FISCAL NOTE ANALYSIS #1

STATE OF ALASKA
2014 LEGISLATIVE SESSION

BILL NO. CSHB 293(STA)

Analysis

This bill would amend AS 28.10.161 and require DMV to provide an additional standard license plate design with a bear graphic in the middle which would be based on the 1976 bicentennial plate. Currently there is only one standard plate for the State of Alaska which is a blue and gold design based on the colors of the Alaska flag.

Associated costs:

At this time it is unknown if the State of Alaska owns the rights to the original graphic on the license plate issued in the 1970s. Additionally, due to the timeframe the bear graphic was created it is unlikely the image would be in a format that could be utilized by today's technology. DMV will need to hire a graphic artist to design a plate with a new bear graphic. We anticipate requesting a minimum of three bear designs to submit for approval. There will also be a \$250 design fee from our contractor to create a sample license plate.

Cost to produce one bear design including edits: \$1,000

Cost of new sample license plate: \$250

Total: \$1,000 x 3 bear designs = \$3,000 + \$250 license plate sample: \$3,250

Additional information:

The DMV warehouse supplies all DMV offices, commission agents, and business partners with the standard State of Alaska license plate. License plate orders take approximately four months from the time the order is placed to the time they are received at the warehouse location in Anchorage. DMV anticipates a final design proof will take six to eight weeks. Therefore, DMV will need a minimum of six months lead time to provide a new standard license plate.

This act will take effect on January 1, 2015.

SPONSOR STATEMENT HB 293

"An Act relating to motor vehicle registration plates; and providing for an effective date."

HB 293 would allow for a second license plate to be chosen as the state's primary plate. Currently the primary license plate is a plain yellow background. This bill would allow residents to have a choice between the plain yellow and a plate that has a bear insignia - very similar to one of our most popular plates back in 1976.

According to a recent national poll, Alaska's primary license plate is rated number 48 out of the 50 states and 2 territories. Our state deserves better recognition! Bears are indelibly linked to Alaska.

This bill will also allow all firefighters and EMT's whether volunteer or paid, former or retired to have the choice to purchase a specialty license plate that previously was only for active or former firefighters or EMTs.

HB 293 Bear License Plate

Explanation of Changes

The original version of the bill was to re-introduce the Bear License Plate as an option for Alaskans primary plate choice.

The current (CSHB 293 STA) version reflects changes made during the committee process to also provide more opportunity for the recognition of all of our firefighters and emergency medical service providers whether they are actively paid or volunteers, former or retired.

This bill will allow all firefighters or EMS the ability to purchase a specialty license plate by removing the specific words "active" or "former" that are currently in statute.

It will change the requirements for former or retired personnel from 10 years of service to 5 years of service in order to purchase a plate.

It will make the cost of these plates the same for all firefighters & EMT's.

DMV also has a number of license plates that require a certificate of eligibility or membership card to obtain. These plates are grouped under the personalized plate code and are not counted separately in our system. They include the following:

- Fire fighter
- Freemason
- Lions club
- Knights of Columbus
- Iditarod finisher
- In God We Trust
- Prisoner of War or Purple Heart (Available at DMV)
- Pearl Harbor Survivor

License plates not available at DMV must be special ordered at a DMV office or via our website. Each plate set is made at the time of order. Plates that are available at DMV have a minimum order of one case/50 sets of plates per case.

There is a \$250 set up fee from our license plate contractor to create a sample plate for any new design.
