OFFERED IN THE SENATE

BY SENATOR HOFFMAN

TO: SCS CSHB 113(FIN), Draft Version "M"

1 Page 28, following line 18:

2 Insert a new subsection to read:

3 "(c) For the appropriations made in (a) and (b) of this section, it is the intent of
4 the legislature that

5 (1) the funds be used solely to plan, coordinate, and facilitate
6 construction, ownership, and management of a natural gas pipeline serving Fairbanks,
7 the Southcentral region of the state, and other communities wherever practicable,
8 connecting with or enhancing the existing gas pipeline system, and reaching to
9 tidewater;

10 (2) the funds be used for a full alternative analysis of possible routes;

11 (3) an economically feasible in-state pipeline and any connecting lines
12 serve industrial, residential, and utility customers along the entire route, including any
13 other regions of the state that could be served at commercially feasible rates;

14 (4) the Office of the Governor use the appropriations to

15 (A) coordinate with entities that could build, own, and operate
16 the line;

17 (B) assist with preparing cost estimates for the project to
18 determine its economic feasibility and cost to consumers;

19 (C) apply for and obtain right-of-way permits for the project
20 route, with the intent that the state would transfer the permits to, and receive
21 compensation for the permits from, the entity best able to complete the project;

22 (D) work with other entities to promote the gas supply and gas
23 purchase contracts that would be required for the project to be commercially

1 viable;

2 (5) the coordination effort by the Office of the Governor use, to the
3 fullest extent possible, any and all existing work by other state agencies before
4 contracting for new reports, research, and analyses, and that the coordination effort by
5 the Office of the Governor not expand beyond the scope of coordinating interests to
6 build, own, and operate the gas line;

7 (6) the Office of the Governor submit written monthly reports to the
8 president of the senate, the speaker of the house of representatives, and all legislators,
9 listing all current and future contracts executed for development of an in-state natural
10 gas pipeline and specifying the scope of work and contract amount, a cumulative total
11 monthly of all funds spent for development of an in-state natural gas pipeline,
12 reporting progress to date on the project work plan, and presenting a work plan for
13 each subsequent month."

FY2009 SUPPLEMENTAL REQUESTS

Date	Amend #	Item	OMB Item	Notes	Sec. No.	Department or Capital	Component or, if capital, Department	Net addition to the Capital Income Fund	Supplemental Need	General Funds	Federal Funds	Other Funds	Fund Source	Total Funds
		19	Recommendation					(3,163.0)						
<p>Operating Lapse Extensions</p> <p>Operating lapse extensions circumvent the subcommittee process; they add money to the FY2010 budget without the benefit of subcommittee review. Subcommittees should have the opportunity to see the full budget for FY2010.</p> <p>These should be resubmitted as FY2010 increments and allowed as lapse extensions only after review in conjunction with the operating budget.</p> <p>Recommendation: Temporarily exclude all operating lapse extensions.</p>														
		20												
		21		Allow, per HFC	6	Administration	AOGCC		Extend lapse date of AOGCC appropriation for reservoir depletion studies, sec. 61(d), ch. 30, SLA 2007, as amended by sec. 34(a), ch. 29, SLA 2008, from June 30, 2009 to June 30, 2010. The estimated carryforward amount is \$1.4 million.					
	DOL 3	22		Allow, per HFC	10a	Labor	Commissioner's Office		Sec. 10(a) \$100,000 to the Commissioner's Office for a detailed occupational forecast to be prepared by the department's Research and Analysis section and continued funding for three Steering Committee and Regional Training Center coordination meetings through June 30, 2010.					OMB Response to Request for Operating Budget Amendment Some of the money is currently being used to perform a similar study of the Pt. Thomson reservoir. Although this study has been underway for over 2-1/2 years, it is far from being completed due to numerous delays, all beyond the control of the AOGCC. These delays have all been due either to the litigation between the DNR and Exxon/Mobil or to internal process issues at Exxon/Mobil. The results of this study will assist the AOGCC in determining the appropriate gas off take allowable from the Pt. Thomson reservoir for sale into a North Slope gas line. AOGCC's goal is to complete the Pt. Thomson study during FY2010 but, given their lack of control over the schedule, it is very possible that the study may extend beyond that time. It is also possible that some funds may be used to study new issues, to update the Prudhoe study, and/or to hire consultants to testify at hearings. 100.0 was not requested in FY2010
3/13/2009														
	DOL 4	23		Allow, per HFC	10b	Labor	Labor Market Information		Sec. 10(b) \$145,000 to the Labor Management Information component for development and dissemination of regional employment data products and continued development of a web and print based Alaska Training Program guide through June 30, 2010.					Replaces FY2010 request for 145.0. Use lapse from Commissioner's Office
3/13/2009														
	DOL 5	24		Allow, per HFC	10c	Labor	Business Services		Sec. 10(c) \$80,000 to the Business Services component for training and related instruction to at least 70 apprentices at Regional Training Centers for Gasline related occupations, and funding for cooperative training agreements with business and industry for registered apprentices and structured on-the-job training for approximately 125 workers through June 30, 2010.					In combination with 505.0 in HFC operating budget, matches 585 request
3/13/2009														
	DOL 6	25		Allow, per HFC	10d	Labor	Workforce Investment Board		The unexpended and unobligated general fund balance, not to exceed \$85,000, of the appropriation made in sec. 1, ch. 27, SLA 2008, page 28, line 27, is reappropriated to the Department of Labor and Workforce Development, Workforce Investment Board for continuing gasline activities, for fiscal year ending June 30, 2010.					In combination with 45.0 in HFC operating budget, matches 130.0 request

