Please return to the Chief Clerk's office.

KURT A. FREDRIKSSON
17000 GLACIER HIGHWAY
JUNEAU, ALASKA 99801
HOME: 907-789-7616, WORK: 907-789-5199

EDUCATION

M.S. 1976 Environmental Studies, California State University Fullerton
B.A. 1974 Geography, California State University Fullerton

PROFESSIONAL EXPERIENCE

2/1999 to Present: Deputy Commissioner
Alaska Department of Environmental Conservation

I currently serve as the second in command of Alaska's environmental agency which is responsible for managing air and water quality, solid waste disposal, food safety and sanitation, spill prevention and response, and community sewer and water construction projects. The department operates with an annual budget of approximately \$50 million and 450 employees. I serve as the commissioner's representative on a number of Boards and Commissions including the Pacific Northwest Environmental Directors group, British Columbia and Western States Oil Spill Task Force, the Board of Storage Tank Assistance, Alaska Regional Response Team, State Emergency Response Commission and Alaska Coastal Policy Council.

As deputy commissioner I worked to change the department's traditional "command and control" regulatory approach to a more collaborative problem solving approach. Economic reuse of the contaminated pulp mill site in Sitka, permitting air discharges from Cominco's Red Dog mine, developing site specific criteria for wastewater discharges to Cook Inlet from the Anchorage sewage treatment plant and improving the spill response capability for offshore development in the Beaufort Sea and tanker traffic in Prince William Sound are a few of the accomplishments made under the new problem solving approach. I was also responsible for approving the public review of all department regulations and their adoption for filing with the Lieutenant Governor.

4/1990 to 2/1999: Director, Division of Spill Prevention and Response
Alaska Department of Environmental Conservation

Following the Exxon Valdez oil spill the department created a new Division of Spill Prevention and Response with significant new authority and resources to approve industry oil spill prevention and response contingency plans, assess and cleanup contaminated sites, and close or upgrade commercial underground fuel storage tanks. As the first deputy director and then beginning in 1995 as the division's director, I led the division's work with industry, regional citizen advisory groups, federal agencies and other stakeholders to put in place the nation's most advanced spill prevention, preparedness and response network.

**4/1983 to 4/1990: Senior Project Analyst, Division of Governmental Coordination
Alaska Governor's Office**

Working in the Governor's office throughout the administrations of Governor's Hammond, Sheffield, and Cowper I prepared the state's position on major development projects in consultation with other state agencies and interest groups. I directly supervised staff in Juneau, Anchorage and Fairbanks who were responsible for conducting pre-application meetings, mediating disputes between the project applicant and reviewers, and issuing a final state decision. Major projects reviewed during my tenure included nearshore oil and gas development causeways in the Beaufort Sea, all offshore oil and gas lease sales, exploration and development plans, onshore leasing proposals for NPRA and ANWR, the Trans Alaska Gas System right-of-way lease, Alycska ballast water treatment plant discharges in Valdez, and offshore mining in western Alaska.

During the first month of the Exxon Valdez oil spill, I established a Governor's office in the fishing community of Cordova and served as the Governor's representative to assist the local community in dealing with reimbursement of local spill response costs and general assistance from state agencies in community recovery.

**9/1979 to 8/1985. Deputy Director, Alaska Office of Coastal Management
Alaska Governor's Office**

As the second in charge I served as staff to the Alaska Coastal Policy Council. The Council members included state agency commissioners and local elected officials that oversaw the development and approval of community specific coastal development plans. I managed the office budget and administrative operations including hiring and interagency agreements. I also supervised special project staff that produced a number of studies including an analysis of wetlands permitting options, an analysis of government service delivery systems in Alaska's unorganized borough, and publication of an index of major state regulations governing land and water uses in Alaska.

