HB 326

"An Act relating to harassment."

The rapid evolution of technology often outpaces a statute's ability to protect Alaskans from offensive and criminal behavior. The invention and widespread adoption of digital cameras in all sorts of products ranging from pens to cellular phones has opened new avenues for those bent on harassing others to cause anguish, hurt and humiliation.

House Bill 326 An Act relating to harassment builds on my previous effort in the 23rd Legislature to cover harassment through e-mail and other electronic means. With camera phones and hidden digital cameras, individuals can take lewd and obscene pictures of others and post them electronically.

When this is done as part of a pattern of threats and intimidation it should be considered harassment. HB 326 changes the current statute to include the publishing or posting of lewd or obscene pictures in the definition of harassment.

(Version No. 24 – LS1223\A)

As a preliminary matter, note that a sectional summary of a bill should not be considered an authoritative interpretation of the bill and the bill itself is the best statement of its contents. If you would like an interpretation of the bill as it may apply to a particular set of circumstances, please advise.

Section 1. Adds the publishing, posting or distribution of lewd pictures of another person to the definition of harassment.
