Alaska State Legislature

Representative Peggy Wilson
House District 2

MEMORANDUM

Date: March 7, 2012

To: Representative Craig Johnson, Chair

House Rules Committee

From: Representative Peggy Wilson

Re: Rules hearing request for HJR 4

I would like to request the House Rules Committee schedule a hearing on HJR 4 -
Constitutional Amendment: Transportation Fund.

HJR 4 will put a constitutional amendment before voters to change the Alaska constitution
to allow a dedicated fund for Transportation Projects.

Alaska is geographically the largest state in the country, and the future of the economic and
social well being of its citizens is critically dependent on a reliable transportation system.
This change to the State Constitution, allowing a dedicated transportation fund, is needed
to create and maintain a modern, reliable transportation system for Alaska.

Thank you for your consideration.

FISCAL NOTE #2

STATE OF ALASKA
2011 LEGISLATIVE SESSION

BILL NO. CSHJR 4(TRA)

Analysis

This resolution provides for a Transportation Infrastructure Fund which is assumed to be established in the amount of \$1 billion with additional recurring funding from state fuel taxes, registration and driver's license fees, identification card fees, studded tire taxes, state airport lease and space fees, and other designated fees and funds. It is anticipated the fund will be managed with an asset allocation of 38% fixed income, 10% international equity, and 52% domestic equity. Costs of the fund include investment management fees, audit, accounting and custody fees and are projected based on the assumptions provided by the division's investment advisor and the division's cost allocation plan.

**REPRESENTATIVE PEGGY WILSON
HOUSE DISTRICT 2**

**SPONSOR STATEMENT
House Joint Resolution 4**

“Proposing amendments to the constitution of the State of Alaska creating a transportation infrastructure fund”

HJR 4 will put a constitutional amendment before voters to amend the Alaska constitution to reinstate a dedicated fund for Transportation Projects.

Historians write that the drafters of the constitution were concerned that dedicated funds would impair future legislatures from responding to evolving public needs. However, the drafters of our Alaska Constitution grandfathered in two dedicated transportation funds. The first was for highways and the second was for water and harbor facilities. They recognized the public need for dependable and efficient transportation and that need has only grown. HJR 4 will reinstate a single dedicated fund that will serve all modes of transportation.

The roads, bridges, airports, ferries and transit systems that make up our state’s transportation system are essential to mobility, commerce and economic development. This system enhances economic competitiveness, increases safety and enhances quality of life. There is a growing imbalance between system use and capacity as well as the need for new infrastructure to access our valuable resources. To insure Alaska has the infrastructure necessary to develop our resources as well as providing a quality of life for our citizens we must commit to funding transportation. Having a dependable revenue stream from year to year will allow Alaska to tackle today’s congestion and maintenance projects as well as developing the needed access to resources and energy into the future.

The new CS for HJR 4 FIN has removed all the details defining which funds will go into ATIF, how ATIF will be appropriated and how it will be managed. Instead, the enabling statutes will define what funds will be directed to the ATIF, which projects are eligible for funding and the entity that will prioritize the eligible projects.

The only stipulation is the projects must be transportation related. The cap on the payout rate has been increased to 7% but the enabling legislation will define what rate will be used initially; probably in the 4-4.5% range. These changes were made to make the constitutional amendment not only good for Alaska today but also in 10, 20, and even 100 years. The changes will give the legislature the flexibility to manage transportation funding as we move into the future. We also now have a more clear and concise constitutional amendment that the public can understand and vote on in November.

March 1, 2012

Representative Peggy Wilson
State Capitol Building, Room 415
Juneau, AK 99801

RE: HJR4

Dear Representative Wilson:

On behalf of the Associated General Contractors of Alaska, a construction industry trade association of 650 business members, I offer support for HJR4.

HJR4 would put an initiative on the ballot for a constitutional amendment to dedicate certain revenue for a state funded transportation program.

A state funded transportation program has been a legislative priority of the AGC for many years, and dedication of funds is the most certain way to insure that a state funded program is maintained. HJR42 is companion legislation to HB30, the enabling legislation for a state funded program, which is also supported by AGC.

Transportation is one of the most important issues to Alaskans, and something that affects every Alaskan every day. Funding of transportation projects is always well received. I believe there has been only one transportation bond issue since statehood that has not been approved by the voters; most with overwhelming support.

In closing, Alaska needs a transportation program, sufficiently funded with regular, predictable and reliable funding with an annual appropriation of state funds so we can begin to address our many transportation needs, and dedication of funds for such a program is an essential element.

