**SCR 4 "Relating to public health
and a health compact."**

Sponsor Statement

The Health Compact encourages all Alaskans to:

- *Make healthy choices*
- *Promote their own health and well being*
- *Share their experiences and ideas on better health with one another*

Alaska faces a multilayered health crisis of growing proportion. An aging population is growing at a time when the ranks of our physicians are shrinking. The cost of medical care continues to rise as the number of uninsured Alaskans grows.

The Legislature will continue to work to assist in achieving better health for every man, woman, and child in the state. Yet there are things that we as individual Alaskans can do to improve our own health, thereby minimizing our impact on the health care system. We put forth as a small step, this simple tool to help Alaskans help themselves.

The resolution also dedicates the remainder of the year 2007 as a time to join the Compact, and dedicates 2008 as a year for sharing ideas and taking action.

The cost is free but the rewards are priceless.
