
18 [TRANSMITTED EACH FISCAL YEAR, WITHOUT THE APPROVAL OF THE
19 OFFICE OF MANAGEMENT AND BUDGET, BY THE DEPARTMENT TO] the
20 Department of Commerce, Community, and Economic Development [FOR
21 DISBURSAL] to eligible municipalities under AS 29.60.450.

22 * Sec. 5. The uncodified law of the State of Alaska is amended by adding a new section to
23 read:

24 APPLICABILITY. The amendments made to AS 43.75.130 by secs. 1 - 3 of this Act
25 apply only to fisheries business tax revenue collected by the Department of Revenue for tax
26 year 2005 and for subsequent tax years.

27 * Sec. 6. This Act takes effect July 1, 2005.

MEMORANDUM

February 21, 2005

SUBJECT: Amendments to HB 25 to hold harmless certain municipalities from the effects of the redistribution of fisheries business tax revenue (Work Order No. 24-LS0169\A.1-A.2)

TO: Representative Gabrielle LeDoux

FROM: George Utermohle
Legislative Counsel *GU*

Enclosed are two versions of an amendment to hold harmless certain municipalities from the effects of the redistribution of fisheries business tax revenue as proposed by HB 25.

BACKGROUND. Under AS 43.75.130, the state shares, subject to appropriation, 50 percent of fisheries business tax revenue collected on processed fishery resources with the municipality where the resources were processed. Under AS 43.75.137, municipalities that demonstrate significant effects from fisheries business activities are eligible, subject to appropriation, to share in 50 percent of the state's fisheries business tax revenue remaining after the state shares the tax revenue with municipalities under AS 43.75.130. HB 25 proposes to increase the amount of fisheries business tax revenue shared with municipalities under AS 43.75.130 by also sharing 50 percent of the tax revenue collected on fishery resources landed in a municipality but not processed in the state with the municipality where the resources are landed. The increased revenue sharing that HB 25 proposes to distribute under AS 43.75.130 will have the effect of reducing the amount of fisheries business taxes available for distribution under AS 43.75.137. The amendment that you propose seeks to hold harmless certain municipalities eligible for revenue sharing under AS 43.75.137 from the effects of increased revenue sharing under AS 43.75.130.

AMENDMENTS. The first amendment (A.1) reduces the amount to be distributed as municipal revenue sharing under AS 43.75.130 from tax revenue attributable to fishery resources that are sold in a municipality but not processed in the state by the amount necessary to hold harmless cities with a population of 500 or less and boroughs with a population of 3,000 or less from the effects that HB 25 would have otherwise had on those municipalities under AS 43.75.137.

The second amendment (A.2) holds harmless cities with a population of 500 or less and boroughs with a population of 3,000 or less from the effects that HB 25 would have otherwise had on the amount of revenue sharing distributed to those municipalities by

Representative Gabrielle LeDoux

February 21, 2005

Page 2

increasing the amount of fisheries business tax revenue available for sharing under AS 43.75.137. The amount necessary to offset the reduction in revenue sharing under AS 43.75.137, attributable to HB 25, would come from the state's portion of the fisheries business tax.

If I may be of further assistance, please advise.

Enclosure

AMENDMENT

OFFERED IN THE HOUSE

BY REPRESENTATIVE LEDOUX

TO: HB 25

1 Page 1, following line 3:

2 Insert a new bill section to read:

3 **** Section 1.** The uncodified law of the State of Alaska is amended by adding a new
4 section to read:

5 INTENT. It is the intent of the legislature that the amount of funds available for
6 disbursal under AS 43.75.137 to cities with a population of 500 or less and to boroughs with a
7 population of 3,000 or less not be reduced as the result of sharing tax revenue collected during
8 a fiscal year by the Department of Revenue on the value of fishery resources that are sold to a
9 buyer in the municipality but not processed in the state with the municipality in which the
10 fishery resources are sold as provided under AS 43.75.130(a) and (d), as amended by secs. 2
11 and 3 of this Act. It is also the intent of the legislature that the Department of Commerce,
12 Community, and Economic Development adopt regulations regarding the payment of tax
13 revenue from the fisheries business tax to municipalities under AS 29.60.450 and
14 AS 43.75.137 to hold harmless cities with a population of 500 or less and boroughs with a
15 population of 3,000 or less from the changes made to AS 43.75.130(a) and (d) by secs. 2 and
16 3 of this Act."