FY2009 SUPPLEMENTAL REQUESTS

Date	Amend #	Item	OMB Item	Notes	Sec. No.	Department or Capital	Component or, if capital, Department	Supplemental Need	Net addition to the Capital Income Fund	General Funds	Federal Funds	Other Funds	Fund Source	Total Funds
		26		Allow, per HFC	13	Natural Resources	Oil & Gas	Extend lapse date on sec. 24(p), ch. 159, SLA 2004 Gasline Right of Way and Application from June 30, 2009 to June 30, 2011. Due to the number of projects under development and the work involved with right of ways and associated permitting there is huge demand for work not covered by the companies involved: ANGDA, ENSTAR, Denali and TransCanada. The estimated carryforward is \$2,965,800.	(3,163,00)					
		27		Allow, per HFC	14a	Revenue	Resource Rebate	Extend lapse date from June 30, 2009 to June 30, 2010 for the Alaska Resource Rebate Program, appropriated in sec.1(b), ch. 1, 45SLA 2008, in order to finalize determinations for approximately 10,000 applicants in some stage of having their eligibility determined, already denied but not yet appealed, or in appeal status.						
3/13/2009	DOT 4	28		Federal requirement	15e	Transportation	Central Region Highways and Aviation	Extend the lapse date from June 30, 2009 to June 30, 2014 for the \$10 million federal funds appropriated for Adak airport operations. the estimated balance is \$6.2 million. The Memorandum of Agreement signed by the Navy and the State require the funds provided for facility maintenance and operations to be spent solely on the Adak airport.						
3/13/09		29		Could wait because this is a long change...but need ratification anyway		Transportation	Central Region Support Services	Extend the lapse date for costs related to Environmental Protection Agency enforcement actions and settlement costs, made in sec. 28(e), ch. 11, SLA 2008, page 105, lines 29 - 31 and page 106, line 1, from June 30, 2009 to June 30, 2010.						
		30	113	Per OMB, the lapse extension may be deleted.		Education	ACPE - Program Administration & Operations	Extend lapse date from June 30, 2009 to June 30, 2011 for the Mental Health Employee Loan Repayment Program, which is appropriated and allocated in sec 1, ch. 28, SLA 2008, page 2, line 31 - page 3, lines 3 - 5. This program makes payments on participant education loans over eight quarters. The lapse extension is necessary to be able to make payments for the entire period.						
		31	139	OMB offset		Labor	Commissioner's Office	The \$850.0 fiscal note for ch. 22, SLA 2007 (HB 177, AGIA) was appropriated in sec. 2, ch. 28, SLA 2007, page 44, line 22. Sec 34(e), Ch 29, SLA 2008, Pg 210, Ln 22 extended the lapse date to June 30, 2009. The department will not spend the entire amount in FY09, therefore they request that the lapse date be extended through June 30, 2010 in order to complete the work with the estimated balance of \$325.0.