CONFIRMATION COMMITTEE REPORT

Action date: April 29, 2005

The Resources Committee has reviewed the qualifications of the following Governor's appointee and recommends that this name be forwarded to a joint session for consideration:

Commissioner - Department of Fish and Game
 Mr. McKie Campbell - Juneau
 Appointed: 3/31/05

This does not reflect intent by any of the members to vote for or against this individual during any further sessions for the purposes of confirmation.

Signature:	Printed Last Name
	OLSON
	GATTO
	SAMUELS

	CRAWFORD
Chair: 	RAMO
Chair: 	

Please return to the Chief Clerk's office.

McKie Campbell

10000 Highway 10
Juneau, AK 99801

ne McKie Campbell

Experience:

Mr. Campbell is currently the principal of the Campbell Group, a project management firm that specializes in permitting and natural resource consulting, and the management of multi-discipline teams of scientists performing EIS's and EA's. Mr. Campbell has 25 years of governmental and private sector natural resource experience in Alaska. He has extensive experience working with local, state, and federal agencies as well as natural resource advocacy groups on all sides of issues, and specializes in working in the interface between science and government to bring diverse interests together.

Mr. Campbell is currently managing the preliminary engineering and environmental documentation for the Nelson Island Road System. He has recently completed project management of the Greens Creek Mine Tailings Expansion EIS, the King Cove Access Project EIS, and a rewrite of the state's Coastal Zone Management Standards.

Mr. Campbell managed the Flightseeing Noise Analysis and Alternative Heliport Siting Study for the City and Borough of Juneau, served as the assistant project manager for the Pogo Mine EIS, and managed all local contractors and was liaison to state agencies for the AJ Mine SEIS. Mr. Campbell was project manager for EA's for Adesta fiber optic lines across Colorado (CDOT) and Utah (UDOT) and management of a \$700,000+ Alaska Science and Technology Foundation research project for the Alaska Department of Fish and Game, the Department of Environmental Conservation, and the Alaska Council of Producers.

Permitting work has included work for the Alaska Natural Gas Transportation System for the Alaska Northwest Natural Gas Transportation Company (Foothills), the Kenai/Kachemak Pipeline for Unocal and Marathon, and Homer Electric Association's Moose Pass to Soldotna Fiber Optic Cable Feasibility Study. Prior to the Fort Knox Mine project receiving construction financing of \$374 million, it was the subject of an independent third-party due diligence review. Mr. Campbell was the team member responsible for reviewing all environmental issues and permits on behalf of the lending institutions. Mr. Campbell has also worked on the Pebble Deposit, Beluga Coal, and transportation issues for the Ambler Mining District.

Mr. Campbell has worked with the U.S. Congress to evaluate innovative approaches to mine reclamation issues and with the Alaska Legislature on behalf of the Alaska Council of Producers on water quality issues (HB 258, a bill supported by both development and environmental interests).

In government, Mr. Campbell last served as Deputy Commissioner of the Alaska Department of Fish and Game. In that capacity he worked with virtually every issue the department deals with as well as representing the Commissioner on selected issues with the Legislature and with the U.S. Congress. Mr. Campbell has also served as Special

Assistant to the Commissioner of ADF&G, as Legislative staff for nine years, as Deputy Chief of Staff in Governor Hickel's office and as a volunteer team leader on Governor Murkowski's transition team.

From small legislative hearings, to the public comment process for the King Cove EIS that received over 19,000 written comments, Mr. Campbell has extensive experience with dealing with controversial issues through public outreach and the public meeting process. He has organized and moderated statewide meetings on subsistence and wolf control and hearings in Juneau on flight-seeing. In both public and private service, Mr. Campbell has a successful history of working with Tribes, villages, and other Native organizations. Of particular importance is Mr. Campbell's reputation and ability to manage complicated or controversial projects while maintaining the respect of all parties for the integrity of the process.

