								Net addition to the Capital Income Fund	(3,163.0)				
		19	Recommendation					Operating Lapse Extensions Recommendation: Temporarily exclude all operating lapse extensions. Operating lapse extensions circumvent the subcommittee process; they add money to the FY2010 budget without the benefit of subcommittees review. Subcommittees should have the opportunity to see the full budget for FY2010. These should be resubmitted as FY2010 increments and allowed as lapse extensions only after review in conjunction with the operating budget.					
		20				6	Administration	AOGCC					
		21		Allow, per HFC				Extend lapse date of AOGCC appropriation for reservoir depletion studies, sec. 61(d), ch. 30, SLA 2007, as amended by sec. 34(a), ch. 29, SLA 2008, from June 30, 2009 to June 30, 2010. The estimated carryforward amount is \$1.4 million.					
		22		Allow, per HFC	10a	Labor	Commissioner's Office	Sec. 10(a) \$100,000 to the Commissioner's Office for a detailed occupational forecast to be prepared by the department's Research and Analysis section and continued funding for three Steering Committee and Regional Training Center coordination meetings through June 30, 2010.					100.0 was not requested in FY2010
3/13/2009	DOL 3			Allow, per HFC	10b	Labor	Labor Market Information	Sec. 10(b) \$145,000 to the Labor Management Information component for development and dissemination of regional employment data products and continued development of a web and print based Alaska Training Program guide through June 30, 2010.					Replaces FY2010 request for 145.0. Use lapse from Commissioner's Office
3/13/2009	DOL 4			Allow, per HFC	10c	Labor	Business Services	Sec. 10(c) \$80,000 to the Business Services component for training and related instruction to at least 70 apprentices at Regional Training Centers for Gasline related occupations; and funding for cooperative training agreements with business and industry for registered apprentices and structured on-the-job training for approximately 125 workers through June 30, 2010.					In combination with 505.0 in HFC operating budget, matches 585 request
3/13/2009	DOL 5			Allow, per HFC	10d	Labor	Workforce Investment Board	The unexpended and unobligated general fund balance, not to exceed \$85,000, of the appropriation made in sec. 1, ch. 27, SLA 2008, page 28, line 27, is reappropriated to the Department of Labor and Workforce Development, Workforce Investment Board for continuing gasline activities, for fiscal year ending June 30, 2010.					In combination with 45.0 in HFC operating budget, matches 130.0 request
3/13/2009	DOL 6			Allow, per HFC									

FY2009 SUPPLEMENTAL REQUESTS

Date	Amend #	Item	OMB Item	Notes	Sec. No.	Department or Capital	Component or, if capital, Department	Supplemental Need	General Funds	Federal Funds	Other Funds	Fund Source	Total Funds
		26		Allow, per HFC	13	Natural Resources	Oil & Gas	Extend lapse date on sec. 24(p), ch. 159, SLA 2004 Gasline Right of Way and Application from June 30, 2009 to June 30, 2011. Due to the number of projects under development and the work involved with right of ways and associated permitting there is huge demand for work not covered by the companies involved: ANGD, ENSTAR, Denali and TransCanada. The estimated carryforward is \$2,965,800.	(3,163,0)				This \$3.9 million appropriation for permitting and application processing for gas line right of way work was originally requested as a capital project as the department knew the amount of work would vary from year-to-year and would take years to complete. The legislature, however, made it a five-year operating appropriation. The department's original reasoning still applies and that is why the extension through FY2011 is requested in the supplemental bill.
		27		Allow, per HFC	14a	Revenue	Resource Rebate	Extend lapse date from June 30, 2009 to June 30, 2010 for the Alaska Resource Rebate Program, appropriated in sec.1(b), ch. 1, 45SLA 2008, in order to finalize determinations for approximately 10,000 applicants in some stage of having their eligibility determined, already denied but not yet appealed, or in appeal status.					The lapse extension will allow the department to have the necessary funding to finalize the determinations of the approximately 10,000 applicants in some stage of eligibility review and to pay the rebate should the applicant prevail. The department is not able to estimate the funding needed to finalize these cases. The resource rebate was truly a one-time appropriation.
3/19/2009	DOT 4	28		Federal requirement	160	Transportation	Central Region Highways and Aviation	Extend the lapse date from June 30, 2009 to June 30, 2014 for the \$10 million federal funds appropriated for Adak airport operations. the estimated balance is \$6.2 million.□ The Memorandum of Agreement signed by the Navy and the State require the funds provided for facility maintenance and operations to be spent solely on the Adak airport.					
3/19/09		29		Could wait because this is a lang change...but need ratification anyway Per OMB, the lapse extension may be deleted.		Transportation	Central Region Support Services	Extend the lapse date for costs related to Environmental Protection Agency enforcement actions and settlement costs, made in sec. 28(e), ch. 11, SLA 2008, page 105, lines 29 - 31 and page 106, line 1, from June 30, 2009 to June 30, 2010.					
		30	113			Education	ACPE - Program Administration & Operations	Extend lapse date from June 30, 2009 to June 30, 2011 for the Mental Health Employee Loan Repayment Program, which is appropriated and allocated in sec 1, ch. 28, SLA 2008, page 2, line 31 - page 3, lines 3 - 5. This program makes payments on participant education loans over eight quarters. The lapse extension is necessary to be able to make payments for the entire period.					
		31	139	OMB offset		Labor	Commissioner's Office	The \$850.0 fiscal note for ch. 22, SLA 2007 (HB 177, AGIA) was appropriated in sec. 2, ch. 28, SLA 2007, page 44, line 22. Sec 34(e), Ch 29, SLA 2008, Pg 210, Ln 22 extended the lapse date to June 30, 2009. The department will not spend the entire amount in FY09, therefore they request that the lapse date be extended through June 30, 2010 in order to complete the work with the estimated balance of \$325.0.					The legislature agreed to extend this gas pipeline-related item last session. The department is continuing its AGIA-related work to deliver a comprehensive training program to provide a prepared Alaska workforce for the Alaska Gas Pipeline. Activities include continued funding of Steering Committee and Regional Training Center coordination meetings as well as a detailed occupational forecast to be prepared by the department's Research and Analysis section.

