Insert new subsection to read:

“(g) The sum of \$770,000 is appropriated to the Department of Administration, Public Defender Agency, for the operating costs of the agency for the fiscal year ending June 30, 2005, from the following sources in the amounts stated:

General Fund	\$725,100
General Fund/Program Receipts	\$24,900
Statutory Designated Program Receipts	\$20,000

It is the intent of the legislature that the Department of Administration will work with the Alaska Court System to review indigency requirements to ensure that only those that are truly eligible receive public counsel through the Public Defender Agency or the Office of Public Advocacy. The Department of Administration shall report to the legislature any recommended changes by February 15, 2006.

It is the intent of the legislature that if the Public Defender Agency or the Office of Public Advocacy become aware that a client is not indigent, that they move to withdraw from the case.”

Explanation

The increase for the Public Defender Agency is \$250,000 (originally passed as \$520,000 GF) due to the caseload and the statutory requirement to defend those cases it is assigned by the courts. Reducing supplemental funding could cause the Public Defender Agency to cease operations before the end of the FY06 fiscal year and be non-compliant within the law.

The intent language provides guidance to the Department of Administration to review the cases assigned to the Public Defender Agency for client asset values and indigency. Currently, approximately 80% of court cases are tried using public defenders.

1 * Sec. 6. DEPARTMENT OF ADMINISTRATION. (a) The sum of \$38,000 is
2 appropriated from general fund program receipts to the Department of Administration,
3 division of finance, for operating costs for the fiscal year ending June 30, 2005.

4 (b) The sum of \$125,000 is appropriated from receipt supported services to the
5 Department of Administration, division of motor vehicles, for increased operating costs for
6 the fiscal year ending June 30, 2005.

7 (c) The sum of \$600,000 is appropriated to the Department of Administration, office
8 of public advocacy, for the operating costs of the agency for the fiscal year ending June 30,
9 2005, from the following sources in the amounts stated:

10	General fund	\$375,000

20 Administration, division of risk management, for extraordinary losses incurred at the
21 Fairbanks Correctional Center, for hull damage to the M/V Fairweather, for damage to the
22 P/V Enforcer, and for the Dillingham Department of Transportation and Public Facilities
23 equipment storage building fire for the fiscal year ending June 30, 2005.

24 (f) The sum of \$222,600 is appropriated from the general fund to the Department of
25 Administration, division of retirement and benefits, for costs incurred on the development and
26 implementation of a new retirement tier during the fiscal year ending June 30, 2005.

27 * Sec. 7. DEPARTMENT OF COMMERCE, COMMUNITY, AND ECONOMIC

Office of the Governor

State BRAC Task Force

\$1,000,000 General Fund

(Base Realignment and Closure Commission)

Explanation:

On May 13, 2005, the Department of Defense recommended to the Base Realignment and Closure Commission (BRAC) that Alaska's Air Force bases (Elmendorf and Eielson) be realigned, that Kulis Air Guard Station be closed and that the Fort Richardson Army Post in Anchorage also be realigned. It is estimated that a loss of 4,700 jobs in the Fairbanks area alone may occur with the realignment of Eielson Air Force Base.

Governor Murkowski has appointed a 15-member State BRAC Task Force to help fight this devastating proposal and to convince the BRAC to firmly reject the Department of Defense's recommendation. The BRAC will present its final decision to the United States Congress on September 8, 2005. It is imperative that Alaska responds quickly.

Directly impacted communities are planning special meetings to consider similar funding requests at the local level. The Fairbanks North Star Borough is expected to put \$500,000 toward the effort in an emergency meeting to be held this week in Fairbanks.

The Honorable Ben Stevens
President of the Senate
Alaska State Legislature
State Capitol, Room 111
Juneau, AK 99801-1182

Dear President Stevens:

I am transmitting to you today two supplemental appropriation bills for Fiscal Year 2005. Issues requiring attention on an expedited basis are in a separate "fast track" bill. The enclosed bill, however, includes supplemental needs with less immediate timing requirements.

We are submitting a combined package (both "fast track" and regular) that, along with the previously transmitted Division of Elections supplemental bill, totals \$141.3 million in general funds. This reflects necessary program cost increases, along with several priority initiatives.

There always are circumstances beyond state government's management control such as fire costs, response to disasters, and large self-insurance losses. In addition, funding is included for my initiative to fight substance abuse. This bill totals \$43.6 million in general funds.

In some instances, we have been able to cover shortfalls in one area by excess appropriations in another. One example is that based on current estimates of general funds needed for the foundation formula, \$14.1 million can be transferred to cover other supplemental needs. Another \$2.2 million is available for reallocation from adult public assistance and the general relief program.

The administration's goal is to do all we can to limit future supplemental requests. To that end, we look forward to working with you on the funding levels for the Fiscal Year 2006 operating budget.

Sincerely yours,