Employment History:

- 2003–Present - Principal of the Campbell Group, a project management firm specializing in NEPA, permitting, and natural resource consulting.
- 1998–2003 - Prior to reestablishing his consulting firm, Campbell was the Senior Environmental Manager in Alaska for Michael Baker, Jr. Inc.
- 1995–2003 - Principal of North Coast, a project management firm specializing in NEPA, permitting, and natural resource consulting.
- 1993–1994 - Deputy Commissioner - Alaska Department of Fish and Game, Juneau, AK. Responsible for much of the day-to-day management and administration of ADF&G. Particularly responsible for work with legislature and involved in resolution of difficult resource development / habitat issues. Represented the Commissioner on selected issues in Washington D.C.
- 1991–1993 - Alaska Governor's Office - Deputy Chief of Staff for Operations. Temporarily assigned to Governor Hickel's Office to resolve difficult natural resource issues. Appointed Deputy Chief of Staff to deal with operational issues throughout state government
- 1991 - Special Assistant to the Commissioner, Alaska Department of Fish and Game. Legislative liaison for ADF&G and represented the commissioner on special issues and with constituent groups
- 1990 - Campaign Manager, Arliss Sturgulewski's statewide Republican gubernatorial campaign
- 1981–1990 - Alaska State Senate. Professional Assistant. Nine years as legislative committee staff. During this time, Mr. Campbell focused on resource issues
 - 1989–1990 - Senate Rules Committee. Senator Sturgulewski, Chairman
 - 1987–1988 - Senate Community & Regional Affairs Committee. Senator Sturgulewski, Chairman
 - 1985–1987 - Senate Resources Committee. Senator Sturgulewski, Chairman
 - 1984 - Regulation Review Committee. Senator Ferguson, Chairman
 - 1983 - Senate Community & Regional Affairs Committee. Senator Ferguson, Chairman (from Senator Gilman's office)
 - 1981–1983 - Senate Community & Regional Affairs Committee. Sen. Gilman, Chairman

- 1979-1981 - Alaska Department of Community & Regional Affairs. Graduate Intern, Local Government Specialist III, Local Government Specialist IV. Worked with small rural communities throughout Alaska on contract management and grant administration.
- 1975-1979 - Investigator, Washington County Sheriff's Department, Marietta, Ohio
- 1972-1975 - Police Officer, Marietta Police Department, Marietta, Ohio

Public and Community Service:

- Volunteer Coordinator - Capitol Planning Committee, 2003-2004
- Co-Chair of Golden North Salmon Derby 2002 and 2003
- Candidate for Juneau's State Senate seat - lost primary 1998
- City and Borough of Juneau. Eaglecrest Board of Directors. 1992 to 2000 (Juneau's Municipal Ski Area, served two terms as President)
- Assembly member. 1987-1990. Served one term, did not run again because of managing Sturgulewski gubernatorial campaign at the time. Testified before Congress on wetlands issues.
- Juneau Planning Commission. 1983-1987, Chairman
- Juneau Parks and Recreation Commission. 1981-1983
- KTOO (Public radio and television station for Juneau and Southeast Alaska). Board of Directors., Board member and Secretary/Treasurer, 1991-1994
- Southeast Conference (a nonprofit group of local governments and businesses addressing regional issues in Southeast Alaska). Member, Second Vice President, First Vice President. Lobbied Congress and federal departments on transportation, Tongass timber, and other issues. 1987-1990

Education:

- B.A. Marietta College, Marietta, Ohio 1974
- Law Enforcement - Extensive additional courses in 1972-1979 - list available, plus Alaska Trooper's Academy - Fish and Game Enforcement Course
- University of Alaska, Southeast 1979-1980 Graduate work in Public Administration
- Real Estate Appraisal Courses - American Institute of Real Estate Appraisers University of Colorado, Boulder 1983, and University of San Diego, 1984 - List of courses available

Personal:

- D.O.B. August 5, 1950
- Married to Barbara Campbell. Barbara is a teacher at Gastineau School and is in her 25th year with the Juneau School District.
- Two daughters, Mary, 21, and Lindsay, 31

Hobbies:

- Reading, fishing, hunting, skiing, scuba diving (former instructor), and sailing (Around Admiralty - Spirit of Adventure Race - PHRF 1st place four times, First over all three times).

