7 "Sec. 14.25.485. Occupational disability benefits and reemployment of
8 disabled members. (a) A member is eligible for an occupational disability benefit if
9 employment is terminated because of a total and apparently permanent occupational
10 disability before the member's normal retirement date.

11 (b) The occupational disability benefits accrue beginning the first day of the
12 month following termination of employment as a result of the disability and are
13 payable the last day of the month. If a final determination granting the benefit is not
14 made in time to pay the benefit when due, a retroactive payment shall be made to
15 cover the period of deferment. The last payment shall be for the first month in which
16 the disabled member

17 (1) dies;

18 (2) recovers from the disability;

19 (3) fails to meet the requirements under (f) or (h) of this section; or

20 (4) reaches normal retirement age.

21 (c) If the disabled member becomes ineligible to receive occupational
22 disability benefits before the normal retirement date, the disabled member shall then
23 be entitled to receive retirement benefits if the member would have been eligible for

1 the benefit had employment continued during the period of disability. The period of
2 disability constitutes membership service in regard to determining eligibility for
3 retirement.

4 (d) The monthly amount of an occupational disability benefit is 40 percent of
5 the disabled member's gross monthly compensation at the time of termination due to
6 disability. While a member is receiving disability benefits, based on the disabled
7 member's gross monthly compensation at the time of termination due to disability, the
8 employer shall make contributions to the

9 (1) member's individual account under AS 14.25.340 on behalf of the
10 member, without deduction from the member's disability payments; and

11 (2) appropriate accounts and funds on behalf of the member under
12 AS 14.25.350.

13 (e) A member is not entitled to an occupational disability benefit unless the
14 member files an application for an occupational disability benefit with the
15 administrator within 90 days after the date of terminating employment. If the member
16 is unable to meet a filing requirement of this subsection, the filing requirement may be
17 waived by the administrator if there are extraordinary circumstances that resulted in
18 the member's inability to meet the filing requirement.

19 (f) A disabled member receiving an occupational disability benefit shall
20 undergo a medical examination as often as the administrator considers advisable, but
21 not more frequently than once each year. The administrator shall determine the place
22 of the examination and engage the physician or physicians. If, in the judgment of the
23 administrator, the examination indicates that the disabled member is no longer
24 incapacitated because of a total and apparently permanent occupational disability, the
25 administrator may not issue further disability benefits to the member.

26 (g) A disabled member's occupational disability benefit terminates when the
27 disabled member first attains eligibility for normal retirement. At that time, the
28 member's retirement benefit shall be determined under the provisions of AS 14.25.420
29 -14.25.440, 14.25.470, and 14.25.480. A member receiving disability benefits up until
30 eligibility for retirement shall be considered to have retired directly from the plan.

31 (h) A member appointed to disability benefits shall apply to the division of

1 vocational rehabilitation of the Department of Labor and Workforce Development
2 within 30 days after the date disability benefits commence. The member shall be
3 enrolled in a rehabilitation program if the member meets the eligibility requirements
4 of the division of vocational rehabilitation. Unless the member demonstrates cause,
5 benefits shall terminate at the end of the first month in which a disabled member

6 (1) fails to report to the division of vocational rehabilitation;

7 (2) is certified by the division of vocational rehabilitation as failing to
8 cooperate in a vocational rehabilitation program;

9 (3) fails to interview for a job; or

10 (4) fails to accept a position offered.

11 (i) Upon the death of a disabled member who is receiving or is entitled to
12 receive an occupational disability benefit, the administrator shall pay the surviving
13 spouse a surviving spouse's pension, equal to 40 percent of the member's monthly
14 compensation at the termination of employment because of occupational disability. If
15 there is no surviving spouse, the administrator shall pay the survivor's pension in equal
16 parts to the dependent children of the member. The first payment of the surviving
17 spouse's pension or of a dependent child's pension shall accrue from the first day of
18 the month following the member's death and is payable the last day of the month. The
19 last payment shall be made for the last month in which there is an eligible surviving
20 spouse or child. On the date the normal retirement of the member would have
21 occurred if the member had lived, the retirement benefit shall be determined under the
22 provisions of AS 14.25.420 - 14.25.440, 14.25.470, and 14.25.480. A member who
23 died while receiving disability benefits shall be considered to have retired directly
24 from the plan on the date the normal retirement of the member would have occurred if
25 the member had lived.

26 (j) In this section, "occupational disability" has the meaning given in
27 AS 39.35.680.

28 **Sec. 14.25.487. Occupational death benefit.** (a) If (1) the death of a
29 member occurs before the member's retirement and before the member's normal
30 retirement date, (2) the proximate cause of death is a bodily injury sustained or a
31 hazard undergone while in the performance and within the scope of the member's

1 duties, and (3) the injury or hazard is not the proximate result of wilful negligence of
2 the member, a monthly survivor's pension shall be paid to the surviving spouse. If
3 there is no surviving spouse or if the spouse later dies, the monthly survivor's pension
4 shall be paid in equal parts to the dependent children of the member.

5 (b) The first payment of the surviving spouse's pension or of a dependent
6 child's pension shall be made for the month following the month in which the member
7 dies, and payment shall cease to be made beginning with the month in which the
8 member would have first qualified for retirement.

9 (c) The monthly survivor's pension in (b) of this section for survivors of
10 members is 40 percent of the member's monthly compensation in the month in which
11 the member dies. While the monthly survivor's pension is being paid, the employer
12 shall make contributions on behalf of the member's beneficiaries based on the
13 deceased member's gross monthly compensation at the time of occupational death

14 (1) to the member's individual account under AS 14.25.340, without
15 deduction from the survivor's pension; and

16 (2) to the appropriate accounts and funds on behalf of the member
17 under AS 14.25.350.

18 (d) If a member's death is caused by an act of assault, assassination, or
19 terrorism directly related to the person's status as a member, whether the act occurs on
20 or off the member's job site, the death shall be considered to have occurred in the
21 performance of and within the scope of the member's duties for purposes of (a)(2) of
22 this section. If the expressed or apparent motive and intent of the perpetrator of the
23 harm inflicted upon the member was due to the performance of the member's job
24 duties or employment, the death shall be considered to be directly related to the
25 member's status as a member. A member's job duties are those performed within the
26 course and scope of the person's employment with an employer.

27 (e) On the date the normal retirement of the member would have occurred if
28 the member had lived, the retirement benefit shall be determined under the provisions
29 of AS 14.25.420 - 14.25.440, 14.25.470, and 14.25.480. A member who died and
30 whose survivors receive occupational death benefits under this section shall be
31 considered to have retired directly from the plan on the date the normal retirement of

1

the member would have occurred if the member had lived."

"Sec. 14.25.485. Occupational disability benefits and reemployment of disabled members. (a) A member is eligible for an occupational disability benefit if employment is terminated because of a total and apparently permanent occupational disability before the member's normal retirement date.

(b) The occupational disability benefits accrue beginning the first day of the month following termination of employment as a result of the disability and are payable the last day of the month. If a final determination granting the benefit is not made in time to pay the benefit when due, a retroactive payment shall be made to cover the period of deferment. The last payment shall be for the first month in which the disabled member

- (1) dies;
- (2) recovers from the disability;
- (3) fails to meet the requirements under (f) or (h) of this section; or
- (4) reaches normal retirement age.

(c) If the disabled member becomes ineligible to receive occupational disability benefits before the normal retirement date, the disabled member shall then be entitled to receive retirement benefit if the member would have been eligible for

↓

1 the benefit had employment continued during the period of disability. The period of
2 disability constitutes membership service in regard to determining eligibility for
3 retirement.

4 (d) The monthly amount of an occupational disability benefit is 40 percent of
5 the disabled member's gross monthly compensation at the time of termination due to
6 disability. While a member is receiving disability benefits, based on the disabled
7 member's gross monthly compensation at the time of termination due to disability, the
8 employer shall make contributions to the

9 (1) member's individual account under AS 14.25.340 on behalf of the
10 member, without deduction from the member's disability payments; and

11 (2) appropriate accounts and funds on behalf of the member under
12 AS 14.25.350.

13 (e) A member is not entitled to an occupational disability benefit unless the
14 member files an application for an occupational disability benefit with the
15 administrator within 90 days after the date of terminating employment. If the member
16 is unable to meet a filing requirement of this subsection, the filing requirement may be
17 waived by the administrator if there are extraordinary circumstances that resulted in
18 the member's inability to meet the filing requirement.

19 (f) A disabled member receiving an occupational disability benefit shall
20 undergo a medical examination as often as the administrator considers advisable, but
21 not more frequently than once each year. The administrator shall determine the place
22 of the examination and engage the physician or physicians. If, in the judgment of the
23 administrator, the examination indicates that the disabled member is no longer
24 incapacitated because of a total and apparently permanent occupational disability, the
25 administrator may not issue further disability benefits to the member.

26 (g) A disabled member's occupational disability benefit terminates when the
27 disabled member first attains eligibility for normal retirement. At that time, the
28 member's retirement benefit shall be determined under the provisions of AS 14.25.420
29 -14.25.440, 14.25.470, and 14.25.480. A member receiving disability benefits up until
30 eligibility for retirement shall be considered to have retired directly from the plan.

31 (h) A member appointed to disability benefits shall apply to the division of

1 vocational rehabilitation of the Department of Labor and Workforce Development
2 within 30 days after the date disability benefits commence. The member shall be
3 enrolled in a rehabilitation program if the member meets the eligibility requirements
4 of the division of vocational rehabilitation. Unless the member demonstrates cause,
5 benefits shall terminate at the end of the first month in which a disabled member

6 (1) fails to report to the division of vocational rehabilitation;

7 (2) is certified by the division of vocational rehabilitation as failing to
8 cooperate in a vocational rehabilitation program;

9 (3) fails to interview for a job; or

10 (4) fails to accept a position offered.

11 (i) Upon the death of a disabled member who is receiving or is entitled to
12 receive an occupational disability benefit, the administrator shall pay the surviving
13 spouse a surviving spouse's pension, equal to 40 percent of the member's monthly
14 compensation at the termination of employment because of occupational disability. If
15 there is no surviving spouse, the administrator shall pay the survivor's pension in equal
16 parts to the dependent children of the member. The first payment of the surviving
17 spouse's pension or of a dependent child's pension shall accrue from the first day of
18 the month following the member's death and is payable the last day of the month. The
19 last payment shall be made for the last month in which there is an eligible surviving
20 spouse or child. On the date the normal retirement of the member would have
21 occurred if the member had lived, the retirement benefit shall be determined under the
22 provisions of AS 14.25.420 - 14.25.440, 14.25.470, and 14.25.480. A member who
23 died while receiving disability benefits shall be considered to have retired directly
24 from the plan on the date the normal retirement of the member would have occurred if
25 the member had lived.

