HB 324 “An Act relating to the Violent Crimes Compensation Board”

Sponsor Statement

House Bill 324 increases board membership flexibility. The Violent Crimes Compensation Board has struggled at times to maintain an active and engaged physician as a board member. HB 324 would address this challenge by allowing the Governor to appoint either a nurse practitioner or a physician to the board.

I ask for your consideration and support of HB 324.

State Capitol, Room 118

March 3, 2016

Dear Representative LeDoux:

Re: House Bill, 324: An Act relating to the Violent Crimes Compensation Board.

I write on behalf of the Violent Crimes Compensation Board in support of House Bill 324.

I have been Chairman of the Board since 2003. The Board is comprised of three members. AS 18.67.020 currently requires that one member of the Board must be a physician. This is for good reason; the input of a physician is invaluable in assisting the board in determining whether or not a treatment was appropriate, whether the symptoms ascribed to the scope of injuries are credible, whether the length of treatment or prescription medication prescribed is reasonable etc. These are all questions we come up against, time and again.

During my tenure on the Board, there have been significant periods of time where it has been difficult to find a physician who can actively participate on the Board. For one whole year the Board had to function without an appointed physician. In two separate year-long periods, the Board had a physician in theory, but for all intents and purposes they were absentee board members. This is understandable: physicians are extremely busy people, and service on the Board is entirely voluntary. But for the Board to function effectively, three actively participating members are required (not least in order to be able to have a simple majority if there are disagreements as to the eligibility of a given).

We are currently very fortunate to have the services of Dr. George Brown, a retired pediatrician, and we look forward to several more years of his active service. However, by amending AS 18.67.020 in order to open Board membership up to advanced nurse practitioners in addition to physicians, we hope to ensure that future Boards will experience fewer problems with completing its slate of members, whilst at the same time retaining the requisite medical knowledge to ensure fully informed Board decisions.

Thank you for your continued support.

Respectfully submitted,

Gerard Godfrey

MEMBERS OF THE ALASKA STATE LEGISLATURE

Ladies and Gentlemen:

We are pleased to submit the Forty second Annual Report of the Violent Crimes Compensation Board for the period July 1, 2014 through June 30, 2015. This annual report is submitted to meet the requirements of Alaska Statute 18.67.170 and to highlight the efforts of the Administration, the members of the Twenty-Ninth Legislature, law enforcement, public and private persons and agencies, and the Violent Crimes Compensation Board in helping innocent victims of violent crimes to pick up the pieces. While monetary compensation for losses does not make whole lives torn by violence, financial help does lessen the burden and can provide hope. The Violent Crimes Compensation Board and staff are thankful for the opportunity to serve the people of Alaska.

Respectfully,

The Violent Crimes Compensation Board

The total number of applications approved and paid out usually does not equal the number of new applications received. For example, claims received in the latter part of the fiscal year FY15 may not be reviewed or approved until July or August 2015 (the first few months of FY16) and therefore would be included in next year's report. Award payments may in some cases extend over several years, so that payments may have been made in FY15 for claims which were originally received in FY14 or earlier.

WHY WAS THE VCCB ESTABLISHED?

The Violent Crimes Compensation Board (VCCB) was established by state law in 1972 to help mitigate the financial hardships innocent victims can suffer as a direct result of violent crime. As a key element in the recovery process, the VCCB provides timely financial help to victims in need and plays a crucial role in helping victims recover from the trauma and economic burden of criminal victimization.

The Board makes awards in a number of ways on behalf of innocent victims of certain violent crimes which occur in Alaska. The Board may compensate medical expenses, counseling costs, lost income, lost support, funeral expenses and/or other reasonable expenses and losses sustained by innocent victims of violent crimes in Alaska. The Board may also compensate similar losses sustained by Alaskans who are victims of violent crime in locations without a compensation program.

The Board provides for the payment of pecuniary loss to dependents of deceased victims and may award the full compensation available by statute to victims who are permanently disabled as a direct result of the crime. The program is a payer of last source. Compensation is awarded only for expenses not covered by a collateral source such as medical and automobile insurance, employee benefits, and assistance programs.

