Short Title: Vocational Rehabilitation Committee

Prepared by Alaska Department of Labor and Workforce Development, March 2010

CS Senate Bill 83 (Vocational Rehabilitation Committee)

- The primary purpose of this legislation is to bring state statute into compliance with federal laws.
- The committee formed by this legislation is an efficient use of resources as it combines two federally required committees with similar membership (State Rehabilitation Council and the Assistive Technology Advisory Committee).
- The bill allows for telephonic meetings. This may result in cost savings and greater participation by members.
- Any additional costs incurred by changes in membership will be absorbed by the agency administering the federal programs requiring the committees.
- Members bring an external view to the public rehabilitation system. They act as a voice for people with disabilities and other stakeholders, including employers. The majority of members also bring the perspective of what it is like to live with a disability.
- The difference between the original bill and the CS was to fix a typographical error.

Dear Senator:

The Governor's Committee on Employment & Rehabilitation of People with Disabilities strongly supports CS Senate Bill 83(L&C). This legislation will bring state statute into compliance with federal law. It will also eliminate the need to change state statute every time federal law changes. This committee will also function as the assistive technology advisory council which is also required under federal law and has similar membership requirements.

The Governor's Committee on Employment and Rehabilitation of People with Disabilities, which operates as Alaska's State Rehabilitation Council, is mandated by 29 U.S.C. 725 as amended, to have a very specific composition that is comprised of employers, service providers and individuals with disabilities. This varied composition provides an avenue for the Division of Vocational Rehabilitation to receive direct public feedback from a variety of stakeholders throughout Alaska. The Division utilizes this valuable feedback to continuously improve and refine its program.

We support the name change of the Governor's Committee on Employment of People with Disabilities to the State Vocational Rehabilitation Committee. Since this committee provides oversight to the Vocational Rehabilitation program, the name will clearly align it with the State of Alaska, Department of Labor and Workforce Development, Division Vocational Rehabilitation. The name change will also reduce the on-going confusion between this committee and the Governor's Council on Disability and Special Education.

Thank you for considering the CS SB 83(L&C). It is important that this committee is compliant with federal law to ensure continued funding which is critical to assist Alaskans with disabilities to become employed and have access to appropriate assistive technology services and devices. Please contact us if we can be of any assistance or provide any additional information.

Sincerely,

Ron Boynton

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 23, 2009

The Honorable Gary Stevens
President of the Senate
Alaska State Legislature
State Capitol, Room 111
Juneau, AK 99801-1182

Dear President Stevens:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill repealing the Governor's committee on employment of people with disabilities, creating the state vocational rehabilitation committee, and relating to the committee.

The purpose of this bill is to eliminate the need to change state law every time federal requirements change the number and or constituency of the membership required for the Governor's committee on employment of people with disabilities and to expand its responsibilities to include the functions of an assistive technology advisory council as required under federal law. Since approximately 70 percent of the financing for the committee comes from the federal government, compliance with federal requirements is necessary.

Assisting those with disabilities in obtaining employment is vital to the economic and social well-being of the state. Given the opportunity, these Alaskans have the ability to contribute significantly to our workforce and to our communities, while granting them financial independence and affirmation of their value to society.

The Governor's committee on employment of people with disabilities has been carrying out the responsibilities of the state rehabilitation council identified in 29 U.S.C. 725, as amended. This bill would replace the existing committee with a federally compliant committee and would allow for adjustments necessary to remain in conformance with federal law without the need for further statute changes. The newly created committee's responsibilities would also include the functions of an assistive technology advisory council required under 29 U.S.C 3001.

COMMITTEE COPY

SENATE BILL NO. 83

The Honorable Gary Stevens
January 22, 2009
Page 2

The bill would also increase the frequency of meetings of the committee, from a minimum of once each year to four times a year. The bill would allow telephonic participation in committee meetings, and would provide for election of the chair by the committee members, subject to the approval of, rather than appointment by, the Governor.

The bill would also provide a reviser's instruction to change the heading of Article 2 of AS 23.15, to reflect the creation of the new committee.