26 (j) In this section, "occupational disability" has the meaning given in
27 AS 39.35.680.

28 **Sec. 14.25.487. Occupational death benefit.** (a) If (1) the death of a
29 member occurs before the member's retirement and before the member's normal
30 retirement date, (2) the proximate cause of death is a bodily injury sustained or a
31 hazard undergone while in the performance and within the scope of the member's

1 duties, and (3) the injury or hazard is not the proximate result of wilful negligence of
2 the member, a monthly survivor's pension shall be paid to the surviving spouse. If
3 there is no surviving spouse or if the spouse later dies, the monthly survivor's pension
4 shall be paid in equal parts to the dependent children of the member.

5 (b) The first payment of the surviving spouse's pension or of a dependent
6 child's pension shall be made for the month following the month in which the member
7 dies, and payment shall cease to be made beginning with the month in which the
8 member would have first qualified for retirement.

9 (c) The monthly survivor's pension in (b) of this section for survivors of
10 members is 40 percent of the member's monthly compensation in the month in which
11 the member dies. While the monthly survivor's pension is being paid, the employer
12 shall make contributions on behalf of the member's beneficiaries based on the
13 deceased member's gross monthly compensation at the time of occupational death

14 (1) to the member's individual account under AS 14.25.340, without
15 deduction from the survivor's pension; and

16 (2) to the appropriate accounts and funds on behalf of the member
17 under AS 14.25.350.

18 (d) If a member's death is caused by an act of assault, assassination, or
19 terrorism directly related to the person's status as a member, whether the act occurs on
20 or off the member's job site, the death shall be considered to have occurred in the
21 performance of and within the scope of the member's duties for purposes of (a)(2) of
22 this section. If the expressed or apparent motive and intent of the perpetrator of the
23 harm inflicted upon the member was due to the performance of the member's job
24 duties or employment, the death shall be considered to be directly related to the
25 member's status as a member. A member's job duties are those performed within the
26 course and scope of the person's employment with an employer.

27 (e) On the date the normal retirement of the member would have occurred if
28 the member had lived, the retirement benefit shall be determined under the provisions
29 of AS 14.25.420 - 14.25.440, 14.25.470, and 14.25.480. A member who died and
30 whose survivors receive occupational death benefits under this section shall be
31 considered to have retired directly from the plan on the date the normal retirement of

1 the member would have occurred if the member had lived."

Sec. 14.25.470. Eligibility for retirement and medical benefits. (a) In order to obtain medical benefits under AS 14.25.480 a member must retire directly from the plan. A member is eligible to retire from the plan if the member has been an active member for at least 12 months before application for retirement and

(1) the member has at least 30 years of service; or

(2) the member reaches the normal retirement age and has at least 10 years of service.

(b) The normal retirement age is the age set for Medicare eligibility at the time the member retires.

(c) A member's surviving spouse is eligible to elect medical benefits under AS 14.25.480 if the member had retired, or was eligible for retirement and medical benefits, at the time of the member's death.

(d) A member shall apply for retirement and medical benefits on the forms and in the manner prescribed by the administrator.

(e) Participation in the retiree major medical insurance plan is not required in order to participate in the health reimbursement arrangement.

(f) A person eligible for retirement and medical benefits is not required to participate in the health reimbursement arrangement in order to participate in the retiree major medical insurance plan.

(g) An eligible person shall make the irrevocable election to participate or not participate in the retiree major medical insurance plan by reaching 70 1/2 years of age, or upon application for retirement and medical benefits, whichever is later.

Sec. 14.40.671. Participation. (a) An employee in a participating position may elect to participate in a [THE OPTIONAL] university retirement program or to participate in the appropriate state retirement system. Eligibility to participate in a [THE] program begins on an employee's appointment to a participating position.

(b) An election under (a) of this section to participate in a university retirement [THE] program is irrevocable. The election shall be made in writing on a form provided by the board and approved for the state by the commissioner of administration. The form must be filed with the university not [BOARD NO] later than 30 days after the date on which the employee is notified by the university that the employee is [FIRST BECOMES] eligible to participate in the program. A copy of the form shall be delivered to the appropriate state retirement system. The election becomes irrevocable on the date it is received by the board.

(c) Participation in a university retirement [THE ELECTION TO PARTICIPATE IN THE] program constitutes a waiver of all rights and benefits under

continuation of AS 14.40.671 from page 3

the state retirement systems earned on or after the effective date of the election while the employee is participating in a university retirement [THE] program.

(d) Except as provided in (e) of this section, if a nonvested member of a state retirement system participates [ELECTS TO PARTICIPATE] in a university retirement [THE] program, the employee may choose to transfer the amount in the employee's contribution account to a university retirement [THE] program. If the employee chooses to transfer the account, the appropriate state retirement system shall pay to the university on behalf of the employee an amount equal to the balance in the account. The payment must be made within 45 days after notice of the employee's decision to transfer the employee's contribution account to a university retirement program [THE ELECTION] is received by the state retirement system. The financial officer of the university shall immediately pay the amount received to the designated company or companies for the benefit of the employee. An employee who transfers assets under this subsection may not reclaim the corresponding service in the state retirement system if the employee is reemployed under the state retirement system.

Suggested
by
Legal Secs

(e) An employee whose rights to transfer assets out of a state retirement system are subject to a qualified domestic relations order is entitled to transfer assets from the state retirement system to a university retirement [THE] program only if the requirements for receiving a refund under AS 14.25.150(b), 14.25.360, [OR] AS 39.35.200(c), or 39.35.760, as appropriate, are met.

(f) If a vested member of a state retirement system elects to participate in a university retirement [THE] program, the employee ceases to be an active member of the state retirement system on the effective date of the participation in a university retirement [THE] program. The employee retains all benefits accrued in the state retirement system.

(g) An employee who does not [ELECT TO] participate in a university retirement [THE] program under this section becomes or remains a member of the appropriate state retirement system.

**DRAFTING/CLEAN-UP CHANGES PROPOSED TO
FREE CONFERENCE COMMITTEE CS FOR SENATE BIL 141 (CORRECTED) V "N"**

Delete sec. 74, page 58, lines 19-28: this language should not have been carried into the FCC CS

* Sec. 74. AS 39.30.090 is amended by adding a new subsection to read:

~~(c) The Department of Administration shall implement by regulation cost-saving measures appropriate applicable to group insurance obtained under (a) of this section. This includes using manufacturer's rebates, copay levels, and multi-tiered copayment structures; mandating the use of generic drugs; determining the type of drug classes in a formulary; dispensing fees; mandating or providing incentives for mail order pharmaceuticals; using a reduction in the average wholesale price; providing case management services for certain users of pharmaceuticals; capping the number of prescriptions filled each month; and restricting the number of refills that users may have at one time.~~

error made in drafting FCC CS

To: page 105, lines 7-11:

(c) Each eligible member who elects to participate in the defined contribution retirement plan shall have transferred to a new account the ~~present value of the~~ member contribution account balance held in trust for the member under the defined benefit retirement plan of the public employees' retirement system. A matching employer contribution shall be made on behalf of that employce to the new account.

[The employer shall make the matching contribution from funds other than the trust funds of the defined benefit retirement plan established under AS 39.35.095 - 39.35.680.]

**DRAFTING/CLEAN-UP CHANGES PROPOSED TO
FREE CONFERENCE COMMITTEE CS FOR SENATE BIL 141 (CORRECTED) V "N"**

Replace: page 96, line 23 through page 97, line 15

Sec. 39.35.870. Eligibility for retirement and medical benefits. (a) In order to obtain medical benefits under AS 39.35.880, an active member must retire directly from the plan. A member is eligible to retire from the plan if the member has been an active member for at least 12 months before application for retirement and

(1) the member has at least 25 years of membership service as a peace officer or fire fighter or at least 30 years of membership service for all other employees; or

(2) the member reaches the normal retirement age and has at least 10 years of membership service.

(b) The normal retirement age is the age set for Medicare eligibility at the time the member retires.

(c) A member's surviving spouse is eligible to elect medical benefits under AS 39.35.880 if the member had retired, or was eligible for retirement and medical benefits, at the time of the member's death.

(d) Members shall apply for retirement and medical benefits on the forms and in the manner prescribed by the administrator.

(e) Participation in the retiree major medical insurance plan is not required in order to participate in the health reimbursement arrangement.

(f) A person eligible for retirement and medical benefits is not required to participate in the health reimbursement arrangement in order to participate in the retiree major medical insurance plan.

(g) An eligible person must make the irrevocable election to participate or not participate in the retiree major medical insurance plan by reaching 70 1/2 years of age, or upon application for retirement and medical benefits, whichever is later.

1 * **Sec. 33.** AS 14.25 is amended by adding new sections to read:

2 **Article 3. Teachers First Hired on or after July 1, 2006.**

3 **Sec. 14.25.310. Applicability of AS 14.25.310 - 14.25.590.** The provisions of
4 AS 14.25.310 - 14.25.590 apply only to teachers who first become members on or
5 after July 1, 2006, or to members who transfer into the defined contribution plan under
6 AS 14.25.540.

7 **Sec. 14.25.320. Defined contribution retirement plan established.** (a) A
8 defined contribution retirement plan for teachers of the state is created.

9 (b) The defined contribution retirement plan includes a plan in which savings
10 are accumulated in an individual account for the exclusive benefit of the member or
11 beneficiaries. The plan is established effective July 1, 2006, at which time
12 contributions by employers and members begin.

13 (c) The defined contribution retirement plan is intended to qualify under 26
14 U.S.C. 401(a) and 414(d) (Internal Revenue Code) as a qualified retirement plan
15 established and maintained by the state for its employees and for the employees of
16 school districts and regional educational attendance areas in the state.

17 (d) An amendment to the defined contribution retirement plan does not
18 provide a person with a vested right to a benefit if the Internal Revenue Service
19 determines that the amendment will result in disqualification of the plan under the
20 Internal Revenue Code.

21 **Sec. 14.25.330. Membership.** (a) A teacher who first becomes a member on
22 or after July 1, 2006, shall participate in the plan as a member of the defined
23 contribution retirement plan.

24 (b) A teacher who is participating in a university retirement program under
25 AS 14.40.661 - 14.40.799 may not participate as a member of the defined contribution
26 retirement plan.