22 Renumber the following bill sections accordingly.

23

1 Page 4, following line 3:

2 Insert a new bill section to read:

3 **** Sec. 4.** AS 43.75.130 is amended by adding a new subsection to read:

4 (h) Notwithstanding (a) and (d) of this section, the amount available for
5 payment for municipalities under this section from the amount of tax revenue
6 collected during a fiscal year by the department on the value of fishery resources that
7 are sold to a buyer in the municipality but not processed in the state shall be reduced
8 proportionally by the amount necessary to provide that the amount of the tax revenue
9 collected under this chapter that would otherwise be available for appropriation for
10 payment under AS 43.75.137 to cities with a population of 500 or less and to boroughs
11 with a population of 3,000 or less is not less than the amount that those municipalities
12 would receive if the amount of tax revenue collected during a fiscal year by the
13 department on the value of fishery resources that are sold to a buyer in the
14 municipality but not processed in the state is not shared with the municipality in which
15 the fisheries resources are sold under this section."

17 Renumber the following bill sections accordingly.

AMENDMENT

OFFERED IN THE HOUSE

BY REPRESENTATIVE LEDOUX

TO: HB 25

1 Page 1, following line 3:

2 Insert a new bill section to read:

3 **"* Section 1.** The uncodified law of the State of Alaska is amended by adding a new
4 section to read:

5 INTENT. It is the intent of the legislature that the amount of funds available for
6 disbursement under AS 43.75.137 to cities with a population of 500 or less and to boroughs with a
7 population of 3,000 or less not be reduced as the result of sharing tax revenue collected during
8 a fiscal year by the Department of Revenue on the value of fishery resources that are sold to a
9 buyer in the municipality but not processed in the state with the municipality in which the
10 fishery resources are sold as provided under AS 43.75.130(a) and (d), as amended by secs. 2
11 and 3 of this Act. It is also the intent of the legislature that the Department of Commerce,
12 Community, and Economic Development adopt regulations regarding the payment of tax
13 revenue from the fisheries business tax to municipalities under AS 29.60.450 and
14 AS 43.75.137 to hold harmless cities with a population of 500 or less and boroughs with a
15 population of 3,000 or less from the changes made to AS 43.75.130(a) and (d) by secs. 2 and
16 3 of this Act."

22 Renumber the following bill sections accordingly.

23

1 Page 4, following line 3:

2 Insert a new bill section to read:

3 **"* Sec. 4.** AS 43.75.137 is amended by adding a new subsection to read:

4 (b) In addition to the amount available for disbursal to municipalities under (a)
5 of this section, subject to appropriation by the legislature, an amount equal to the
6 additional amount that would otherwise be available for disbursal under (a) of this
7 section to cities with a population of 500 or less and to boroughs with a population of
8 3,000 or less if the amount of tax revenue collected during a fiscal year by the
9 department on the value of fishery resources that are sold to a buyer in the
10 municipality but not processed in the state is not shared with the municipality in which
11 the fisheries resources are sold shall be paid from the tax revenue that is collected
12 during a fiscal year under this chapter to cities with a population of 500 or less and to
13 boroughs with a population of 3,000 or less."

Article 3 General Provisions

Section

200 - 280. (Reserved).

290. Shore-based fisheries business.

300. Definitions.

15 AAC 75.200. - 15 AAC 75.280

Reserved.

15 AAC 75.290. Shore-based fisheries business

A fisheries business operated from a floating vessel is not permanently attached to the land. A fisheries business operated from a floating vessel is a shore-based fisheries business only if it remains anchored in one place and does not move from that anchorage during an entire tax year. A movement of the vessel from the anchorage, for any reason, including dry-dock, repairs, maintenance, or a new processing location, either to another location in the state or to another location outside the state, disqualifies the fisheries business as a shore-based fisheries business.

