#### HB 47 - PERS CONTRIBUTIONS BY MUNICIPALITIES

HB 47 seeks to correct an unintended consequence of the PERS "salary floor" established in SB 125 of the 25<sup>th</sup> Legislature.

SB 125 changed the PERS system from a multiple employer plan to a cost share plan. It transferred the individual liability of the 160 PERS employers and consolidated it so that all the employers share in that liability.

SB 125 also created what is commonly referred to as the 2008 salary floor, which requires that the employer's contribution rate is paid at or above that floor. The floor was instituted to ensure that the system could not be "gamed." This discourages employers from replacing PERS employees with contract hires to reduce their base contribution to the system.

Some municipalities have found themselves under the 2008 floor through no fault of their own. A large change in population results in a reduced tax base, which affects the services a city can provide. As that financial reality drives a city to downsize, current law exacerbates this problem by keeping their PERS contribution at the 2008 level. This bill targets the communities whose population has dropped by more than 25% since the previous census.

HB 47 will address this issue in two ways:

1. Establish a new floor of FY 2012 for communities whose population decreased by more than 25% between 2000 and 2010.
2. Provides relief to communities that are delinquent in transferring contribution if their population decreased by more than 25% between 2000 and 2010.

HB 47 does not intend to repeat the "2008 floor" debate, but to correct one of the unintended consequences caused by the arbitrary line that debate created.

I urge your support of this legislation.

**FISCAL NOTE ANALYSIS**

**STATE OF ALASKA  
2015 LEGISLATIVE SESSION**

**BILL NO.** HB047

**Analysis**

HB47 would alter the interest rate that must be paid by certain municipalities on delinquent payments to the Public Employees Retirement System. Only municipalities whose population decreased by more than 25 percent between 2000 and 2010 would be affected. The bill is retroactive to July 1, 2009.

There is no anticipated fiscal impact to the Division of Community and Regional Affairs from this bill.

11 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

12 **\* Section 1. AS 39.35.255(a) is amended to read:**

1 (a) Each employer shall contribute to the system every payroll period an  
2 amount calculated by applying a rate of 22 percent of the greater of the total of all base  
3 salaries

4 (1) paid by the employer to employees who are active members of the  
5 system, including any adjustments to contributions required by AS 39.35.520; or

6 (2) paid by the employer to employees who were active members of  
7 the system during the corresponding payroll period for the fiscal year ending

8 (A) June 30, 2008; or

9 (B) June 30, 2012, if that total is less than the total under  
10 (A) of this paragraph, and the employer is a municipality in which the  
11 population decreased by more than 25 percent between 2000 and 2010,  
12 according to the decennial census conducted by the United States Bureau  
13 of the Census.

14 \* Sec. 2. AS 39.35.610(a) is amended to read:

15 (a) The contributions of an employer and the contributions of its employees  
16 shall be transmitted to the administrator as soon as practicable after the close of the  
17 payroll period for which the contributions are made. If an employer is delinquent in  
18 transferring the contributions for more than 15 days, interest shall be assessed on the  
19 outstanding contributions at [ONE AND ONE-HALF TIMES] the most recent  
20 actuarially determined rate of earnings for the retirement plan from the date that the  
21 contributions were originally due or, if the contributions of the employer are an  
22 amount calculated under AS 35.35.255(a)(1), at one and one-half times that rate  
23 of earnings.

24 \* Sec. 3. The uncodified law of the State of Alaska is amended by adding a new section to  
25 read:

26 RETROACTIVITY. Sections 1 and 2 of this Act are retroactive to July 1, 2009.

27 \* Sec. 4. This Act takes effect immediately under AS 01.10.070(c).

Sec. 39.35.255. Contributions by employers.

(a) Each employer shall contribute to the system every payroll period an amount calculated by applying a rate of 22 percent of the greater of the total of all base salaries

(1) paid by the employer to employees who are active members of the system, including any adjustments to contributions required by AS 39.35.520; or

(2) paid by the employer to employees who were active members of the system during the corresponding payroll period for the fiscal year ending June 30, 2008.

(b) The administrator shall allocate contributions received for full payment of

(1) the actuarially determined employer normal cost for the plan; and

(2) all contributions required by AS 39.30.370 and AS 39.35.750 for the fiscal year.