I urge your prompt and favorable action on this measure.

Sincerely,

A handwritten signature in black ink that reads "Sarah Palin". The signature is written in a cursive style with a large, looping "S" at the beginning and a distinct "P" at the end.

From funds made available to carry out this section, the Secretary shall award a grant to each eligible State and eligible outlying area from an allotment determined in accordance with paragraph (2).

(2) Calculation of State grants

(A) Base year

Except as provided in subparagraphs (B) and (C), the Secretary shall allot to each State and outlying area for a fiscal year an amount that is not less than the amount the State or outlying area received under the grants provided under section 3011 of this title (as in effect on the day before October 25, 2004) for fiscal year 2004.

(ii) Additional funds

If, after the Secretary makes the reductions described in clause (i), additional funds become available to carry out this section for the fiscal year, the Secretary shall ratably increase the allotments, until the Secretary has allotted the entire base year amount.

(I) from 50 percent of the portion, allot to each State or outlying area an equal amount; and

(II) from 50 percent of the portion, allot to each State or outlying area an amount that bears the same relationship to such 50 percent as the population of the State or outlying area bears to the population of all States and outlying areas,

until each State has received an allotment of not less than \$410,000 and each outlying area has received an allotment of \$125,000 under clause (i) and this clause;

(iii) from the remainder of the funds after the Secretary makes the allotments described in clause (ii), the Secretary shall -

(II) from 20 percent of the remainder, allot to each State an equal amount.

(D) Special rule for fiscal year 2005

Notwithstanding subparagraph (C), if the amount of funds made available to carry out this section for fiscal year 2005 is greater than the base year amount, the Secretary may award grants on a competitive basis for periods of 1 year to States or outlying areas in accordance with the requirements of subchapter III of this chapter (11) (as in effect on the day before October 25, 2004) to develop, support, expand, or administer an alternative financing program.

Senator Bert Stedman
State Capital Building, Room 516
Juneau, AK 99801-1182

Dear Senator Stedman:

I Dorothy Green, Director of Polaris House strongly encourage you to schedule a hearing for SB 83 as soon as possible.

Polaris House is very much in support of SB 83. This legislation will bring state statute into compliance with federal law. It will also eliminate the need to change state statute every time federal law changes. This committee will also function as the assistive technology advisory council as required under federal law.

We support the name change of the Governor's Committee on Employment of People with Disabilities to the State Vocational Rehabilitation Committee. Since this committee provides oversight to the Vocational Rehabilitation program, the name will clearly align it with the State of Alaska, Department of Labor and Workforce Development, Division Vocational Rehabilitation. The name change will also reduce the on-going confusion between this committee and the Governor's Council on Disability and Special Education.

Thank you for considering scheduling a hearing for SB 83. It is important that this committee is compliant with federal law to ensure continued funding which is critical to assist Alaskans with disabilities to become employed and have access to appropriate assistive technology services and devices. Please contact me at Polaris House if we can be of any assistance or provide any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Dorothy Green". The signature is fluid and cursive, written over the typed name.

Dear Senator Stedman:

Assistive Technology of Alaska (ATLA) strongly encourages you to schedule a hearing for SB 83 as soon as possible.

Our agency is very much in support of SB 83. This legislation will bring state statute into compliance with federal law. It will also eliminate the need to change state statute every time federal law changes. This committee will also function as the assistive technology advisory council as required under federal law.

We support the name change of the Governor's Committee on Employment of People with Disabilities to the State Vocational Rehabilitation Committee. Since this committee provides oversight to the Vocational Rehabilitation program, the name will clearly align it with the State of Alaska, Department of Labor and Workforce Development, Division Vocational Rehabilitation. The name change will also reduce the on-going confusion between this committee and the Governor's Council on Disability and Special Education.

Thank you for considering scheduling a hearing for SB 83. It is important that this committee is compliant with federal law to ensure continued funding which is critical to assist Alaskans with disabilities to become employed and have access to appropriate assistive technology services and devices. Please contact me if I can be of any assistance or provide any additional information.

Sincerely,
