Links are only provided where we have information. The first link is a report of all issues and questions made available to the candidates.

**General: (political statement of goals, objectives, views, philosophies)**

During a recent door to door event I was asked why I was a Republican. My answer is, the Republican Party was founded to protect the minority from the tyranny of the majority and there is no greater minority than the individual.

I am running to end property taxes on homeowners and ensure government lives up to it's constitutionally mandated duties.

I assert that an individual has a right to benefit from the fruit of their labor and should not fear unwarranted confiscation by government simply because they cannot meet the demands of the non tax paying public.

Preservation of individual life, liberty and property is the foundation of what has made our country great.

I will no longer stand by while social engineers dismantle this foundation and change government from the servant to the master of the people.

April 5, 2012

The Honorable Gary Stevens  
President of the Senate  
Alaska State Legislature  
State Capitol, Room 111

Dear President Stevens,

cc: Kirsten Waid, Senate Secretary, Alaska State Senate

I move that the Senate State Affairs Committee forward the appointment of Dr. David Eichler to the Joint Session with a recommendation that the members vote No.

I move that the Senate State Affairs Committee recommend to the Joint Session of the Legislature that Dr. David Eichler not be confirmed to serve on the Alaska Public Offices Commission. The Committee finds that past statements made by Dr. Eichler indicate he lacks the balanced temperament and judiciousness required of an APOC Commissioner.