History: Eff. 9/9/81, Register 79

Authority: AS 43.05.080

AS 43.75.015

15 AAC 75.300. Definitions

In AS 43.75 and this chapter,

- (1) "custom processor" means a fisheries business which does not own the fisheries resources it is processing;
- (2) "fisheries resource" means fin fish and shellfish, including but not limited to salmon, halibut, herring, flounder, crab, clam, cod, shrimp, and pollock; fish byproducts, such as roe, entrails and carcasses, are separate fisheries resources if they are transferred to another person for processing;
- (3) "market value" means the prevailing value paid for fisheries resources of like kind and quality by fisheries businesses in the same market area to fishermen who own their vessels;
- (4) "processing" means any activity which modifies the physical condition of a fisheries resource, including butchering, freezing, salting, cooking, canning, dehydrating, or smoking; however, "processing" does not include decapitating shrimp and gutting, gilling, sliming, or icing a fisheries

resource solely for the purpose of maintaining the quality of the fresh resource;

(5) "processing fisheries resources for sale" means the series of activities which are performed in preparing the fisheries resources for subsequent sale, regardless of whether the processor owns the fisheries resources and regardless of whether the processor is the seller in the subsequent sale of the fisheries resources;

(6) "value" means the actual price paid for the fisheries resource by the fisheries business, including indirect consideration such as fuel, supplies, or gear, whether paid at the time of purchase of the fisheries resource or tendered as a deferred, delayed, or advance payment, except that "value" means the market value of the fisheries resource if the fisheries resource is taken in company-owned or company-subsidized boats operated by employees of the fisheries business or in boats which are operated under lease or other arrangement.

- 30. Records.
- 40. Annual report by limited entry permit holder.

FISHERIES BUSINESS TAX AS 43.75

Description

Alaska levies a fisheries business tax on fisheries businesses and persons who process or export fisheries resources from Alaska. Alaska bases the tax on the fisheries value paid to commercial fishers or fair market value when there is no arms length transaction. The Division collects fisheries business taxes primarily from licensed processors and persons who export unprocessed fish from Alaska.

Rate

Fisheries business tax rates are based on the location and type of processing activity and whether a fishery resource is classified as "established" or "developing" by the Alaska Department of Fish and Game. Rates are as follows:

<i>Processing Activity</i>	
<i>Established</i>	<i>Rate</i>
Floating	5 %
Salmon Cannery	4.5 %
Shore-based	3 %
<i>Developing</i>	<i>Rate</i>
Floating	3 %
Shore-based	1 %

Returns

Fisheries businesses file calendar year returns that are due with payment on March 31 of the following year.

After filing the calendar year return, taxpayers file returns to report post-season, bonus payments made to fishers. Returns for these payments are due with additional taxes by the last day of the month following the payment.

Exemptions

Commercial fishers who process and freeze fish on board to maintain its quality before sale to a licensed processor are exempt.

Credits

Education: Taxpayers contributing to accredited Alaska universities or colleges for educational purposes may take a tax credit for 50% of the first \$100,000 and 100% of the next \$100,000 of contributions. The maximum credit is \$150,000 for each tax year.

Scholarship Contributions: Taxpayers contributing to the A.W. "Winn" Brindle memorial scholarship account may take a tax credit for the amount of contribution not to exceed 5% of their tax liability.

Salmon Product Development and Utilization Credit (2003) allows tax credits against the fisheries business tax on salmon for expenditures promoting the development of salmon products and the utilization of salmon waste. Effective June 11, 2003 and retroactive to January 1, 2003, the bill will sunset on December 31, 2005.

Disposition of Revenue

The Division deposits all revenue derived from the fisheries business tax into the General Fund. The legislature may appropriate revenue from the tax for revenue sharing as follows:

* *Processing Activity Inside Municipality*

The Division shares 50% of tax collected with the incorporated city or organized borough in which the processing took place. If an incorporated city is within an organized borough, the Division divides the 50% shared amount equally between the incorporated city and the organized borough.

* *Processing Activity Outside Municipality*

The Division shares 50% of tax collected from processing activities outside an incorporated city or an organized borough through an allocation program administered by the Department of Commerce, Community and Economic Development.

History

The fisheries business tax is the oldest tax in Alaska. In 1899, the U.S. Congress adopted a "salmon case" tax to fund fisheries-related activities in pre-territorial Alaska.

The Organic Act passed in 1912 established an organized territorial government in Alaska. In 1913, the First Territorial Legislature adopted the "salmon pack" tax which applied to salmon canneries based on canned salmon (7¢ per case); and the "cold storage" tax which applied to other fisheries and was based on business receipts. Between 1913 and 1949, the legislature amended the tax several times by changing

FISHERIES BUSINESS TAX

tax rates and expanding the tax base to include different fisheries.