During FY 2015 the Board received 956 new claims and paid out a total of \$1,805,926.31

Some comments received from claimants assisted by the Board in 2015

"...I just have to say you people have been fantastic and what you do is awesome to help people like my daughter..."

"Thank you in general for the work you do. It is so nice to know there is help for victims..."

"Thanks to all of you for your help, care and concern during this difficult time for my family. You all will never be forgotten and we appreciate all you guys have done."

"....(Victim X) has graduated with honors. You can all give yourselves a big pat on the back because this wouldn't have been possible without your help"

"When we received your letter informing us of the board's decision we were almost afraid to believe it. We deeply appreciate everything you have done and are doing for us."

WHO IS HELPED BY THE VCCB?

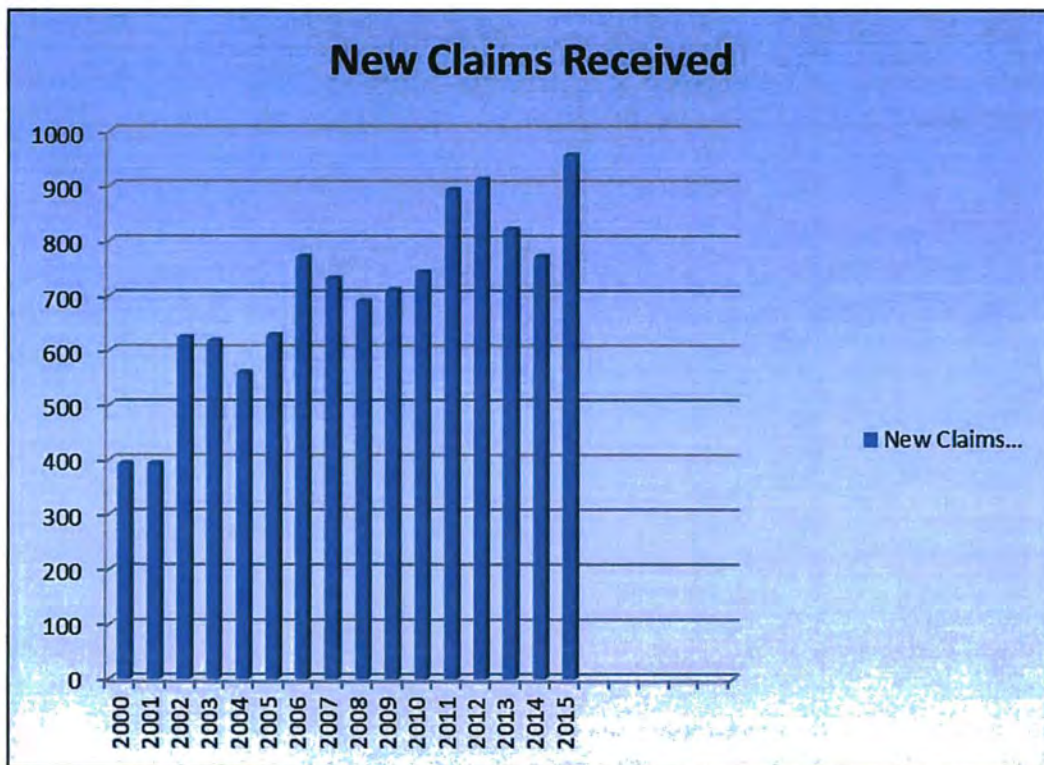

The VCCB attempts to mitigate the financial and emotional toll violent crime causes Alaskans and visitors to Alaska. The VCCB addresses the needs of innocent victims of violent crimes, the families of victims, and others who, by virtue of their relationship to a victim, incur direct losses. The Board considers applications (requests for compensation) based on violent crimes including homicide, assault in any degree, sexual assault, child abuse (both sexual and physical), robbery, threats to do bodily harm, crashes involving intoxicated drivers (vehicles, boats, and airplanes), vehicular incidents in which a vehicle has been used as a weapon, terrorism, and trafficking in persons. The Board does not compensate loss or damage to personal property except in extreme circumstances where the safety of a victim could be in jeopardy. In those instances, the Board may replace locks and doors, pay for emergency cell phone or mail box service, and/or pay for security system costs.

