SPONSOR STATEMENT

Senate Bill 49

Version A

“An Act allowing appropriations to the civil legal services fund from court filing fees.”

This bill is designed to help fund civil legal services for low-income Alaskans. Senate Bill 49 will provide a mechanism for funding the Alaska Legal Services Corporation (ALSC), by allowing the legislature to appropriate up to 25 percent of filing fees paid to the Alaska Court System during the previous fiscal year into the Civil Legal Services Fund.

The Alaska Legal Services Corporation was established in 1966 to address the civil legal aid needs of low-income Alaskans. ALSC is not a state agency, but is instead a nonprofit charitable 501(c) (3) whose funding comes from a variety of state, federal, and private sources. ALSC's current funding of \$4.2 million is the same as it was in 1984 however the number of low-income Alaskans eligible for services has more than doubled from (41,000 in 1984 to over 100,000 in 2014). ALSC struggles to serve a growing number of poverty-level applicants. Appropriations from the State of Alaska that were once as high as \$1.2 million in FY84 are currently at \$550,000. Senate Bill 49 aims to correct this lack of funding and helps ensure civil legal representation for Alaska's most needy population.

RE: SB 49 – Civil Legal Services Fund

Dear Senator McGuire,

The Alaska Coalition on Housing and Homelessness would like to express our support for SB 49 which would provide access to civil legal aid for low-income Alaskans with critical legal needs by providing funding for the Civil Legal Services Fund.

Alaska Legal Services Corporation (ALSC) provides invaluable legal assistance and other services to hundreds of low-income individuals and families in Alaska – who would not have access otherwise. The Coalition appreciates your support for the work of the Alaska Legal Services Corporation for Alaska's most vulnerable.

The mission of the Alaska Coalition on Housing and Homelessness (AKCH2) is to develop strategies to increase the availability of affordable housing and eliminate homelessness in our great state. SB 49 assists greatly toward reaching this goal.

Thanks,

Re: SB 49 Letter of Support

Dear Senator McGuire:

On behalf of our 18 member victim service agencies that provide direct services to victims and survivors of domestic violence and sexual assault in Alaska, we thank you for introducing SB 49 to provide a consistent funding stream for civil legal services.

Civil legal services are a critical piece to helping end domestic violence in Alaska. Studies have found that civil legal services are the most effective means of ending violence in victim's lives. When a victim makes a decision to leave their abuser and go to the safety of a friend's house or shelter, it is just the beginning of a long journey to obtain safety and basic needs for the victim and their children. In order to succeed, a victim must meet the basic needs of economic support, protective orders for safety, gaining temporary custody of the children and safe and permanent housing. Without the assistance of an attorney, victims can lose custody of their children and fail to receive economic support. This significantly increases the risk of greater violence when the victim has no other choice but to return to the abuser for economic support and to protect the children from the abuser, who obtains custody.

While there are many attorneys in Alaska that volunteer time and resources to assisting victims, the demand for civil legal services far exceeds the available resources. ANDVSA's Legal Services Program works closely with Alaska Legal Services Corporation to assist victims in finding attorneys, but they are limited by the availability of funding and will likely lose funding this year. SB 49 will insure that a consistent funding stream is available for the legislature, in their discretion, to appropriate to those organizations that serve low-income Alaskans.

Thank you for sponsoring this important piece of legislation.

Sincerely,

Peggy Brown, Executive Director

SB49: Amending the Civil Legal Services Fund

SB49 seeks to amend AS 37.05.590 (the statute creating the Civil Legal Services Fund) so that up to 25% of Court System filing fees can be appropriated by the Legislature to the Civil Legal Services Fund each year to provide access to the civil legal aid for low-income Alaskans with critical legal needs.

Why is Adequate Funding for Civil Legal Aid Important?

Civil legal aid ensures fairness for all in the justice system. It provides access to legal help for people who cannot afford it otherwise, to protect their livelihood, their health or their family. Access to the justice should not depend on how much money you have. We need civil legal aid to ensure that the very principle our founding fathers envisioned remains alive: justice for all, not the few who can afford it.

SB49 is Needed to Bridge Alaska's Growing Justice Gap

The "justice gap" is the difference between the level of legal assistance available and the level that is necessary to meet the needs of low-income individuals. **At current funding levels, ALSC turns away hundreds of families seeking assistance each year due to resource limitations.**

Current Funding

The amount available for appropriation into the fund depends on whether the state has collected any punitive damages, which has not happened for the last three years.

State appropriations to ALSC steadily declined from a high of \$1.2 million in 1984 to \$550,000.

ALSC State Appropriation

Year	Total Appropriation to ALSC	Population Below Poverty Level
1984	\$1.2 Million	41,616
2014	\$0.5 Million	100,498

Subject: Support for SB 49, Civil Legal Services Fund

Dear Senator McGuire:

The Alaska Commission on Aging (ACoA) is pleased to offer our support for SB 49, a bill authored by you to establish a mechanism to enhance funding for organizations that provide civil legal services to low-income individuals, veterans and older Alaskans by allowing the Legislature to appropriate up to 25% of filing fees paid annually to the Alaska Court System.