(c) If, after allocation of contributions under (b) of this section, a portion of the employer contributions remains, the administrator shall apply that remaining portion toward payment of the past service liability of the plan.

(d) Notwithstanding (a) of this section, the annual employer contribution rate may not be less than the rate sufficient to allow payment of the employer normal cost and the employer contributions required under AS 39.30.370 and AS 39.35.750.

(e) An employer of a retired member rehired under AS 39.35.150 shall include that member's base salary when calculating the contribution amount established in (a) of this section.

(f) All or a portion of the employer's share of any accrued actuarial liability to the plan may be prepaid in a lump sum. The commissioner may, by regulation, establish a minimum amount for the lump sum payment of a portion. The commissioner shall charge to the employer appropriate and reasonable costs to the plan attributable to a lump sum payment that are not greater than administrative costs applied to other employer contributions. If a lump sum payment is made, the payment shall be accounted for separately in accordance with regulations adopted by the commissioner. The regulations must provide for crediting to each lump sum payment account all earnings and losses received from investment of that payment. The lump sum payment shall be used solely to offset contributions under this section required of the employer that made the payment or on whose behalf the payment was made, taking into account earnings and losses from its investment. A lump sum payment made by or on behalf of an employer under this subsection, together with all earnings and losses from investment of that payment, may not be considered in calculating that employer's share of any discretionary payment authorized by the state that benefits multiple employers.

(g) If all or a portion of the employer's share of any accrued actuarial liability to the plan is prepaid in a lump sum under (f) of this section, the administrator shall calculate a revised employer contribution rate for that employer in recognition of that prepayment not more than 30 days following the prepayment.

(h) In this section, "normal cost" means the cost of providing the benefits expected to be credited, with respect to service, to all active members of the plan during the year beginning after the last valuation date.

History -

(Sec. 11 ch 13 SLA 2008)

Revisors Notes -

Subsections (f) and (g) were enacted as AS 39.35.270(d) and (e) in sec. 12, ch. 35, SLA 2008 and renumbered in 2008, at which time an internal reference in subsection (g) was conformed and the subsection enacted as (f) was relettered as (h).

Effective Date Notes -

Section 27, ch. 13, SLA 2008 makes this section effective July 1, 2008.

Sec. 39.35.610. Transmittal of contributions to administrator; claims against funds of an employer.

(a) The contributions of an employer and the contributions of its employees shall be transmitted to the administrator as soon as practicable after the close of the payroll period for which the contributions are made. If an employer is delinquent in transferring the contributions for more than 15 days, interest shall be assessed on the outstanding contributions at one and one-half times the most recent actuarially determined rate of earnings for the retirement plan from the date that the contributions were originally due.

(b) If contributions are not submitted within the prescribed time limit, the amount of contributions and interest due may be claimed by the administrator from any agency of the state or political subdivision that has in its possession funds of the employer or that is authorized to disburse funds to the employer that are not restricted by statute or appropriation to a specific purpose. The amount claimed shall be certified by the administrator as sufficient to pay the contributions and interest due from the employer. The agency shall submit the amount claimed, or the amount of funds of the employer subject to the administrator's claim that are in the agency's possession, whichever is less, to the administrator for deposit in the retirement fund and the Alaska retiree health care trust.

History -

(Sec. 44 f ch 143 SLA 1960; am Sec. 28 ch 1 SLA 1974; am Sec. 53 ch 128 SLA 1977; am Sec. 72 ch 20 SLA 2007; am Sec. 15 ch 13 SLA 2008)

Revisors Notes -

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

Amendment Notes -

The 2007 amendment, effective June 7, 2007, added subsection (b).

The 2008 amendment, effective July 1, 2008, substituted "agency shall submit the amount claimed, or the amount of funds of the employer subject to the administrator's claim that are in the agency's possession, whichever is less" for "amount claimed shall be submitted" in the last sentence of subsection (b).

Mr. Scott,

The following communities have lost 25% or more of their population between 2000 and 2010: Galena, Pelican, Atka, Anderson, and St. George. The cities of Anderson and St. George do not currently have any active PERS eligible positions.

Let me know if you need anything else.

**Subject:** Fwd: SB 48 Scheduling Memo

Hi fellas:

SB 48 will be heard on Tuesday. Can we get a list of those communities that will be affected? Namely, those communities that have lost 25% between 2000-2010.

Thanks.