The families of homicide and manslaughter victims can receive compensation through the program for funeral expenses, lost support, and other compensable expenses. Immediate family members may submit copies of transportation and funeral cost receipts to the Board for consideration of reimbursement. Family members may seek the payment of counseling costs too. The Board is financially unable to make any "pain and suffering" awards.

Persons who by virtue of their relationship to the victim have incurred reasonable expenses may also apply for compensation. The Board considers equally claims from Alaskan residents and visitors to Alaska victimized in Alaska. Alaskan residents who are victimized in another state should apply to the compensation program in the state where the crime occurred. All 50 states plus the District of Columbia, the Virgin Islands, Puerto Rico and Guam, offer crime victim compensation.

NEW CLAIMS IN 2015

The Board considers an increasing number of requests for crime victim compensation. From 2000 to 2012, the overall trend had been for the number of applications received to increase each year over the prior year(s). We experienced a slight dip in 2013 and 2014 but the trend was again upwards in 2015. The following graph illustrates this:

The Board receives applications for compensation from all regions of the state. The following table shows the number of new applications received during the reporting period by location:

VIOLENT CRIMES COMPENSATION BOARD AWARDS – 2015

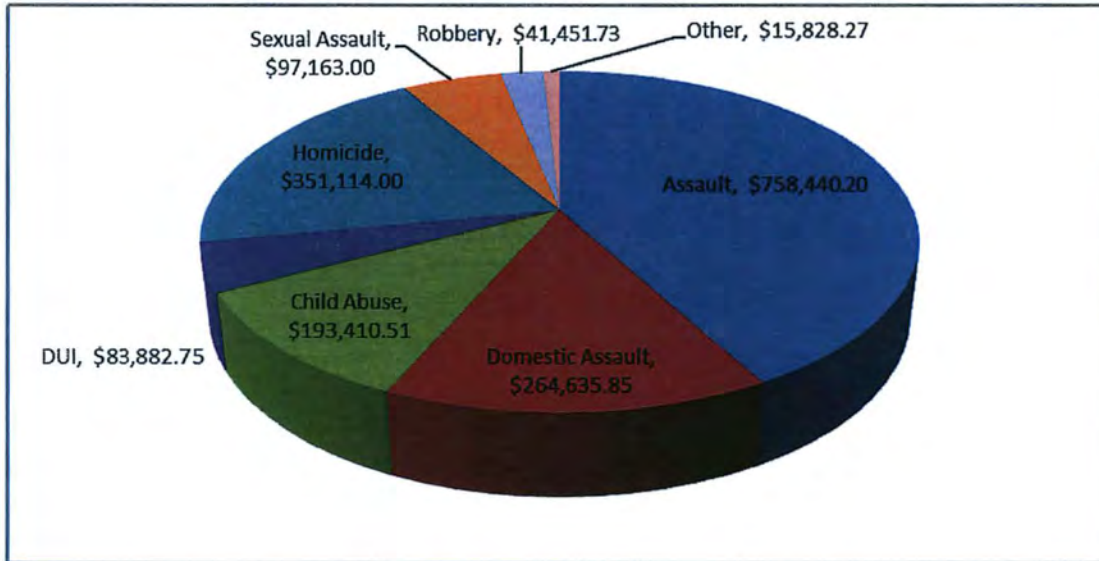

TRENDS 2015

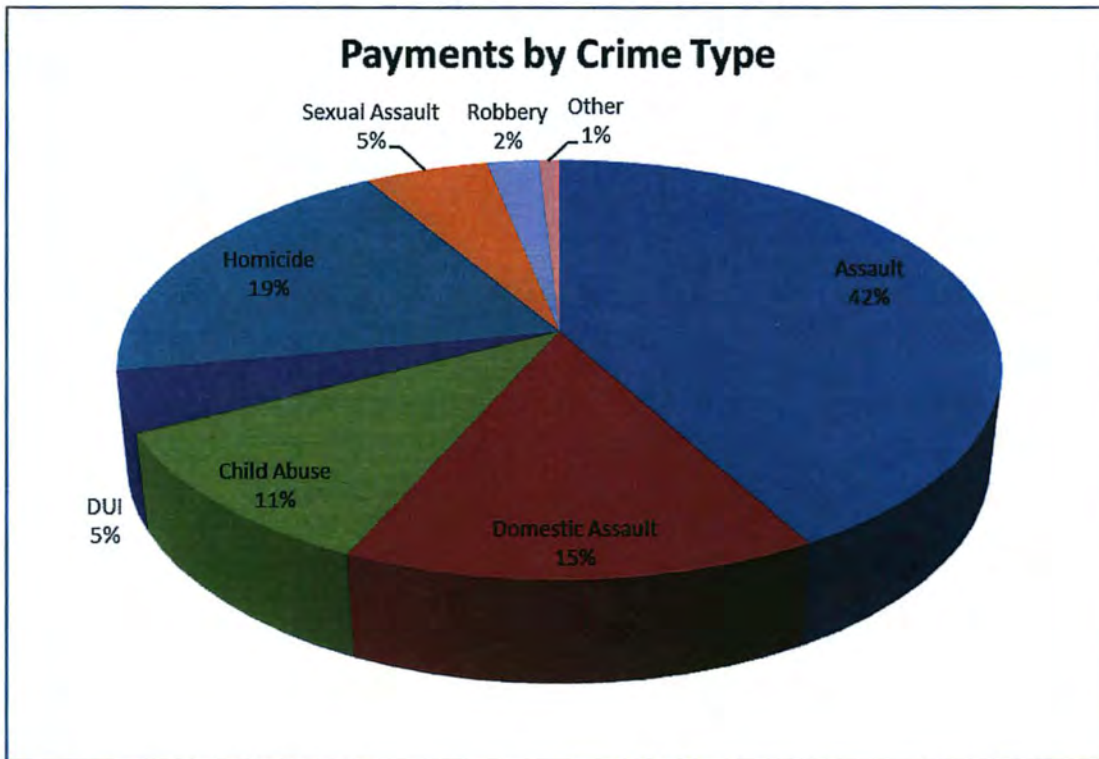