3/13/2009	DOL 2	32	215	OMB offset		Labor	Commissioner's Office	Replace Sec. 10 - The previous supplemental request to extend the lapse date of funding received through the fiscal note for ch. 22 SLA 2007 (HB177, AGIA), is being replaced with the following three lines in order to distribute the \$325.0 estimated lapse funding to separate components for ongoing gasoline activities.					
		33	142	in OpBud		Law	Second Judicial District	Extend the lapse date for the Sexual Assault/Domestic Violence Federal Earmark, made in sec. 27(d), ch. 11, SLA 2008, page 104, line 29 (SB 256), from June 30, 2009 to June 30, 2010 Further extending the lapse date to June 30, 2010 will enable the department to continue to fund additional attorneys and paralegals in Bethel, Barrow and Anchorage to aid in the prosecution of domestic violence as well as adult and child sexual assault cases. It is estimated that approximately \$89,700 would be available to carry forward.					The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.
		34	143	in OpBud		Law	Third Judicial District: Anchorage	Same as OMB 142					The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.
		35	144	in OpBud		Law	Fourth Judicial District	Same as OMB 142					The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.
		36	145	in OpBud		Law	BP Corrosion	Extend the lapse date for the BPXA Corrosion Litigation appropriation made in sec. 1, ch. 27, SLA 2008, page 31, line 20, from June 30, 2009 to June 30, 2010 Further extending the lapse date to June 30, 2010 will enable the department to pursue claims for penalties and lost revenues for the 2006 Prudhoe Bay pipeline spills and production shutdowns. It is estimated that approximately \$1,900,000 would be available to carry forward.					The Governor has requested an FY2010 operating budget amendment for \$3.5 million

		40	Recommendation					(3,163.0)						
<p>Recommendation: Review specific operating reductions.</p> <p>There is perhaps no harm in specific reductions, but the reason for reducing authorization should be a desire to force spending reductions. In most of these cases, the authority has been identified as excess and money is expected to lapse at year-end.</p> <p>On the other hand, historic data series report the level of authorization. Reducing authorization improves the data series. Perhaps more importantly, it assures that reductions are made rather than passively allowing unused money to lapse.</p>

		70			1	Administration	Public Defender Agency	Caseload and cost increases - For the 1st half of FY2009, the Public Defender Agency has experienced caseload growth in the following key areas: The Anchorage Criminal Section has experienced an 11% increase for all cases, a 30% increase in felony petitions to revoke probation, a 14% increase in misdemeanor cases, and a 70% increase in misdemeanor petitions to revoke probation. Fairbanks has experienced a 5% increase in felony cases and a 14% increase in juvenile delinquency cases. The Civil Section within the Public Defender Agency has experienced a 7% increase in all cases, a 15% increase in juvenile delinquency cases, and a 9% increase in civil commitment cases. The Palmer office has seen a 35% increase in Child in Need of Aid (CINA) cases. Multi-year trends show significant increases over the past five years and predict caseload increases for FY2009. Statewide closing rates, however, are below 100% for the most complex caseloads, which indicates an increase in workload due to the increasing complexity of casework and trial preparation.	1,000.0				1,000.0