1949 – The territorial legislature restructured the fisheries business tax to be based on value of the fisheries rather than volumes (case or business receipts). The new "raw fish" tax applied to salmon (4%), crab and clams (2%), and other fishery products (1%) processed in canneries.

1951 – The territorial legislature enacted a fishery business license requirement with a \$25 license fee, a tax on floating processors at 4% of value and increased the tax rate for salmon canneries to 6%.

1962 – The legislature adopted provisions for sharing taxes (10%) and requiring calendar year returns for all businesses.

1967 – The tax rate on salmon canneries was amended to 3% and provisions were adopted requiring security for a fishery business license under certain conditions.

1979 – The legislature adopted the modern tax structure with different tax rates for established and developing species, as well as increasing the shared tax percentage to 20%.

1981 – The shared tax percentage was increased to 50%.

1986 – The legislature authorized a fisheries business tax credit of up to 50% of fisheries business taxes for capital expenditures associated with constructing and improving shore-side processing operations. The tax credit program was effective for 1987 through 1989 with a carryforward provision through 1991. Taxpayers claimed approximately \$47.5 million of credits under this program. The legislature also enacted the Winn Brindle scholarship credit allowing a credit of up to 5% of fisheries business taxes due.

1987 – The legislature enacted the Alaska education tax credit program allowing a tax credit on educational contributions of up to \$100,000 against fisheries business taxes due.

1990 – The legislature enacted provisions for a civil penalty for processing without a license. The

Division may progressively assess penalties in increments of up to \$5,000 for each infraction to a maximum of \$25,000 for the fifth and subsequent assessments. The legislature also enacted a provision that authorized sharing 50% of taxes sourced from processing activities in the unorganized borough, effective July 1992.

1991 – The legislature restructured the Alaska education credit and increased the maximum amount to \$150,000.

1993 – Under executive order effective July 1, 1993, the Governor transferred the fish processor surety bonding program from the Department of Labor and Workforce Development to Department of Revenue.

1995 – The legislature reduced the amount of surety bonding for small processors from \$10,000 to \$2,000.

2001 – The legislature modified the tax payment security requirements necessary to obtain a fisheries business tax license. The legislature expanded the existing requirement for a whole-salmon exporter to include any exporter of any unprocessed fisheries resource. Under the bill, exporters of unprocessed fish can obtain a fisheries business license by posting a \$50,000 surety bond. Additionally, the bill requires quarterly payment of estimated fishery resource landing taxes.

2002 – Alaska Veterans' Memorial Endowment provided credits of up to 50% for contributions of not more than \$100,000 and 75% of the next \$100,000 in contributions made to the Veterans' Memorial Endowment Fund. The tax credit expired July 1, 2003.

2003 - Salmon Product Development/Utilization Credit allows tax credits against the fisheries business tax for expenditures promoting the development of salmon products and the utilization of salmon waste. The amount of the tax credit cannot exceed 50% of the taxpayer's fisheries business liability for processing of salmon during the tax year.

Effective June 11, 2003 and retroactive to January 1, 2003, the bill will sunset on December 31, 2005. Unused credits earned may be carried forward for three years.

FISHERIES BUSINESS TAX

2003 – Legislation allowed for monthly payment of the fisheries taxes in lieu of existing forms of security or prepayment as a prerequisite to licensure. Fisheries businesses who elect this option must post a \$50,000 bond or demonstrate \$100,000 equity in real property within the state. Effective September 8, 2003

2004 – Legislation authorized a new Direct Marketing Fisheries Business License and tax structure set at the shore based rate of 1% of the value of developing fish species and 3% of the value of established fish species. The provisions of the bill will take effect January 1, 2005.

2004 Alaska Fisheries Business Tax Return INSTRUCTIONS FORM 04-574

GENERAL INSTRUCTIONS

You may reproduce or photocopy the forms in this booklet as needed, or request additional forms from the department help desk. (See "If You Need Help" on Page 1) Forms are also available on our website at www.tax.state.ak.us.

Estimated Tax

Monthly estimated tax payments are mandatory for taxpayers that have elected and meet the requirements of AS 43.75.055(c). Those payments are due on or before the 15th day of the month following the month in which the tax liability for the payment of the taxes was incurred. Use Form 04-568. All other taxpayers may make voluntary estimated tax payments. Voluntary payments other than online payments and wire transfer payments must be accompanied by Form 04-574E.

