ANALYSIS: (Attach a separate page if necessary)

Funds to pay for firefighter services are RSA'd from the Fire Suppression Fund of the Department of Natural Resources.

In the past six years of wildland fire suppression efforts, the Department of Military and Veterans Affairs has not paid for personnel costs associated with these efforts.

FISCAL NOTE

STATE OF ALASKA
2008 LEGISLATIVE SESSION

BILL NO. CS HB 326 (FIN)

ANALYSIS CONTINUATION

Since 2000, the Guard has been utilized four times, once in 2002 twice in 2004 and once in 2007. Actual availability of the Guard has been impacted by their mobilizations to other parts of the world, making them totally unavailable during some fire seasons.

Identification of costs associated with future usage is dependent upon factors we cannot predict – such as the severity of the fire season, availability of National Guard Units, the configuration (number and types of positions or resources required for the situation). The Division of Forestry can only utilize the National Guard units after we have used all available civilian assets (also a variable that is impacted by other industry use and the season). In recent years there has been a lack of civilian helicopters in the state. A number of factors in the aviation and oil and gas industries have led to a steady decline in the number of civilian helicopters available for use on wildland fires.

Summary of use since 2000:

- In 2002, AKNG flew for 39.0 helicopter hours and DOF paid \$177,000 for a total of 5 days. During this fire season the Guard was not called in to active state service.
- In 2004, AKNG flew 258.1 helicopter hours and DOF paid \$1,010,895.92 (includes flight hours, personnel, meals, lodging, etc.), during 2 different mobilizations totaling 50 days. The Guard was called in to active state service this fire season.
- In 2007, AKNG flew 30.4 helicopter hours and DOF paid \$147,351.80 for a total of 4 days (includes flight hours, personnel, and a fuel truck, ...no meals and lodging as the crews flew back and forth from the Willow to Fort Rich every night). During this fire season the Guard was not called in to active state service.

In 2002 and 2007 this proposed legislation would not have increased the amount paid - as the National Guard units were not put on Active Duty and thus continued to receive their normal guard pay plus overtime.

Summary of increase in costs (2004 example):

The cost of a Blackhawk flight crew in 2004 under State Active Duty pay was \$691/day. Under the EFF-pay rate scenario, the cost of this crew would have been \$869/day, resulting in an increase of 20.48%

In 2004, the cost of Alaska Army National Guard personnel was \$245.1. Under the EFF-pay scenario, this cost would have increased by \$50.2 to a total of \$295.3

Guidelines for Alaska Army National Guard personnel in immediate recall status:

The AK ANG will ensure that two UH-60 aircraft equipped with 900 gallon Bambi buckets; aircrews and ground support will be available in immediate recall status as requested by the Division of Forestry. This will include the following personnel

- 2 Pilots in Command
- 2 Pilots
- 2 Crew Chiefs
- 2 Mechanics
- 1 Fueler
- 1 Operations Office
- 1 Avionics/Electrician

2004 AKNG/DOF
Annual Operating Plan

AK ANG Personnel requested to be in immediate recall status in order to respond to wildland fire incidents will be compensated as follows:

AK ANG personnel will be hired as emergency firefighters (EFF-5) and placed in pay status starting at 1000 hours on all days that they are requested to be on immediate recall status; they will be paid until 2000 hours.

The 2004 hourly operating rate for the AK ANG UH- 60 is: \$2,516/hr.

The 2004 AK ANG hourly EFF 5 rate is \$23.00

The AK ANG personnel will be paid for a 10 hour day.

J. Time Schedule for Deployment

To complete all the necessary preparations to configure the aircraft and notify the flight crews, 24 hours notice will normally be required prior to deploying for wildland firefighting operations. Deployment prior to 24 hours will depend on pre-warning time. The AAML or MHIEM will, in

DNR Comments on 773-08-0016

Authorizing payment of Alaska National Guard called into service to fight wildfires at RFF Rates of Pay

Division of Forestry use of the DMVA National Guard resources has occurred infrequently and only under extreme fire occurrence. When we have used the National Guard they have been of immense value. Since 2000, the Guard has been utilized four times, once in 2002 twice in 2004 and once in 2007. However, the actual availability of the Guard has been impacted by mobilizations to other parts of the world, making them totally unavailable during some fire seasons.

Identification of the costs associated with their future usage is totally dependent upon factors we cannot predict – such as the severity of the fire season, availability of National Guard Units, and the configuration (number and types of positions or resources required for the situation), as well as the fact the Division of Forestry can only use them after we have used all available civilian assets (also a variable that is impacted by other industry use and the season). The primary reason that we have used the Guard in recent years has been the lack of civilian helicopters in the state. A number of factors in the aviation and oil and gas industries have led to a steady decline in the number of civilian helicopters available for use on wildland fires. Both the legislature and previous administrations have supported use of private sector contracts for Forestry aviation.

