Re: ACLU of Alaska – Support of SB 68

Dear Senator Davis:

On behalf of the American Civil Liberties Union (ACLU) of Alaska and our thousands of members and activists throughout the state, as well as our Board of Directors and Staff, I am writing to express our **strong support of Senate Bill 68** seeking to enfranchise formerly incarcerated Alaskans.

We are grateful for your work in sponsoring this bill, and your historic commitment to the most fundamental of constitutional rights – the right to vote.

Thanks also to your office for responding to our inquiries regarding the details of this legislation. We appreciate the hard work of your staff in seeking to ensure that SB 68 will reduce unnecessary impediments to enfranchisement. As you know, those who participate in voting are less likely to re-offend, and reducing barriers to voting contributes to the public welfare of all Alaskans.

The ACLU of Alaska is pleased to support SB 68 and hopes to work with you towards quick passage of this legislation.

Please feel free to contact us at (907) 258-0044, or jmittman@akclu.org, if you require any additional information.

Sincerely,

Jeffrey A. Mittman
Executive Director

Subject: Ensure all Alaskans have the right to vote

RECEIVED
APR 10 2009

Senator Bettye Davis
120 4th Street
Juneau, AK 99801-1182

Dear Senator Davis,

As your constituent, I ask you to support SB 68, which helps keep all Alaskans safer, by ensuring that ex-offenders have the right to vote and function as responsible citizens and taxpayers.

Restricting voting rights does not prevent crime or provide compensation to victims. Research shows that people who vote are much less likely to be re-arrested. That is why the American Probation and Parole Association, the National Black Police Association, the American Bar Association and others support full voting rights when former offenders return to their communities.

Senate Bill 68 encourages the behaviors we all wish to see and that society ought to encourage a commitment to community and participation in our democracy.

Thank you for supporting SB 68.

Sincerely,

Mr. Garrett Ennis

Sponsor Statement

SB 68 "An Act relating to the voting rights of felons"

Across the country states handle the right to vote for returning felons differently. Two (2) states, Maine and Vermont do not take away a felons right to vote. Thirteen states (13) allow felons to vote upon release from incarceration. Twenty one (21) including Alaska allow felons to vote after they complete all parole/probation requirements while fourteen (14) states permanently disenfranchise certain felons. If our belief is that felons once released have paid their debt to society then returning their right to vote upon release from incarceration would be a positive step.

SB 68 allows felons upon release from incarceration to register to vote. This bill starts the process which allows felons to start assuming responsibility for their reintegration in their communities. We are each responsible for how our government works and we do that through voting. In Alaska, 6081* Alaskans have lost their right to vote because of felony convictions. Currently, Alaska law bars the vote to persons convicted of felonies of moral turpitude until the expiration of a post-incarceration period of parole or probation, which is often years after they have reentered society to become productive citizens and tax payers.

Harsh sentencing laws over the past 30 years have allowed the prison population to balloon, while reducing the rehabilitative model to almost non existent. Over 4.7 million Americans or 1 in 43 adults cannot vote due to felony convictions, with 1/3 or more of them were incarcerated due to alcohol and drug offenses. In Alaska we have gone from slightly over 800 prisoners in 1984 to 5344 in 2008, an increase of 149%. Of those incarcerated in Alaska 48% are Caucasian, 36% are Alaska Native, 10% are African American, 3% are Hispanic, and 3% are Asian/Pacific Islanders.* Nationally minority felons are disproportionately disenfranchised under current law and the harm of this continued disenfranchisement after release is exacerbated by stigma and other forms of discrimination as they try to reenter society. In Alaska 52% of our incarcerated offenders are minorities.

In Alaska, we do not have a problem taking a person off the voting roles if convicted of a felony but we do not have a system that will automatically allow them to return to the voting roles upon termination of supervision. Voting is just one of many steps a returning felon must make to become a productive member of the community. This Bill will help provide a clear time for returning voting rights and provide an important right/responsibility to felons returning to their communities.

SUBJECT: Sectional Summary of SB 68 (Work Order No. 26-LS0324\A)

TO: Senator Bettye Davis
Attn: Thomas Obermeyer

FROM: Alpheus Bullard *TLAB*
Legislative Counsel

You have requested a sectional analysis of the above referenced bill. As a preliminary matter, please note that a sectional analysis should not be considered an authoritative interpretation of the bill, and the bill itself is the best statement of its contents.

Section 1. Establishes that a person convicted of a crime that constitutes a felony involving moral turpitude under state or federal law may not vote while incarcerated for that crime, and that the person upon release will be advised of voter registration requirements and procedures.

Section 2. Establishes that the voter registration of a person convicted of a crime that constitutes a felony involving moral turpitude will be cancelled while that person is incarcerated.

Section 3. Establishes that a person convicted of a crime that constitutes a felony involving moral turpitude under state or federal law is disqualified from voting while incarcerated for that crime.

Section 4. Repeals AS 15.60.010(39), a definition of "unconditional discharge."