Extension for Filing Return

If you need an extension for filing your return, contact the Alaska Department of Revenue. An application for extension must be submitted to the department no later than 15 calendar days before the return is due. Note: An extension of time to file is not an extension of time to pay taxes. You must remit full tax payment by the March 31 tax due date.

Wire Transfer Requirement

If your company has one or more licenses and your aggregate tax payment (including seafood marketing assessment) is greater than \$150,000, you must wire transfer the funds (to avoid wire transfer fees use TOPS located at: www.tax.state.ak.us)

Notify the State of Alaska, Treasury Division regarding the particulars of the transfer the day before the wire transfer is to be made either by fax at 907.465.4019 or via e-mail to cashmamt@revenue.state.ak.us.

Wire payments to:

State Street Bank & Trust Company
225 Franklin Street
Boston, MA 02110
ABA #011000028

Credit: State of Alaska General Investment Fund,AY01
Account #00657189

Additional Wire Transfer Information: *Instruct your bank to indicate your Federal EIN and note that the payment is for fisheries business tax in the OBI (other bank information) field on the wire transfers.*

TOPS (Tax Online Payment System)

The Department of Revenue offers a Tax Online Payment System (TOPS). You may make instant payments electronically or schedule your payment weeks or months in advance. Information and instructions are available at: <https://www.tax.state.ak.us/tops/>

Penalties for Failure to File or Pay

A penalty will be assessed for failure to timely file the return or failure to timely pay the tax. Each penalty is computed at 5% per 30-day period or fraction of a period up to a maximum of 25% on the tax not paid by the payment due date.

Interest Rates on Tax Due

The current interest rate is 11%, compounded quarterly.

Amended Returns

To correct a previously filed Form 04-574, check the amended box in the upper right corner of the return and attach a statement explaining the reason for the amendment. Complete the entire form using the corrected amounts.

PROCESSING ACTIVITY SCHEDULES

The Alaska Fisheries Business Tax Return (Form 04-574) contains a separate schedule for each processing activity. The forms you need depend on your business activities. Refer to the following schedule descriptions to determine which forms you must complete with your return.

Schedule 1 – Caught and Processed

Use this schedule to report fisheries resources your company caught and processed. Use the correct processing location code. Note: If you are a fisher who catches and processes fisheries resources on your boat and the total taxable value of fisheries resources does not exceed \$50,000, you may qualify to use the Catcher Processor Combined Fisheries Tax Return, Form 04-570.

Schedule 2 – Purchased and Processed

Use this schedule to report fisheries resources your company purchased and processed. Include fisheries resources that were purchased from fishermen claiming exclusion from the fisheries business tax. Use the processing location code assigned to the area where the processing took place.

★ Schedule 3 – Transported Unprocessed

Use this schedule to report fisheries resources transported unprocessed outside the taxing jurisdiction of Alaska. You must include the name and address of purchaser for each fishery resource transported unprocessed.

Schedule 4 – Custom Processing by Others

Use this schedule to report fisheries resources that were custom processed for your company by another fisheries business in Alaska. Use the processing location code assigned to the area where the processing took place.

CS for HB 25

This CS changes the "sold to a buyer in a municipality" language to say "first landed in a municipality". This ensures that the initial port of landing is where the Fisheries Business Tax is allocated on Exported/Unprocessed fish.

The CS also cleans up the bill by getting rid of the repetitive language in Sec. 1 (a) 1-3 and incorporates the "first landed in a municipality language" into the definition of "tax revenue collected"

February 1, 2006

The Honorable Paul Seaton
House of Representatives
State Capitol, Room 102
Juneau, AK 99801

Send Via Fax to: 465-3472

Dear Representative Seaton,

The United Southeast Alaska Gillnetters (USAG) is an association of about 150 small business owners who catch salmon by drift gillnetting in Southeast Alaska and market salmon throughout the United States. Many of our members also participate in other fisheries such as crab, shrimp, longline, and dive fisheries.

USAG supports HB 25 which would revise the sharing formula for part of the Raw Fish Tax. We believe it is fair and appropriate that the Raw Fish Tax be returned to the port of landing to support local municipalities. Often these funds are used to provide needed services for fishermen and processors such as docks, net repair floats, boat grids and other related facilities. They are also used locally to maintain infrastructure such as roads and harbors and provide other needed community services.

USAG appreciates you introducing HB 25 and your continuing support for our seafood industry.

