SPONSOR STATEMENT

SJR 9 - Proposing amendments to the Constitution of the State of Alaska relating to the Alaska permanent fund and to appropriations from the Alaska permanent fund.

SJR 9 places the question before voters whether to amend the Constitution for the State of Alaska to:

- Guarantee a reliable and fair dividend for Alaskans.
- Conservatively and sustainably limit any draw from the Permanent Fund to an annual 4.5%.

SJR 9 would protect and grow the Permanent Fund and our dividend in several very important ways:

First, it constitutionally requires a payout of 2.0% of the average market value of the Fund's previous 5 fiscal years. Current estimates using this new dividend formula would provide roughly \$1,700 in the first year.

Second, it allows, but does not require, a draw from the Permanent Fund to the general fund of 2.5% of the average annual market value of the Permanent Fund's previous 5 fiscal years.

Third, it deposits the balance of the Earnings Reserve Account into the Fund's principal and requires all future earnings of the Fund to remain in the Fund and consequently, be constitutionally protected from legislative appropriations.

Once the 2.0% has been allocated to dividends, the legislature has the flexibility to examine current financial conditions of Alaska and appropriate the remaining 2.5% to augmenting the dividend, reinvestment in the permanent fund, or core government services. For the next few years, it's expected that the 2.5% will be used for government services.

Constitutionally limiting the amount for use by the legislature will ensure downward pressure is kept on the budget. SJR 9's fiscally conservative approach will restrict the flow of cash from the fund that can be used by the legislature to a fixed and constitutionally defined amount.

SJR 9 and its percent-of-market-value framework maintains the stability of the fund and will allow the Alaska Permanent Fund Corporation to continue to invest and manage the fund for growth as it has for decades. Our dividends will once again be linked to the investment success of the fund and as the fund grows, so too will the dividend.

Senate Joint Resolution 9 Permanent Fund Protection

**Sponsored by Senator Bert Stedman
Senate State Affairs Committee
April 12, 2018**

The Permanent Fund Can Be a Budget Stabilization Fund with a Limited Payout Method that Allows the Fund to Continue to Save and Grow

Budget Stabilization

Alaska has two Rainy Day Accounts:

- Constitutional Budget Reserve (CBR)
- Statutory Budget Reserve (SBR)

Permanent Fund

The Permanent Fund has two purposes:

- Save
- Grow

The Permanent Fund consists of the Principal & the Earnings Reserve Account (ERA). If the ERA is used to balance the budget on an ad hoc basis, the Permanent Fund's value will decrease, which conflicts with its purpose.

The permanent fund was established in 1976 by a vote of the people to save a portion of Alaska's oil wealth for future generations & limit overspending by the legislature.

House	(40 members):	Yeas <u>36</u>	Nays <u>1</u>	Absent or Not Voting <u>3</u>

SUMMARY OF PROPOSITION

This proposal, if approved, would amend the Constitution of the State of Alaska by amending Article IX, Section 7 (Dedicated Funds) and adding a new Section to Article IX (Section 15, Alaska Permanent Fund). It would establish a constitutional permanent fund into which at least 25 percent of all mineral lease rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments and bonuses received by the State would be paid. The principal of the fund would be used only for income-producing investments permitted by law and the income from the fund would be deposited in the general fund of the State and be available to be appropriated for expenditure by the State unless otherwise provided by law.

-- Summary prepared by Legislative Affairs Agency
as required by law

HISTORICAL VALUES OF PRINCIPAL & EARNINGS RESERVE

The Permanent Fund
Is An Alaska Success:

Current Value Of
\$65 Billion From A
Total Contribution
Of \$39.8 Billion.

ERA Is Variable & Uncertain. By Its Nature It Lacks The Stability To Be Relied Upon For Budget Stabilization

Current Principles For The Permanent Fund: Save & Grow

- **A “Permanent” Savings Account:** The fund should conserve part of the state’s revenue from mineral resources to benefit all generations of Alaskans. AS 37.13.020(1)
- **The Fund’s Principle Should Be Protected While Prudently Invested** The fund should be managed to protect the principal while maximizing total return. AS 37.13.020(2)
- **The Fund’s Purchasing Power Over Time Should Be Preserved While Maximizing Return** AS 37.13.120(a)

SJR 9 Does Not Alter The Fund's Principles: Save & Grow

SJR 9 merges the ERA into the principal, which constitutionally protects the whole Fund from legislative appropriation.

- Current Alaskans shouldn't take ad hoc draws from the Fund that will significantly affect its value to future Alaskans.
- Overspending will decrease the Fund's benefit to future generations – this is the opposite of saving.

SJR 9 Does Not Alter The Fund's Principles: Save & Grow

SJR 9 limits any draw from the Fund to an annual 4.5% of its 5 year average value.

- This draw limit is conservative & sustainable.
- 4.5% is well under the Fund's growth performance.

	Total Growth	Objective (CPI + 5%)
1 year (FY17)	12.89%	6.63%
3 years	6.21%	5.92%
5 years	8.85%	6.32%
Since Inception	8.79%	7.67%

SJR 9 Protects The Fund: Mechanics Of The Draw & The Split

SJR 9 Protects The Permanent Fund - Let's Talk Dividends

The dividend (est. 1982) has disbursed \$22 billion to Alaskans.

- It is an equitable distribution of resource wealth to those who own the resources.
- SJR 9 provides a predictable & transparent dividend via constitutional formula.
- Dividends will once again be reliable & linked to the investment success of the fund.

SJR 9 - Projected 4.5% Draw & Dividend Amounts

Fiscal Year	4.5% Draw	2% For Dividends	2.5% For General Fund	Total Ending Fund Value
FY 2020	\$2,513,000,000	\$1,116,900,000 \$1,816	\$1,396,100,000	\$67,017,000,000

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. SJR 9

Analysis

Passage of this resolution would require a constitutional amendment to appear on the 2018 general election ballot.

This change has no impact on the financial costs associated with the division's conduct of state and federal elections. No additional staff will be required to implement the proposed law. The cost of providing information about the constitutional amendment in the Official Election Pamphlet, as required by AS 15.58, would be absorbed into the operating budget for the Division of Elections.