27 **Sec. 14.25.340. Contributions by members.** (a) Each member shall
28 contribute to the member's individual account an amount equal to eight percent of the
29 member's compensation from July 1 to the following June 30.

30 (b) Subject to the limitations on contributions under AS 14.25.380, a member
31 may elect to make additional contributions to the member's individual account.

1 (c) The employer shall deduct the contribution from the member's
2 compensation at the end of each payroll period, and the contribution shall be credited
3 by the administrator to the member's individual account. The contributions shall be
4 deducted from member's compensation before the computation of applicable federal
5 taxes and shall be treated as employer contributions under 26 U.S.C. 414(h)(2). A
6 member may not have the option of making the payroll deduction directly in cash
7 instead of having the contribution picked up by the employer.

8 **Sec. 14.25.345. Employment contributions mandatory.** (a) Contributions
9 of members shall be made by payroll deductions. Each member shall be considered to
10 consent to payroll deductions. It is of no consequence that a payroll deduction may
11 cause the compensation paid in cash to a member to be reduced below the minimum
12 required by law.

13 (b) Payment of a member's compensation, less payroll deductions, is a full and
14 complete discharge and satisfaction of all claims and demands by the member relating
15 to remuneration of services during the period covered by the payment, except with
16 respect to the benefits provided under the plan.

17 **Sec. 14.25.350. Contributions by employers.** (a) An employer shall
18 contribute to each member's individual account an amount equal to five percent of the
19 member's compensation from July 1 to the following June 30.

20 (b) An employer shall also contribute an amount equal to a percentage, as
21 certified by the board, of each member's compensation from July 1 to the following
22 June 30 to pay for retiree major medical insurance. This contribution shall be paid
23 into the group health and life benefits fund established by the commissioner of
24 administration under AS 39.30.095 and shall be accounted for in accordance with
25 regulations established by the commissioner.

26 (c) Notwithstanding (b) of this section, the employer contribution for retiree
27 major medical insurance for fiscal year ²⁰⁰⁷~~2006~~ shall be 1.75 percent of each member's
28 compensation from July 1 to the following June 30.

29 (d) An employer shall also make contributions to the health reimbursement
30 arrangement plan under AS 39.30.300.

31 **Sec. 14.25.360. Rollover contributions and distributions.** (a) A teacher

1 (41) "commissioner" means the commissioner of administration;

2 (42) "plan" means the retirement plan established in AS 39.35.095 -
3 39.35.680.

4 * Sec. 126. AS 39.35 is amended by adding new sections to read:

5 **Article 9. Employees First Hired on or after July 1, 2006.**

6 **Sec. 39.35.700. Applicability of AS 39.35.700 - 39.35.990.** The provisions of
7 AS 39.35.700 - 39.35.990 apply only to members first hired on or after July 1, 2006,
8 or to members who transfer into the defined contribution plan under AS 39.35.940.

9 **Sec. 39.35.710. Defined contribution retirement plan established; federal**
10 **qualification requirements.** (a) A defined contribution retirement plan is established
11 for employees of the state or a political subdivision or public organization of the state.

12 (b) The defined contribution retirement plan is a plan in which savings are
13 accumulated in an individual retirement account for the exclusive benefit of the
14 member or beneficiaries. The plan is established effective July 1, 2006, at which time
15 contributions by employers and members begin.

16 (c) The retirement plan established by AS 39.35.700 - 39.35.990 is intended to
17 qualify under 26 U.S.C. 401(a) and 414(d) (Internal Revenue Code) as a qualified
18 retirement plan established and maintained by the state for its employees, for the
19 employees of political subdivisions, public corporations, and public organizations of
20 the state, and for the employees of other employers whose participation is authorized
21 by AS 39.35.700 - 39.35.990 and who participate in the plan set out in AS 39.35.700 -
22 39.35.990.

23 (d) An amendment to AS 39.35.700 - 39.35.990 does not provide a person
24 with a vested right to a benefit if the Internal Revenue Service determines that the
25 amendment will result in disqualification of the plan under the Internal Revenue Code.

26 **Sec. 39.35.720. Membership.** An employee who becomes a member on or
27 after July 1, 2006, shall participate in the plan set out in AS 39.35.700 - 39.35.990.

28 **Sec. 39.35.730. Contributions by members.** (a) Each member shall
29 contribute to the member's individual account an amount equal to eight percent of the
30 member's compensation from July 1 to the following June 30.

31 (b) Subject to the limitations on contributions under AS 39.35.730, a member

1 may elect to make additional contributions to the member's individual account.

2 (c) The employer shall deduct the contribution from the member's
3 compensation at the end of each payroll period, and the contribution shall be credited
4 by the plan to the member's individual account. The contributions shall be deducted
5 from member's compensation before the computation of applicable federal taxes and
6 shall be treated as employer contributions under 26 U.S.C. 414(h)(2). A member may
7 not have the option of making the payroll deduction directly in cash instead of having
8 the contribution picked up by the employer.

9 **Sec. 39.35.740. Employment contributions mandatory.** Contributions of
10 employees shall be made by payroll deductions. Every included employee shall be
11 considered to consent to payroll deductions. It is of no consequence that a payroll
12 deduction may cause the compensation paid in cash to an employee to be reduced
13 below the minimum required by law. Payment of an employee's compensation, less
14 payroll deductions, is a full and complete discharge and satisfaction of all claims and
15 demands by the employee relating to remuneration of services during the period
16 covered by the payment, except with respect to the benefits provided under the plan.

17 **Sec. 39.35.750. Contributions by employers.** (a) An employer shall
18 contribute to each member's individual account an amount equal to five percent of the
19 member's compensation from July 1 to the following June 30.

20 (b) An employer shall also contribute an amount equal to a percentage, as
21 certified by the board, of each member's compensation from July 1 to the following
22 June 30 to pay for retiree major medical insurance. This contribution shall be paid
23 into the group health and life benefits fund established by the commissioner of
24 administration under AS 39.30.095 and shall be accounted for in accordance with
25 regulations established by the commissioner.

26 (c) Notwithstanding (b) of this section, the employer contribution for retiree
27 major medical insurance for fiscal year ²⁰⁰⁷~~2006~~ shall be 1.75 percent of each member's
28 compensation from July 1 to the following June 30.

29 (d) An employer shall also make contributions to the health reimbursement
30 arrangement plan under AS 39.30.300.

31 (e) An employer shall make annual contributions to the plan in an amount

ANALYSIS: (Attach a separate page if necessary)

This bill transfers to the Office of Administrative Hearings (OAH) adjudicatory hearing functions now performed by the PERS and TRS boards with assistance from contract legal counsel. OAH would conduct hearings, exercise equitable powers, and issue final decisions, as well as perform ancillary pre-hearing functions presently performed by staff of the Division of Retirement and Benefits.

The numbers of cases referred and hearings conducted, as well as the number that might be resolved through alternative dispute resolution or on motions without an evidentiary hearing, likely would vary somewhat each year. To handle the additional caseload, OAH likely would need to add to the Administrative Law Judge (ALJ) staff a 3/4 PPT in all years except in FY 06, when an ALJ PFT would be needed due to the existing backlog of approximately 150 cases likely to carry over into FY 06.

ANALYSIS: (Attach a separate page if necessary)

This bill will create a new defined contribution retirement plan and a health reimbursement arrangement for new employees of the PERS and TRS hired after the effective date of July 1, 2005. As the new plan significantly differs from the current defined benefit plans, the division will be required to reprogram its computer systems, set up and account for two new plans, create new plan publications and forms, train staff, employer contacts and new members, create new employee benefit education methods on the web, benefit seminars and one on one appointments, and to contract for financial planning services for members of the new plan. The fiscal note assumes fund manager fees, custody, and record keeper's individual account fees are separate. It further assumes that cost reductions for the PERS and TRS Boards will be partially offset by payments to the Office of Administrative Hearings to conduct disability hearings, previously conducted by the boards.

	<u>-92.5</u>	<u>-41.5</u>	<u>-121.5</u>	<u>-41.5</u>
TOTAL	936.5	535.5	402.1	528.6

The above funding source is initially listed as General Fund because the existing tiers of PERS / TRS are Defined Benefit plans, and the present DC plans, SBS and DCP are legally separate from the intended plan. It is assumed that by FY2006, as more employees are hired into the new tiers, that program costs will be funded through an assessment on DC accounts, similar to the SBS program currently in place. General funds will be reduced 25% per year from FY2008-2011.

The new plan effective date is July 1, 2005. Therefore, startup costs will start in FY 05. The startup costs are not costs of the PERS and TRS Defined Benefit plans. Tiers 1, 2, and 3 are logically related; however, tier 4 PERS and Tier 3 TRS would not be. The purpose of the bill is to separate the DB and DC side. A legal opinion was sought to determine how the funding and accounting needs to occur for the new DC plan.

SB141 creates a new 9 member Alaska Retirement Management (ARM) Board and replaces the current 5 member Alaska State Pension Investment Board (ASPIB) staffed by the Treasury Division. It also creates a defined contribution plan with employee and employer contributions, a separate defined benefit health fund and a health care reimbursement trust. Funds currently budgeted under the ASPIB will be transferred to the new board. A summary of the fiscal notes follows.

Summary of Fiscal Notes	FY06	FY07	FY08	FY09	FY10	FY11
Treasury Division fiscal note #1	214.5	214.5	214.5	214.5	214.5	214.5
Alaska State Pension Investment Board fiscal note #2	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4
ARM Board fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6
ASPIB Custody and Management Fees fiscal note #4	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6
ARM Board Custody and Management Fees fiscal note #5	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6
Total	804.7	480.7	480.7	480.7	480.7	480.7
Back out 1A between the two components ¹	-214.5	-214.5	-214.5	-214.5	-214.5	-214.5
SB241 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Note 1: Currently 100% of the Treasury Division's personal services costs are included in the Treasury Division component under personal services. These incremental costs are included in the new ARM budget (as in the prior ASPIB budget as a contractual expense). Simply adding the two budgets would double count this amount.

The following table shows the breakdown of incremental costs by budget category. Following are discussed the assumptions we have made and how these total costs have been allocated between fiscal note 1 and 3.

	FY06	FY07	FY08	FY09	FY10	FY11
Personal Services	214.5	214.5	214.5	214.5	214.5	214.5
Travel	23.9	12.0	12.0	12.0	12.0	12.0
Contractual	337.3	39.2	39.2	39.2	39.2	39.2
Supplies	14.5	.5	.5	.5	.5	.5
SB141 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Assumptions:

Following are the assumptions used in arriving at the estimate of the incremental costs of SB141.