Yours truly,

Kenneth Duckett

2005 Legislative Priorities for SARDFa January 18, 2005

- 1) **Aquatic Farming Bill:** We currently have a draft bill which will implement the compromise reached between SARDFa and the geoduck farmers to resolve this issue, which has been festering since 1999. SARDFa attempted amending legislation last spring to accomplish this, but it was too late in the session. The compromise last spring was spurred by the Alaska Supreme Courts decision in April. This bill will enact the decision by the Lower Court and upheld by the Supreme Court. **[No funds needed.]**

- 2) **Urchin Fishery Needs Help with Economics:** The world market for sea urchins is depressed due in large part by illegal Russian exports of urchins. This, coupled with the fact that doing business in rural Alaska is always expensive, has pushed urchin prices so low that 1/3 – 1/2 of the annual quota is not being harvested and the only main urchin processor is considering leaving Ketchikan. SARDFa is aggressively working on issues that will make this fishery more economically feasible. One avenue SARDFa is pursuing is to complete a market study on urchins, which will illuminate potential economic solutions and their values. **[Grant for urchin market study: \$30,000.]**

- 3) **Increased Funding for ADF&G:** SARDFa would like to specifically see increased funding for new and developing fisheries and dive fisheries. Divers have "put their money where their mouth is" with 5% and 7% taxes to help support dive fisheries. However, the urchin fishery is currently struggling economically. If the State gave this fishery parity by paying for the management of the fishery, this would remove a large burden on the fishery and allow SARDFa to concentrate on fixing the economic situation. **[\$35,000 annually for urchin management]**

- 4) **Increased Funding for DEC:** The geoduck fishery has seen a growth in ex-vessel value from \$1.50/lb in 2002 to \$5/lb in 2004, because of two things: 1) the Administration's change of the protocol used for PSP testing enabling 90% live sales, and 2) \$250,000 allocated by the Legislature to monitor PSP levels over the past 2 years. Funding is needed on an annual basis to continue monitoring PSP in geoduck, which enables live sales. SARDFa will be paying its portion (\$60,000 annually) for PSP sample collection via its 7% geoduck tax. **[\$60,000 annually for DEC]**

- 5) **Support for HB 25 – Sharing of Fisheries Business Tax with Municipalities:** SARDFa is concerned that municipalities might not be getting their 50% of the fish tax paid on fresh or live seafood (like geoducks or fresh salmon) which are considered "unprocessed". Southeast Conference is also concerned about this. This bill seems to address this issue and SARDFa supports it. **[No funds needed.]**

To: House Community and Regional Affairs Committee
Rep. Thomas, Rep. Olson, Co-chairs
From: Michael Kampnich, Harbormaster, City of Craig
RE: House Bill 25
Date: 2-1-05

Good Morning

My name is Michael Kampnich. I am the harbormaster for the City of Craig.

The City of Craig would like to express its support for House Bill 25.

Craig is located on the west coast of Prince of Wales Island in Southeast Alaska. As is true with other coastal communities, **Commercial Fishing** is a very important part of our economy.

The City of Craig operates three harbors, two docks with available cranes and an icehouse. These facilities are all support for the commercial fishing fleet, both homeport and transient vessels, operating off the west coast of Prince of Wales Island.

We have a Harbor Department with two full time employees and an office building that provides public facilities for those using our harbors. We also maintain a harbor response vessel, pumps and other gear for emergency and routine needs.

Over the years, the revenue the City received from the **Fisheries Business Tax** has been used to purchase equipment and materials for maintenance of our harbor facilities. These revenues have also been used as a match for larger harbor or marine related projects the City has undertaken.

As the fisheries industry has bounced back from recent weakness, we see an increasing amount of fish being shipped out in the round, rather than being processed, because of demands for quicker delivery and higher quality. While this is good for fishermen and the industry as a whole, it has left the City of Craig and other communities with a decreasing stream of revenue from **Fisheries Business Taxes**. **House Bill 25** reestablishes the important link between fishery landings and revenues received by the communities. This at a time when it is more important than ever for communities to support the industry in their effort to produce the highest quality product possible.

Therefore, the City would again reiterate its support for **House Bill 25**.

Thank you for allowing me the time to address this committee.

REPRESENTATIVE PAUL SEATON DISTRICT 35

Sponsor Statement HB 25

“An Act relating to the sharing of fisheries business tax with municipalities; and providing for an effective date”

HB 25 addresses the problem of tax revenue lost by municipalities on fish that are sold to a buyer in the municipality but sent out of state unprocessed.