Summary of use since 2000:

- In 2002, AKNG flew for 39.0 helicopter hours and DOF paid \$177,000 for a total of 5 days.
- In 2004, AKNG flew 58.1 helicopter hours and DOF paid \$649,379.60 (includes flight hours, personnel, meals, lodging, etc.), during 2 different mobilizations totaling 50 days.
- In 2007, AKNG flew 30.4 helicopter hours and DOF paid \$147,351.80 for a total of 4 days (includes flight hours, personnel, and a fuel truck, . . .no meals and lodging as the crews flew back and forth from the Willow to Fort Rich every night)

It is worthy to note that in two of those three years this proposed legislation would not have increased the amount paid. In 2002 and 2007 the National Guard units were not put on Active Duty and thus continued to receive their normal guard pay plus overtime. In 2004 when they were placed on Active Duty and received combat pay, which in most cases is less than they would receive as regular employees.

The 2007 EFF rates are attached. Under the new legislation, Pilots would be paid at the EFF Pilot rate (EFF-12, \$35.23/hr.). Aircraft mechanics and other support personnel would be paid at rates equivalent to those positions on EFF rate schedule. Rates have not been established for 2008, but typically go up about 3% year.

3/3/08

January 15, 2008

The Honorable John Harris
Speaker of the House
Alaska State Legislature
State Capitol, Room 208
Juneau, AK 99801-1182

Dear Speaker Harris:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill authorizing the Governor to delegate to the adjutant general the authority to order the organized militia into active state service and authorizing payment of Alaska National Guard called into active state service to fight wildfires at rates of pay established for certain emergency fire-fighting personnel.

Section 1 of the bill would amend AS 26.05.070, which authorizes the Governor to order the organized militia into active state service in certain circumstances, to authorize the Governor to delegate to the adjutant general the authority to order the organized militia into active state service if these circumstances exist. The organized militia includes the Alaska National Guard, the Alaska Naval Militia, and the Alaska State Defense Force. The circumstances under which the organized militia may be called into active state service include the occurrence or imminent danger of occurrence of a disaster or other catastrophe. Authorizing the Governor to delegate to the adjutant general the authority to order the organized militia into active state service is appropriate to allow a rapid response to such events, particularly if the Governor is not immediately available.

Section 2 of the bill would amend AS 26.05.260(b), which establishes the pay for members of the Alaska National Guard and the Alaska Naval Militia called into active state service under AS 26.05.070, to authorize the payment of Alaska National Guard personnel called to active state service to fight wildfires at rates of pay established for emergency fire-fighting personnel under AS 41.15.030 if the adjutant general and the commissioner of natural resources so agree. Existing AS 41.15.030 provides that the commissioner of natural resources may hire emergency fire-fighting personnel and shall establish classifications and rates of pay for the emergency fire-fighting personnel

3/3/08

The Honorable John Harris
January 15, 2008
Page 2

consistent with the compensation paid by other fire-fighting agencies. The amendment to AS 26.05.260(b) will allow pay parity between national guard and civilian personnel of specified classifications fighting wildfires by agreement between the commissioner of natural resources and the adjutant general. Section 2 would also amend AS 26.05.260(b) to remove an outdated provision relating to payment of Alaska National Guard and Alaska Naval Militia members for active service performed during the fiscal year ending June 30, 2000.

I urge your prompt and favorable action on this measure.

Sincerely,

A handwritten signature in black ink that reads "Sarah Palin". The signature is written in a cursive style with a large, looping initial "S" and a distinct "P" for "Palin".

Sectional Analysis for HB 326-Emergency Firefighter Pay for Alaska National Guard Members

- Section 1, the Governor may delegate authority to the Adjutant General of the Alaska National Guard to activate troops to fight wild fires when asked for by the Commissioner of the Department of Natural Resources.
- Section 2 changes the statute to allow National Guard members, when fighting wild fires, to be paid the same as all other emergency firefighters instead of State Active Duty rates.
- Section 3 provides an immediate effective date.

ANALYSIS: (Attach a separate page if necessary)

The cost is indeterminate. Since 2000, the Army National Guard (ANG) has been utilized four times: once in 2002, twice in 2004, and once in 2007. The only impact may be to the Fire Suppression Activity Component when ANG Units are involved in the actual suppression of wildland fires. The use of ANG resources on wildland fires has been and will continue to be highly variable as it is based on factors that cannot be easily predicted such as: severity of the fire season, availability of other resources, and the unavailability of ANG units due to deployment elsewhere in the world. Identification of costs is dependent on unpredictable factors including availability of civilian resources, Guard module configurations to meet specific wildland fire situations, and industry availability of private sector equipment contracts such as helicopters.

ANALYSIS: (Attach a separate page if necessary)

Funds to pay for firefighter services are RSA'd from the Fire Suppression Fund of the Department of Natural Resources

Due to fluctuating demands for firefighters and unknown number of events per year, we are submitting an indeterminate fiscal note. It is not known at this time what the impact of this legislation will be to the Department of Military and Veterans Affairs budget.

Prepared by: McHugh Pierre, Communications Director/Legislative Liaison
Division: National Guard Military Headquarters/Commissioner's Office
Approved by: Commissioner Craig Campbell