The plates, manuals and tabs were previously funded in the capital budget. When the budget was established in the operating budget, the division underestimated the annualized costs and the amount added was insufficient to cover the costs now being incurred. In addition, some materials costs have increased. It is critical that Division of Motor Vehicles not run out of these materials and have to stop issuing licenses and plates. At this date, the department is projecting FY2009 federal receipts to be over collected between \$900,000 and \$1,000,000. This number of mandays is based on a trend observed in the first half of FY2009 of increased federal holds which is currently anticipated to continue during the next five months of the fiscal year. 		185		Recommendation				(3,163.0)	<p>Recommendation: All GF (and some other) reappropriations go to the capital income fund, leaving the "to side" of each reappropriation as a separate decision (both year and fund source).</p> <p>Money can be lapsed administratively--no legislative action is necessary. GF reappropriations may appear to be free money, but the source of a reappropriation would otherwise go to the GF and reduce the FY09 CBR draw.</p> <p>The issue here is not whether projects are terminated administratively (easier) or legislatively, it is that terminating projects by either method reduces the deficit in FY09. Similarly, spending the money--either via a direct reappropriation (Governor's method), indirect reappropriation (through the capital income fund) or as an independent action has exactly the same impact on the deficit.</p>

Effective January 2009, the Ketchikan Shipyard increased their prices 18.5% to 20% to the Alaska Marine Highway System (AMHS) for state funded maintenance overhauls of AMHS vessels. This cost increase to AMHS will impact six scheduled vessel maintenance overhauls this fiscal year, with a budgeted value of \$3,500,000. Total of secs. 14(f) and (m) is \$702.1. Reappropriate the \$54,753 balance of the appropriation made in sec. 60, ch. 3, FSSLA 2005, page 142, line 13, for Southeast Island - Thorne Bay House Access Ramp to the Department of Transportation and Public Facilities, Alaska Marine Highway System - Vessel and Terminal Overhaul and Rehabilitation project. 	12	1	Corrections	Inmate Health Care	The department is requesting a supplemental of \$1,405.8 for increased inmate health care costs that includes fees-for-service, increased release medications for mentally ill inmates, and Inmate Health Care staff cost overages due to overtime for 24-hour medical coverage. \$646.4 shortfall is projected in the in-state and out-of-state medical fees for service. The department is seeing an increase in chronic disease associated with diabetes, cancer, heart disease, surrounding health-related issues due to obesity, and health issues associated with care for geriatrics. \$361.0 shortfall is projected for psychotropic drugs. As of September 2008, the department's Mental Health Unit began providing additional release medications to inmates with serious chronic mental illness as an interim measure until treatment begins with a community mental health provider. \$398.4 shortfall is projected for overtime for 24-hour medical coverage; contractual nursing shortages; and the successful hiring of a Forensic Psychiatrist.	1,405.8				1,405.8

This is compounded by prior year allocations that were a flat amount and may not have charged benefit systems their full fair share, as well as an increase in the number of participants. Plus, ARM Board is managing additional new investment options for participants (SBS, deferred comp). 13-Mar-09	LAW 1	221	Law	Civil Division - Oil, Gas and Mining	Oil and Gas Projects The Department of Law (DOL) is withdrawing its \$1,335.0 supplemental request. DOL is close to settlement on one large case and thus anticipates not needing the funds requested earlier. In addition, judges on several other cases are not moving the cases through as quickly as expected. These cases will continue however, and will consume resources from the Oil, Gas and Mining component in FY10. DOL has included funding for them in their FY10 budget request.	(1,335.0)				(1,335.0)

13-Mar-09	DOR 1	233	Capital	Revenue	Change the name of the FY2009 Power Builder Replacement Project Feasibility Study to Power Builder Replacement and SQL Database Evaluation, Equipment and Training Due to electronic filing and more records being stored electronically, PFD is currently storing more than 1.2 Terabytes of information. It is anticipated that this data storage may double in the next year. Also, PFD is slowly migrating off the state's mainframe while working to fit within state data standards as established by the Department of Administration. The SQL Database is critical to the PFD computer system's ability to perform beyond the next year's data. The feasibility study is now a moot point since PFD needs to improve its system and must meet state standards. None of the original \$300.0 GF has been spent to date. This scope change also enables the removal of an FY2010 CIP request.				0.0