Under the current system, the funds generated by the “Raw Fish Tax”, or Fisheries Business Tax on fish processed inside a municipality are divided equally between the state and the municipality. If the processing occurred within an incorporated city inside a borough, the 50% is divided between the two entities. If the processing occurred outside of an incorporated city the 50% goes entirely to the borough.

On fish that are processed outside of any municipal boundaries 100% of the tax revenue goes to the state, half going to the general fund and half going to the Department of Commerce, Community and Economic Development (DCCED). The department distributes its share among all of the fishing communities in Alaska according to a formula that considers the amount of fish processed in 14 different regions or Fisheries Management Areas. The share that goes to each Fisheries Management Areas is then split between the communities on an equal share and a per capita basis.

HB 25 deals with revenue from a third area: Fisheries Business Tax revenue from fish that is landed and sold to a buyer in a municipality but sent out of state to be processed. Currently, these funds are treated the same as fish processed outside of a municipality: 50% to the general fund, and 50% to DCCED.

The Department of Revenue definition of processing in **15 AAC 75.300** does not include “decapitating shrimp and gutting, gilling, sliming, or icing a fisheries resource.” The Fisheries Business Tax paid on a growing amount of fisheries resources is not returning to the municipalities where the resource was landed. This includes troll-dressed salmon rushed to fresh markets in the Lower 48, halibut sent out by truck to be processed elsewhere, and other live or whole seafood exported directly to customers outside of the state.

HB 25 would direct the Fisheries Business Tax revenue on these "unprocessed" fisheries resources back to the incorporated port of landing and/or the borough where they were landed. This will help more accurately and fairly cover the cost of building and maintaining the infrastructure utilized in generating the tax.

The state has been encouraging the export of high-value fresh and live fish, yet our current tax structure denies a municipality that engages in this high-value marketing its direct tax share. By tying Fisheries Business Tax revenue return directly to the municipality where the landing occurred, HB 25 ensures that ports are compensated fairly for their efforts.

MEMORANDUM

January 19, 2005

SUBJECT: Sectional summary of draft CSHB 25(), version G; an Act relating to sharing of fisheries business tax revenue with municipalities (Work Order No. 24-LS0169\G)

TO: Representative Paul Seaton
Attn: Louie Flora

FROM: George Utermohler
Legislative Counsel

You have requested a sectional summary of draft CSHB 25(), version G; an Act relating to sharing of fisheries business tax revenue with municipalities.

As a preliminary matter, note that a sectional summary of a bill is not an authoritative interpretation of the bill. The bill itself is the best statement of its contents.

Section 1 of the bill makes a technical amendment to AS 43.75.130(a) to clarify that the sharing of revenue received by the state from the fisheries business tax is subject to appropriation by the legislature before the payments are made to municipalities.

Section 2 of the bill amends AS 43.75.130(d) to provide that the amount of transitional revenue sharing paid to boroughs incorporated after 1987 and the cities within that borough are based on fisheries business taxes collected during a fiscal year. Also the term "taxes collected" is replaced with the term "tax revenue collected" in order to conform to the changes made to the formula for revenue sharing by sec. 3 of the bill.

Section 3 of the bill amends AS 43.75.130(g) by amending the definition of "tax revenue collected" to include both taxes collected on fisheries products processed within a municipality and taxes collected on fisheries resources first landed in a municipality and exported from the state without being processed in the state. The amount of "tax revenue collected" is the basis for determining the amount that is available for sharing with municipalities under AS 43.75.130.

Section 4 of the bill amends AS 43.75.137 to provide that the amount of fisheries business tax revenues available for distribution to municipalities as additional revenue sharing is determined on a fiscal year basis and to make a technical amendment clarifying that the sharing of revenue from the fisheries business tax under AS 45.75.137 is subject to appropriation by the legislature before the payments are made to municipalities.

