This bill would allow the Commercial Fisheries Entry Commission to share fisheries information and data with regional Alaska Regional Development Organizations (ARDORs). Currently there is an ongoing charge for this information from the Department of Fish and Game.

There is zero fiscal impact on the Department of Commerce, Community and Economic Development.

SPONSOR STATEMENT and SECTIONAL ANALYSIS

SPONSOR STATEMENT:

SB 3 would allow ARDORs to benefit from commercial fishery and related information generated by the Commercial Fisheries Entry Commission (CFEC), at no cost. No confidential information may be disclosed, per AS 16.05.815.

There are eleven ARDORs (Alaska Regional Development Organizations) established under AS 44.33.895. These are non-profit organizations comprised of representatives of the economic, political, and social interests in each region. Their purpose is to encourage and assist economic development in their specific areas.

Eight ARDORs would especially benefit from this legislation: Southwest Alaska Municipal Conference, Bering Strait Development Council, Lower Kuskokwim Economic Development Council, Northwest Arctic Borough Economic Development Commission, Kenai Peninsula Borough Economic Development District, Mat-Su Resource Conservation & Development, Inc., Prince William Sound Economic Development District, and the Southeast Conference.

For these organizations, commercial fishing activities provide a substantial portion of their regions' economic base. To illustrate, the wholesale value of the 2005 commercial fishery exceeded \$3 billion. Earnings of the 27,700 participating fishermen accounted for \$1.2 billion. Another 22,500 persons participated in the seafood processing workforce, earning \$277 million in wages. For coastal communities, approximately 37% of private-sector workers were employed in fish harvesting and seafood processing activities. CFEC information

can be critical for ARDOR understanding of economic trends in their regions, and development opportunities which may emerge.

The CFEC supports Senate Bill 3, and regards the loss of fees under this bill as negligible.

SECTIONAL ANALYSIS:

SECTION 1: Would amend AS 16.43.100(a) by adding to CFEC responsibilities, providing without charge to regional development organizations formed under AS 44.33.895, public information relevant to fisheries, participants in fisheries, permit holders' harvests, and earnings data. No confidential information would be released under Senate Bill 3.

FISCAL NOTE: Zero note from CFEC.

RE: SB 3 "An Act authorizing an Alaska regional development organization to use the Alaska Commercial Fisheries Entry Commission as an informational resource"

Dear Senator Olson:

We have reviewed SB 3 and support this legislation.

We understand that the intent of SB 3 is to allow Alaska Regional Development Organizations (ARDORS) established under AS 44.33.895 to request public information from the Commercial Fisheries Entry Commission (CFEC) fishery database without charge. As you know, CFEC has a wealth of public information regarding Alaska's commercial fisheries that we regularly make available upon request to any person or entity. However, there may be a fee required depending on the extent of the effort needed to provide the data. Under SB 3 we would provide data to ARDORS just as we would without this bill, however, without charge.

As a clarification, any CFEC public information available from CFEC data sources must comply with AS 16.05.815 "Confidential nature of certain reports and records." (See enclosed) Basically this statute prohibits the release of any individual fisherman's earnings and harvests obtained from fish ticket information unless aggregated to protect confidentiality. That prohibition is not affected by SB 3.

We do not believe SB 3 would be a significant impact on CFEC resources since there are a limited number of ARDORS and not all represent coastal areas.

Thank you for the opportunity to comment on SB 3.

Sincerely,

Frank Homan
Chairman

Re: Senate Bill 3

Dear Senator Olson:

The Southwest Alaska Municipal Conference is an Alaska Regional Development Organization (ARDOR) and also a federally recognized Economic Development District. Our region includes three of the biggest seafood ports (2006) in the nation for total volume landed: Dutch Harbor (#1), Kodiak (#4), Naknek (#12) and includes the world's largest sockeye run – Bristol Bay. This region also includes three of the most valuable seafood ports (2006) in the nation for total landed value: Dutch Harbor (#2), Kodiak (#3), and Naknek (#8). The fisheries of Alaska have just been rated as the ninth largest fishery in the world and account for sixty two percent (62%) of the nation's total seafood catch.

Much of our region's economic vitality and development potential is based on commercial fisheries and their health. We do a lot of research and analysis of fisheries data for the region to assist in our efforts to promote development opportunities in the region. So for SWAMC to have free access to commercial fisheries data from the Commercial Fisheries Entry Commission is vital to our mission and the quality of work.

On behalf of our Board of Directors and staff we fully support your efforts to allow ARDORs free access to this critical economic data that is vital to our economic development efforts.

RE: SB3 - Commercial Fisheries Entry Commission

Dear Senator Olson:

Prince William Sound Economic Development District became an ARDOR (Alaska Regional Development Organization) in 1991, and a federal economic development district in 2001. Our region is comprised of Chenega Bay, Cordova, Tatitlek, Valdez, and Whittier.

The fishing industry is of great importance to our regional economy, and therefore we are requesting that ARDORs have free access to economic data gathered by the Commercial Fisheries Entry Commission, as described in SB3, public information relevant to fisheries, participants in fisheries permit holders' harvests, and earnings data.

Thank you for considering our request.

re: Senate Bill 3

This letter is written in support of your Senate Bill 3, introduced in the current session, that will provide Alaska fisheries information to Alaska Regional Development Organizations (ARDORs), and other economic development organizations that provide assistance to Alaskan commercial fishermen.

By providing current fisheries information to these organizations, the State of Alaska will provide timely and appropriate assistance to these self employed entrepreneurs and help to strengthen Alaskan commercial fisheries for the long term benefit of all Alaskans.

Dear Senator Olson,

The Kenai Peninsula Economic Development District is an Alaska Regional Development Organization, (ARDOR) and also a federally recognized Economic Development District.

Our region includes the ports in Seward, Homer, Seldovia, Port Graham and other parts of the Cook Inlet.

Part of our responsibilities as an ARDOR is to do research, analysis and planning for our region. A large part of that is to have the free flow of information from other State and Federal agencies of the data that each is responsible to collect.

Your proposed legislation, Senate Bill No. 3, goes a long way to ensure that this data exchange is open and free flowing.

The Kenai Peninsula Economic Development District is in full support of this legislation.

Thank you for taking a leadership role in providing this economic data to the effective ARDORS.
