HB 138 March: Sobriety Awareness Month

House Bill 138 seeks to have the State of Alaska recognize March as Sobriety Awareness Month. The purpose of Sobriety Awareness Month is to call attention to Alaska's aggregate population of citizens, who practice a positive and healthy non-consumer lifestyle of any mood/mind altering substances. Sobriety Awareness Month is an opportunity for schools, community groups, and other public and private agencies and individuals to recognize, appreciate, and celebrate the existence of all Alaska's citizenry, who by virtue of their freely chosen lifestyle, serve as Living-Examples-To-The-Truth (LETTT) that life can be lived and enjoyed without having to consume mood/mind altering substances.

Individuals that lead a sober life are an asset to Alaska in that they can help reduce the incidence of alcohol or drug related social ills such as crime, domestic violence, and child abuse & neglect.

Please join me in support of recognizing this valuable group of Alaskans and their lifestyle.

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 138

Analysis

HB 138, Version D, establishes the month of March as Sobriety Awareness Month in AS. 44.12 by adding a new section, that being AS 44.12.150. Establishing the month in statute allows for permanency of the designation, providing opportunities for the public and private sectors to reliably engage in activities to raise citizen awareness of the importance of sobriety and the sobriety movement.

The bill does not impact the department's programs or budget, therefore a zero fiscal note is submitted.

Chapter 47.37 UNIFORM ALCOHOLISM AND INTOXICATION TREATMENT ACT**Sec. 47.37.010. Declaration of policy.**

It is the policy of the state to recognize, appreciate, and reinforce the example set by its citizens who lead, believe in, and support a life of sobriety. It is also the policy of the state that alcoholics and intoxicated persons should not be criminally prosecuted for their consumption of alcoholic beverages and that they should be afforded a continuum of treatment that can introduce them to, and help them learn, new life skills and social skills that would be useful to them in attaining and maintaining normal lives as productive members of society.