CONFIRMATION COMMITTEE REPORT

The Honorable Frank H. Murkowski
Governor of the State of Alaska
P. O. Box 110001
Juneau, Alaska 99811-0001

Dear Governor Murkowski:

I am writing to express my strong desire to serve the state as a commissioner on the Commercial Fisheries Entry Commission (CFEC). I have already discussed this ambition with your Chief of Staff, Jim Clark, and your Director of Boards and Commissions, Laraine Derr.

I will soon be ending my judicial career and have long had a deep interest in commercial fishing and its regulation. This interest goes back to my years as a crew member in the Kodiak king crab and tanner crab fisheries in the early 70's, and to my season as a crewman on a salmon tender in the Kodiak seine fishery during the same period. It was sharpened while I spent three seasons as an active permit holder in the salmon hand troll fishery, from 1979 to 1981.

Between these two periods of commercial fishing, I worked in the Attorney General's Office (AGO) as the primary attorney for the CFEC for over three years (1976 - 1979). I advised the commissioners and their staff, drafted their regulations and legislation proposals and represented them in court, as the number of entry permit denial appeals surged. When I returned to the AGO in 1981, my duties included acting as the final editor of all CFEC regulations and the drafter of all proposed CFEC legislation until taking the bench in 1989.

This rich variety of experience, along with my 15 years as a judge, makes me uniquely qualified to serve as a CFEC commissioner. I will bring my working knowledge of commercial fishing and my legal knowledge of CFEC statutes, regulations, and caselaw, as well as my judicial knowledge of dispute resolution techniques and decision-making. This is the ideal combination for what I know is the perfect job for me - one that I will truly enjoy, while serving both the commercial fishing industry and all Alaskans, to whom our resources belong.

I would welcome the opportunity to further discuss my interest in and qualifications for one of the upcoming vacancies on the CFEC with you or your staff.

Thank you very much for your consideration.

Sincerely,

Peter B. Froehlich

Representative Jay Ramras, Co-Chair
Representative Ralph Samuels, Co-Chair
House Resources Committee
Alaska State Legislature
Juneau, AK 99811

Dear Representatives Ramras and Samuels:

The Alaska Trollers Association supports the re-appointment of John Jensen, Mel Morris, and Rupe Andrews to the Board of Fisheries.

Mr. Jensen has an impressive fishing resume that spans the state in terms of region and species harvested. He is well versed in all aspects of the industry and has been involved in the issues related to the production seafood for many years.

Mr. Morris has approached fisheries from both the biology and processing aspects. He is familiar with Alaskan harvesting methods and recognizes well the importance of balancing the structure of our fisheries to maintain sustainability, quality, and jobs in coastal communities.

Mr. Andrews spent many years with the state protecting fish and their habitats while providing opportunity for sportsmen. During his time on the Board we have been impressed with his ability to fairly allocate between the user groups, to help ensure healthy resources and strong community structures.

These fine men are worthy of another term and are precisely the kind of people ATA looks for when searching out candidates for the Board of Fisheries. The fact that they are seasoned in the board process makes them extremely valuable to the state's interests. Each of them is knowledgeable, reasonable, and has an excellent rapport with the fishing public. We urge you to support their re-appointment.

Best Regards,

Executive Director

Honorable Frank Murkowski
Governor, State of Alaska
P.O. Box 110001
Juneau, Ak. 99811

RECEIVED

JAN - 5 2005

OFFICE OF THE GOVERNOR

Dear Governor Murkowski,

Please consider my request for reappointment to the Alaska Board of Fisheries. I am currently serving on the Board of Fisheries; however, my term expires in June, 2005. I was appointed to my first term in January, 2003. As I noted in my first request, I have been involved in Alaska's fisheries for over 45 years. My experience includes all commercial and sport species throughout Alaska. My involvement has been as a biologist, production manager, business owner, salesman and commercial fisherman.