The statistics for 2015 follow a similar pattern to 2014. Child abuse was the single largest category of new claims at 34%. Domestic violence was the second largest category at 17% (although this was down from 22 in the previous year), followed by assault and sexual assault, at 17% and 13% of the total, respectively.

NEGOTIATED SETTLEMENTS

During 2015, the Violent Crimes Compensation Board continued practices designed to ensure the maximization of limited resources through receipt of restitution, subrogation, and settlement agreements.

The purpose of settlement negotiations with hospital providers is two-fold. First, negotiating settlements helps reduce the number of victims who may end up with poor credit records as a result of medical bills being transferred to collection agencies. In addition, garnering agreements with providers to accept partial payments as payment in full stretches the Board's limited resources to serve more victims and claimants eligible for compensation under Alaskan law.

During FY15, Board staff successfully negotiated 92 hospital bills (99% of attempted negotiated settlements) for a total savings of \$820,486.33

	Amount of savings
2008	\$453,302.70
2009	\$461,382.94
2010	\$619,211.08
2011	\$381,291.22
2012	\$384,444.88
2013	\$457,241.93
2014	\$1,997,751.33 ¹
2015	\$820,486.33

¹ Numbers skewed because of a small number of cases where the total medical bills were in excess of \$500,000.00

FUNDING AND EXPENDITURES

The State's violent crimes compensation program is funded through both state and federal funds. Approximately 62% of the amount awarded annually in compensation comes from a legislative appropriation of state funds. These state funds are currently available because Permanent Fund dividends are withheld from certain persons convicted of crimes in Alaskan courts and earmarked for use by victim-focused programs such as the crime victim compensation program.