1. A new defined contribution plan will have a similar number and type of options as the current Supplement Benefits System. All options would be available on day one of the new plan. A plan similar to SBS will result in the hire of approximately 6 managers and the establishment of over 30 additional safekeeping accounts at the custodial bank and associated accounting records.
2. There is a need to add 2 additional professional and 1 additional technical staff to include a State Investment Officer II, an Accountant IV and an Accounting Technician III. The total cost included in the fiscal notes per year of these staff is \$214.5.
3. Funding for one extra board meeting in the first year for the new board to organize and receive start-up training as well as funding to reflect 1 additional board member traveling (current budget includes 8 existing members.)

4. The costs of computers, office equipment and office space reconfiguration is included in year one for the new staff. In all years funding is included for training, investment software subscriptions (Bloomberg, Yieldbook, S&P and Moody's rating services) and miscellaneous supplies for new staff.
5. In year one, the cost for the external consultant to assist the board in selecting 6 new managers. The current contract cost for manager searches is \$50.0 per search.
6. The costs of an external consultant to calculate performance of the funds quarterly. Costs are expected to be \$50.0 year based on the current contract.
7. In FY2006 \$100.0 to cover the costs of an independent audit/review of the performance consultant. It is a requirement in SB141 that this contractor be audited. We expect that audit to occur every 4 to 5 years after the initial audit review.
8. There is a \$40.0 reduction in current costs associated with the election of members as the new board will be appointed by the governor.

Treasury Division fiscal note #1

The Treasury Division's fiscal note includes \$214.5 each year for personal services. There are economies of scale in managing investments. However, the new funds created by Senate Bill 141 would require considerable additional responsibilities. If the number of options paralleled the existing SBS Plan, that would translate to 13 new manager accounts, 34 new custodial accounts and 4 new sets of monthly financial statements with annual audit requirements. The Department of Revenue currently manages a large number of funds with a limited investment and back office staff. In order to prudently meet the prospective demands of Senate Bill 141, Treasury would need to hire an additional investment staff and 2 middle back office staff.

Background

Prudent and productive management of investments is a resource intensive process. Managing a modern portfolio is a broad responsibility which requires significant expertise and high attention to detail.

Investment management responsibilities include designing investment policy guidelines, developing custom asset allocations, conducting investment manager searches, performing investment manager due diligence, negotiating and contracting with prospective managers, managing investment manager relationships, performing periodic portfolio rebalancing, monitoring and evaluating investment performance, presenting and consulting with oversight organizations, and following developments in investment research and analytic tools.

In addition, investment management requires a significant interface with back and middle office functions including fund accounting and audit, managing custody and brokerage relationships, cash management, securities lending, safeguarding assets, and compliance monitoring.

Senate Bill 141 would create the equivalent of four new funds to manage: the Employee Defined Contribution Accounts, the Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust.

The Employee Defined Contribution Accounts would likely offer employees a reasonably wide range of investment options. As a comparison, the Supplemental Benefits System offers a suite of 6 target or life-style funds and 8 separate asset class funds for a total of 14 options that participants may select from. Deciding on the mix of investment styles to offer, searching for and hiring investment managers, and evaluating and reporting on investment manager performance would be a considerable on-going undertaking.

While Treasury may realize fee economies from existing investment relationships, it is unlikely that the contributions in this account can be commingled with existing accounts. That means that there would be a completely new set of accounts for custodial and accounting purposes.

The Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust would all likely call for separate custom asset allocations. All three would individually require evaluation, reporting, and periodic portfolio rebalancing. They would also require separate custodial and accounting records including monthly financial reporting and audits.

There is likely to be an additional consequence of the change to a defined contribution plan. Currently there is a population of participants in SBS and Deferred Compensation that monitor their accounts daily. They often have questions whenever there are apparent anomalies in the change in the daily prices of the options. As a general rule, we would say that members of a defined benefit plan are not as price sensitive. The new plan will greatly increase the number of individuals who are monitoring on-line data on a daily basis. This will correlate directly to an increase in the amount of time we spend answering questions.

Alaska State Pension Investment Board fiscal note #2
Alaska Retirement Management Board fiscal note #3

Fiscal note #2 transfers the existing ASPIB budgeted funding to the new ARM board. This fiscal note also includes the ARM board's share of costs expected due to the implementation of SB141.

	FY06	FY07	FY08	FY09	FY10	FY11
ASPIB budgeted funding fiscal note	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4
Incremental costs from SB141	590.2	266.2	266.2	266.2	266.2	266.2
Total costs on fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6

Total first year costs in fiscal note #3 include \$180.0 for manager selection; \$100.0 for an audit of the board's performance consultant (This audit is a new requirement of SB141. It does not have to occur in the first year, but once done we would expect it to occur every 4 to 5 years.); \$15.0 associated with one additional meeting for organizing and educating the new board members; and, \$29.0 for computers and the office setup for the new positions. These total start-up costs are \$324.0.

On-going costs include interagency chargeback to the ARM for the costs of the 2 new positions totaling \$214.5; travel for the additional board member (the current board has 8 members versus the new board with 9 members) as well as increased due diligence of the new fund managers and training for the new staff in the amount of \$13.0; \$48.7 for the ongoing cost of phones, information technology charge backs, supplies and investment subscription services for the new staff (these include Bloomberg, Yieldbook, S&P and Moody's and Tradeweby); a \$-60.0 reduction in current cost as elections will be eliminated; \$30.0 per year for the calculation of the new funds' performance by an external consultant. These total on-going costs are \$266.2.

State Pension Custody and Management Fees #4
Alaska Retirement Management Board Fees #5

Fiscal note #4 transfers the budgeted funding of the State Pension Custody and Management Fees to a new Alaska Retirement Management Board Fees component (fiscal note #5) in the Department of Revenue for the new ARM Board. This component includes the investment management and custody costs of the existing defined benefit plans and will not be impacted in the foreseeable future by SB141. Please note that in a defined contribution plan, invest manager fees and custodian costs are deducted from the individual accounts daily (through an adjustment to the per share price of the investments). These costs are not included in the Department's budget.

	FY06	FY07	FY08	FY09	FY10	FY11
ASPIB Custody and Management Fees fiscal note #4	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6
ARM Board Custody and Management Fees fiscal note #5	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6

SB141 creates a new 9 member Alaska Retirement Management (ARM) Board and replaces the current 8 member Alaska State Pension Investment Board (ASPIB) staffed by the Treasury Division. It also creates a defined contribution plan with employee and employer contributions, a separate defined benefit health fund and a health care reimbursement trust. Funds currently budgeted under the ASPIB will be transferred to the new board. A summary of the fiscal notes follows.

Summary of Fiscal Notes	FY06	FY07	FY08	FY09	FY10	FY11
Treasury Division fiscal note #1	214.5	214.5	214.5	214.5	214.5	214.5

ARM Board fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6
ASPIB Custody and Management Fees fiscal note #4	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6
ARM Board Custody and Management Fees fiscal note #5	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6
Total	804.7	480.7	480.7	480.7	480.7	480.7
Back out IA between the two components ¹	-214.5	-214.5	-214.5	-214.5	-214.5	-214.5
SB241 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Note 1: Currently 100% of the Treasury Division's personal services costs are included in the Treasury Division component under personal services. These incremental costs are included in the new ARM budget (as in the prior ASPIB budget as a contractual expense). Simply adding the two budgets would double count this amount.

The following table shows the breakdown of incremental costs by budget category. Following are discussed the assumptions we have made and how these total costs have been allocated between fiscal note 1 and 3.

	FY06	FY07	FY08	FY09	FY10	FY11
Personal Services	214.5	214.5	214.5	214.5	214.5	214.5
Travel	23.9	12.0	12.0	12.0	12.0	12.0
Contractual	337.3	39.2	39.2	39.2	39.2	39.2
Supplies	14.5	.5	.5	.5	.5	.5
SB141 Total Incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Assumptions:

Following are the assumptions used in arriving at the estimate of the incremental costs of SB141.

1. A new defined contribution plan will have a similar number and type of options as the current Supplement Benefits System. All options would be available on day one of the new plan. A plan similar to SBS will result in the hire of approximately 6 managers and the establishment of over 30 additional safekeeping accounts at the custodial bank, and associated accounting records.

2. There is a need to add 2 additional professional and 1 additional technical staff to include a State Investment Officer II, an Accountant IV and an Accounting Technician III. The total cost included in the fiscal notes per year of these staff is \$214.5.

3. Funding for one extra board meeting in the first year for the new board to organize and receive start-up training as well as funding to reflect 1 additional board member traveling (current budget includes 8 existing members).

4. The costs of computers, office equipment and office space reconfiguration is included in year one for the new staff. In all years funding is included for training, investment software subscriptions (Bloomberg, Yieldbook, S&P and Moody's rating services) and miscellaneous supplies for new staff.

5. In year one, the cost for the external consultant to assist the board in selecting 6 new managers. The current contract cost for manager searches is \$30.0 per search.

6. The costs of an external consultant to calculate performance of the funds quarterly. Costs are expected to be \$30.0 year based on the current contract.

7. In FY2006 \$100.0 to cover the costs of an independent audit/review of the performance consultant. It is a requirement in SB141 that this contractor be audited. We expect that audit to occur every 4 to 5 years after the initial audit/review.

8. There is a \$40.0 reduction in current costs associated with the election of members as the new board will be appointed by the governor.

Treasury Division fiscal note #1

The Treasury Division's fiscal note includes \$214.5 each year for personal services. There are economies of scale in managing investments. However, the new funds created by Senate Bill 141 would require considerable additional responsibilities. Unlike the number of options paralleled the existing SBS Plan, that would translate to 13 new manager accounts, 34 new custodial accounts and 4 new sets of monthly financial statements with annual audit requirements. The Department of Revenue currently manages a large number of funds with a limited investment and back office staff. In order to prudently meet the prospective demands of Senate Bill 141, Treasury would need to hire an additional investment staff and 2 middle back office staff.

Background

Prudent and productive management of investments is a resource intensive process. Managing a modern portfolio is a broad responsibility which requires significant expertise and high attention to detail.

Investment management responsibilities include designing investment policy guidelines, developing custom asset allocations, conducting investment manager searches, performing investment manager due diligence, negotiating and contracting with prospective managers, managing investment manager relationships, performing periodic portfolio rebalancing, monitoring and evaluating investment performance, presenting and consulting with oversight organizations, and following developments in investment research and analytic tools.