I am currently on the Joint Protocol Committee that meets with our counterparts on the North Pacific Fisheries Management Council, the Gulf of Alaska Groundfish Rationalization Committee, the Crab Rationalization Committee and chair the Prince William Sound Allocation Committee. I believe that my continued service on the Board and the committees can help provide continuity to process and goals of the Board of Fisheries.

I look forward to representing Alaska's resources and the fisheries stakeholders for another three years.

Sincerely,

Mel Morris

RESUME

Background: I was born in Petersburg, AK, February 18, 1951. I am a lifetime resident of Petersburg. I graduated from Petersburg High School in 1969. I attended Yakima Valley College for 1 year before purchasing my first fishing vessel and beginning my fishing career. I am a third generation Alaska fisherman. I have fished commercially since 1965. I have owned and operated five fishing vessels from 1972-2005. I have participated in fisheries in SE Alaska, Bristol Bay, Gulf of Alaska, Bering Sea/Aleutians, Alaska Peninsula, Cook Inlet, Prince William Sound, and Western Alaska. I attended Merchant Marine Training Services in Seattle, WA and acquired my Master 100 GT and Assistance Towing license.

Other Interests:

Personal: Hunting and sport fishing, camping, woodworking, reading, Alaskan history and my family and travel.

Membership:

Petersburg Lutheran Church

Public Service:

Petersburg Planning and Zoning Commission - member
Alaska State Board of Fisheries - member

Professional and Service Organizations:

United Fishermen of Alaska

RESUME COMMERCIAL FISHING HISTORY

FISHERIES

1965: This was the first year I was a paid commercial fisherman, I crewed during the halibut fishery in the summer.

1966-1967: SE AK—crew for salmon seine.
Gulf of AK—halibut crew.

1968: SE AK—salmon seine as crew.

1969-1971: Gulf of Alaska—halibut and seined salmon in
SE AK—crew for salmon seine.
Bering Sea/Aleutians—red crab crew.

1972: SE AK—salmon gillnet, I purchased my first commercial fishing boat, the FV High Voltage; salmon seining.
Gulf of AK—crew halibut.

1973-1976: SE AK—salmon gillnet.
Gulf of AK—crew for halibut.

1977: SE AK—salmon gillnet.
Gulf of AK—crew for halibut.
Bering Sea/Aleutians—crew for red king crab.

1978-79: SE AK—salmon gillnet.
Gulf of AK—crew for halibut, tanner crab.

1980: SE AK—salmon gillnet.
Gulf of AK—crewed for halibut.

For two months I participated in the building of my boat, FV Summer Breeze in Puyallup, WA.

1981: SE AK—salmon gillnet, halibut, experimental fishery for octopus pot fishing, Dungeness crab, tanner crab and herring gillnet.

1982: SE AK—halibut, tanner/red crab, salmon gillnet, herring gillnet, herring seining as crew.

Bristol Bay—salmon gillnet, herring gillnet.

1983: SE AK—halibut, tanner/red crab, salmon gillnet, herring gillnet, octopus pot fishing.

Bristol Bay—herring gillnet, salmon gillnet

1984: SE AK—halibut, tanner/red crab, Dungeness, salmon gillnet, herring gillnet.

Bristol Bay—salmon gillnet, herring gillnet.

Togiak/Security Cove/Goodnews Bay—herring gillnet, roe on kelp.

1985: SE AK—halibut, tanner, salmon gillnet, herring gillnet.

Bristol Bay—herring seine, salmon gillnet.

Norton Sound—herring gillnet as crew.

1986: SE AK—halibut, tanner crab, Dungeness crab.

Bristol Bay—herring seining/salmon gillnet.

SE AK—skipper for salmon tendering

1987-1989: SE AK—tanner crab, halibut.