CS FOR HOUSE BILL NO. 25()

**IN THE LEGISLATURE OF THE STATE OF ALASKA
TWENTY-FOURTH LEGISLATURE - FIRST SESSION**

BY

**Offered:
Referred:**

Sponsor(s): REPRESENTATIVES SEATON, Wilson

A BILL

FOR AN ACT ENTITLED

1 **"An Act relating to the sharing of fisheries business tax revenue with municipalities;**
2 **and providing for an effective date."**

3 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

4 *** Section 1. AS 43.75.130(a) is amended to read:**

5 (a) Subject to appropriation by the legislature and to [EXCEPT AS
6 PROVIDED IN] (d) of this section, the commissioner shall pay

7 (1) to each unified municipality and to each city located in the
8 unorganized borough, 50 percent of the amount of tax revenue collected in the
9 municipality from taxes levied under this chapter;

10 (2) to each city located within a borough, 25 percent of the amount of
11 tax revenue collected in the city from taxes levied under this chapter; and

12 (3) to each borough

13 (A) 50 percent of the amount of tax revenue collected in the
14 area of the borough outside cities from taxes levied under this chapter; and

1 (B) 25 percent of the amount of tax revenue collected in cities
2 located within the borough from taxes levied under this chapter.

3 * Sec. 2. AS 43.75.130(d) is amended to read:

4 (d) Notwithstanding the provisions of (a)(2) and (a)(3)(B) of this section, the
5 commissioner shall pay

6 (1) to each city that is located in a borough incorporated after June 16,
7 1987, the following percentages of the tax revenue collected in the city from taxes
8 levied under this chapter:

9 (A) 45 percent of the tax revenue [TAXES] collected during
10 the fiscal [CALENDAR] year in which the borough is incorporated;

11 (B) 40 percent of the tax revenue [TAXES] collected during
12 the first fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
13 which the borough is incorporated;

14 (C) 35 percent of the tax revenue [TAXES] collected during
15 the second fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
16 which the borough is incorporated; and

17 (D) 30 percent of the tax revenue [TAXES] collected during
18 the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
19 which the borough is incorporated; and

20 (2) to each borough that is incorporated after June 16, 1987, the
21 following percentages of the tax revenue collected in the cities located within the
22 borough from taxes levied under this chapter:

23 (A) 5 percent of the tax revenue [TAXES] collected during the
24 fiscal [CALENDAR] year in which the borough is incorporated;

25 (B) 10 percent of the tax revenue [TAXES] collected during
26 the first fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
27 which the borough is incorporated;

28 (C) 15 percent of the tax revenue [TAXES] collected during
29 the second fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
30 which the borough is incorporated; and

31 (D) 20 percent of the tax revenue [TAXES] collected during

1 the third fiscal [CALENDAR] year after the fiscal [CALENDAR] year in
2 which the borough is incorporated.

3 * Sec. 3. AS 43.75.130(g) is amended to read:

4 (g) In this section, "tax revenue collected" means the revenue collected
5 during a fiscal year by the department from taxes levied under this chapter on
6 the value of fishery resources that are either (1) processed in a municipality; or
7 (2) first landed in a municipality and exported from the state without being
8 processed in the state; "tax revenue collected" includes the amount credited against
9 taxes under AS 43.75.018.

10 * Sec. 4. AS 43.75.137 is amended to read:

11 Sec. 43.75.137. Additional refund. Subject to appropriation by the
12 legislature [TO THE EXTENT THAT APPROPRIATIONS ARE AVAILABLE FOR
13 THE PURPOSE, AND NOTWITHSTANDING THE REQUIREMENT OF
14 AS 37.07.080(e) THAT APPROVAL OF THE OFFICE OF MANAGEMENT AND
15 BUDGET IS REQUIRED], an amount equal to 50 percent of the tax revenue that is
16 collected during a fiscal year under this chapter from fisheries businesses and that is
17 not subject to division with a municipality under AS 43.75.130 shall be paid by
18 [TRANSMITTED EACH FISCAL YEAR, WITHOUT THE APPROVAL OF THE
19 OFFICE OF MANAGEMENT AND BUDGET, BY THE DEPARTMENT TO] the
20 Department of Commerce, Community, and Economic Development [FOR
21 DISBURSAL] to eligible municipalities under AS 29.60.450.

22 * Sec. 5. This Act takes effect July 1, 2005.

CS for HB 25

This CS changes the "sold to a buyer in a municipality" language to say "**first landed in a municipality**". This ensures that the initial port of landing is where the Fisheries Business Tax is allocated on Exported/Unprocessed fish.

The CS also cleans up the bill by getting rid of the repetitive language in Sec. 1 (a) 1-3 and incorporates the "**first landed in a municipality language**" into the definition of "**tax revenue collected**"