Sincerely,

John MacKinnon
Executive Director
Associated General Contractors of Alaska

February 9, 2011

The Honorable Peggy Wilson
Alaska State House
State Capitol Room 408
Juneau, AK 99801

Dear Representative Wilson:

The undersigned business associations, working together under the banner of the Business Advocacy Committee, represent hundreds of firms and tens of thousands of employees from every major industry in Alaska. Our organizations share a common vision for Alaska's future – one in which a thriving private-sector economy creates good jobs for Alaskans and attractive economic opportunities for investors. State government, focused on the right issues, can help make this vision a reality.

Our organizations have identified five priority areas to be dealt with during this legislative session. Progress on each of these priorities will make Alaska a better place for business by encouraging private-sector investment and job creation. We urge you and your colleagues to address these issues.

OIL TAX REFORM

Taxes on the oil industry account for nearly nine out of every ten dollars in revenue the state collects. While current oil prices are exceedingly high relative to historic standards, North Slope oil production is only one-third the level of its peak. Alaska's taxation policy should encourage more investment to reverse this dramatic, continuing production decline. We support meaningful reform of Alaska's oil production tax system that reduces the state's tax burden on all Alaska oil and gas exploration and development activities and encourages increased production.

REGULATIONS

The Alaska Coastal Zone Management Program (ACMP) is due to sunset in 2011. We are comfortable renewing the program in its current form. *However, we oppose any changes to the ACMP that diminish the program's ability to provide concise, streamlined, and predictable permitting in Alaska's coastal zone.*

LITIGATION REFORM

Alaska's resource industries are ongoing targets of anti-development groups utilizing the court system and the state and federal appeals processes to stop and delay responsible resource development. Other businesses, local governments and community development projects can also be subject to frivolous lawsuits. Meanwhile, state agencies are forced to spend inordinate amounts of staff and financial resources dealing with third-party lawsuits at the expense of their mission to serve the public at-large. *We support efforts to bring more accountability to the appeals and litigation processes for community and resource development projects.*

FISCAL RESPONSIBILITY

Unrestricted general fund spending within the state's operating budget has increased from \$3.1 billion in fiscal year 2006 to \$4.8 billion in fiscal year 2011. We do not believe such spending growth is sustainable especially in light of the continuing decline in North Slope oil production. The Legislature and Governor must do more to control growth in the operating budget. *We recommend the Legislature*

hold unrestricted general fund spending in the operating budget to \$3.5 billion – a level of spending equal to fiscal year 2010. With regard to the capital budget, we encourage the state to focus on strategic investments that help generate new private sector investment.

STRATEGIC TRANSPORTATION INFRASTRUCTURE

There is strong agreement the long-term economic benefits derived from investment in Alaska's transportation infrastructure far exceed the cost of the initial investment. Considering the vastness of Alaska, the state's current transportation infrastructure is inadequate and requires continued planning, upgrades, and expenditures to assure Alaska citizens are provided with essential services. *We support a state funded transportation program that is adequately and predictably funded, provides continuity between succeeding administrations, and addresses all modes of transportation.*

Working together we can improve Alaska's business climate. We request an opportunity to meet with you to discuss these matters in more detail. A representative from the Business Advocacy Committee will be in touch with your office to schedule a meeting.

Subject: HJR 4 and HB 30

Key to Alaska's vitality is its transportation system. I vigorously support HJR 4 – the constitutional amendment to re-instate a dedicated transportation fund and HB 30 - the enabling statutes for the fund. This is long overdue and is sorely needed legislation and will greatly benefit interior Alaska. The Senate needs to get on board and proactively support this legislation.

Sincere Regards,

Steve Sorensen P.E.

February 14, 2011

The Honorable Peggy Wilson
State Capitol Room 408
Juneau, AK 99801-1182

Dear Representative Wilson:

The Alaska Association of Harbormasters and Port Administrators (AAHPA) is a statewide professional organization comprised of senior managers from 31 municipal harbor systems. Our members operate and maintain the majority of the harbors in the State of Alaska.

The AAHPA strongly supports House Bill No. 30, which among other things provides a funding source for the State's Municipal Harbor Matching Grant Program (AS 29.60.800). This grant program was developed with substantial input and support from the AAHPA in 2006; however, it has received funding in only three of the State budgets enacted since then.

The primary target of this grant program is the small boat harbors constructed by the State of Alaska in the 1960s and 1970s, which have been transferred to local municipalities during the past several years. Most of these facilities were in less than stellar condition at the time ownership was transferred and are in need of major repairs or replacement.