In addition, investment management requires a significant interface with back and middle office functions including fund accounting and audit, managing custody and brokerage relationships, cash management, securities lending, safeguarding assets, and compliance monitoring.

Senate Bill 141 would create the equivalent of four new funds to manage: the Employee Defined Contribution Accounts, the Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust.

The Employee Defined Contribution Accounts would likely offer employees a reasonably wide range of investment options. As a comparison, the Supplemental Benefits System offers a suite of 6 target or life-style funds and 3 separate asset class funds for a total of 14 options that participants may select from. Deciding on the mix of investment styles to offer, searching for and hiring investment managers, and evaluating and reporting on investment manager performance would be a considerable on-going undertaking.

While Treasury may realize fee economies from existing investment relationships, it is unlikely that the contributions in this account can be commingled with existing accounts. That means that there would be a completely new set of accounts for custodial and accounting purposes.

The Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust would all likely call for separate custom asset allocations. All three would individually require evaluation, reporting, and periodic portfolio rebalancing. They would also require separate custodial and accounting records including monthly financial reporting and audits.

There is likely to be an additional consequence of the change to a defined contribution plan. Currently there is a population of participants in SBS and Deferred Compensation that monitor their accounts daily. They often have questions whenever there are apparent anomalies in the change in the daily prices of the options. As a general rule, we would say that members of a defined benefit plan are not as price sensitive. The new plan will greatly increase the number of individuals who are monitoring on-line data on a daily basis. This will correlate directly to an increase in the amount of time we spend answering questions.

Alaska State Pension Investment Board fiscal note #2
Alaska Retirement Management Board fiscal note #3

Fiscal note #2 transfers the existing ASPIB budgeted funding to the new ARM board. This fiscal note also includes the ARM board's share of costs expected due to the implementation of SB141.

	FY06	FY07	FY08	FY09	FY10	FY11
ASPIB budgeted funding fiscal note	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4
Incremental costs from SB141	596.2	266.2	266.2	266.2	266.2	266.2
Total costs on fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6

Total first year costs in fiscal note #3 include \$180.0 for manager selection; \$100.0 for an audit of the board's performance consultant (This audit is a new requirement of SB141. It does not have to occur in the first year, but once done we would expect it to occur every 4 to 5 years.); \$15.0 associated with one additional meeting for organizing and educating the new board members; and, \$29.0 for computers and the office setup for the new positions. These total start-up costs are \$324.0.

On-going costs include interagency chargeback to the ARM for the costs of the 3 new positions totaling \$214.5; travel for the additional board member (the current board has 8 members versus the new board with 9 members) as well as increased due diligence of the new fund managers and training for the new staff in the amount of \$13.0; \$48.7 for the ongoing cost of phones, information technology charge backs, supplies and investment subscription services for the new staff (these include Bloomberg, Yieldbook, S&P and Moody's and Tradeweb); a \$-40.0- reduction in current cost as elections will be eliminated; \$30.0 per year for the calculation of the new funds' performance by an external consultant. These total on-going costs are \$266.2.

State Pension Custody and Management Fees #4
 Alaska Retirement Management Board Fees #5

Fiscal note #4 transfers the budgeted funding of the State Pension Custody and Management Fees to a new Alaska Retirement Management Board Fees component (fiscal note #5) in the Department of Revenue for the new ARM Board. This component includes the investment management and custody costs of the existing defined benefit plans and will not be impacted in the foreseeable future by SB141. Please note that in a defined contribution plan, invest manager fees and custodian costs are deducted from the individual accounts daily (through an adjustment to the per share price of the investments). These costs are not included in the Department's budget.

Approved by: Tom Boutin, Deputy Commissioner Date: 4/5/2005
Agency: Department of Revenue

SB141 creates a new 9 member Alaska Retirement Management (ARM) Board and replaces the current 8 member Alaska State Pension Investment Board (ASPIB) staffed by the Treasury Division. It also creates a defined contribution plan with employee and employer contributions, a separate defined benefit health fund and a health care reimbursement trust. Funds currently budgeted under the ASPIB will be transferred to the new board. A summary of the fiscal notes follows.

Summary of Fiscal Notes	FY06	FY07	FY08	FY09	FY10	FY11
Treasury Division fiscal note #1	214.5	214.5	214.5	214.5	214.5	214.5
Alaska State Pension Investment Board fiscal note #2	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4
ARM Board fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6
ASPIB Custody and Management Fees fiscal note #4	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6
ARM Board Custody and Management Fees fiscal note #5	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6
Total	804.7	480.7	480.7	480.7	480.7	480.7
Back out IA between the two components ¹	-214.5	-214.5	-214.5	-214.5	-214.5	-214.5
SB241 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Note 1: Currently 100% of the Treasury Division's personal services costs are included in the Treasury Division component under personal services. These incremental costs are included in the new ARM budget (as in the prior ASPIB budget as a contractual expense). Simply adding the two budgets would double count this amount.

The following table shows the breakdown of incremental costs by budget category. Following are discussed the assumptions we have made and how these total costs have been allocated between fiscal note 1 and 3.

	FY06	FY07	FY08	FY09	FY10	FY11
Personal Services	214.5	214.5	214.5	214.5	214.5	214.5
Travel	23.9	12.0	12.0	12.0	12.0	12.0
Contractual	337.3	39.2	39.2	39.2	39.2	39.2
Supplies	14.5	.5	.5	.5	.5	.5
SB141 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Assumptions:

Following are the assumptions used in arriving at the estimate of the incremental costs of SB141.

1. A new defined contribution plan will have a similar number and type of options as the current Supplement Benefits System. All options would be available on day one of the new plan. A plan similar to SBS will result in the hire of approximately 6 managers and the establishment of over 30 additional safekeeping accounts at the custodial bank and associated accounting records.

2. There is a need to add 2 additional professional and 1 additional technical staff to include a State Investment Officer II, an Accountant IV and an Accounting Technician III. The total cost included in the fiscal notes per year of these staff is \$214.5.

3. Funding for one extra board meeting in the first year for the new board to organize and receive start-up training as well as funding to reflect 1 additional board member traveling (current budget includes 8 existing members).

4. The costs of computers, office equipment and office space reconfiguration is included in year one for the new staff. In all years funding is included for training, investment software subscriptions (Bloomberg, Yieldbook, S&P and Moody's rating services) and miscellaneous supplies for new staff.
5. In year one, the cost for the external consultant to assist the board in selecting 6 new managers. The current contract cost for manager searches is \$30.0 per search.
6. The costs of an external consultant to calculate performance of the funds quarterly. Costs are expected to be \$30.0/year based on the current contract.
7. In FY2006 \$100.0 to cover the costs of an independent audit/review of the performance consultant. It is a requirement in SB141 that this contractor be audited. We expect that audit to occur every 4 to 5 years after the initial audit/review.
8. There is a \$40.0 reduction in current costs associated with the election of members as the new board will be appointed by the governor.

Treasury Division fiscal note #1

The Treasury Division's fiscal note includes \$214.5 each year for personal services. There are economies of scale in managing investments. However, the new funds created by Senate Bill 141 would require considerable additional responsibilities. If the number of options paralleled the existing SBS Plan, that would translate to 13 new manager accounts, 34 new custodial accounts and 4 new sets of monthly financial statements with annual audit requirements. The Department of Revenue currently manages a large number of funds with a limited investment and back office staff. In order to prudently meet the prospective demands of Senate Bill 141, Treasury would need to hire an additional investment staff and 2 middle/back office staff.

Background

Prudent and productive management of investments is a resource intensive process. Managing a modern portfolio is a broad responsibility which requires significant expertise and high attention to detail.

Investment management responsibilities include designing investment policy guidelines, developing custom asset allocations, conducting investment manager searches, performing investment manager due diligence, negotiating and contracting with prospective managers, managing investment manager relationships, performing periodic portfolio rebalancing, monitoring and evaluating investment performance, presenting and consulting with oversight organizations, and following developments in investment research and analytic tools.

In addition, investment management requires a significant interface with back and middle office functions including fund accounting and audit, managing custody and brokerage relationships, cash management, securities lending, safeguarding assets, and compliance monitoring.

Senate Bill 141 would create the equivalent of four new funds to manage: the Employee Defined Contribution Accounts, the Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust.

The Employee Defined Contribution Accounts would likely offer employees a reasonably wide range of investment options. As a comparison, the Supplemental Benefits System offers a suite of 6 target or life-style funds and 8 separate asset class funds for a total of 14 options that participants may select from. Deciding on the mix of investment styles to offer, searching for and hiring investment managers, and evaluating and reporting on investment manager performance would be a considerable on-going undertaking.

While Treasury may realize fee economies from existing investment relationships, it is unlikely that the contributions in this account can be commingled with existing accounts. That means that there would be a completely new set of accounts for custodial and accounting purposes.

The Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust would all likely call for separate custom asset allocations. All three would individually require evaluation, reporting, and periodic portfolio rebalancing. They would also require separate custodial and accounting records including monthly financial reporting and audits.

There is likely to be an additional consequence of the change to a defined contribution plan. Currently there is a population of participants in SBS and Deferred Compensation that monitor their accounts daily. They often have questions whenever there are apparent anomalies in the change in the daily prices of the options. As a general rule, we would say that members of a defined benefit plan are not as price sensitive. The new plan will greatly increase the number of individuals who are monitoring on-line data on a daily basis. This will correlate directly to an increase in the amount of time we spend answering questions.

Alaska State Pension Investment Board fiscal note #2
Alaska Retirement Management Board fiscal note #3

Fiscal note #2 transfers the existing ASPIB budgeted funding to the new ARM board. This fiscal note also includes the ARM board's share of costs expected due to the implementation of SB141.

	FY06	FY07	FY08	FY09	FY10	FY11
ASPIB budgeted funding fiscal note	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4
Incremental costs from SB141	590.2	266.2	266.2	266.2	266.2	266.2
Total costs on fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6

Total first year costs in fiscal note #3 include \$180.0 for manager selection; \$100.0 for an audit of the board's performance consultant (This audit is a new requirement of SB141. It does not have to occur in the first year, but once done we would expect it to occur every 4 to 5 years.); \$15.0 associated with one additional meeting for organizing and educating the new board members; and, \$29.0 for computers and the office setup for the new positions. These total start-up costs are \$324.0.