In 1984, the federal Victims of Crime Act established a Crime Victims Fund. This Fund is used to support both State crime victim compensation programs and State victim assistance programs. Funds are made available annually to state crime victim compensation programs by way of a formula grant program. Alaska's compensation program must qualify annually for its federal grant and has done so successfully since the federal fund's inception. Approximately 38% of the monies awarded to victims in Alaska annually come from this federal fund.

Illustration:

State Dollars paid to Victims	\$100 (62%)
Federal Grant Paid to Victims	\$60 (38%)
Total Paid to Victims	\$160 (100%)

The greatest portion of the compensation program's budget serves eligible innocent victims directly. Awards are made to compensate expenses and losses. The following chart illustrates the Board's commitment to keeping administrative costs at a minimum which enables maximum compensation to victims for eligible costs. This practice makes more funds available for direct award to victims and their service providers.

Administrative Costs

- 1 **Administrative Costs=15%**
- 2 **Awards to Claimants=85%**

STATE CRIME VICTIM COMPENSATION FUND

At the inception of the Violent Crimes Compensation Board, a state Crime Victim Compensation Fund was established by statute (AS 18.67.162). In September 2008 the legislature's amendment to AS 18.67 took effect, allowing "donations, recoveries of or reimbursements for awards made from the fund, income from the fund, and other program receipts from activities under this chapter" to be included in money appropriated by the legislature to the fund. The amendment also ensured that appropriations to the fund do not lapse. Restitution monies received through the Department of Law Collections Unit are also paid into the Fund. In FY15 the amount of restitution received was \$96,494.59

MINOR TRUSTS

In 2007 the Board established a policy of moving monies held on behalf of minor dependents of homicide victims into interest bearing money market accounts ("minor trust accounts"). At the close of this reporting period, there were 71 active accounts established. Annual payments are generated out of these accounts and sent directly to the legal guardians of the minor child to replace the support lost when the child's parent or legal guardian became a homicide victim.

CLAIMS PROCESSING

When a claim is received, minimum eligibility is determined as soon as possible. The claim must be related to one of the crimes listed by statute as compensable. The crime must have been reported to proper authorities within five days of the incident or as soon as it could reasonably have been reported. By statute, the application must have been received by the Board within two years of the incident. However, the Board has some discretion to waive the time filing requirement with just cause. The claimant must have agreed to the state's repayment and subrogation agreement and must have given permission to the compensation program to seek and exchange necessary information.

Usually the same day an application is received, claim documentation begins and requests for information are sent to hospitals, doctors, employers, and other pertinent sources. The purpose of the information gathering process is to ensure claim compliance with all statutory requirements and to gain an understanding of the victim's needs.

Staff maintains a close liaison with relevant law enforcement agencies and District Attorney's offices throughout the claim verification process. The types of compensation which can be awarded are set out in Alaskan law (AS 18.67.110). The losses claimed must be reasonable and incurred as a direct result of the crime on which the claim is based. Other collateral sources such as Workers' Compensation, Social Security, and medical insurance are considered, as the Board awards compensation only for expenses and losses not covered through other sources.

Once the Executive Director has certified the file as complete, she reviews the claim and prepares a recommendation to the Board. All claim decisions except for emergency award requests are made at Board meetings. The Board makes the claim determination and may conclude any of the following:

- ◆ The claim cannot be fully determined yet due to incomplete documentation or information – claim is **deferred**;
- ◆ The claim is eligible for compensation either for the full or lesser amount requested claim is **awarded** (if a lesser amount is requested, the claimant has the opportunity to request a hearing);
- ◆ The claim cannot be determined due to conflicting information and advises that a hearing is required prior to a final decision – claim is sent to hearing; or
- ◆ The claim is ineligible for compensation by statute in which case the claimant is notified of the statutory basis for the denial and given information on the appeal process – claim is **denied**.