1987: Prince William Sound—tendered for herring with a 58' vessel as skipper.

Alaska Peninsula—salmon drift gillnet.

1990-1993 SE AK—tanner crab, halibut, salmon gillnet. I skippered a 96' king crab/tender for salmon tendering.

1991: Dungeness crab.

1992: Blackcod.

1993-1995: SE AK—tanner/red/Dungeness crab, halibut and some salmon gillnetting.

1996-1998: SE Alaska—tanners/red crab, Dungeness crab.

1997-2005: SE Alaska: tanners/ red crab(when there was a season)/brown crab, Dungeness crab. F/V Logan T, F/V Coral, F/V Mariner II

Gulf of AK/SE: F/V Westerly—crew for halibut/blackcod

2002 SE Alaska: F/V Westerly—Skipper for salmon tendering

2003 SE Alaska: F/V Westerly—Skipper for salmon tendering

OFFICE OF THE GOVERNOR
Frank Murkowski, Governor
Boards and Commissions
P.O. Box 110001
Juneau, AK 99811-0001

The Honorable Frank Murkowski,

I would like to take this opportunity to thank you for my appointment to the Board of Fisheries for this past term of service; June 2002-June 2005. With this letter, I am seeking reappointment to the Alaska State Board of Fisheries for the upcoming term, June 2005-June 2008.

I feel that my first three-year term was a very valuable introduction towards my participation with the entire Board of Fish process. I have learned a great deal about the procedure and the very diverse and complex issues of the fisheries of Alaska. I believe that with this indoctrination behind me, I am better prepared and would like to continue to work on the many issues that come before the Board of Fish. I have seen the current board work well together and we have had a positive and productive three years.

My primary goal is to maintain sustainable fisheries throughout Alaska. We must continue to provide for reliable tools for the ADF&G to best manage the fisheries and provide for opportunities to optimize the product and promote harvesting efficiencies for the fisherman (sport & commercial) and the processors. Balance must be maintained between all user groups.

I thank you for this opportunity to request reappointment and appreciate your consideration for a seat on the AK Board of Fisheries.

Respectfully submitted,

John E. Jensen

BOARDS AND COMMISSIONS APPLICATION FORM

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resume. Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Board or Commission and seat for which I am applying: BOARD OF FISHERIES
 (For example, Board of Agriculture, public seat)

Please list any other State Boards or Commissions on which you currently or previously have served:
BOARD OF FISHERIES

Name: JOHN E JENSEN
 Mailing Address: PO BOX 681 PETERSBURG ALASKA 99833
 Residence Address: 714 SANDY BEACH RD. PETERSBURG, AK
 City, State and Zip Code: PETERSBURG ALASKA 99833
 Home or Message Telephone: 907-772-4635 Business Telephone: SAME
 Fax Number: 907-772-4635 Cell Phone: 209-3867
 Email address: omasou@gci.net

AS 39-05-100 requires that a person appointed to a state board or commission be a registered voter prior to the last general election:

Are you a registered voter: YES NO Voter Registration Number (Optional): _____

Social Security Number (Optional, required if appointed for travel, reimbursement etc.): 574-22-5197

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years?

YES _____ NO if "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency, and relationship to the board position applied for, will be evaluated and a determination will be made after a review of all relevant facts.

CONFLICTS OF INTEREST: Certain boards and commissions require full disclosure of personal financial data under AS 39.50.010. If required for the board or commission for which you are applying, are you will to do so?

YES NO

Could you or any member of your family be affected financially by decisions to be made by the board or commission for which you have applied? YES NO

If "YES", explain: members of my family are involved in ALASKA commercial fisheries.

TRAINING AND EXPERIENCE: (If resume attached, it is not necessary to complete items A-D)

- A. List any professional licenses, certifications, or registrations and dates obtained that may be used as qualifying criteria:

ATTACHED

- B. List both formal and informal education and training experiences: (Use additional paper if necessary):

ATTACHED

- C. List any community service, municipal government, and state positions held, and any awards received. Include both compensated and uncompensated positions (such as president of a service organization or a mayor). Include length of time serviced.