On-going costs include interagency chargeback to the ARM for the costs of the 3 new positions totaling \$214.5; travel for the additional board member (the current board has 8 members versus the new board with 9 members) as well as increased due diligence of the new fund managers and training for the new staff in the amount of \$13.0; \$48.7 for the ongoing cost of phones, information technology charge backs, supplies and investment subscription services for the new staff (these include Bloomberg, Yieldbook, S&P and Moody's and Tradeweb); a \$740.0 reduction in current cost as elections will be eliminated; \$30.0 per year for the calculation of the new funds' performance by an external consultant. These total on-going costs are \$266.2.

State Pension Custody and Management Fees #4
 Alaska Retirement Management Board Fees #5

Fiscal note #4 transfers the budgeted funding of the State Pension Custody and Management Fees to a new Alaska Retirement Management Board Fees component (fiscal note #5) in the Department of Revenue for the new ARM Board. This component includes the investment management and custody costs of the existing defined benefit plans and will not be impacted in the foreseeable future by SB141. Please note that in a defined contribution plan, invest manager fees and custodian costs are deducted from the individual accounts daily (through an adjustment to the per share price of the investments). These costs are not included in the Department's budget.

Approved by: <u>Tom Englin, Deputy Commissioner</u>	Date: <u>4/8/05</u>
Agency: <u>Department of Revenue</u>	

SB141 creates a new 9 member Alaska Retirement Management (ARM) Board and replaces the current 8 member Alaska State Pension Investment Board (ASPIB) staffed by the Treasury Division. It also creates a defined contribution plan with employee and employer contributions, a separate defined benefit health fund and a health care reimbursement trust. Funds currently budgeted under the ASPIB will be transferred to the new board. A summary of the fiscal notes follows.

Summary of Fiscal Notes	FY06	FY07	FY08	FY09	FY10	FY11
Treasury Division fiscal note #1	214.5	214.5	214.5	214.5	214.5	214.5
Alaska State Pension Investment Board fiscal note #2	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4	-4,144.4
ARM Board fiscal note #3	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6
ASPIB Custody and Management Fees fiscal note #4	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6	-31,913.6
ARM Board Custody and Management Fees fiscal note #5	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6	31,913.6
Total	804.7	480.7	480.7	480.7	480.7	480.7
Back out IA between the two components	-214.5	-214.5	-214.5	-214.5	-214.5	-214.5
SB241 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Note 1: Currently 100% of the Treasury Division's personal services costs are included in the Treasury Division component under personal services. These incremental costs are included in the new ARM budget (as in the prior ASPIB budget as a contractual expense). Simply adding the two budgets would double count this amount.

The following table shows the breakdown of incremental costs by budget category. Following are discussed the assumptions we have made and how these total costs have been allocated between fiscal note 1 and 3.

	FY06	FY07	FY08	FY09	FY10	FY11
Personal Service	214.5	214.5	214.5	214.5	214.5	214.5
Travel	23.9	12.0	12.0	12.0	12.0	12.0
Contractual	337.3	39.2	36.2	39.2	39.2	39.2
Supplies	14.5	.5	.5	.5	.5	.5
SB141 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Assumptions

Following are the assumptions used in arriving at the estimate of the incremental costs of SB141:

1. A new defined contribution plan will have a similar number and type of options as the current Supplemental Benefits System. All options would be available on day one of the new plan. A plan similar to SBS will result in the hire of approximately 6 managers and the establishment of over 30 additional safekeeping accounts at the custodial bank and associated accounting records.

2. There is a need to add 2 additional professional and 1 additional technical staff to include a State Investment Officer II, an Accountant IV and an Accounting Technician III. The total cost included in the fiscal notes per year of these staff is \$214.5.

3. Funding for one extra board meeting in the first year for the new board to organize and receive start-up training as well as funding to reflect 1 additional board member traveling (current budget includes 8 existing members).

4. The costs of computers, office equipment and office space reconfiguration is included in year one for the new staff. In all years funding is included for training, investment software subscriptions (Bloomberg, Yieldbook, S&P and Moody's rating services) and miscellaneous supplies for new staff.
5. In year one, the cost for the external consultant to assist the board in selecting 6 new managers. The current contract cost for manager searches is \$30.0 per search.
6. The costs of an external consultant to calculate performance of the funds quarterly. Costs are expected to be \$30.0/year based on the current contract.
7. In FY2006 \$100.0 to cover the costs of an independent audit review of the performance consultant. It is a requirement in SB141 that this contractor be audited. We expect that audit to occur every 4 to 5 years after the initial audit review.
8. There is a \$40.0 reduction in current costs associated with the election of members as the new board will be appointed by the governor.

Treasury Division fiscal note #1

The Treasury Division's fiscal note includes \$214.5 each year for personal services. There are economies of scale in managing investments. However, the new funds created by Senate Bill 141 would require considerable additional responsibilities. If the number of options paralleled the existing SBS Plan, that would translate to 13 new manager accounts, 34 new custodial accounts and 4 new sets of monthly financial statements with annual audit requirements. The Department of Revenue currently manages a large number of funds with a limited investment and back office staff. In order to prudently meet the prospective demands of Senate Bill 141, Treasury would need to hire an additional investment staff and 2 middle back office staff.

Background

Prudent and productive management of investments is a resource intensive process. Managing a modern portfolio is a broad responsibility which requires significant expertise and high attention to detail.

Investment management responsibilities include designing investment policy guidelines, developing custom asset allocations, conducting investment manager searches, performing investment manager due diligence, negotiating and contracting with prospective managers, managing investment manager relationships, performing periodic portfolio rebalancing, monitoring and evaluating investment performance, presenting and consulting with oversight organizations, and following developments in investment research and analytic tools.

In addition, investment management requires a significant interface with back and middle office functions including fund accounting and audit, managing custody and brokerage relationships, cash management, securities lending, safeguarding assets, and compliance monitoring.

Senate Bill 141 would create the equivalent of four new funds to manage - the Employee Defined Contribution Accounts, the Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust.

The Employee Defined Contribution Accounts would likely offer employees a reasonably wide range of investment options. As a comparison, the Supplemental Benefits System offers a suite of 6 target or life-style funds and 8 separate asset class funds for a total of 14 options that participants may select from. Deciding on the mix of investment styles to offer, searching for and hiring investment managers, and evaluating and reporting on investment manager performance would be a considerable on-going undertaking.

While Treasury may realize fee economies from existing investment relationships, it is unlikely that the contributions in this account can be commingled with existing accounts. That means that there would be a completely new set of accounts for custodial and accounting purposes.

The Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust would all likely call for separate custom asset allocations. All three would individually require evaluation, reporting, and periodic portfolio rebalancing. They would also require separate custodial and accounting records including monthly financial reporting and audits.

There is likely to be an additional consequence of the change to a defined contribution plan. Currently there is a population of participants in SBS and Deferred Compensation that monitor their accounts daily. They often have questions whenever there are apparent anomalies in the change in the daily prices of the options. As a general rule, we would say that members of a defined benefit plan are not as price sensitive. The new plan will greatly increase the number of individuals who are monitoring on-line data on a daily basis. This will correlate directly to an increase in the amount of time we spend answering questions.

Alaska State Pension Investment Board fiscal note #2
Alaska Retirement Management Board fiscal note #3

Fiscal note #2 transfers the existing ASPIB budgeted funding to the new ARM board. This fiscal note also includes the ARM board's share of costs expected due to the implementation of SB141.

	FY06	FY07	FY08	FY09	FY10	FY11

SB141 Total incremental costs	590.2	266.2	266.2	266.2	266.2	266.2

Assumptions:

Following are the assumptions used in arriving at the estimate of the incremental costs of SB141.

1. A new defined contribution plan will have a similar number and type of options as the current Supplement Benefits System. All options would be available on day one of the new plan. A plan similar to SBS will result in the hire of approximately 6 managers and the establishment of over 20 additional safekeeping accounts at the custodial bank and associated accounting records.
2. There is a need to add 2 additional professional and 1 additional technical staff to include a State Investment Officer II, an Accountant IV and an Accounting Technician III. The total cost included in the fiscal notes per year of these staff is \$214.5.
3. Funding for one extra board meeting in the first year for the new board to organize and receive start-up training as well as funding to reflect 1 additional board member (including current budget includes 8 existing members).

4. The costs of computers, office equipment and office space reconfiguration is included in year one for the new staff. In all years funding is included for training, investment software subscriptions (Bloomberg, Yieldbook, S&P and Moody's rating services) and miscellaneous supplies for new staff.
5. In year one, the cost for the external consultant to assist the board in selecting 6 new managers. The current contract cost for manager searches is \$30.0 per search.
6. The costs of an external consultant to calculate performance of the funds quarterly. Costs are expected to be \$50.0/year based on the current contract.
7. In FY 2006 \$100.0 to cover the costs of an independent audit review of the performance consultant. It is a requirement in SB141 that this contractor be audited. We expect that audit to occur every 4 to 5 years after the initial audit/review.
8. There is a \$40.0 reduction in current costs associated with the election of members as the new board will be appointed by the governor.

Treasury Division fiscal note #1

The Treasury Division's fiscal note includes \$214.5 each year for personal services. There are economies of scale in managing investments. However, the new funds created by Senate Bill 141 would require considerable additional responsibilities. If the number of options paralleled the existing SBS Plan, that would translate to 13 new manager accounts, 34 new custodial accounts and 4 new sets of monthly financial statements with annual audit requirements. The Department of Revenue currently manages a large number of funds with a limited investment and back office staff. In order to prudently meet the prospective demands of Senate Bill 141, Treasury would need to hire an additional investment staff and 2 middle back office staff.

Background

Prudent and productive management of investments is a resource intensive process. Managing a modern portfolio is a broad responsibility which requires significant expertise and high attention to detail.

Investment management responsibilities include designing investment policy guidelines, developing custom asset allocations, conducting investment manager searches, performing investment manager due diligence, negotiating and contracting with prospective managers, managing investment manager relationships, performing periodic portfolio rebalancing, monitoring and evaluating investment performance, presenting and consulting with oversight organizations, and following developments in investment research and analytic tools.

In addition, investment management requires a significant interface with back and middle office functions including fund accounting and audit, managing custody and brokerage relationships, cash management, securities lending, safeguarding assets, and compliance monitoring.

Senate Bill 141 would create the equivalent of four new funds to manage: the Employee Defined Contribution Accounts, the Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust.

The Employee Defined Contribution Accounts would likely offer employees a reasonably wide range of investment options. As a comparison, the Supplemental Benefits System offers a suite of 6 target or life-style funds and 8 separate asset class funds for a total of 14 options that participants may select from. Deciding on the mix of investment styles to offer, searching for and hiring investment managers, and evaluating and reporting on investment manager performance would be a considerable on-going undertaking.