These harbors play a critical economic role by enabling trade, transportation, commercial fisheries, tourism, and recreational opportunities across the State. Providing a stable funding source for the Municipal Harbor Matching Grant Program, as HB 30 will do, is a significant step in ensuring that we are able to adequately repair and maintain these valuable facilities throughout the State of Alaska.

Please contact me at (907) 228-6049 if you have any questions regarding AAHPA's support of HB 30.

Sincerely,

Steven R. Corporon, President
Alaska Association of Harbormasters and Port Administrators

Achieving mobility through community appropriate transportation services

3705 Arctic Blvd #1777
Anchorage, AK 99503.
907-240-2702

February 15, 2011

Representative Peggy Wilson
State Capitol, Rm 408
Juneau, AK 99801-1182

Dear Representative Wilson:

On behalf of the Alaska Mobility Coalition (AMC), we strongly support HJR4 (a constitution amendment creating a transportation infrastructure fund) and HB30 (transportation infrastructure fund).

The AMC is a private, non-profit membership organization that represents and advocates for public and community transportation in Alaska. The AMC has ninety seven members across the state from Bethel to Prince of Wales Island. The AMC membership provides over seven million rides annually for Alaskans to get to work, school, shopping trips, recreational opportunities and medical appointments. For more information on the AMC, I have attached a link to our website for your review (<http://www.alaskamobility.org>)

Alaska is one of just three states that do not provide general operating support for transit service. In addition, there are road maintenance, ferry operation and urban and rural trails that are neglected around the state because of the lack of infrastructure support. The federal government will be reducing its investment in transportation in Alaska in the next few years and it is time for legislature to dedicate its gas taxes and other transportation-related user fees for transportation infrastructure.

The Alaska Mobility Coalition would be honored to serve on the Transportation Infrastructure Fund Advisory Council as proposed in HB 30.

Thank you for your efforts in supporting transit in Alaska. I look forward to working with you and the Alaska legislature on your legislation during the current session.

Sincerely,

David M. Levy
Executive Director

ALASKA MINERS ASSOCIATION, INC.

Issues of Concern for the Alaska Mining Industry for 2011

Actions needed by the Administration and/or the Legislature:

January 2011

CRITICAL ITEMS: PERMITTING INTEGRITY – LITIGATION REFORM – ENERGY – INFRASTRUCTURE

Integrity of Permitting System - Ensure the integrity of the current, very rigorous, science-based state permitting process and fund it at a level that will ensure its integrity.

- Provide sufficient staff and funding for permitting functions of the Departments of Natural Resources, Fish & Game and Environmental Conservation.
- Establish public confidence in the permitting system.

Alaska Coastal Management Program (ACMP) – Ensure reforms made in 2003 are not compromised.

Litigation Reform – Support efforts to bring more accountability to the appeals and litigation processes for community and resource development projects.

Infrastructure - Advocate for and fund infrastructure that will provide access to remote areas of Alaska so natural resource projects can be developed.

- Settle on a route from the Parks Hwy to Nome and begin development of it.
- Establish an effective standard for pioneer roads.
- Fund roads between communities.

Energy - Advocate and adopt a state energy plan and fund interties, pipelines, hydroelectric, etc. to provide energy for resource development and communities.

- Ensure that Healy Plant #2 comes on line at the earliest possible date.
- Rationalize the management and control of the railbelt electrical intertie system.
- Fund and construct an intertie between the railbelt intertie and Bethel.
- Develop and implement a strategy to provide stable sources of energy to the railbelt.

PERMITTING PROCESS

Water Quality Standards - Continue to revise water quality standards to ensure standards are scientifically supportable and developed using Alaska-specific criteria. Also, ensure continued availability of mixing zones and adoption of anti-degradation regulations.

Non-Profit Foundation Money - Enact legislation to require public disclosure whenever funds from 501(c)(3) non-profit foundations are used to affect public policy; disclosure to include name of the source, amounts and purpose for which the moneys are given.

Financial Assurance - Ensure that financial assurance (bonding) requirements for environmental compliance are managed exclusively by the State. Aggressively oppose federal takeover.

Endangered Species Act/Essential Fish Habitat –

Continue to aggressively oppose ESA listings in the courts to ensure decisions are based on sound science.

FISCAL ISSUES

Taxation - Maintain an equitable and stable tax structure at state and local government levels to ensure Alaska industry remains competitive.

State Fiscal Policy - Adopt a long range fiscal plan.

Annual Airborne Geophysical Mapping Program - Increase funding for the extremely effective airborne geophysical mapping program; initiate statewide baseline water quality mapping.

Mineral Education & Training - Continue to support mining engineering and geological engineering, geology, the Mining and Petroleum Training Service (MAPTS), and the Delta Mine