Petersburg Advisory Committee - for Fish + game 10 years

- D. Employment work history - paid, unpaid or voluntary: (Use additional paper of necessary):

ATTACHED

The Office of the Governor and the State of Alaska have an Affirmative Action Equal Employment Opportunity Program. To assist in the program, you are asked to voluntarily answer the following questions to provide the information necessary for reporting purposes. Under State and Federal law, the information you provide will not be used to illegally discriminate against you.

DATE OF BIRTH: 2-16-51 SEX: FEMALE _____ MALE X _____

ETHNICITY:
Alaska Native _____ American Indian _____ Asian or Pacific Islander _____ Black _____ Hispanic _____ White X _____

MILITARY SERVICE (if applicable, give dates): _____

CERTIFICATION: I swear the information I have entered on this form is true to the best of my knowledge. I understand that if I deliberately conceal or enter false information on the form my application may be rejected, I may be removed from the list of eligible candidates, or I may be removed from the position. I agree that the Office of the Governor may contact present or former employers or other persons who know me to obtain an additional information about my skills and abilities. I understand that the information on this application is public information and may be released through a legal request for such information.

Representative Jay Ramras
Alaska State Legislature
State Capitol (Mail Stop 3100)
Juneau AK 99801-1182

Dear Representative Ramras,

United Fishermen of Alaska represents thirty-one Alaska commercial fishing organizations, and hundreds of individual fishermen and fishing related businesses.

UFA supports the confirmation of the Governor's appointment of McKie Campbell for ADF&G Commissioner.

UFA supports the reappointment of Mel Morris, Rupe Andrews, and John Jensen to additional terms on the Board of Fisheries.

We encourage your support in the joint legislative confirmation process. If you would like to discuss these appointments and the importance of the Department of Fish and Game leadership, or the Board of Fisheries, or other aspects of commercial fishing, please do not hesitate to call.

Thank you for your consideration.

Mark Vinsel
Executive Director

International Association of Fish and Wildlife Agencies
Territorial Sportsmen - Juneau, AK
Alaska Outdoor Council

Hobbies

Hunting, fishing, photography, skiing, basketball, softball, flying and music.

Professional Background

The first two years and one half years of my professional career were involved with big game research and management. This included research on caribou, moose, brown bear and polar bear. Responsibilities included research design, budgeting, implementation and reporting.

My M.S. thesis was concerned with the brown and grizzly bear research and management program instituted during the early 1960's.

In 1966, I was hired to start the new statewide lands program within the Alaska Department of Fish and Game. This program included participation in land planning and management activities of the various land managing agencies, including federal and state. Public access, developmental planning, land disposal, water pollution, land selections and other related activities were addressed by this new program. Eventually this program became a major part of the Habitat Division within the Department.

The Regional Supervisor position was for the South-central region. In this capacity, I was responsible for supervising all management and research programs within the region. The Regional Supervisor also served in a staff capacity to the Director.

From 1976 - 1978 I served on the Governor's task force dealing with proposed legislation eventually leading to the Alaska National Interest Lands Conservation Act.

As Director of the Game Division, I was responsible for administering all the programs of the Division. This included management and research programs. The Director also served as staff to the Commissioner for special assignments. The Division included a permanent staff of 118 employees and an annual budget in excess of \$10 million. The Division Director was responsible for all fiscal and personnel matters within the Division, legislative liaison, federal matters affecting the division and inter agency coordination between state and federal agencies.

As Executive Director of the Alaska Outdoor Council, I was responsible for administering all the programs of the Council. This included legislative lobbying at the state and federal level, fund raising, media communications, budgeting, personnel management and other administrative duties. The Council was a statewide organization with about 50 affiliated clubs and a membership of over 10,000.