Alaska Legal Services Corporation (ALSC), a nonprofit civil legal aid agency that has provided no-cost civil legal help to low-income Alaskans for over 45 years, is an example of an organization that would benefit from this legislation. ALSC is the sole statewide agency that provides free civil legal assistance to low-income seniors, veterans, and other eligible Alaskans.

Legal assistance for seniors is provided statewide by ALSC and assures that seniors, especially those at greatest social and economic risk, have access to the civil justice system. Last year, Alaska Legal Services provided direct legal aid to more than 850 seniors. ALSC helps seniors establish Miller Trusts, guardianships, conservatorships, advance directives and wills; prevents seniors from losing their housing due to predatory lending practices, illegal foreclosure or eviction, and renter-landlord disputes; and helps seniors obtain and maintain Social Security benefits. Alaska Legal Services employs approximately twenty attorneys statewide.

The Commission supports SB 49 and appreciates your leadership of this legislation. Access to legal information, advice, and assistance helps older Alaskans preserve their financial and personal independence, retain control of their financial and health care decisions, maintain appropriate family relationships, and protect their personal assets and well-being.

RE: SB 49: Civil Legal Services Fund

Dear Senator McGuire,

The Governor's Council on Disabilities and Special Education (the Council) would like to extend its support for SB 49. Your sponsorship of this bill is greatly appreciated as we feel that it will positively impact Alaska's most vulnerable populations, including individuals with disabilities.

For low-income Alaskans with disabilities, legal services are primarily received through non-profit public interest firms. Without these vital legal services, low-income Alaskans with disabilities could be at risk of losing their home, healthcare, access to food, or even the ability to be protected from abuse. Such consequences have an obviously disastrous human impact, truly highlighting the imperative need for quality legal services to be available for all those who are in need of them. Without sufficient funding to allow full access to necessary services, individuals could be subject to unfair treatment and would certainly not be able to fully utilize the justice system.

The Council strongly supports SB 49 and the finances it would provide to enhance the provision of civil legal services to low-income Alaskans, including those who experience a disability. A clear disparity exists between the available funding for legal services for low-income individuals and the number of individuals in need of said services. In the past 30 years the number of Alaskans below the poverty level has increased, while the total appropriations for such services have decreased. SB 49 will be a positive step towards meeting the current need. Thank you for working to ensure that the Alaska justice system is fully accessible to all of the residents of this great state.

Sincerely,

RE: SB 49, Civil Legal Services Fund - clarification re: restrictions on ALSC's cases

Dear Senator McGuire:

At last week's Senate Judiciary hearing there appeared to be some confusion regarding the types of cases that Alaska Legal Services Corporation can provide assistance with. Given this, I wanted to take the opportunity to clarify for the record that there are certain categories of cases that Alaska Legal Services is specifically prohibited by federal law from engaging in. As a recipient of funds from the national Legal Services Corporation, Alaska Legal Services Corporation is **PROHIBITED** by federal law (see 42 U.S.C. 2996 et seq., 45 CFR Part 1610) from participating in any of the following types of cases:

- Criminal cases;
- Abortion related litigation of any kind;
- Representation of undocumented immigrants (except where human trafficking is involved);
- Class Actions;
- Representation of prisoners;
- Representation of those evicted from public housing due to illegal drug use;
- Redistricting activities; and
- Cases where a private attorney would take the case on a contingency fee basis.

ALSC takes these restrictions very seriously and is audited yearly to assure our compliance with these regulations. I hope this information allays any concerns the committee may have that if ALSC were better funded, we would engage in such activities. We are clearly bound by federal law from doing so.

Please let me know if you have any questions. Thank you again for your support of SB 49.

Sincerely,

Nikole Nelson

Re: SB 49 – Civil Legal Services Fund

Dear Senator McGuire,

On behalf of the Alaska Mental Health Board and Advisory Board on Alcoholism and Drug Abuse, I would like to express our support for SB 49. We appreciate your championing of legal services for Alaska's indigent and vulnerable citizens. For individuals experiencing mental health and substance use disorders, these non-profit public interest firms are often the only source of legal assistance. SB 49 preserves access to justice for Alaskans who do not always have a voice, and reinforces the Alaskan value of taking care of our neighbors in need.

Alaska Legal Services, the Disability Law Center, and other public interest law firms provide services imperative to the health and safety of vulnerable Alaskans. Without the high quality services offered by their lawyers, paralegals, advocates and staff, many veterans, seniors, victims of violence, and people experiencing disabilities would be left alone and without recourse when faced with unfair or unjust treatment.

The Boards support SB 49 and the additional financial support for civil legal services providers serving indigent, elderly, and disabled clients. We appreciate your advocacy on behalf of these agencies, but more importantly, on behalf of their clients and the entire justice system in Alaska.

Sincerely,

J. Kate Burkhart

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2015 LEGISLATIVE SESSION

BILL NO. SB49

Analysis

Senate Bill 49 would allow the legislature to appropriate, from the general fund, up to 25% of the filing fees received by the Court System during the previous fiscal year to the Civil Legal Services Fund.

This bill does not impact the court system. The court system turns over all filing fees (and all other fees and monies) that it collects to the state's general fund; the legislature appropriates from that fund as it deems appropriate. The court system's budget would not be impacted by the amount the legislature may choose to appropriate to the Civil Legal Services Fund under this bill.

The court system therefore submits this zero fiscal note.