While Treasury may realize fee economies from existing investment relationships, it is unlikely that the contributions in this account can be commingled with existing accounts. That means that there would be a completely new set of accounts for custodial and accounting purposes.

The Employer Vesting Accounts, the Medical Program Fund, and the Health Reimbursement Arrangement Trust would all likely call for separate custom asset allocations. All three would individually require evaluation, reporting, and periodic portfolio rebalancing. They would also require separate custodial and accounting records including monthly financial reporting and audits.

There is likely to be an additional consequence of the change to a defined contribution plan. Currently there is a population of participants in SBS and Deferred Compensation that monitor their accounts daily. They often have questions whenever there are apparent anomalies in the change in the daily prices of the options. As a general rule, we would say that members of a defined benefit plan are not as price sensitive. The new plan will greatly increase the number of individuals who are monitoring on-line data on a daily basis. This will correlate directly to an increase in the amount of time we spend answering questions.

Alaska State Pension Investment Board fiscal note #2

Alaska Retirement Management Board fiscal note #3

Fiscal note #2 transfers the existing ASPIB budgeted funding to the new ARM board. This fiscal note also includes the ARM board's share of costs expected due to the implementation of SB141.

	FY06	FY07	FY08	FY09	FY10	FY11
ASPIB budgeted funding fiscal note	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4	4,144.4
Incremental costs from SB141	590.2	266.2	266.2	266.2	266.2	266.2
Total costs on fiscal note #3	4,734.6	4,410.6	4,410.6	4,410.6	4,410.6	4,410.6

Total first year costs in fiscal note #3 include \$180.0 for manager selection; \$100.0 for an audit of the board's performance consultant (This audit is a new requirement of SB141. It does not have to occur in the first year, but once done we would expect it to occur every 4 to 5 years.); \$15.0 associated with one additional meeting for organizing and educating the new board members; and, \$29.0 for computers and the office setup for the new positions. These total start-up costs are \$324.0.

On-going costs include interagency chargeback to the ARM for the costs of the 3 new positions totaling \$214.5; travel for the additional board member (the current board has 8 members versus the new board with 9 members) as well as increased due diligence of the new fund managers and training for the new staff in the amount of \$17.0; \$48.7 for the ongoing cost of phones, information technology charge backs, supplies and investment subscription services for the new staff (these include Bloomberg, Yieldbook, S&P and Moody's and Tradeweb); a \$40.0 reduction in current cost as elections will be eliminated; \$30.0 per year for the calculation of the new funds' performance by an external consultant. These total on-going costs are \$266.2.

State Pension Custody and Management Fees #4
Alaska Retirement Management Board Fees #5

Fiscal note #4 transfers the budgeted funding of the State Pension Custody and Management Fees to a new Alaska Retirement Management Board Fees component (fiscal note #5) in the Department of Revenue for the new ARM Board. This component includes the investment management and custody costs of the existing defined benefit plans and will not be impacted in the foreseeable future by SB141. Please note that in a defined contribution plan, invest manager fees and custodian costs are deducted from the individual accounts daily (through an adjustment to the per share price of the investments). These costs are not included in the Department's budget.

Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This fiscal note appropriates \$69,531,800 from the general fund to the PERS and TRS trust funds:

Public Employees' Retirement System (Fund Code 1029): \$67,158.3
Teacher' Retirement System (Fund Code 1034): \$2,373.5

This is the amount required to hold the participating employers harmless from the 5% increase to the employer contribution that is effective July 1, 2005 for the 2006 fiscal year. The employer cost for school districts is handled in HB 1.

See attached summary and detail sheets for the PERS and TRS participating employers.

ANALYSIS: (Attach a separate page if necessary)

This bill will create a new defined contribution retirement plan and a health reimbursement arrangement for new employees of the PERS and TRS hired after the effective date of July 1, 2005. As the new plan significantly differs from the current defined benefit plans, the division will be required to reprogram its computer systems, set up and account for two new plans, create new plan publications and forms, train staff, employer contacts and new members, create new employee benefit education methods on the web, benefit seminars and one on one appointments, and to contract for financial planning services for members of the new plan. The fiscal note assumes fund manager fees, custody, and record keeper's individual account fees are separate. It further assumes that cost reductions for the PERS and TRS Boards will be partially offset by payments to the Office of Administrative Hearings to conduct disability hearings, previously conducted by the boards.

	<u>-12.5</u>	<u>-41.5</u>	<u>-41.5</u>	<u>-41.5</u>
TOTAL	1,016.5	535.5	482.1	528.6

The above funding source is initially listed as General Fund because the existing tiers of PERS / TRS are Defined Benefit plans, and the present DC plans, SBS and DCP are legally separate from the intended plan. It is assumed that by FY2008, as more employees are hired into the new tiers, that program costs will be funded through an assessment on DC accounts, similar to the SBS program currently in place. General funds will be reduced 25% per year from FY2008-2011.

The new plan effective date is July 1, 2005. Therefore, startup costs will start in FY 05. The startup costs are not costs of the PERS and TRS Defined Benefit plans. Tiers 1, 2, and 3 are logically related; however, tier 4 PERS and Tier 3 TRS would not be. The purpose of the bill is to separate the DB and DC side. A legal opinion was sought to determine how the funding and accounting needs to occur for the new DC plan.

FISCAL NOTE

STATE OF ALASKA
2005 LEGISLATIVE SESSION

Fiscal Note Number: 11
Bill Version: HCS CSSB 141(FIN)
(H) Publish Date: 5/2/05

ANALYSIS: (Attach a separate page if necessary)

This bill will create a new defined contribution retirement plan and a health reimbursement arrangement for new employees of the PERS and TRS hired after the effective date of July 1, 2005. As the new plan significantly differs from the current defined benefit plans, the division will be required to reprogram its computer systems, set up and account for two new plans, create new plan publications and forms, train staff, employer contacts and new members, create new employee benefit education methods on the web, benefit seminars and one on one appointments, and to contract for financial planning services for members of the new plan. The fiscal note assumes fund manager fees, custody, and record keeper's individual account fees are separate. It further assumes that cost reductions for the PERS and TRS Boards will be partially offset by payments to the Office of Administrative Hearings to conduct disability hearings, previously conducted by the boards.

Memo

To: **Melanie Millhorn**
Date: **May 2, 2005**
From: **Sam Martin**
Subject: **AS 24.08.036 Fiscal Notes on Bills Affecting State Retirement Systems, requires an additional analysis of the long term and short term costs to the state if a bill is adopted, as well as the impact of the bill on the actuarial soundness of the funds.**

As compared to the current PERS and TRS plans, House CS for CS for Senate Bill Number 141 (STA) Version X, will serve to significantly reduce the volatility of future costs associated with new hires, and the employer contribution rates for these new hires will be more predictable. The bill will have no negative impact on the actuarial soundness of the systems.

The major cost components as amended by House Finance include the following:

- 8% Employee contribution amount for PERS police and firefighter and "all others" and TRS
- 5% DC
- 2.5% Health Reimbursement Arrangement
- 2.5% Medical Claims*
- Death and disability benefits for all PERS members in accordance with current statute provisions

* Note: House Finance adopted a modified Tier medical plan that includes pre-65 and post-65 medical coverage. Based on the changes made from the original medical Tier design a preliminary estimate would be between 2.5% and 3.75%. It is anticipated under the House Finance medical component that there may be an offsetting savings to the initial projection of 3.75%. A follow-up analysis will be forthcoming to confirm the amount.

	Items highlighted in green have been adopted w/out objection	CS for Senate Bill 141(FIN)	Page, Line (or Sec.)	HCS for CS Senate Bill 141(FIN) am H	Page, Line (or Sec.)
30	University of Alaska Optional Retirement Program <i>Amendment #7</i>	Changed AS 14.40.661-14.40.799 giving the Board of Regents flexibility to design both optional and mandatory retirement programs for future University employees. Specifies the University's retirement programs are not subject to collective bargaining. Also provides a one-time option for current employees who chose to participate in PERS or TRS to transfer into the existing optional retirement program.	P 38, Sec. 35 thru P 42, Sec. 50	Removed the provision that the University may create a <i>mandatory</i> retirement plan.	P 38, Sec. 35 thru P 42, Sec. 50
31	OTHER BILL COMPONENTS				
32	Penalty for False Statements AS 14.25.210	No change from existing statute.		Removed the existing language that a person who knowingly makes a false statement "forfeits all rights under this chapter". Language conforms to PERS AS 39.35.670.	P 13, Sec. 25
33	Definition of "teacher" AS 14.25.220 (DB plan) and AS 14.25.590 (DC plan) <i>Senate</i>	No change from existing statute.		Adds AVTEC instructors to the definition of "teacher" and "member" for participation in TRS regardless of whether the position requires a certificate if the instructor is certified.	P 14-15, Sec. 30; P 39, L 28 thru P 40, L 1
34	Cost Saving Measures in Retiree Health System <i>Senate</i>	None.		Added new statutes that R&B implement by regulation cost-saving measures in the retiree health care system.	P 30, Ls 14-22
35	<i>House</i>	None.		Requires annual report to legislature by R&B on implementation of cost-saving measures.	P 118, Sec. 141
36	Conditional Retroactivity	None.		Added conditional language that makes the effective date retroactive to July 1, 2005.	P 120, Sec. 145
37	Sunset	None.		Added sunset provision to repeal the defined contribution plan on June 1, 2006 unless legislation amending the PERS or TRS statutes is enacted by Sept. 30, 2006.	P 115, Sec. 132-133
38	Choice of Retirement Plans	None.		Employees hired on or after July 1 2005 have 30 days to choose either the defined benefit plan or the defined contribution plan. If an employee fails to make an election within the 30 days, they are defaulted to the defined contribution plan.	P 15, L 15 thru P 16, L 2; and P 84, L 20 thru P 85, L 7
39	Fiscal Note # 9 <i>House</i>	\$69.5 million deposited to PERS/TRS trust funds on behalf of participating PERS employers.		Zero.

adopted

Draft Amendment for Open Item 8

* Sec. 7. AS 14.25.070 is amended to read:

Sec. 14.25.070. Contributions by employer. (a) An employer shall contribute to the plan an amount equal to the normal cost rate, expressed as a percentage certified by the board, less the member contribution under AS 14.25.050. The amount shall be calculated by applying the certified percentage against the sum total of the base salaries paid to members, including any adjustments to contributions required by AS 14.25.173(a).