The Director of International and National Affairs position for the Wildlife Legislative Fund of America was responsible for establishing and managing the Washington D.C. office for the organization. It also included lobbying on national and international issues, establishing communications with all federal agencies in Washington, D.C., raising funds and coordinating with national and international conservation organizations.

As Deputy Commissioner and eventually Special Assistant to the Commissioner of the Alaska Department of Fish and Game, my primary responsibilities were federal/state relations, federal legislation, and coordination with national and international organizations, state legislative liaison, budgets, Endangered Species Act implementation, habitat issues and litigation supervision.

SERVICE ORGANIZATION(S) MEMBERSHIP:

NRA;
Interior Rivers RC&D, 1995 to present;
IBEW, 1972 - 1991.

Ted H. Spraker
Soldotna, Ak 99669

I was raised in Wyoming and completed my college education at the University of Wyoming. I hold a bachelor's degree in Wildlife Management and Master's in Range Management. Graduate school was completed in May of 1973 and I moved to Alaska in July. I have never been out of the state except for vacations.

Work:

I worked for U.S. Fish and Wildlife Service for five months, three in Southeast and two at the Kenai Moose Research Center in 1973.

I was hired by the Alaska Department of Fish and Game on February 1, 1974, following one month of volunteer work. I worked in the Anchorage office for eight months before being promoted to Assistant Wildlife Biologist and transferred to Glennallen.

In July 1978, I was promoted to Area Wildlife Biologist and transferred to Soldotna as the biologist for the Kenai Peninsula. I remained in that position until I retired June 1, 2002, 28 years 4 months service.

Accomplishments with the Department:

I made many changes during my near three decades career with the Department concerning wildlife, and hunting and trapping opportunities. Some of the most important projects were: In 1981, I presented survey data to the Board of Game to change the goat hunting on the Kenai. This hunting program is still in place.

I served as the project leader when caribou were relocated from Glennallen to the Kenai in 1985 and 1986 to establish the Twin Lakes, Killey River and Fox River herds. Eighty animals were released that grew to over 800 by fall 2002. One of the reasons we moved caribou was to establish new herds for hunting.

In 1987, I worked with the five local Fish and Game Advisory Committees and Board of Game to change the bag limit for moose from an "any bull" program to a Selective Harvest System. This effort was successful in restoring the bull to cow ratio, resulting in an improvement in our local moose population's health and longer hunting seasons. Success on the Kenai inspired the Board of Game to approve this system for other Game Management Units across the state.

I received several conservation awards including the Life Time Conservation award from Safari Club International and a conservation award from the local trappers association.

I'm a member of the Alaska Trappers Association, Safari Club International and a lifetime member of NRA. I'm an avid hunter, trapper and fisherman. I have commercial halibut fished every year since 1979 and currently hold a small IFQ.

In addition to completing the state provided First Aid and CPR courses, I'm a state certified Hunter Education Instructor. I have taught Hunter Ed for about 15 years. Classes are comprised of all ages with the main emphasis directed towards firearm safety. I also taught bear safety classes for Kenai Borough field staff, staff at Trading Bay Oil facility, and survey crews out of Ninilchik and locals schools. These classes stressed the need for patience and awareness when in bear habitat but also included firearm handling and shot placement in the event of a bear attack. As a department employee, I was required to be certified annually using a hand gun, rifle and shotgun for bear protection and safe firearm handling procedures.

I also attended a one week Trooper Training Course taught by the Alaska State Troopers to become certified as a Commissioned Peace Officer for the Department. Upon retirement I was required to surrender my badge and Peace Office status.

After retirement:

In November 2002, Governor Frank Murkowski appointed me to the seven member Board of Game. This board is authorized by Alaska Statutes and the state Constitution to set regulations for seasons, bag limits and methods and means of hunting and trapping for the state. Appointed members are confirmed by the legislature and serve three year terms.

Ted H. Spraker