3/13/2009	DOL 2	32	215	OMB offset		Labor	Commissioner's Office	Replace Sec. 10 - The previous supplemental request to extend the lapse date of funding received through the fiscal note for ch. 22 SLA 2007 (HB177, AGJA), is being replaced with the following three lines in order to distribute the \$325.0 estimated lapse funding to separate components for ongoing gasoline activities.	(3,163,0)					
		33	142	in OpBud		Law	Second Judicial District	Extend the lapse date for the Sexual Assault/Domestic Violence Federal Earmark, made in sec. 27(d), ch. 11, SLA 2008, page 104, line 29 (SB 256), from June 30, 2009 to June 30, 2010 Further extending the lapse date to June 30, 2010 will enable the department to continue to fund additional attorneys and paralegals in Bethel, Barrow and Anchorage to aid in the prosecution of domestic violence as well as adult and child sexual assault cases. It is estimated that approximately \$89,700 would be available to carry forward.					The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.	
		34	143	in OpBud		Law	Third Judicial District: Anchorage	Same as CMB 142						The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.
		35	144	in OpBud		Law	Fourth Judicial District	Same as CMB 142						The lapse extension is for federal receipts from the Department of Justice grant to stop violence against women.
		36	145	in OpBud		Law	BP Corrosion	Extend the lapse date for the BPXA Corrosion Litigation appropriation made in sec. 1, ch. 27, SLA 2008, page 31, line 20, from June 30, 2009 to June 30, 2010 Further extending the lapse date to June 30, 2010 will enable the department to pursue claims for penalties and lost revenues for the 2006 Prudhoe Bay pipeline spills and production shutdowns. It is estimated that approximately \$1,900,000 would be available to carry forward.						The Governor has requested an FY2010 operating budget amendment for \$3.5 million

<p>Recommendation: Review specific operating reductions.</p> <p>There is perhaps no harm in specific reductions, but the reason for reducing authorization should be a desire to force spending reductions. In most of these cases, the authority has been identified as excess and money is expected to lapse at year-end.</p> <p>On the other hand, historic data series report the level of authorization. Reducing authorization improves the data series. Perhaps more importantly, it assures that reductions are made rather than passively allowing unused money to lapse.</p>

These are operating appropriations that appear to be legitimate supplemental requests														
None of the items appear to require fast track action, but OMB should be asked about the need for speed.														
		69			1	Administration	Office of Public Advocacy		Authorization is needed to accept and spend two federal grants. The two grants are Court Appointed Special Advocate (CASA) program funds from the National CASA Program. One is for \$31,000.00 and the other is for \$1,949.00 for a total of \$32,949.00. Both were awarded to the Office of Public Advocacy after the end of the last legislative session.		33.0			33.0
		70			1	Administration	Public Defender Agency		Caseload and cost increases - For the 1st half of FY2009, the Public Defender Agency has experienced caseload growth in the following key areas: The Anchorage Criminal Section has experienced an 11% increase for all cases, a 30% increase in felony petitions to revoke probation, a 14% increase in misdemeanor cases, and a 70% increase in misdemeanor petitions to revoke probation. Fairbanks has experienced a 5% increase in felony cases and a 14% increase in juvenile delinquency cases. The Civil Section within the Public Defender Agency has experienced a 7% increase in all cases, a 15% increase in juvenile delinquency cases, and a 9% increase in civil commitment cases. The Palmer office has seen a 35% increase in Child in Need of Aid (CINA) cases. Multi-year trends show significant increases over the past five years and predict caseload increases for FY2009. Statewide closing rates, however, are below 100% for the most complex caseloads, which indicates an increase in workload due to the increasing complexity of casework and trial preparation.	1,000.0				1,000.0

3/13/2009	DOC 1	75			1	Corrections	Anchorage Correctional Center	This is a fund source change reducing the current general fund authorization and increasing the federal receipt authorization. The Department of Corrections continues to see a fluctuation in the numbers of federal mandates which affects the dollar amount of federal receipts. At this date, the department is projecting FY2009 federal receipts to be over collected between \$900,000 and \$1,000,000. This number of mandates is based on a trend observed in the first half of FY2009 of increased federal holds which is currently anticipated to continue during the next five months of the fiscal year. 									<p>Recommendation: All GF (and some other) reappropriations go to the capital income fund, leaving the "to side" of each reappropriation as a separate decision (both year and fund source).</p> <p>Money can be lapsed administratively--no legislative action is necessary. GF reappropriations may appear to be free money, but the source of a reappropriation would otherwise go to the GF and reduce the FY09 CBR draw.</p> <p>The issue here is not whether projects are terminated administratively (easier) or legislatively, it is that terminating projects by either method reduces the deficit in FY09. Similarly, spending the money--either via a direct reappropriation (Governor's method), indirect reappropriation (through the capital income fund) or as an independent action has exactly the same impact on the deficit.</p>