(b) For the purposes of this section, "normal cost rate" means the percent of payroll required to fully fund the actuarially calculated benefits expected to be earned by active members during a fiscal year.

* Sec. 93. AS 39.35.270 is amended to read:

Sec. 39.35.270. Contributions by employer. (a) An employer shall contribute to the plan an amount equal to the normal cost rate, expressed as a percentage certified by the board, less the member contribution under AS 39.35.160. The amount shall be calculated by applying the certified percentage against the sum total of the compensation paid to members, including any adjustments to contributions required by AS 39.35.520(a).

(b) For the purposes of this section, "normal cost rate" means the percent of payroll required to fully fund the actuarially calculated benefits expected to be earned by active members during a fiscal year.

 Subject: Employer Share of Health Care Premiums

Dear Representative Seaton:

I was very concerned to hear that you had characterized the health premium sharing arrangement under the House State Affairs amendments as being the same as recommended by the Tier Committee. That is correct as to the 60-65 age group, but it is not correct with respect to the post-65 (Medicare-eligible) age groups.

For the 60-65 group we proposed a subsidy ranging from 30-90% of the "adjusted base premium" as you have done. For the Medicare-eligible ages, however, the employee share was to be from 30% to 10%, based on years of experience, and thus the employer would be paying from 70-90% of the actual premium cost. This, as I understand, SB 141 provides for the Medicare-eligible period.

In my opinion, the coverage for the post-65 employees is most critical since this will continue throughout their remaining life expectancy, and this is a period in which it is most unlikely that the retiree will be able to supplement his/her income to cover any shortages.

I very much hope that the final bill will include a provision for the pre-Medicare retirees similar to that proposed by you, but which also provides a Medicare-eligible coverage comparable to that provided by SB 141. Alternatively, if it is decided not to provide any pre-Medicare premium subsidy, I trust that the employer contributions to the HRA will be increased sufficiently to cover the major part of those uncovered costs. My own research has suggested that it would take an HRA contribution of at least 3% to accomplish that for the average retiree-spouse family unit. *

Thank you for your consideration of my comments.

Sincerely,

Richard J. Solie, Sr.
 Member TRS Board

Proposed Medical Program

Key Features

Key features of post-retirement medical program

- ⇒ Members must retire directly from the System to be eligible
- ⇒ System sponsored health plan with varying levels of subsidy or cost to members
- ⇒ Early retirees get "access only" prior to normal retirement eligibility
- ⇒ Defined dollar benefit from normal retirement to Medicare eligibility (currently age 65)
- ⇒ Defined health benefit after Medicare eligibility, similar to the current program with the following key exceptions:
 - Method of coordination with Medicare
 - Retired members will share in the cost through premium contributions

Mercer Human Resource Consulting

To: Traci C. Carpenter
Subject: [Fwd: Information requests]
Attachments: Vals 2003 section1p5a transmit.xls; Updated PERS and TRS Past Service Costs.xls

Hi Traci:

I am forwarding two of the information requests we discussed recently. Also, I confirmed with Bob that members who are not age 65, have 10 years of service and retire directly from the plan will pay the full medical premium costs - these members get "access only". Thanks.

To: melanie_millhorn@admin.state.ak.us
CC: Byrnes, Chris <Chris.Byrnes@mercerc.com>

Melanie:

Two spreadsheets are attached providing the information requested in your March 12 email.

The first provides employer normal cost rates and past service rates that underlie valuation sections 1.5(a) for both PERS and TRS. Note that the figures are slightly revised from the reports to reflect 15.08% actual investment return for fiscal 2003, a limit of 5% per year increase in employer rates for TRS, and completion of amortization of the unfunded liability at the end of 25 years.

The second provides the active population projections you requested, with Tiers 2 and 3 separate for PERS. This is the same spreadsheet provided by Chris Byrnes by email on March 3, 2005.

Finally, we expect to provide the requested medical cost information tomorrow, March 15. This will reflect changing eligibility from age 60 to 65. Just to confirm, we are assuming that members younger than age 65 will pay the full unsubsidized cost of their coverage.

Bob

To: Katie Shows
Subject: Medical Costs HSA

Hi Katie:

I wanted to let you know that Mercer has costed the medical benefits for House CS for CS for Senate Bill No. 141 (STA)

Mercer states, "we have analyzed the expected liabilities associated with the new tier described in House Bill 238 medical provisions. The analysis is based on the following:

- * Coverage is available only to members who retire from the System at normal retirement (age 60 with 10 years of service) or after 30 years of service.
- * Members or their spouses who are less than age 60 pay the full cost for their coverage.
- * Upon reaching age 60, members (or their spouses) are eligible for System-subsidized medical coverage. They will receive a defined subsidy amount based on Medicare eligibility status and service duration (3% per year of service, up to 30 years). Based on these provisions we estimate that the current normal cost rate (as a percentage of total payroll) will be 1.0% for TRS and 1.1% for PERS."

It took longer because I asked Mercer to run the models again. Please let me know if you have any questions. Thanks.

Normal Cost Rate: present value of benefits, which are expected to be credited with respect to service during the year beginning on the valuation date.

Actuarial Computed Rate: after comparing plan assets and liabilities, an actuarial rate is computed that would fully fund the retirement systems over 25 years. There are two components: the normal cost rate and the past service rate necessary to pay any unfunded liability. Both rates account for differences between actual experience versus anticipated results, changes in actuarial assumptions and / or methods, changes in statutory provisions, and the difference between the rate actually adopted by the Boards for a particular year versus the computed rate.

5 year average PERS 10.84%
 5 year average TRS 11.54%
 24 year average PERS 10.86%
 24 year average TRS 11.11%

Amendment #8
adopted

Conferee
~~SENATE FINANCE COMMITTEE~~

Conceptual AMENDMENT No. _____

By Rep. Seaton

To: HCS CSSB 141 (FN) amtt SENATE BILL No. _____

To: _____ SENATE BILL No. _____

Page 86, line 29: section (d) is replaced with the following and new section (e) is added.

(d) An employer shall make annual contributions to the group health and life benefits fund to fund occupational disability and occupational death benefits under AS 39.35.890 and 39.35.892 as follows:

- (1) ~~Police~~ Peace officers and firefighters 0.40%
- (2) All others 0.30%

(e) Beginning July 1st, 2006 the board shall annually ^{automatically} determine if the contribution rate defined in section (d)(1) and (2) above is sufficient to fully fund the cost of these benefits and set the ^{new} contribution rate accordingly.

AMENDMENT to replace conference sections 37 and 38 if adopted

(a) The legislature shall adopt measures related to the short and long term funding of the TERS and PERS systems based upon a report required by Sec. 140 of this Act. The solutions to the unfunded liability issue may include implementing debt or equity restructuring, increases in employer contributions, pension bonds, refined actuarial analyses, and contributions from other state sources or appropriations.

(b) If the legislature has not adopted legislative measures that address the long term unfunded liability of the teachers' retirement system and public employees' retirement system on or before July 1, 2007, the retirement Plan Choice options set forth in Sec. 14.25.315 and Sec. 39.35.705 shall be enacted.

(c) If section (b) takes effect, employees hired between the effective date of this Act and the effective date of section (b) may exercise the same option contained in (b).

a. The unfunded liability of the PERS and TERS systems endangers the security of current and retired employees in those systems and the long-term viability of the systems. If the legislature has not adopted legislative measures that address the long term unfunded liability of the teachers' retirement system and public employees' retirement system on or before July 1, 2007, the retirement Plan Choice options set forth in Sec. 14.25.315 and Sec. 39.35.705 shall be enacted.

b. The legislature shall adopt measures related to the short and long term funding of the TERS and PERS systems based upon a report required by this Act and submitted to the legislature by the Board, on or before April 1, 2006. The solutions to the unfunded liability issue may include implementing debt or equity restructuring, increases in employer contributions, pension bonds, refined actuarial analyses, and contributions from other state sources or appropriations.

Amendment to
Amendment

AMENDMENT

(c)

If section (a) takes effect, employees hired between the effective date of this act and the effective date of section (a) may exercise the same option contained in (a).

applies to the employees

OFFERED IN THE HOUSE FINANCE COMMITTEE

BY REP _____

TO: HCS CSSB 141 (STA)
24-LS0637\X

Page 93 following Line 28, insert new section to read:

Sec 39.35.875. Death Benefit for Peace Officers and Fire Fighters. (a) A peace officer or fire fighter killed in the line of duty is entitled to a death benefit as outlined in this section. To be eligible for this benefit, the member's death must have occurred under the following conditions:

- (1) while the member is an active member of the retirement plan established under AS 39.35.700 – 39.35.990; and
- (2) the proximate cause of death is a bodily injury sustained while in the performance and within the course and scope of the employee's duties, and
- (3) neither the injury nor death were the proximate result of willful negligence of the employee or by the employee's own hand

(b) If the death is caused by an act of assault, assassination, or terrorism directly related to the person's status as an employee, whether the act occurs on or off the employee's job site, the death shall be considered to have occurred in the performance of the employee's duties for purposes of (a)(3) of this section.

(c) The death benefit shall be \$500,000 paid to the surviving spouse. If there is no surviving spouse, the death benefit shall be paid in equal parts to the dependant children of the employee. The benefit shall be paid as a lump sum unless the member had selected an annuity option in accordance with regulations established by the administrator.

(d) If no surviving spouse or dependent children exist at the time of the death or if the employee designates a beneficiary other than the surviving spouse or dependent children under AS 39.35.850, the employee's designated beneficiary is entitled to receive a lump sum death benefit of \$250,000.

(e) The death benefit shall be paid from the group health and life benefits fund established under AS 39.30.095.

(f) For purposes of this section, "peace officer" and "fire fighter" have the meaning given in AS 39.35.680.

Alaska State Legislature

MAY 08 2005

Mail Stop 3100
State Capitol
Juneau, Alaska 99801-1182

The Honorable Ben Stevens
President of the Senate

The Honorable John Harris
Speaker of the House of Representatives

Mr. President and Mr. Speaker:

The Conference Committee considering CS for Senate Bill 141 (FIN) and HCS for CS for Senate Bill 141 (FIN) am H met on May 7, 2005.

The Senate members failed to concur with the changes in HCS for CS for Senate Bill 141(FIN) am H. The House members failed to recede from the House amendments to CS for SB Senate Bill 141 (FIN).

The Conference Committee considered the attached sections and did not come to agreement.

The Conference Committee respectfully requests limited powers of free conference.
