Sponsor Statement **HB 412**

Everyday, we enjoy the freedoms and security granted to us by our Constitution and laws. These rights, that so many take for granted, are there because men and women work everyday to assure they are protected. Alaskans who put on a uniform and put their life on the line, be it a police officer, a firefighter, or a member of the armed services deserve our respect and support.

When they give the ultimate sacrifice to protect us, we as Alaskans have an obligation to help their families, in more than just the short term. Most families, have not only lost a spouse or a parent, they have lost a major source of income. HB 412 will offer these surviving family members an opportunity to advance their lives by attending the University of Alaska for a very reduced cost.

Existing language in AS 14.43.085 allows a waiver of fees and tuition. HB 412 expands that language to include on-campus room and board. The cost to the State and the University is small when compared to the price of giving ones life in service to our state and country.

By combining these cost reductions with the limited compensation provided by the Federal Government, an Alaskan student could receive a University of Alaska education at little or no expense. HB 412 will show our men and women who selflessly give of themselves that we support them, not only while they serve, but we will also be there should they make the ultimate sacrifice.

Federal Benefits for Veterans and Dependents 2005 Edition

Department of Veterans Affairs

Dependents Educational Assistance

Dependents Educational Assistance benefits are available to spouses who have not remarried and children of: (1) veterans who died or are permanently and totally disabled as the result of a disability arising from active military service; (2) veterans who died from any cause while rated permanently and totally disabled from service-connected disability; (3) servicemembers listed for more than 90 days as currently missing in action or captured in line of duty by a hostile force; (4) servicemembers listed for more than 90 days as currently detained or interned by a foreign government or power.

The termination of a surviving spouse's remarriage — either by death or divorce — will reinstate Dependents' Educational Assistance benefits to the surviving spouse. If a surviving spouse ceases living with another person who has been held out publicly as the person's spouse, there is no bar to granting Dependents Educational Assistance benefits to the surviving spouse.

Benefits may be awarded for pursuit of associate, bachelor or graduate degrees at colleges and universities, including independent study, cooperative training and study abroad programs. Courses leading to a certificate or diploma from business, technical or vocational schools also may be taken.

Benefits may be awarded for apprenticeships, on-the-job training programs and farm cooperative courses. Benefits for correspondence courses under certain conditions are available to spouses only. Secondary-school programs may be pursued if the individual is not a high-school graduate. An individual with a deficiency in a subject may receive tutorial assistance benefits if enrolled halftime or more. Deficiency, refresher and other training also may be available.

Monthly Payments

Payments are made monthly. The rate effective Oct. 1, 2004, is \$803 a month for full-time school attendance, with lesser amounts for part-time training. A person may receive educational assistance for full-time training for up to 45 months or the equivalent in part-time training. Payments to a spouse end 10 years from the date the individual is found eligible or from the date of the death of the veteran.

VA may grant an extension. Children generally must be between the ages of 18 and 26 to receive education benefits, though extensions may be granted.

Montgomery GI Bill Death Benefit

VA will pay a special Montgomery GI Bill death benefit to a designated survivor in the event of the service-connected death of an individual while on active duty or within one year after discharge or release. The deceased must either have been entitled to educational assistance under the Montgomery GI Bill program or a participant in the program who would have been so entitled but for the high school diploma or length-of-service requirement. The amount paid will be equal to the participant's actual military pay reduction, less any education benefits paid.

Free Tuition for Veterans

Certain veterans are eligible to take undergraduate courses at a state university without the payment of tuition provided they are not eligible for educational payments under the GI Bill or any other federal educational program. To qualify the veteran must be:

- Discharged under Honorable conditions, and
- A current resident of South Dakota and qualify for in-state tuition, and
- Able to meet one of the following criteria:
 - Served on active duty at any time between August 2, 1990 and March 3, 1991.
 - Received an Armed Forces Expeditionary medal, Southwest Asia Service medal, or other United States campaign or service medal for participation in combat operations against hostile forces outside the boundaries of the United States.
 - Have a service connected disability rated 10%, or more, disabling.

Eligible veterans may receive one month of free tuition for each month of "qualifying service" with a minimum of one, up to a maximum of four, academic years. Qualifying service is defined as: the amount of time served on active duty between the beginning and ending dates of the particular period of conflict or hostilities during which the veteran earned eligibility for this program. Since all of the post-Vietnam conflicts have been very

short in duration, the majority of veterans who qualify will be entitled to only the minimum, one academic year, of free tuition.

Under the free tuition program, the veteran has twenty (20) years from the ending date of the specific period of service during which he or she served and met the eligibility criteria, or, twenty (20) years after the date that he or she was rated 10%, or more, disabled by the DVA.

EXAMPLE: A veteran earned the Armed Forces Expeditionary medal for serving in Grenada in October 1983. As the hostilities in Grenada were declared to have ceased as of November 21, 1983, the veteran has until November 21, 2003, to use the free tuition program. SDDVA form E-11 "Veterans Application for Free Tuition at State Supported Schools" is available at the schools' financial aids, veterans representative or registrars offices or, they can be obtained from the Division of Veterans Affairs. The completed application, along with a copy of the veteran's DD-214 must be submitted to the Sioux Falls VA Regional Office (address shown on the reverse side of the form) and then returned to the school.

Free Tuition for Children of Veterans Who Die During Service

Children who are under the age of 25, are residents of South Dakota, and whose mother or father was killed in action or died of other causes while on active duty, are eligible for free tuition at a state supported school, if the deceased parent was a bona-fide resident of this state for at least six (6) months immediately preceding entry into active service.

2. have completed required active duty for training.

Where do you want to go to college? How much does it cost?

Getting an early handle on this will help you figure out how much you'll need to save, earn or borrow.

The table gives you an idea of how much it costs to attend *one year at a four-year college*. In addition, you'll also have to budget for books, miscellaneous expenses and travel. Going to an in-state college costs less, since you are paying resident tuition and usually do not have to travel as far.
